Village of Mount Prospect
Village Board
Regular Meeting Agenda
50 S. Emerson St. Mount Prospect, IL 60056

March 16, 2026 | **Village Hall - 3rd Floor Board Room** | **7:00 PM**

1. CALL TO ORDER

2. ROLL CALL

2.1. Pledge of Allegiance - Trustee Terri Gens

3. APPROVAL OF MINUTES

3.1. Minutes of the regular meeting of the Village Board for March 3, 2026 and the March 10, 2026 Committee of the Whole

4. MAYORS REPORT

4.1. Mayor's Comment

4.2. Motion to authorize changes to the Village of Mount Prospect/Michael J. Cassady Village Manager Employment Agreement

4.3. REAPPOINTMENT TO BOARDS AND COMMISSIONS - Police Pension Fund Board | Dennis Saviano for term to expire April 2028

5. COMMUNICATIONS AND PETITIONS - CITIZENS TO BE HEARD

5.1. Individuals wishing to address the Village Board in person regarding issues not on the agenda must register to participate in the Citizens to Be Heard process. You may sign in before the meeting in person or by emailing your intent to speak to publiccomment@mountprospect.org no later than 1:00 p.m. on the day of the meeting.

6. CONSENT AGENDA

6.1. Monthly Financial Report - December 2025

6.2. List of Bills - February 25, 2026 to March 10, 2026 - $4,918,786.27

6.3. A RESOLUTION ADOPTING THE 2026 OFFICIAL ZONING MAP FOR THE VILLAGE OF MOUNT PROSPECT, COOK COUNTY, ILLINOIS

6.4. Motion to accept bid for the Community Development Block Grant (CDBG) Sidewalk Program for an amount not to exceed $195,000.

6.5. Motion to accept the proposal from Bowman Consulting Group for design engineering and construction inspection services for the Crumley Detention Basin Improvements in an amount not to exceed $108,772.80.

6.6. Motion to accept joint purchasing bid results for the procurement of one new Morbark tow-behind wood chipper for an amount not to exceed $154,541.15.

6.7. Approval of closed session minutes of February 17, 2026, March 3, 2026 and March 10, 2026.

6.8. Motion to accept the proposal from Ciorba Group, Inc. for design engineering and construction inspection services for the Gregory Street Lighting Project in an amount not to exceed $87,771.65.

6.9. Motion to accept the lowest-cost, responsive bid for the St. Mark's Gym and Parsonage Demolition and Restoration Project in an amount not to exceed $162,195.

6.10. Waive the rules requiring two readings of an ordinance and adopt AN ORDINANCE MAKING CERTAIN AMENDMENTS TO THE ANNUAL BUDGET ADOPTED FOR THE FISCAL YEAR COMMENCING JANUARY 1, 2025, AND ENDING DECEMBER 31, 2025.

6.11. Waive the rules requiring two readings of an ordinance and adopt AN ORDINANCE MAKING CERTAIN AMENDMENTS TO THE ANNUAL BUDGET ADOPTED FOR THE FISCAL YEAR COMMENCING JANUARY 1, 2026, AND ENDING DECEMBER 31, 2026.

6.12. Motion to waive the Site Construction Fees for Westbrook School (D57) located at 103 S. Busse Road, Mount Prospect, Illinois for an amount not to exceed $63,000.

7. OLD BUSINESS - None

8. NEW BUSINESS

8.1. Motion to waive the rule requiring two readings of an ordinance and adopt AN ORDINANCE AUTHORIZING THE MAYOR TO EXECUTE AN AGREEMENT BETWEEN THE UNION PACIFIC RAILROAD COMPANY AND THE VILLAGE OF MOUNT PROSPECT FOR THE CONSTRUCTION AND MAINTENANCE OF AN OVERHEAD BRIDGE PEDESTRIAN CROSSING AND APPROVAL OF AN EASEMENT DEED.

8.2. 1st reading of AN ORDINANCE GRANTING A CONDITIONAL USE TO OPERATE A TOBACCO RETAIL ESTABLISHMENT AT THE PROPERTY 1522 NORTH ELMHURST ROAD MOUNT PROSPECT, ILLINOIS (PZ-12-25)

8.3. 1st reading of AN ORDINANCE GRANTING A CONDITIONAL USE FOR A PRELIMINARY AND FINAL PLANNED UNIT DEVELOPMENT FOR PROPERTY LOCATED AT 200 EAST RAND ROAD, MOUNT PROSPECT, ILLINOIS (PZ-22-25)

8.4. 1st reading of AN ORDINANCE AMENDING ORDINANCE NO. 3831 GRANTING A CONDITIONAL USE IN THE NATURE OF A PLANNED UNIT DEVELOPMENT FOR PROPERTY COMMONLY KNOWN AS LAKE CENTER PLAZA, AMENDED BY ORDINANCE NO. 5617, ORDINANCE NO. 6369, ORDINANCE NO. 6755 AND ORDINANCE NO. 6785, FOR PROPERTY LOCATED AT 301 LASALLE STREET, MOUNT PROSPECT, ILLINOIS (PZ-13-25)

9. VILLAGE MANAGER'S REPORT

9.1. Approval of the Agreements for the Provision of Valet Parking between the Village of Mount Prospect and FiveStar Valet to provide valet parking services for restaurants

located in the Village's downtown area.

9.2. As submitted

10. ANY OTHER BUSINESS

11. ADJOURNMENT

ANY INDIVIDUAL WHO WOULD LIKE TO ATTEND THIS MEETING BUT BECAUSE OF A DISABILITY OR NEEDS SOME ACCOMMODATION TO PARTICIPATE, SHOULD CONTACT THE VILLAGE MANAGER'S OFFICE AT 847/392-6000, EXTENSION 5327

DRAFT

Village of Mount Prospect
Regular Meeting of the Village Board
Tuesday, March 3, 2026 / 7:00 PM

CALL TO ORDER

Mayor Hoefert called the Regular Meeting of the Village Board to order at 7:16 p.m. in the Board Room at Village Hall, 50 S. Emerson St.

ROLL CALL

Members present upon roll call by the Village Clerk: Mayor Paul Hoefert, Trustee Vincent Dante, Trustee Beth DiPrima, Trustee Terri Gens, Trustee Bill Grossi, Trustee John Matuszak, and Trustee Colleen Saccotelli
Absent: None
A quorum was present.

2.1. Pledge of Allegiance - Trustee Beth DiPrima

APPROVAL OF MINUTES

3.1. Minutes of the regular meeting of the Village Board - February 17, 2026

Motion by Vincent Dante, second by Colleen Saccotelli to approve the minutes of the regular meeting of the Village Board - February 17, 2026:

Yea: Vincent Dante, Beth DiPrima, Terri Gens, Bill Grossi, John Matuszak, Colleen Saccotelli
Nay: None

Final Resolution: Motion

MAYORS REPORT

4.1. Mayor's Comment

Mayor Hoefort indicated he had no comments for the evening and moved directly to the next item.

4.2. PROCLAMATION: Women's History Month

Mayor Hoefort read the proclamation recognizing March 2026 as Women's History Month. The proclamation highlighted women's historic contributions across all sectors and emphasized the

2026 theme "Leading Change, Women Shaping a Sustainable Future." The theme expands sustainability beyond environmental concerns to include financial sustainability, community resilience, leadership succession, and intergenerational equity.

Representatives from the Sustainability Committee, Arlene Juracek and Tina DeAragon, attended to accept the proclamation. They thanked the Village for supporting their efforts to enhance sustainability. They also expressed appreciation for staff guidance, especially from Josh Allain (staff liaison on the Sustainability Committee), in guiding their sustainability initiatives.

Trustee Dante and Mayor Hoefert shared thoughts and memories from personal experiences.

4.3. PROCLAMATION: Spread Goodness Day - March 13, 2026

Mayor Hoefort read the proclamation declaring March 13, 2026, as Spread Goodness Day in Mount Prospect. Sam Funovits, the Illinois ambassador for Spread Goodness Day, was present to accept the proclamation.

Ms. Funovits addressed the Board, explaining that 2026 marks the ninth year of the mission to spread goodness on the second Friday in March. The initiative promotes kindness and charity through both large acts like volunteerism and simple gestures like holding doors, buying coffee for someone, or offering thanks and smiles. She emphasized that these simple acts, when multiplied, can positively impact many lives and create a better community.

4.4. APPOINTMENT TO BOARDS AND COMMISSIONS
Transportation Safety Commission: Mark Lattner

Mayor Hoefert introduced Mark Lattner, a retired Village engineer, who would bring his skills and experience to the Transportation Safety Commission. His appointment would expire in March 2030.

Motion by Vincent Dante, seconded by Terri Gens, to ratify the appointment of Mark Lattner to the Transportation and Safety Commission.

Yea: Vincent Dante, Beth DiPrima, Terri Gens, Bill Grossi, John Matuszak, Colleen Saccotelli
Nay: None

Final Resolution: Motion Passed

COMMUNICATIONS AND PETITIONS - CITIZENS TO BE HEARD

No citizens registered to speak during this portion of the meeting.

CONSENT AGENDA

Motion by Terri Gens, second by Bill Grossi to approve the consent agenda as presented:

Yea: Vincent Dante, Beth DiPrima, Terri Gens, Bill Grossi, John Matuszak, Colleen Saccotelli
Nay: None

Final Resolution: Motion Passed

6.1. List of Bills for February 11, 2026 to February 24, 2026 — $2,355,392.63

6.2. A RESOLUTION APPOINTING A DIRECTOR AND ALTERNATE DIRECTORS TO THE SOLID WASTE AGENCY OF NORTHERN COOK COUNTY

Resolution No. 3-26

6.3. A RESOLUTION EXPRESSING INTENT TO PARTICIPATE IN THE SUBURBAN TREE CONSORTIUM FIVE-YEAR CONTRACTUAL PROGRAM.

Resolution No. 4-26

6.4. A RESOLUTION AUTHORIZING AN INTERGOVERNMENTAL AGREEMENT WITH THE VILLAGE OF ARLINGTON HEIGHTS FOR THE "2026 WATERMAN AVENUE RESURFACING PROJECT" AND THE "2026 WILLOW LANE/ E. FALCON DRIVE RESURFACING PROJECT"

Resolution No. 5-26

OLD BUSINESS - None

NEW BUSINESS

8.1. 1st reading of AN ORDINANCE AUTHORIZING THE EXECUTION OF A PURCHASE AND SALES CONTRACT (1601 E. ALGONQUIN ROAD, MOUNT PROSPECT, ILLINOIS)

Assistant Village Manager Alex Bertolucci and Deputy Director of Human Services Esther Salutillo presented the proposal to purchase 1601 East Algonquin Road as the future location of the Community Connection Center (CCC). The CCC is a partnership between the Human Services Department and the Mount Prospect Public Library, serving as the south branch library and an extension of human services, with social services, a public health nurse, a senior social worker, and a police community service officer.

The current 3,600 square foot leased location has been extended through May 2027, but the center has been a strategic plan item since 2021 focusing on expansion, improved services, and addressing space constraints. A Community Needs Assessment Study conducted with Initium Health recommended expanding physical space, enhancing service delivery, and improving multilingual outreach.

The proposed 1.2-acre property features a 21,000 square foot industrial building with light industrial zoning. The preliminary plan allocates 10,000 square feet for the CCC and library south branch, with consideration for a food pantry, police substation with meeting room, and remaining space for Public Works/Village storage. Staff confirmed adequate parking for intended use.
The purchase will use South Mount Prospect TIF funds, with $1.8 million currently available. Staff will present a budget amendment on March 17 and are reviewing renovation funding options including possible bond issuance, general fund surplus, or community investment plan dollars.
The renovation will follow the same process used for Station 11, with guaranteed maximum price and mixed in-house/contract labor.

Board Comments:

- Supports the proposal, viewing it as exactly what TIF funds should support
- Expressed interest in seeking state grants for renovation funding similar to Station 11's initial support
- Expressing excitement about growth opportunities in the new facility with more accessible nursing and police services plus expanded library technology support
- This project demonstrates a strong commitment to human services and community care. Acknowledged space constraints at the current location and expressed confidence the Village would use additional space effectively.
- Confirmed with staff that sidewalk installation would occur this year, providing walkable access by the building's completion.

In response to a question from the Board regarding the new Shared Use Bike Path along Algonquin Road, Public Works Director Sean added that installation of a path from western Village limits to Route 83 on the north side, with sidewalk infill on the south side, and street light additions, making the location very accessible for bicyclists and pedestrians.

Public Comment:
Debbie Geavaras
Mount Prospect resident

- Expressed excitement about the project, viewing it as giving back to community members who may not have benefited from other developments, praising the team's work.

Deputy Director Sautillo thanked the Village Board and staff for supporting the Human Services Department and services that increase community well-being, expressing excitement about this next phase.

Motion by Terri Gens, seconded by Vincent Dante, to waive the rules for a second reading and adopt the purchase and sale agreement.

Yea: Vincent Dante, Beth DiPrima, Terri Gens, Bill Grossi, John Matuszak, Colleen Saccotelli
Nay: None

Final Resolution: Motion Passed
Ordinance No. 6833

VILLAGE MANAGER'S REPORT

9.1. Motion to accept the lowest-cost, responsive bid for the 2026 Water Main Replacement Project including the two alternate bid items for an amount not to exceed $6,117,294.70.

Public Works Director Sean Dorsey presented the annual water main replacement project designed to replace infrastructure before reaching the end of its useful life. The current replacement

rate extends the water main's lifespan to about 130 years, compared to the previously excessive 600-year rate.

The project includes over 15,000 linear feet of replacement: 11,500 feet of 6-inch main replaced with 8-inch, and 2,700 feet of 12-inch main replaced in kind. Locations include South School Street, Wa Pella Ave, Tower Lane, Willow Lane, Catalpa Lane, Tamarack Drive, and Cottonwood Lane.

Two alternates were included: 874 feet of 8-inch main replacement on Redwood Drive and dirt/seed option instead of sod for summer completion timing. Five bids were received, with DiMeo Brothers of Elk Grove submitting the lowest cost bid of $5,561,177 against the engineer's estimate of under $6.5 million total. DiMeo has successfully completed Village projects, including Oakton water main replacement and the Burning Bush Trails stormwater project. They have extensive experience with similar projects in Libertyville, Niles, and Glenview.

Staff recommends 10% contingency for unexpected underground conditions.

Motion by Vincent Dante, second by Bill Grossi to concur with staff recommendation:

Yea: Vincent Dante, Beth DiPrima, Terri Gens, Bill Grossi, John Matuszak, Colleen Saccotelli

Nay: None

Final Resolution: Motion Passed

9.2. Motion to accept bid from Schaefges Brothers, Inc. of Wheeling, Illinois for the Monument Signage Project for an amount not to exceed $709,365.00.

Director Dorsey presented the monument sign project, a 2026 goal identified in the Village's Strategic Plan, developed with Farr Associates. The project includes two signs: one at I- 90/Busse Road (installed on easement from Builder's Asphalt Company) and another at Kensington Business Center entrance at Business Center Drive and Rand Road.

Director Doresy displayed renderings showing both signs with the Village's standardized infrastructure appearance: beige masonry with black metal accents, consistent with existing Village signage. The scope includes all materials, stonework, electrical work, landscaping, lighting, and irrigation.

Three bids were received, with Schaefges Brothers submitting the lowest at $644,877 (2.2% above the engineer's estimate of $630,700). The company is IDOT-prequalified for monument sign construction, completed the existing Central/Rand Road entrance marker in 2003, and recently worked successfully for Elk Grove Village. Staff recommends 10% contingency for unexpected costs.

Mr. Dorsey and Director of Community and Economic Development Jason Shallcross provided the following in response to questions from the Village Board:

- New ComEd service installation will provide electrical service to the Busse Road location. Previous Board design comments and recommendations were included.
- Potential third entry sign locations were identified (Kensington and Wolf Roads or Wheeling and Kensington Roads)

Public Comment:
Steve Polit
601 Wilshire Drive

- Suggested selling advertising space to business center companies on the electronic board to generate revenue and help businesses promote their presence.

Motion by Vincent Dante, second by Bill Grossi to accept bid from Schaefges Brothers, Inc. of Wheeling, Illinois for the Monument Signage Project for an amount not to exceed $709,365.00.

Yea: Vincent Dante, Beth DiPrima, Terri Gens, Bill Grossi, John Matuszak, Colleen Saccotelli
Nay: None

Final Resolution: Motion Passed

9.3. Approval of the Agreement for Provision of Valet Parking Services between the Village of Mount Prospect and FiveStar Valet for the provision of valet parking services to restaurants located in the downtown area of the Village.

Community Development Director Jason Shallcross presented both the Prospect Avenue Alfresco update and valet parking service proposal.

Prospect Avenue Alfresco: The program converts six parking stalls into dining space for approximately 50 guests, modeled after Elmhurst's successful program. For 2026, Deba Sushi will replace Patina Wine Bar in the former space, expressing interest in continuing alfresco participation. The 2025 season generated approximately 18,000 unique visits, nearly double pre-alfresco traffic. The Village pays $1,250 annually for barrier installation/removal, while restaurants fund all beautification costs, including banners, seating, umbrellas, and catenary lighting. The season runs May through September/early October based on merchant feedback.

Valet Service Analysis: The Triangle area has six operating businesses, including three restaurants that would individually require 50-60 parking stalls outside downtown requirements. The Village has tracked valet usage for 2.5 years, showing consistent demand averaging over 100 vehicles per weekend, comparable to Downtown Art Institute of Chicago usage levels.
Proposed Changes: Staff proposed eliminating Thursday night Triangle valet (averaging 20-30 vehicles, serving 50-100 patrons) due to board direction for cost-sharing that restaurants haven't accepted. The estimated $16,000 annual cost for Thursday service could be restaurant- funded at $325/night.
Prospect Avenue Expansion: Due to parking study findings showing 90%+ utilization on Friday/Saturday nights in restaurant blocks, staff proposed expanding valet to Prospect Avenue for Friday/Saturday only using approximately three on-street staging stalls. Potential parking locations include west commuter lot or Prospect Avenue west of Pine.
Cost Analysis: Current Triangle service (3 nights) costs approximately $48,000. The proposal reduces Triangle service to 2 nights while adding Prospect Avenue for 2 nights, totaling 4 nights weekly at $67,000 annually.

Board Comments:

- Trustee Grossi opposed continuing the Village-funded valet, noting the program was intended as a pilot and arguing restaurants should fund their own operational expenses. He pointed to installed crosswalks, parking structure signage, and improved visibility, available train station parking after 6 PM, and recent Saint Mark parking lot for south of the tracks parking.

- Trustee Saccotelli appreciated having this "good problem" of needing parking solutions but was disappointed that restaurants hadn't contributed to the costs. She suggested exploring participation from the Downtown Merchants Association and expressed concern that ongoing valet subsidies hinder the encouragement of parking garage use. She asked for more details about Prospect Avenue and Saint Mark's setup.

- Trustee Gens supported business assistance while agreeing this was no longer a pilot program after several years. She suggested cost-sharing arrangements and questioned tracking individual restaurant usage.

Director Shallcross noted the difficulty and pointed to Prospect's two-week closure in December 2025 that reduced valet usage by 50%.

- Trustee Matuszak questioned whether other communities charge restaurants for alfresco programs

Director Shallcross explained various approaches including SSAs and participation requirements. He noted Mount Prospect restaurants have invested significant funds in program beautification.

- Trustee DiPrima questioned promoting west lot parking over free valet, suggesting better west lot promotion and signage changes from 6 PM to 5 PM availability. She timed walking from Prospect to Emerson Parking Deck at 1 minute 50 seconds, noting the new crosswalk's accessibility. She opposed continuing operational business subsidies after two pilot years, suggesting restaurants fund valet themselves or charge patrons. For the southwest quadrant, she preferred maximizing Saint Mark's surface parking and directing patrons to the west Metro lot rather than expanding valet services.

- Trustee Dante supported continuing alfresco dining as seasonal outdoor dining. He agreed with colleagues about ending the pilot phase after two years, expressing concern about excluding south side restaurants while north side receives valet services. He noted south side establishments' access to west commuter lot and Emerson deck via new 83 crosswalk, making disparity difficult to justify. He suggested cost-sharing models and seasonal valet operations might better serve patron preferences during warmer months.

Public Comment:
Steve Polit
601 Wilshire Dr.

- Noted that the valet creates different restaurant tiers with varying Village advantages, calculating approximately $310 weekly cost per restaurant for the service that should generate sufficient business profit to self-fund.

Joe Irick
Station 34 owner

- Feels that valet service is a necessity rather than a luxury, noting the dramatic parking reduction from sufficient capacity in 2019 to an inadequate supply with three restaurants sharing the same parking area.

- Emphasized customer resistance to parking garage usage despite employee utilization
- As a small business owner, he couldn't absorb significant monthly valet costs beyond existing overhead.

Dimitri Lykouretzos
Lady Dahlia owner

- Acknowledged Board concerns about full cost absorption while noting his $15,000 investment in alfresco improvements over two years.
- Interested in meeting with other restaurant owners to explore compromise solutions.

Dawn Fletcher Collins
The Prospect representative and resident

- Emphasized restaurants' responsibility for downtown transformation and increased foot traffic over recent years.
- Views the program as a necessity for businesses to survive and considers it a cost of doing business for the Village.
- She stressed education efforts haven't succeeded in encouraging parking garage usage and requested reconsideration of the full three-day Triangle service.

Michael Manea
5 Star Valet owner and resident

- Highlighted Mount Prospect's significance as his company's largest local account after 44 years of Village residency and 22 years of business operation.
- Emphasized safety concerns about Northwest Highway crossing and parking garage usage, noting Mount Prospect's destination status generating high valet volume.
- Stressed safety priority and visitor convenience over complex parking lot navigation.

Mayor Hoefert suggested tabling the decision for two weeks to allow staff additional time to gather additional information and explore potential compromises, noting restaurant business challenges and the importance of maintaining customer flow. The Board agreed to defer action with direction for staff to return with further developments. Director Shallcross noted the current contract expires March 21.

9.4. As submitted – No additional report.

ANY OTHER BUSINESS

No other business was presented.

ADJOURNMENT

With no additional business to conduct, Mayor Hoefert asked for a motion to adjourn. Trustee Gens seconded by Trustee Dante motioned to adjourn the meeting. By unanimous voice vote, the March 3, 2026 Regular Meeting of the Village Board of Trustees adjourned at 9:06 p.m.

Respectfully submitted,

Karen M. Agoranos
Village Clerk

DRAFT

Village of Mount Prospect Meeting of the Committee of the Whole
Tuesday, March 10, 2026 / 6:00 PM

CALL TO ORDER

Mayor Pro-tem Terri Gens called the Meeting of the Village Board to order at 6:03 p.m. in the Board Room at Village Hall, 50 S. Emerson St.

ROLL CALL

Members present upon roll call by the Village Clerk: Mayor Pro-tem Terri Gens, Trustee Beth DiPrima, Trustee Bill Grossi, Trustee John Matuszak, Trustee Colleen Saccotelli
Absent: Mayor Paul Hoefert, Trustee Vincent Dante

CITIZENS TO BE HEARD

No public comment

DISCUSSION ITEMS

4.1. Fire Department Operations Update

Fire Chief Tom Wang provided a comprehensive operational update for the fire department, focusing on the successful implementation and impact of Station 11, which opened in July 2024 after the Elk Grove Rural Fire Protection District closed Station 11 in September 2023.

Chief Wang explained that the closure initially left manufactured homes south of I-90 and the Oakton corridor without fire services, but through collaborative efforts with neighboring departments, they were able to maintain seamless service coverage until Station 11 reopened. The department now has a full year of operational data from 2025 demonstrating significant improvements in service delivery.

Fire Prevention Accomplishments: Chief Wang that stated Deputy Chief Loomis and his team successfully inspected all 40 newly incorporated business properties and occupancies, bringing them up to life safety codes. The department also implemented a highly successful smoke alarm grant program for manufactured homes using $10,000 from Elk Grove Township. Twenty-six homes participated, with the installation of 90 smoke alarms. Chief Wang noted that approximately 25% of these homes had zero working smoke alarms and 75% had inadequate numbers of working alarms before the program.

Staffing Evolution: Chief Wang provided historical context on department staffing changes, noting that daily staffing increased from 17 in 2003 to the current level of 21 personnel. Key

milestones included adding a fourth ambulance in 2023 (bringing daily staffing to 20) and adding a third person to Tower 13 in 2024. Chief Wang emphasized that the fourth ambulance has been "a game changer" and that Mount Prospect is one of only three departments in the area with four full-time ambulances.

District Reconfiguration Impact: The transition from three to four stations required extensive call data analysis from 2021-2023, with the department plotting all calls to optimize district boundaries. The new configuration significantly balanced call volumes across districts. Previously, District 12 handled over 3,000 calls annually (44% of all calls), while in 2025, the workload was more evenly distributed with Districts 11 and 12 each handling approximately 2,300-2,400 calls (27-28% each).

Response Time Improvements: Chief Wang presented detailed statistics showing dramatic improvements in meeting NFPA (National Fire Protection Association) 1710 standards. For building fires, the department achieved a 90% success rate for first engine arrival times (meeting NFPA gold standard), compared to 80% under the three-station model. Second engine arrival times also improved to 90%, and full alarm response (17 personnel) was achieved 95% of the time compared to only 40% previously. When including all code three responses, the department achieved 90% first engine, 92% second engine, and 95% full alarm response rates.

Equipment Updates: Chief Wang announced the anticipated arrival of the new Tower 13, which has been inspected and is expected to arrive within weeks.

Future Plans - Rescue 13: The department plans to implement Rescue 13, a smaller two- person vehicle similar to those used by neighboring departments like Arlington Heights, Rolling Meadows, and Buffalo Grove. This vehicle would respond primarily to EMS calls, allowing fire apparatus to remain available for subsequent calls. Chief Wang explained they would outfit an existing pickup truck rather than purchasing an expensive specialized vehicle, estimating costs around $500,000-$600,000 for commercial versions. The rescue would operate only on days with extra staffing, approximately 10% of the year.

Chief Wang responded to questions from the Board.

Public Comment:
Debbie Geavaris
Resident, Audrey Lane

- Shared her recent positive experience with the fire department responding to a stove fire at her home, praising their professionalism and quick response.

Mayor Pro Tem Gens commended Chief Wang and the department for their exceptional service, resourcefulness in overcoming challenges, and dedication to residents. She particularly noted the tedious work involved in resolving the Elk Grove Rural District issue and how it resulted in improved service for residents and better work-life balance for firefighters.

Village Manager Cassady announced that Mount Prospect received an $850,000 federal grant through Congressman Raja Krishnamoorthi's office to offset the $1.7 million expense for Station 11 renovation.

VILLAGE MANAGER'S REPORT

5.1. As submitted

Village Manager Mike Cassady reported on the valet parking situation for Triangle area restaurants. Several restaurants requested extending valet parking through May 20th at a cost of just under $10,000.

Manager Cassady plans to schedule a meeting with restaurant owners within the week to explore arrangements where they would participate in funding, with options to be brought back to the Board for consideration at next week's meeting.

ANY OTHER BUSINESS

Mayor Pro-tem also announced two scheduling changes due to early voting: Coffee with Council would be held Saturday, March 14th at 9 AM in the boardroom (moved from the Farley Community Room), and the next Village Board meeting would be Monday, March 16th instead of Tuesday, March 17th due to the primary election.

CLOSED SESSION

Mayor Pro Tem Gens announced the Board would enter closed session to discuss:

- LITIGATION 5 ILCS 120/2 (c) (11)
- LAND ACQUISITION 5 ILCS 120/2 (c) (5)
- PERSONNEL 5 ILCS 120/2 (c) (2)
- PERSONNEL 5 ILCS 120/2 (c) (1)
- DISPOSE OF LAND 5 ILCS 120/2 (c) (6)

Motion by John Matuszak, second by Colleen Saccotelli to enter closed session:

Yea: Beth DiPrima, Bill Grossi, John Matuszak, Colleen Saccotelli
Nay: None
Absent: Vincent Dante
Resolution: Motion Passed

The Board entered closed session at 6:57PM.
(Clerk's note: Mayor Hoefert joined the closed session at 7:02PM)

Mayor Pro-tem Gens announced that the regular meeting would adjourn at the conclusion of closed session with no further discussion or action.

ADJOURNMENT

With no additional business to conduct, Mayor Hoefert asked for a motion to adjourn. Trustee Grossi seconded by Trustee Gens motioned to adjourn the meeting. By unanimous voice vote, the March 10, 2026 Committee of the Whole meeting adjourned at 9:29 p.m.

Respectfully submitted,

Karen M. Agoranos
Village Clerk

Information

Village Manager Michael Cassady was appointed in September of 2015. The Village has an employment agreement with the Manager, which was last approved on January 21,2025. As part of the annual evaluation process, the Manager, Mayor and Board of Trustees develop performance goals and objectives for the coming year. The evaluation was held on March 10, 2026. The majority of the Board expressed appreciation for Manager Cassady's performance and progress on assigned goals and objectives. Some highlights include:

- **Positive financial leadership has put the Village in a very strong and healthy position**.
  - Enhanced fund balance policy to 30-50 percent range – now $67.0M.
  - Funded $14.2M Economic Emergency Fund
  - Increased Police and Fire pension funding ratio 14 and 12 percent respectively.
  - Reduced property tax levy to 2015 level.
  - Village finances audited independently by GFOA and received Triple Crown recognition.
  - Value creation in Prospect and Main TIF: 2025 Increment = $5.89M.
  - Value creation in South Mount Prospect TIF: 2025 Increment = $1.83M.

- **Pro-active economic development strategy resulting in positive investment momentum in all areas of the Village**:
  - Mom's Organic Market backfills Northern Tool on Rand Road.
  - Nike and Sketchers at Randhurst Village.
  - 100 E. Northwest Highway – future restaurant and event space.
  - Fatpour Tap Works at 200 S. Main Street.
  - Mia's Cantina expansion and residential conversion on 2nd level.
  - Recruited Coco and Maple to HQ Residences retail space.
  - Deba Sushi in former Patina Wine Bar space on Prospect Avenue.
  - Cloud HQ PUD amended to two buildings and larger data center footprint.

    - DiMeo Construction HQ at 2400 Oakton Street.

- Acquired 310 W. Northwest Highway and redeveloped the Central Gateway, which will be competed this spring.
- Evaluated overall downtown parking availability. Completed access improvements to the Emerson Street Parking Deck by enhancing signage, lighting and access from Main Street.
- Acquired St. Mark gym, parsonage and parking lot to advance parking and redevelopment improvements to the southwest segment. Negotiated price and appraised value with Church leadership.
- Managed Fire Department leadership transition. The 4 station operational footprint enhanced emergency response times by 45 seconds in our busiest areas. Ambulance 12 and 13 lead response times for all NWCD communities. Newly installed Oakton Watermain enhanced fire protection for businesses and residents. Successful Fire SSA Levy offset fire department expenses by $1.0M. Authorized three additional firefighter-paramedic positions to save $132,000 in overtime.
- Received $850,000 grant from Representative Krishnamoorthi for renovations to new Station 11.
- Successfully intervened in ownership litigation to acquire property at 111 E. Busse Avenue. Proposed redevelopment planning is underway.
- Successful strategic planning workshop and positive progress on all Top and High Priority Targets for Action adopted in May 2025.

VILLAGE OF MOUNT PROSPECT

MONTHLY FINANCIAL REPORT

December 31, 2025

Prepared By

Amit Thakkar, CPA
Director of Finance

TO: **VILLAGE PRESIDENT, BOARD OF TRUSTEES, AND FINANCE COMMISSION**

FROM: **AMIT THAKKAR, DIRECTOR OF FINANCE**

DATE: **MARCH 10, 2026**

SUBJECT: **MONTHLY FINANCIAL REPORT FOR THE MONTH OF DECEMBER 2025**

In an effort to provide the most transparent and relevant financial information in a timely manner, we are submitting this report herewith. The report contains relevant data and analytical information for the Village's financial affairs. The report is prepared based on the most recent available financial information (internal and external). The report is divided into five sections, including a) Cash and Investments, b) Revenues, c) Expenses, d) Fund Balance Analysis, and e) Other Items that may contain relevant new issues and items representing and impacting the Village's financial interest and well-being.

a) Cash and Investments

The Village of Mount Prospect maintains a sufficient cash balance at various banking and investment institutions for the smooth operation of the Village's day-to-day activities. The remainder of the cash assets are invested in multiple interest-earning accounts and investment options in accordance with the Village's Investment Policy. As of December 1, 2025, the beginning cash and cash equivalents totaled $99.2 million. During the month, the Village collected cash receipts totaling $9.8 million. The investment income for the month totaled $305,171. The monthly payroll cost was $3.6 million, and accounts payable were paid in the amount of $7.4 million. The inter-fund activity increased the cash position by $14,018, while other disbursements totaled $23,063. As of December 31, 2025, the Village's Cash and Cash Equivalents totaled $98.2 million.

GOVERNMENTAL AND ENTERPRISE FUNDS

	Cash and Cash Equivalents	Investments	Total Cash and Investments
Balance at December 1, 2025	$ 99,168,983	$ 29,128,769	$ 128,297,752
Cash receipts	$ 9,750,497	$ -	9,750,497
Investment income	$ 305,171	$ 61,366	366,537
Transfers from investments to cash	$ -	$ -	-
Transfers to investments from cash	$ -	$ -	-
Interfund activity	$ 14,018	$ -	14,018
Disbursements:			
Accounts payable	$ (7,447,420)	$ -	(7,447,420)
Payroll	$ (3,585,184)	$ -	(3,585,184)
Other	$ (23,063)	$ -	(23,063)
Balance at December 31, 2025	$ 98,183,003	$ 29,190,135	$ 127,373,138

As of December 31, 2025, the Village had $29.2 million invested in long-term investments, including U.S. Treasury, AAA+ rated money-market funds, and FDIC-insured CDs. The cash, cash equivalents, and investments totaled $127.4 million as of December 31, 2025.

The table below summarizes the cash, cash equivalents, and investments by fund type as of December 30, 2025.

Fund Details		Amount
General Fund	$	41,125,543
Special Revenue Funds		26,645,547
Debt Service Funds		1,496,158
Capital Projects Funds		20,647,030
Enterprise Funds		17,774,652
Internal Service Funds		19,684,207
Total Cash and Cash Equivalents	$	127,373,138

In addition to the funds summarized above, the Village of Mount Prospect has $1,223,949 in escrow accounts under the umbrella of Other Trust and Agency Funds. The overall cash balance is lower due to delayed property tax payments from Cook County. These payments should have been received by December. However, the Village received most of its property taxes by February 28, 2026.

b) Revenues

The data below summarizes the revenue recognized by the Village through December 2025.

Revenue Category	Budget 2025	Actual YTD Dec 2025	% of Annual Budget	Actual YTD Dec 2024	Actual YTD 2025 vs.Actual YTD 2024	% Change
Property Taxes	24,813,627	13,246,783	53.4%	24,382,279	(11,135,495)	-45.7%
Other Taxes	15,554,350	17,388,874	111.8%	15,725,477	1,663,396	10.6%
Intergovernmental Revenue	54,857,954	60,771,786	110.8%	59,823,146	948,641	1.6%
Licenses, Permits & Fees	1,912,000	1,625,966	85.0%	2,029,196	(403,229)	-19.9%
Charges For Services	47,342,301	49,208,351	103.9%	43,597,132	5,611,220	12.9%
Fines & Forfeits	608,500	678,612	111.5%	604,800	73,812	12.2%
Investment Income	3,933,700	5,417,877	137.7%	6,912,516	(1,494,640)	-21.6%
Other Financing Sources	16,449,433	6,417,060	39.0%	19,533,765	(13,116,705)	-67.1%
Other Revenue	3,085,500	2,895,162	93.8%	4,901,095	(2,005,933)	-40.9%
Reimbursements	1,086,500	1,897,779	174.7%	920,907	976,873	106.1%
Total Revenues	**169,643,865**	**159,548,251**	**94.0%**	**178,430,311**	**(18,882,060)**	**-10.6%**

The above amounts do not represent all revenues to be recognized for the period under review. Certain state taxes, such as sales tax, home rule sales tax, and a few other taxes, will be received by the Village in January 2026 and later. Additionally, during December 2025, the Village received the following revenues from the State, which relate to a period prior to December 2025. These amounts are distributed after the State administrative fee deduction of $12,894.

Revenues	Original Revenue Month	Revenue Recognition Month	Received by the Village	Amounts
State Sales Tax	Aug-25	Nov-25	Nov-25	3,748,408
Home Rule Sales Tax	Aug-25	Nov-25	Nov-25	752,601
Business District Tax	Aug-25	Nov-25	Nov-25	26,709
Auto Rental Tax	Aug-25	Nov-25	Nov-25	2,274
Telecom Tax	Aug-25	Nov-25	Nov-25	72,945
Total Revenues				**$ 4,602,937**

The actual revenue recognized by the Village totaled $159.5 million through December 2025, representing 94.0 percent of the annual budget. The overall recognized revenues are trending lower compared to the 2024 collection for the same period, due to timing issues with property taxes.

Property Taxes: The Village's total levy for the year is $18,235,179. The total property tax budget, including TIF increments, is $24.8 million. The Village collected $13.2 million in property taxes through December 2025. The property taxes are due in two installments: one in March and one in August. The Village received the first installment of the property taxes during March 2025. Due to the implementation of a new property tax ERP system by the county, the second installment of property taxes is delayed significantly and the same has resulted in an overall reduced collection of property taxes by $11.1 million compared to 2024. The Village has collected close to 98% of the levy by February 28, 2026.

Other Taxes: The category of Other Taxes includes all taxes enacted per local ordinances, including Home Rule Sales Tax, Hotel/Motel, Food and Beverage, Municipal Motor Fuel Tax, Utility Taxes, etc. As the State collects some of these taxes, there is a three-month lag between the actual sales and the tax remittance. In addition, all local economic activities for December are reported in January of next year or later. The YTD tax collection under this category totals $17.4 million and it represents 111.8 percent of the annual budget. The reported collection is higher by $1.6 million, or 10.6 percent compared to the previous year's collection. The reported amount for 2025 mainly includes $9.3 million in home-rule sales tax, $2.8 million in utility taxes, $4.5 million in use taxes, and $893,066 in other misc. taxes. The use tax includes $1.9 million in food & beverage tax, $1.2 million in real estate transfer tax, $749,464 in municipal motor-fuel tax, and $629,801 in other local taxes. The home-rule sales tax reflects a 18.9 percent increase over the 2025 collection for the same period. Due to recent changes in the law, out-of-state businesses selling items in the State of Illinois are now required to pay destination-based sales tax and the same has resulted in a higher amount of home-rule sales tax collections.

Intergovernmental Revenue: This category includes all the State shared taxes, including State Sales Tax, Income Tax, Use Tax, Motor Fuel Tax, and Grants. The Village is vigilantly tracking all intergovernmental revenues. As most of these taxes are collected by the State, there is a three-month lag between the actual sales and the tax remittance. The Village recognized $60.8 million in intergovernmental revenues through December 2025. This amount does not represent the total revenues to be recognized during the month, as significant revenues will be reported and collected after December 2025. The overall recognized revenues are trending higher by $948,641, or 1.6 percent, compared to the amount recognized last year for the same period. The Village recognized a one-time American Rescue Plan grant in 2024. No such items are expected in 2025. Except for this one-time grant, the Village intergovernmental revenues are showing an unprecedented growth. The State income tax revenue is recognized on a cash basis in the month of receipt and represents 6.1 percent growth compared to the 2024 collections. The sales tax amount for 2025 represents a 19.7 percent growth. The data in the table below represents major intergovernmental revenue line items. Please note that the table reports only selected major items under the category of intergovernmental revenues. Also, please note that the Village has recognized these revenues based on the data available as of the date of this report and includes full 12 months' worth of sales tax.

Major State Taxes	Actual YTD Dec 2025	Actual YTD Dec 2024	Actual YTD 2025 vs.Actual YTD 2024	% Change
002 - State Income Tax	10,252,936	9,654,627	598,309	6.2%
003 - State Motor Fuel Tax	2,595,474	2,527,080	68,394	2.7%
004 - State Sales Tax	44,228,739	36,948,179	7,280,560	19.7%
005 - State Use Tax	837,103	2,040,366	(1,203,262)	-59.0%
006 - Video Gaming Tax	389,133	345,021	44,113	12.8%
007 - Cannabis Education Fun	86,439	91,597	(5,157)	-5.6%
008 - Municipal Cannabis Tax	78,592	90,462	(11,870)	-13.1%
Total State Taxes	**58,468,417**	**51,697,331**	**6,771,086**	**13.1%**

Due to recent changes in the law, a few items previously reported under use tax are now being reported under sales tax and this shift is responsible for the lower use tax and higher sales tax amounts. The state sales tax is showing a growth of $7.3 million or 19.7 percent, while the state use tax is showing a reduction of $1.2 million or 59.0 percent.

Licenses & Permits: The Village collected $1,625,966 in license and permit fees through December 2025. This amount is trending lower by $403,229, or 19.9 percent, compared to last year's collection. The overall collection represents 85.0 percent of the annual budget for the category.

Business Licenses & Permits	Actual YTD Dec 2025	Actual YTD Dec 2024	Actual YTD 2025 vs.Actual YTD 2024	% Change
409 - Business Licenses & Permits	682,309	677,756	4,553	0.7%
410 - Nonbusiness Licenses & Permits	943,657	1,351,440	(407,783)	-30.2%
Total Business Licenses & Permits	**1,625,966**	**2,029,196**	**(403,229)**	**-19.9%**

Charges for Services: The Village collected $49.2 million in charges for services through December 2025. The amount represents 103.9 percent of the annual budget for the category, and it is trending higher by $5.6 million, or 12.9 percent, compared to last year's collection. An increase in the water, sewer and refuse rates, along with an increase in the ambulance billing fee has resulted in a higher collection compared to last year's amount.

Investment Income: The Village earned $5.4 million in investment income through December 2025, which represents 137.7 percent of the category's annual budget. The recognized revenue is trending lower by $1.5 million or 21.6 percent, compared to last year's amount, mainly due to several rate reductions and timing issues.

Other Categories: All other revenue categories collectively generated $11.9 million through December 2025. The amount mainly includes $678,612 in fines and forfeitures, $2.9 million in other revenues, $6.4 million in other financing sources, and $1.9 million in reimbursements.

c) Expenditure

The data below recaps the expenditures incurred through December 2025.

Departments	Budget 2025	Actual YTD Dec 2025	% of Annual Budget	Actual YTD Dec 2024	Actual YTD 2025 vs.Actual YTD 2024	% Change
10 Public Representation	779,620	727,190	93.3%	629,503	97,687	15.5%
20 Village Administration	6,682,559	6,156,004	92.1%	5,149,022	1,006,982	19.6%
30 Finance	3,299,072	3,255,711	98.7%	7,961,615	(4,705,904)	-59.1%
40 Community Development	14,011,009	13,584,577	97.0%	4,356,199	9,228,379	211.8%
50 Human Services	1,785,465	1,852,845	103.8%	1,497,281	355,564	23.7%
60 Police	28,116,292	26,652,299	94.8%	24,223,658	2,428,641	10.0%
70 Fire	25,374,738	24,257,184	95.6%	22,738,540	1,518,644	6.7%
80 Public Works	66,463,815	60,111,482	90.4%	45,478,048	14,633,433	32.2%
00 ND	37,641,104	26,469,197	70.3%	36,116,206	(9,647,008)	-26.7%
Total Expenditures	**184,153,673**	**163,066,488**	**88.5%**	**148,150,070**	**14,916,418**	**10.1%**

The above amounts do not include the expenditure for the Pension Funds, as they are separate entities. The above amounts are unaudited and subject to change with accrual/audit adjustments.

Departments	Budget 2025	Actual YTD Dec 2025	% of Annual Budget	Actual YTD Dec 2024	Actual YTD 2025 vs.Actual YTD 2024	% Change
Personnel	64,697,474	63,394,771	98.0%	58,400,308	4,994,463	8.6%
Contractual Services	44,058,921	42,317,759	96.0%	38,950,219	3,367,540	8.6%
Commodities & Supplies	2,790,502	2,343,118	84.0%	2,146,534	196,584	9.2%
Capital Improvements	34,678,498	28,694,556	82.7%	12,775,309	15,919,247	124.6%
Debt Service	9,735,249	9,235,299	94.9%	6,688,414	2,546,885	38.1%
Other Expenditures	11,743,596	10,881,552	92.7%	9,666,974	1,214,578	12.6%
Interfund Transfers	16,449,433	6,199,433	37.7%	19,522,312	(13,322,879)	-68.2%
Total Expenditures	**184,153,673**	**163,066,488**	**88.5%**	**148,150,070**	**14,916,418**	**10.1%**

Personnel Costs: The year-to-date expenditure on Personnel Costs, including benefits, is $63.4 million, or 98.0 percent of the annual budget for the category. The amount is trending higher by $5.0 million, or 8.7 percent compared to last year's amount, mainly due to higher pension contributions, cost of living adjustments, and added employee headcount. The overtime expense through December 2025 totaled $3.95 million, an increase of $316,317 compared to last year's overtime expense of $3.6 million.

Contractual Services: This category covers most contractual services, including some large line items, such as JAWA water purchases, budgeted and grant-funded engineering studies, and other contracts. The Village incurred $42.3 million in contractual services, equating to 96.0 percent of the annual budgeted amount for the category. The expenditure amount is trending higher by $3.4 million or 8.6 percent, mainly due to inflationary and timing issues.

Supplies: Through December 2025, the Village spent $2.3 million on supplies, which totaled 84.0 percent of the annual budget. The commodities and supplies are trending higher by $196,584 or 9.2 percent.

Capital Improvements: The Village initially had $34.7 million in approved capital improvement projects for 2025. In March 2025, the Village Board approved a budget amendment to carry over $11.0 million in

unfinished projects from 2024 to 2025. With a few other amendments, the total budget for the category is set at $45.3 million for the year. The Village again is proposing a budget carryover totaling $12.6 million in March 2026 (from 2025 to 2026). After these carryovers, the total CIP budget will be settled at $34.7 million. The Village has spent $28.7 million for capital improvement projects through December 2025.

Debt Service: Per the established debt service schedules, the Village's bond payments are due on June 1 and December 1. The Village processes these debt service payments a few days before due dates and keeps sufficient funds to execute them. The Village has incurred $9.2 million in debt service payments through December 2025. That includes $7.7 million in G.O. bond interest and principal payments, and the remaining amount is for a developer's note for the Randhurst Mall.

Other Expenditure: This category includes a budget of $11.7 million and includes various risk management items as well as the TIF incentive amounts to be shared per the redevelopment agreements. The Village recently approved a budget amendment (in July 2025) for acquiring the 111 E Busse property. This budget amendment is reflected in the above numbers. The Village has spent $5.0 million on the 111 E Busse acquisition and $5.9 in other expenditures.

Interfund Transfers: The amount represents various interfund transfers budgeted from the General Fund ($15,449,433) and from the Elk Grove Rural Special Service Area Fund ($1,000,000). The Village executed interfund transfers totaling $14.9 million through December. However, $8.7 million in transfers are recoverable from the Prospect & Main TIF. Hence, booked as Due from Prospect & Main TIF on the balance sheet, and not as an expense. The other transfers were made from the General Fund to the Pension Stabilization Fund, to support the public safety pension abatements.

d) Fund Balance Analysis:

Fund balance is an essential tool to check the fiscal health of any governmental organization. The data below summarizes the Village's monthly unassigned/unrestricted general fund reserves.

Items/Details	Dec-24	Q1-2025	Q2-2025	Q3-2025	Q4-2025	Total YTD 2025
Revenues - Unaudited	90,532,896	15,232,119	18,588,508	16,499,457	32,292,778	82,612,862
Expenses - Unaudited	(87,415,097)	(18,345,645)	(15,113,139)	(18,663,990)	(23,128,937)	(75,251,710)
Net Monthly Surplus/(Deficit)	**3,117,799**	**(3,113,526)**	**3,475,369**	**(2,164,532)**	**9,163,841**	**7,361,152**
Ending Unrestricted Reserves	**46,348,799**	**43,235,273**	**46,710,642**	**44,546,110**	**53,709,951**	**53,709,951**
As % of General Fund Budget	54.0%	50.4%	54.5%	51.9%	62.6%	62.6%
Unencumbered Cash Balance	**(8,498,623)**	**41,697,104**	**46,621,794**	**44,546,110**	**33,987,325**	**33,987,325**
As % of General Fund Budget	-9.9%	48.6%	54.4%	51.9%	39.6%	39.6%

* Fund Balance is unaudited, and subject to adjustments and other changes. The above analysis includes only unrestricted fund balance for the General Fund.

As of December 31, 2025, the unrestricted fund balance is estimated at $53.7 million, which equates to 53.7 percent of the annual budget. Not all revenues and expenditures for the fiscal period are recognized. The year-to-date financial activities have resulted in a net surplus of $7,361,152. The unencumbered cash balance as of December 31, 2025, is $34.0 million, and it represents 39.6 percent of the annual budget. The Village fund balance policy recommends maintaining a fund balance between 30 to 50 percent of the annual budget. The current fund balance is in compliance with the fund balance policy. The cash balance is lower compared to other months due to delayed property tax payments totaling $11.0 million for the General Fund.

Economic Emergency Fund

The Village Board authorized the creation of a new Economic Emergency Fund in May 2023 and approved a budget amendment funding $6.5 million from the General Fund reserves as an initial funding amount. The initial transfer was executed in May 2023 and invested in June 2023 in a AAA-rated I-prime account. The table below summarizes the Economic Emergency Fund activities for the month. During July 2024, the Village funded the second installment of $6.5 million. Also, the Economic Emergency Fund earned an interest income of $45,994 during December 2025. As of December 30, 2025, the Economic Emergency Fund reported an ending fund balance of $14,271,439, which comprises $13.0 million in Village Contributions from the General Fund and $1,271,439 in Investment Income.

Economic Emergency Fund	FY 2023	FY 2024	Q1-2025	Q2-2025	Q3-2025	Q4-2025	Total Since Inception
Village Contribution	6,500,000	6,500,000	-	-	-		13,000,000
Investment Income	195,690	495,944	118,134	172,874	149,604	139,193	1,271,439
Net Monthly Surplus/Deficit	**6,695,690**	**6,995,944**	**118,134**	**172,874**	**149,604**	**139,193**	**14,271,439**

Meeting	March 16, 2026 - REGULAR MEETING OF THE MOUNT PROSPECT VILLAGE BOARD
Fiscal Impact (Y/N)	
Dollar Amount	
Budget Source	
Category	CONSENT AGENDA
Type	Action Item

Information

Illinois State Statutes require the Village Board to approve the Official Zoning Map by March 31 of each year to reflect the changes that have occurred in the previous calendar year. The following planned unit developments and final plats of subdivision are noted below. The map also corrects scrivener's errors found by staff to remove the planned unit development designation from a certain property (Item 8). Staff has completed all necessary modifications to the 2026 Official Zoning Map, and requests that the Village Board approve the attached resolution.

No.	Address	PIN(s)	Zoning/Lot Line Changes	Ordinance/Resolution No.
1.	500 W Algonquin Rd	08-23-203-037-0000	I1*	Ord. 6785 (4/2/2025) Major PUD Amendment

Discussion

Alternatives

1. Approval of the resolution to amend the zoning map and establish the 2026 Official Zoning Map.
2. Action at the discretion of the Village Board.

Staff Recommendation

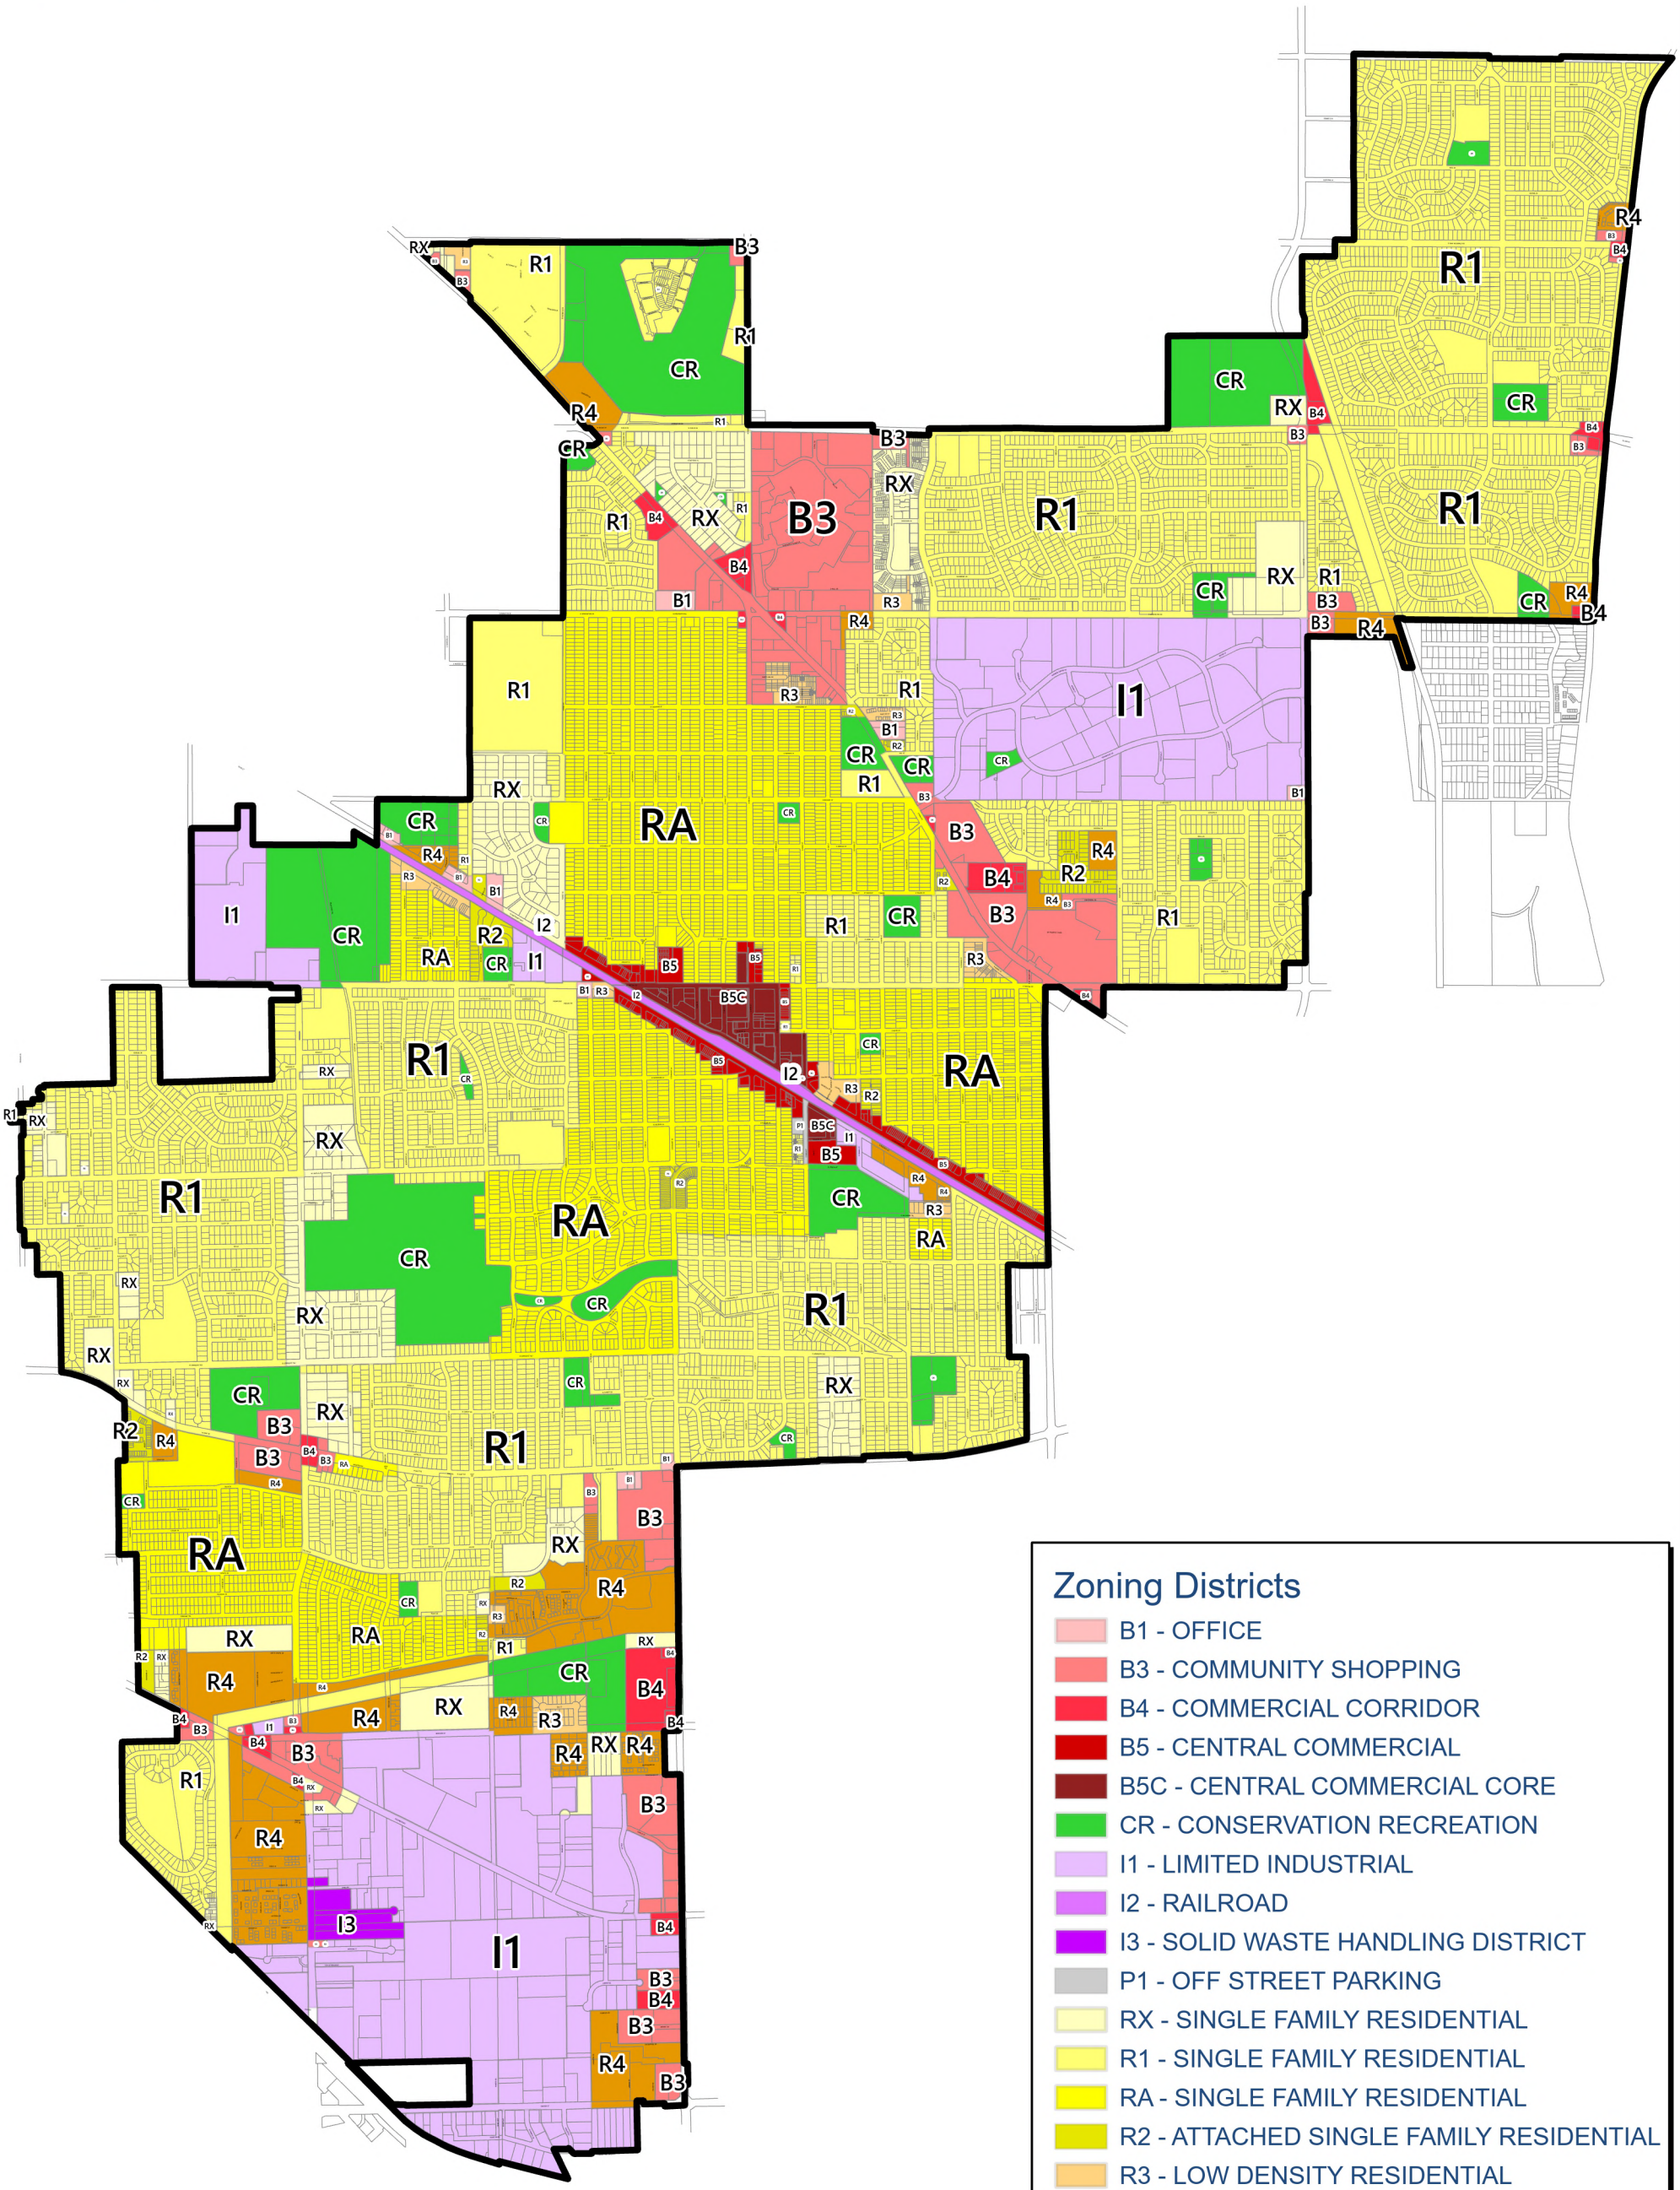

Staff recommends that the Village Board approve the 2026 Official Zoning Map as presented.

RESOLUTION NO. _____

A RESOLUTION ADOPTING THE 2026 OFFICIAL ZONING MAP
FOR THE VILLAGE OF MOUNT PROSPECT, COOK COUNTY, ILLINOIS

WHEREAS, as mandated by the Illinois Compiled Statutes 5/11-13-19, the Corporate Authorities shall cause to be published no later than March 31 of each year, a map showing the existing zoning uses, divisions, restrictions, regulations, and classifications for such municipality for the preceding year.

NOW, THEREFORE, BE IT RESOLVED BY THE MAYOR AND BOARD OF TRUSTEES OF THE VILLAGE OF MOUNT PROSPECT, COOK COUNTY, ILLINOIS ACTING IN THE EXERCISE OF THEIR HOME RULE POWERS:

SECTION ONE: The Mayor and Board of Trustees of the Village of Mount Prospect do hereby adopt and approve the 2026 Mount Prospect Official Zoning Map, attached hereto and presented as "Exhibit A".

SECTION TWO: This resolution shall be in full force and effect from and after its passage, approval and publication in the manner provided by law.

AYES:

NAYS:

ABSENT:

PASSED and **APPROVED** this 17th day of March, 2026.

_____
Paul Wm. Hoefert
Village Mayor

ATTEST:

Subject	**Motion to accept bid for the Community Development Block Grant (CDBG) Sidewalk Program for an amount not to exceed $195,000.**
Meeting	March 16, 2026 - REGULAR MEETING OF THE MOUNT PROSPECT VILLAGE BOARD
Fiscal Impact (Y/N)	Y
Dollar Amount	$195,000.00
Budget Source	Community Development Block Grant
Category	CONSENT AGENDA
Type	Action Item

Information

This year's Community Development Block Grant (CDBG) Sidewalk Program includes the replacement of existing sidewalks at eligible locations that do not comply with Americans with Disabilities Act (ADA) standards. This year's streets include Bonita Avenue, from Busse Road to Lincoln Street; Crestwood Lane, from Hatlen Avenue to Lincoln Street; Michael Street, from Hatlen Avenue to Verde Drive; Hatlen Avenue and Hatlen Court, from Central Road to Lincoln Street; and Grindel Drive, from Hatlen Avenue to the east end of the street.

The CDBG Sidewalk Program is a wholly federally funded urban neighborhood improvement program administered by the United States Department of Housing and Urban Development (HUD). It avails federal money for specific improvements in geographic areas that satisfy HUD community needs criteria.

A Notice to Bidders was posted on the Euna OpenBids (formerly Demandstar) website.

The bid opening for the 2026 CDBG Sidewalk Program was held on February 23, 2026, at 1:00 p.m. Eight contractors submitted bids for this project. The bids ranged from a low of $159,720 by Schroeder & Schroeder, Inc. to a high of $553,435 by Landmark Contractors. Below is a summary of the bids:

Bidders	Total Bid
Schroeder and Schroeder, Inc.	$159,720.00
Nardulli Construction Company, Inc.	$162,420.00
Globe Construction, Inc.	$168,140.00
Strada Construction Company	$204,875.00

A Lamp Concrete Contractors, Inc.	$214,270.00
Davis Concrete Construction Company	$236,700.00
Alliance Contractors, Inc.	$360,030.00
Landmark Contractors	$553,435.00
Engineer's Estimate	$191,200.00

Discussion

All bidders submitted a bid bond in the amount of 10% of the total bid as required in the bid proposal packet. All bids were checked for their accuracy and no errors were found. All bidders correctly signed their bids and bid bonds.

The low bidder, Schroeder & Schroeder, Inc. is qualified to complete the work involved with this project and meets the requirements of the contract documents. Schroeder & Schroeder, Inc. are pre-qualified by the Illinois Department of Transportation (IDOT) to perform concrete work on roadway projects.

In addition, Schroeder & Schroeder, Inc. has worked on previous sidewalk projects for the Village of Mount Prospect between the years 2015 and 2025, including the CDBG Sidewalk, New Sidewalk, and Shared Cost Sidewalk Programs. All previous work performed was completed successfully.

The Village has received a 2026 CDBG grant in the amount of $195,000 for this work. It is staff's recommendation that the proposed contract be awarded up to the full amount of the grant to allow for contingencies in the contract quantities and to replace additional ADA noncompliant sidewalk.

Alternatives

1. Accept lowest cost, responsive bid for construction of the 2026 CDBG Sidewalk Program.
2. Action at the discretion of Village Board.

Staff Recommendation

The Village budget for this project is $195,000. To take advantage of the favorable prices, Staff recommends the contract be awarded up to the available budget of $195,000 to allow for contingencies in the contract quantities and to replace additional ADA noncompliant sidewalks on the target streets or other eligible streets should funds be available.

Staff recommends that the Village Board accept the lowest cost, responsive bid for construction of the 2026 CDBG Sidewalk Program to Schroeder & Schroeder, Inc. for an amount not to exceed $195,000.

BID FORM
2026 CDBG Sidewalk Program
Village of Mount Prospect
Department of Public Works

FROM: Schroeder & Schroeder Inc.

7306 Central Park Ave., Skokie, IL 60076
(hereinafter called "Bidder")

TO: Office of the Village Manager, 3rd Floor
50 South Emerson Street
Mount Prospect, Illinois 60056
(hereinafter called "Village" or "Village of Mount Prospect")

Bid For: **"2026 CDBG Sidewalk Program"**

The bidders have familiarized themselves with the work and probable work conditions required under this Bid affecting the cost of the work and with the Bid Documents, which include:

Notice to Bidders
Table of Contents
Instructions for Bidders
General Conditions and Special Provisions
Specifications
Bid Form
Affidavit – Bid Certification Form
Bid Security
Bid Sheet
Other materials or standards provided or noted by the Village
Contract Document
Performance Bond Form
Labor and Materials Payment Bond Form

Therefore, the Bidder hereby proposes to furnish all supervision, technical personnel, labor, materials, tools appurtenances, equipment, and services (including all utility and transportation services) required to construct and complete the Work, all in accordance with the above listed documents.

Bidder agrees to perform all of the Work and provide the equipment and materials described in the Bid Documents, as follows:

Bidder has bid on all items and has provided a price for all items.

The Bidder acknowledges that it is responsible for verification of all pipe sizes and depths prior to the ordering of materials.

The Bidder will complete and provide all labor, equipment, materials and mobilization (if applicable) to perform the Work as incidental to the fixed item price for each item proposed.

In submitting this bid, the Bidder understands that the Village of Mount Prospect reserves the right to add to or subtract from the estimated quantities.

The Village of Mount Prospect intends to award one (1) contract (if at all) for the items bid. If written notice of award of this bid is mailed, emailed or otherwise delivered to the Bidder at any time before this bid is withdrawn, the Bidder agrees to execute and deliver the contract in the prescribed form and furnish payment and performance bonds, or letter of credit, and the insurance certificates required by the Bid Documents to the Village within ten (10) days after receipt.

The Bidder, and as successful bidder/Contractor upon award of the Contract understands and agrees to the following:

1) The Contractor agrees to provide all Work and items and material to the Village as noted in the Bid Documents and comply with the requirements of the Bid Documents.
2) The Contractor agrees to comply with all applicable state and federal laws, rules and regulations, and county and municipal ordinances, as described in the General Conditions.

All Addenda pertaining to this project shall be acknowledged by the Bidder in the spaces provided below:

Addendum No.	Addendum Date	Acknowledgement by Bidder or Authorized Representative	Date Acknowledged

Failure to acknowledge receipt, as provided above, may be considered sufficient grounds for disqualification of the bidder and rejection of his/her bid submittal. A record of all Addenda and copies of same will be available to all qualified bidders from the Village of Mount Prospect Public Works Department, 1700 West Central Road, Mount Prospect, Illinois two (2) days prior to the letting. It shall be the bidder's responsibility to become fully advised of all Addenda prior to submitting its bid.

Upon award the contract the Village will send Notice of Award to the successful bidder, The bidder must then execute the contract and provide the required bonds or letter of credit and certificate of insurance to the Village within ten (10) days. The Village will then issue a written Notice to Proceed, which starts the performance period and the contractor then has ten (10) days to commence work. The contractor shall reach **substantial completion within thirty (30) calendar days after the Notice to Proceed** and **final completion within fifteen (15) calendar days after substantial completion**. Failure to complete the work in the designated time frame may result in the Director of Public Works withholding compensation due the contractor for failure to complete the said work in the designated time frame, calling the bonds, or taking such other action as may be available.

Security in the sum of ten (10%) percent of the amount bid in form of (check one):
X Bid Bond ____Certified Check _____Bank Cashier's Check
is attached hereto in accordance with the "Instructions for Bidders".

This Bid Submittal contains the following:

1) Bid Form
2) Affidavit – Bid Certification Form
3) Bid Security
3) Bid Sheet (s)

Respectfully submitted:

VILLAGE OF MOUNT PROSPECT
AFFIDAVIT – BID CERTIFICATION FORM

Bidder:

Company/Firm Name: Schroeder & Schroeder Inc.

Address: 7306 Central Park Ave., Skokie, IL 60076

As a condition of entering into a contract with the Village of Mount Prospect, and under oath and penalty of perjury and possible termination of contract rights and debarment, the undersigned, Joseph V. Vrabel, being first duly sworn on oath, deposes and states that he or she is President (sole owner, partner, joint ventured, President, Secretary, etc.) of Schroeder & Schroeder Inc. and has the authority to make all certifications required by this affidavit.
(Name of Company)

Section I **Non Collusion**

The undersigned certifies that this bid is genuine and not collusive or a sham, that said bidder has not colluded, conspired, connived or agreed, directly or indirectly, with any bidder or person, to put in a sham bid or to refrain from bidding, and has not in any manner, directly or indirectly, sought by agreement or collusion, or communication or conference with any person, to fix the bid price element of this bid, or of that of any other bidder, or to secure any advantage against any other bidder or any person interested in the proposed contract.

Section II **Bid Rigging and Rotating**

The undersigned further states that Schroeder & Schroeder Inc.
(Name of Company)
is not barred from bidding or contracting as a result of a conviction for violations of state laws prohibiting bid rigging or bid rotating or any similar offense of any state of the United States, as provided in Sections 33E-3 and 33E-4 of the Illinois Criminal Code, 720 ILCS 5/33E-3, 33E-4.

Section III **Drug Free Workplace**

The undersigned further states that Schroeder & Schroeder Inc.
(Name of Company)
provides a drug free workplace pursuant to the Drug Free Workplace Act, 30 ILCS 580/1, et seq., and has, to the extent not covered by a collective bargaining that deals with the subject of the Substance Abuse Prevention in Public Works Projects Act, 820 ILCS 265/1 et seq., a substance abuse prevention program that meets or exceeds these requirements of that Act.

Page 2 - AFFIDAVIT – BID CERTIFICATION FORM

Section IV **Tax Payment**

The undersigned further states that Schroeder & Schroeder Inc. is
(Name of Company)
not delinquent in payment of any taxes to the Illinois Department of Revenue, in accordance with Illinois Compiled Statues, 65 ILCS 5/11-42.1. The undersigned understands that making a false statement regarding delinquency in taxes is a Class A Misdemeanor and, in addition voids the contract and allows the municipality to recover all amounts paid to the individual or entity under the contract in civil action.

Section V **Sexual Harassment Policy**

Pursuant to Section 2-105(A) of the Illinois Human Rights Act, 775 ILCS 5/2-105 (A), every party to a public contract must:

"Have written sexual harassment policies that shall include, at a mini-mum, the following information: (I) the illegality of sexual harassment; (II) the definition of sexual harassment under State law; (III) a description of sexual harassment, utilizing examples; (IV) the vendor's internal complaint process including penalties; (V) the legal recourse, investigative and complaint process available through the Department (of Human Rights) and the Commission (Human Rights Commission); (VI) directions on how to contact the Department and Commission; and (VII) protection against retaliation as provided by Section 6-101 of the Act. (Illinois Human Rights Act)."

A "public contract" includes: ...every contract to which the State, any of its political subdivisions or any municipal corporation is a party." 775 ILCS 5/1-103 (M) (2002),

The undersigned further states that Schroeder & Schroeder Inc. has
(Name of Company)
a written sexual harassment policy in place in full compliance with 775 ILCS 5/2-105 (A) (4).

It is expressly understood the foregoing statements and representations and promises are made as a condition to the right of the bidder to receive payment under any award made under the terms and provisions of this bid.

The undersigned certifies that all information contained in this Affidavit is true and correct.

BID SECURITY

Included with this bid is a bank cashier's check, certified check or bid bond in the amount of 10% BID BOND, being ten percent (10%) of the total amount bid by Schroeder & Schroeder Inc., the Bidder, in favor of the Village of Mount Prospect. It is hereby agreed that, should Bidder be awarded the Work contemplated under this bid and fail or refuse to execute a contract for said Work, or to provide the required payment and performance bonds, or letter of credit, and certificate of insurance, then this security, in the amount stipulated above, shall be forfeited and may be retained by the Village of Mount Prospect as liquidated damages and not as a penalty. All bids to remain firm for a period of ninety (90) days after bid opening date.

SUBMITTED THIS 23rd DAY OF February, 20 26.

BOND AMOUNT: Ten Percent of Attached Bid (10% of Bid)

PROJECT:
(Name, location or address, and Project number, if any)
2026 CDBG Sidewalk Program

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

Signed and sealed this 23rd day of February, 2026.

Re: Power of Attorney No. 1214442 12
Powers of Attorney for:
Westfield Insurance Company
Westfield National Insurance Company
Ohio Farmers Insurance Company
(hereinafter referred to as "Company," individually or collectively, as the context may require)

We are pleased to enclose your new Powers of Attorney; these Powers of Attorney are signed and sealed by facsimile signatures under, and by, the authority of a resolution adopted by the Board of Directors of the Company at a meeting held on the 8th day of February, 2000. By virtue of this resolution, all facsimile signatures appearing on the Power of Attorney are, in fact, as binding on the Company as if personally signed.

As an Attorney−in Fact, subject to your employment with the aforementioned agency, you are authorized to execute *approved* surety bonds and surety obligations on the Company's behalf.

A surety bond or obligation is *"approved"* if a proper employee of the Company's Surety Operations has given express permission; approval has been generated by the Company's automated bond issuance system; or the bond or obligation is issued under and in accordance with authority granted by the Underwriting Guide and Letter of Authority.

If any obligation is executed in violation of this letter, the Power of Attorney, or the Underwriting Guide and Letter of Authority, the Agency, anyone directing or exercising authority and the persons signing such unauthorized obligations will be held individually liable for any loss or injury to the Company resulting therefrom. Any Attorney−in−Fact's separation from the aforementioned agency, for any reason, will result in immediate revocation of said individual's Power of Attorney.

By virtue of you taking any action relative to surety bonds and obligations with the Company you acknowledge and agree to all terms and conditions to which you are bound, including but not limited to this letter, the Power or Attorney, the Underwriting Guide and Letter of Authority (if applicable to you) and your agency's Agency Agreement.

Thank you and we look forward to working with you.

Sincerely,

Gary W. Stumper
Vice President, Surety

POWER NO. **1214442 12**

Westfield Insurance Co.
Westfield National Insurance Co.
Ohio Farmers Insurance Co.
Westfield Center, Ohio

Know All Men by These Presents, That WESTFIELD INSURANCE COMPANY, WESTFIELD NATIONAL INSURANCE COMPANY and OHIO FARMERS INSURANCE COMPANY, corporations, hereinafter referred to individually as a "Company" and collectively as "Companies," duly organized and existing under the laws of the State of Ohio, and having its principal office in Westfield Center, Medina County, Ohio, do by these presents make, constitute and appoint
BROOKE MACH, CELIA SATTER, JOINTLY OR SEVERALLY

of **CHICAGO** and State of **IL** its true and lawful Attorney(s)-in-Fact with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver **any and all bonds, recognizances, undertakings, consents of surety, or other instruments or contracts of suretyship in any penal limit,** and to bind any of the Companies thereby as fully and to the same extent as if such bonds were signed by the President, sealed with the corporate seal of the applicable Company and duly attested by its Secretary, hereby ratifying and confirming all that the said Attorney(s)-in-Fact may do in the premises. Said appointment is made under and by authority of the following resolution adopted by the Board of Directors of each of the WESTFIELD INSURANCE COMPANY, WESTFIELD NATIONAL INSURANCE COMPANY and OHIO FARMERS INSURANCE COMPANY:

"Be It Resolved, that the President, any Senior Executive, any Secretary or any Fidelity & Surety Operations Executive or other Executive shall be and is hereby vested with full power and authority to appoint any one or more suitable persons as Attorney(s)-in-Fact to represent and act for and on behalf of the Company subject to the following provisions:

The Attorney-in-Fact may be given full power and authority for and in the name of and on behalf of the Company, to execute, acknowledge and deliver, any and all bonds, recognizances, contracts, agreements of indemnity and other conditional or obligatory undertakings and any and all notices and documents canceling or terminating the Company's liability thereunder, and any such instruments so executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed by the President and sealed and attested by the Corporate Secretary."

"Be it Further Resolved, that the signature of any such designated person and the seal of the Company heretofore or hereafter affixed to any power of attorney or any certificate relating thereto by facsimile, and any power of attorney or certificate bearing facsimile signatures or facsimile seal shall be valid and binding upon the Company with respect to any bond or undertaking to which it is attached." (Each adopted at a meeting held on February 8, 2000).

In Witness Whereof, WESTFIELD INSURANCE COMPANY, WESTFIELD NATIONAL INSURANCE COMPANY and OHIO FARMERS INSURANCE COMPANY have caused these presents to be signed by their **Vice President, Surety** and their corporate seals to be hereto affixed this **03rd** day of **DECEMBER** A.D., **2025** .

WESTFIELD®

Surety Underwriting Guide and Letter of Authority

The following person(s) are hereby granted authority to issue bonds on behalf of **Westfield Insurance Company, Westfield National Insurance Company and Ohio Farmers Insurance Company** (hereinafter referred to as "Company," individually or collectively, as the context may require) as expressly stated and subject to all conditions contained herein:

BROOKE MACH
CELIA SATTER

of BELMONT INS BROKERAGE INC
CHICAGO IL
Power Number 1214442 12

on DECEMBER 03 , 2025

GENERAL CONDITIONS

The authority herein granted is to be exercised, with respect to any particular bond, only if you are thoroughly satisfied, after a careful investigation of the facts and circumstances surrounding the case, that it is a proper risk for the Company to assume. **Your authority is strictly limited to classes and limits of bonds as expressly provided herein, subject to any exclusions.** Some bonds for which no authority is granted are listed for clarification or emphasis, and some bonds are not listed at all –in both cases, said bonds shall not be executed until specific authority has been secured from a proper employee of the Company's Surety Operations. If there is any doubt or uncertainty as to the acceptability of the risk or if bonds are in excess of the limits or classes herein shown, you must obtain advance approval from a proper employee of the Company's Surety Operations prior to the execution of the bond.

No authority embodied herein and no special authority given by the Company for the issuance of a specific bond covers the execution of any supplementary agreement, waiver, acceptance of or consent to changes in the bond or in the contract or other instrument connected with the bond.Submit these matters to a proper employee of the Company's Surety Operations.

Westfield Surety's automated bond issuance system should be utilized whenever possible and offers efficient issuance of thousands of bonds, including many that fall outside of your authority. This Underwriting Guide and Letter of Authority and your Power of Attorney provide the means for executing bonds manually, as needed, with the obligation they will be reported as soon as practicable but in no event later than that which is required by your Agency Agreement. **By virtue of you taking any action relative to surety bonds and obligations with the Company you acknowledge and agree to all terms and conditions to which you are bound under this Underwriting Guide and Letter of Authority, Power of Attorney and your agency's Agency Agreement.**

If any obligation is executed in **VIOLATION OF THE AUTHORITY LIMITS OR CONDITIONS** contained herein or to which you are otherwise bound, the Agency, anyone exercising authority and the persons signing such unauthorized obligations may be held responsible for any loss or injury to the Company and prosecuted to the fullest extent of the law.

Any authority granted herein or as an attorney-in-fact for the Company is subject to your employment with the aforementioned agency and is immediately and simultaneously revoked at the moment your employment with said agency is terminated for any reason.

Unless otherwise indicated, the Limit of Authority provided hereafter reflects the single and aggregate authority for a bond principal.

Re: Schroeder & Schroeder, Inc.
Village of Mt. Prospect
Surety Prequalification Letter

To Whom It May Concern:

We are pleased to advise you that Ohio Farmers Insurance Company, a member of the Westfield Group, has acted as surety for Schroeder & Schroeder, Inc. since 2016. Our relationship and experience have been excellent.

This letter is to advise that Schroeder & Schroeder, inc. has been approved for single projects up to $7,000,000 with an aggregate program of $10,000,000. Please note, these amounts do not necessarily represent our maximum support. Naturally, the issuance of any bid or final bonds is subject to normal underwriting review, including acceptable contract terms and bond forms, confirmation of financing, and favorable review of underwriting information at the time of the bond request. This letter is not an assumption of liability, nor is it a performance bond. We have issued it only as a bonding reference requested by our client.

Ohio Farmers Insurance Company carries a Best Rating of A (Excellent) XV, and is also on the Federal Treasury List of approved surety companies.

We do not hesitate in our recommendation of Schroeder & Schroeder, Inc.'s abilities and professionalism.

Sincerely,

Ray Wohlever
Surety Underwriter

Subject	**Motion to accept the proposal from Bowman Consulting Group for design engineering and construction inspection services for the Crumley Detention Basin Improvements in an amount not to exceed $108,772.80.**
Meeting	March 16, 2026 - REGULAR MEETING OF THE MOUNT PROSPECT VILLAGE BOARD
Fiscal Impact (Y/N)	Y
Dollar Amount	$108,772.80
Budget Source	Flood Control Construction Fund
Category	CONSENT AGENDA
Type	Action Item

Information

Crumley Basin is a stormwater detention facility owned and operated by the Village of Mount Prospect, located approximately 700 feet north of Lincoln Street and ½ mile south of Central Road, between the Busse Road right-of-way and Weller Creek. The basin has a capacity of approximately 36 acre-feet and receives inflow from a 72-inch diameter reinforced concrete pipe (RCP) storm sewer draining much of the Hatlen Heights Subdivision. Key infrastructure includes a concrete inflow headwall with spillway, two high-level overflows, an underdrain system, and two low-flow outflows, with all drainage ultimately discharging by gravity to Weller Creek.

The basin was originally constructed to help control stormwater runoff and reduce localized flooding. Historically, Crumley Basin underwent stormwater rehabilitation efforts in 1982, 2001, 2023 and 2024.

1982 improvements included side slope stabilization, grading, headwall extension, underdrain construction, and overflow improvements to repair side slope damage, aid basin surface drainage, and add a low flow bypass pipe with a new outfall to the creek.

2001 improvements included sewer televising and cleaning, as well as the addition of erosion protection at the 72-inch outfall that replaced the old concrete pad with articulated block revetment.

2023 improvements include the replacement of all underdrain piping, excluding any underdrain structures. In addition, the high-level outflow was lined in 2023.

In 2024, the Village lined the low-level outflow pipe.

Recent inspections have revealed significant soil erosion near the inflow structure, particularly

at the basin floor adjacent to the spillway, and to a lesser extent near the outflow and underdrain structures. The primary project goals are to:

1. Correct deficiencies in the underdrain system, structures, headwall, and spillway.
2. Implement measures to eliminate erosion within the basin and improve stormwater flow from the inflow pipe through the basin to Weller Creek.

The project will require a permit from the Metropolitan Water Reclamation District of Greater Chicago (MWRD). All efforts will be made to complete the design and secure a permit from the MWRD this summer with construction expected to take place this fall. However, unanticipated delays during permit review could postpone construction until spring 2027. There will also be extensive coordination with Cook County's reconstruction project of Busse Road.

Request for Proposals

A Request for Technical and Cost Proposals for engineering consultant firms to provide design engineering and construction inspection services was posted on the Euna OpenBids bidding website. Five consulting engineering firms responded and submitted Technical and Cost Proposals. Firms were asked to submit, as part of their proposal, the following information:

1. Resumes of key personnel and related experience on similar type projects.
2. Summary of the firm's approach to the project.
3. Staff hours estimate and cost proposal for major phases of work.
4. Project schedule.

Design engineering tasks that are identified to be performed include:

- Televise the underdrain system
- Perform topographic survey
- Coordinate and attend meetings with Village Staff
- Coordinate with private utilities and other stakeholders
- Obtain necessary permits through coordination with public agencies
- Develop and prepare preliminary and final design plans and specifications
- Assist with the bidding process

Construction inspection engineering tasks that are identified to be performed include:

- Review of material submittals
- Provide horizontal and vertical construction layout of proposed improvements
- Provide construction supervision and inspection
- Prepare continual construction punch-list
- Prepare pay estimates for contractor work performed
- Coordinate final inspection and paperwork
- Prepare as-built drawings
- Respond to residents' questions and concerns during construction
- Attend and conduct construction status and coordination meetings between Village Staff and the Contractor

RFP Results

The consulting firms' Technical and Cost Proposals were reviewed based on their understanding goals and their methodology for the design process. They were rated (with a maximum score of 100 points) according to these specific categories: firm background, personnel background, project experience, proposal content, and value. The rankings are:

Technical Proposals

Category	Maximum Points	Bowman	Civiltech	Baxter & Woodman	Gewalt - Hamilton	GSG
Firm Background	20	20	19	18	17	15
Personnel Background	25	25	23	22	21	20
Project Experience	20	20	19	18	17	16
Proposal Content	15	14	13	12	13	12
Value	20	18	16	19	15	16
Total	100	97	90	89	83	79

Cost Proposals (Provided in order of technical ranking)

Firm	Hours	Cost / Hour	Labor Cost	Direct Cost	Total Cost
Engineer's Estimate	600	$160.00	$96,000.00	$10,000.00	$106,000.00
Bowman	623	$163.32	$101,747.80	$7,025.00	$108,772.80
Civiltech	907	$167.39	$120,824.80	$30,004.26	$150,829.06
Baxter & Woodman	826	$130.76	$106,604.00	$2,180.00	$108,784.00
Gewalt-Hamilton	438	$185.09	$85,570.00	$2,852.00	$88,422.00
GSG	1318	$141.93	$176,560.00	$10,500.00	$187,060.00

Discussion

Staff conducted interviews with the top-rated consultants and determined that Bowman Consulting Group is the preferred consultant for the project. They have put together a strong project team with experience in drainage and stormwater improvement work and provided a scientific approach to the design. They also have a thorough understanding of the project coordination, communication, and documentation needed to accomplish the project within the proposed schedule.

Bowman Consulting Group has worked with the Village on other projects, including providing

design engineering services for the Wolf Road Bike Path Project and construction engineering services for the Central Road Resurfacing Project from Rand Road to Wolf Road.

It is the staff's opinion that Bowman Consulting Group will provide the best product at an appropriate number of hours to accomplish design engineering and construction inspection services. In addition, it is the opinion of staff that Bowman Consulting Group has requested a reasonable, competitive fee for the requested services.

Staff supports the cost proposal submitted by Bowman Consulting Group in the amount of $108,772.80 to provide design and construction engineering services for the Crumley Detention Basin Improvements. It is staff's opinion that Bowman Consulting Group is best qualified to perform the requisite work, has allotted appropriate work effort, and requested a reasonable, competitive fee for the services requested.

Alternatives

1. Accept proposal for design engineering and construction inspection services for the Crumley Detention Basin Improvements.
2. Action at discretion of Village Board.

Staff Recommendation

Staff recommends that the Village Board accept the proposal from Bowman Consulting Group of Chicago, Illinois to provide design engineering and construction inspection services for the Crumley Detention Basin Improvements in the amount of $108,772.80.

RE: Crumley Detention Basin Improvements - Design Engineering and Construction Inspection Services

Dear Mr. Leib:

The Village's investment in the Crumley Detention Basin Improvement project demonstrates good stewardship and will ensure the basin continues to perform as designed and expected. By keeping up with the required maintenance and looking for potential ways to improve its operation, the Village is protecting its residents and getting the most of its stormwater infrastructure.

Bowman is well positioned to deliver this vital project, as we have expertise in this area and can provide conscientious and responsible professional service. We have a long-standing relationship with the Village of Mount Prospect and are proud to have previously provided both design and construction engineering services that support your infrastructure goals. Currently, we are designing a flood control project for the Metropolitan Water Reclamation District of Greater Chicago (MWRD) that includes a 100 acre-ft detention basin, box culverts, sewers and drainage structures, which also demonstrates the depth of our experience.

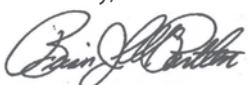

Our approach to the Crumley Detention Basin Improvements will focus on:

- Performing a thorough field investigation, with qualified engineers, to identify the existing system deficiencies, look for root causes and consider if any additional testing or investigation is required to support the evaluation.
- Developing alternatives through evaluation of survey, plan review and sewer televising, and direct Village input on observed operations, to develop and recommend a sound affordable solution based on maximizing its durability, minimizing future maintenance and optimizing its performance.
- Delivering exceptional construction engineering services performed and led by experienced staff who have not only delivered similar projects but also understand the importance of coordinating the status of the work with the Village and its residents.

Our multidisciplinary team brings deep municipal expertise, in-house water resources specialists and a practical understanding of permitting and regulatory coordination. With a focus on constructability and lifecycle value, we'll guide the Village from initial design through final construction with responsiveness and transparency.

We welcome the opportunity to continue our partnership with Mount Prospect and deliver a resilient, well-functioning detention system. Should you wish to discuss our proposal further, please contact me at 630.869.6008 or bmcpartlin@bowman.com.

Sincerely,

Brian McPartlin
Principal

Firm Overview

Firm Overview

Since its formation in 1995, Bowman has been recognized as one of the fastest-growing consulting firms in its industry. Launched by a five-person team in Fairfax, Virginia, the firm has launched over 100 offices and accomplished a national, diversified project portfolio. From large infrastructure projects to local transportation projects, Bowman delivers outstanding project results and leverages its growth to serve the constantly changing needs of our clients.

In 2012, Bowman established its presence in the Chicago area. Bowman's Chicago office provides design engineering and its Lisle office provides construction engineering. Bowman has performed similar services for the Villages of Mount Prospect, Oak Brook, Northbrook and Steger; Cities of Crystal Lake and Chicago Heights; DuPage, Cook, Will and Kane Counties; IDOT and the Illinois Tollway. We pride ourselves in providing the same level of professionalism and quality for all projects regardless of size.

In choosing Bowman, the Village of Mount Prospect will work with an enthusiastic partner who takes great pride in serving its clients and is committed to promoting a professional and productive working relationship.

Our proven stakeholder team building capabilities allow us to represent our clients in all aspects of the construction process from pre-construction through final completion and identify and resolve issues to mitigate their impact. With an unparalleled commitment by executive staff to each client and project's success, Bowman provides open communication, fair interpretation of project issues, and transparency in our services, recommendations and actions.

WHY WE'RE DIFFERENT

Success doesn't just happen. It's the result of thoughtful planning and focused action. At Bowman, we work with intention to deliver on-demand technical expertise and industry leading talent that, when combined, produces innovative and solution-driven results. Our clients benefit from a balance of deep national resources often associated with large firms, and the flexibility and quick response associated with smaller boutique firms, to effectively navigate projects through intricate approval processes.

Brian J. McPartlin

Principal in Charge

Brian McPartlin has spent over 25 years in federal, state and county government, and has an extensive history of developing critical relationships with government and corporate leaders, unions, and foreign officials. He is the former Executive Director of the Illinois State Toll Highway Authority, a 294-mile toll road system serving more than 1.6M motorists daily. As Executive Director, Brian managed and coordinated an agency with over 1700 employees and an annual budget with revenues of $636M. He helped draft and implement a 10-year, $6.3B congestion relief program to rebuild and restore 90% of the Tollway system, which added system-wide capacity and extended I-355 South by 12.5 miles, ahead of schedule and under budget.

Experience

Principal, Bowman, Lisle, IL, 2020 - Present.
Provides business development and outreach to clients for national professional services firm that provides transportation, civil, structural, mechanical, and electrical engineering; construction management; surveying; right-of-way; landscape architecture; environmental consulting; and commissioning services.

Vice President Globetrotters Engineering Corporation, Chicago, IL, 2012 - 2020.
Executive Vice President of a minority-owned full-service firm that specializes in architecture, engineering, information technology, program, construction and facilities management services for both public and private sector clients. Responsible for executive level management, marketing, and teaming activities, as well as client base business development and awareness.

Vice President, McDonough Associates, Inc., Chicago, IL, 2009 - 2012.
Vice President of an engineering/architectural consulting firm with a technical and support staff of 130 engaged in a wide range of professional activities including planning, design and construction engineering services.

President, Cooper Murphy, 2008 - 2012.
Full-service consulting firm that assists clients with strategic and political counsel.

- Responsible for developing and maintaining relationships between clients and their stakeholders.
- Provided insightful and strategic solutions to achieve business and policy goals.
- Assist in the development and dissemination of client message and mission.
- Developed short and long term goals that drive success for business operations.
- Raised client profiles among elected, community and business leaders in both the public and private sectors.

Illinois State Toll Highway Authority, Downers Grove, IL, 2003 - 2008.
Executive Director (2006 – 2008)
Chief of Administration (2003-2006)
Managed and coordinated all aspects of the Illinois Tollway, a national industry leader with 1756 employees, an annual budget of $636M and 1.4M daily customers.

Brian J. McPartlin

Principal in Charge

James Connolly Award – Irish American Labor Council - 2013

Midwest Construction Magazine Owner of the Year – 2008

Special Recognition – Illinois State Police District 15 - 2008

Man of the Year – Illinois Asphalt Pavement Association - 2008

Outstanding Leadership in the Public Sector – March of Dimes - 2008

Certificate of Achievement – Regional Institute for Community Policing - 2001

Outstanding Achievement - Mount Prospect School District 57 Board of Education - 2001

Award of Excellence – Illinois Chapter / National School Public Relations Association - 2001

Recognition for Superior Contributions to the United States Secret Service - 1996

United States Department of Defense World War II Commemoration Committee – 1995

- Oversaw Tollway's $6.3B capital program to restore, rebuild, widen and improve an aging infrastructure.
- Delivered the Veterans Memorial Tollway, 12.5 miles of new roadway, to customers ahead of schedule and under budget.
- Supervised the continued expansion of the electronic toll collection system, including the conversion of 20 mainline toll plazas from a barrier system to open road tolling, while increasing I-PASS usage to near 80% (highest in nation).
- Creative customer communications; expanding business services, bringing customer care centers into communities and delivering award-winning website.
- Successfully executed $1.7B in bond financing for Tollway capital program.
- Recruited an award-winning team responsible for transforming corporate culture and restoring public confidence.

Vice-President of Large Accounts & Government Relations, Riverdeep Interactive Learning, 2001 - 2002.

Created/ expanded large accounts division and built strategic national partnerships.

- Developed and implemented a large account process for urban school districts nationwide.
- Established inroads and coordinated corporate education initiatives with Members of Congress and regional marketing managers.
- Conceptualized new approaches allowing the Business Development team to capitalize on new corporate partners in the eLearning process.

Regional Representative, U.S. Department of Education, 2000 - 2001.

Spokesman and envoy for the U.S. Secretary of Education in the U.S. Department of Education's Region V, encompassing IL, IN, MI, MN, OH and WI.

- Senior official who oversaw 250 employees providing services ranging from promoting education initiatives, to student financial assistance, collecting defaulted loans, and monitoring grants.
- Established and maintained contact between Members of Congress, Executive Branch administrators, state, county, city and municipal officials and agencies.
- Facilitated and spoke to stakeholders addressing departmental initiatives and critical issues in American education.
- Edited quarterly newsletter distributed to 15,000+ key constituents.

Senior Advisor, U.S. General Services Administration, 1996 - 2000.

Responsible for overseeing agency policy, planning and programs for a multi-state region including Illinois, Indiana, Michigan, Minnesota, Ohio, and Wisconsin.

Associate Director of Presidential Advance, Executive Office of the President - The White House, 1993 - 1996.

White House representative responsible for logistical arrangements and briefings for domestic and international travel by the President, First Lady and Vice-President, including direct coordination with the United States Secret Service, White House Military Office, National Security Office and White House Communications Agency.

Matthew Letson, PE

Project Manager

Matt Letson has over 30 years of experience in civil engineering that includes significant drainage and sewer design. As the Chicago office branch manager, he provides oversight for resource management, project schedules and budgets, as well as technical guidance to make sure that all the skills and expertise available to the project team are fully utilized to provide clients and their communities with innovative, efficient solutions that are easy to construct and maintain.

Experience

MWRDGC - Flood Control Project on Central Road | *Des Plaines and Glenview, IL*
Project Manager for design of $50M in flood mitigation improvements to Central Road from Des Plaines River to Glenwood Lane. Flood mitigation is to occur via new box culverts, sewers, and drainage structures in conjunction with a new 100 acre-ft (±) detention basin south of Central Road and east of Dee Road. Sewer improvements will also occur along Glenshire Road, Glendale Road and Glenwood Lane to alleviate local neighborhood flooding.

Chicago Dept. of Water Management (CDWM)- Sewer Improvements | *Chicago, IL*
Project Manager and Quality Control Lead for preparation of final contract plans, specifications and estimates for sewer improvements including lead service line replacement and water main relocations on a task-order basis under Sewer Design Term Contracts since 1992. Work includes data collection and initial assessments, coordination of survey and geotechnical and environmental engineering, utility coordination, sewer alignments and profiles, structural design, compliance with IEPA water sewer separation requirements, cross sections/typical sections, traffic control and detours, surface drainage design, permitting, constructability reviews, bid packaging for various funding sources and QA/QC. Assignments include:

TOR #24-05: South Shore Drive Sewer Improvement Project

- **PN 7607:** 5,843 ft of 36-in to 24-in diameter sewers. Complexities included wet sandy soils due to the proximity of Lake Michigan, multiple outlets with multiple profile summits and overflows, 22 stages of traffic control on high volume IDOT roadway, lead service line replacement and pavement reconstruction.

TOR #23-06: Ad Hoc Sewer Design Services

- **PN 7610:** Storage Improvement with 1,500-ft of 108-in, 48-in and 24-in diameter sewers. The 108-in storage segments are connected across perpendicular roadway crossings with 48-in pipes to minimize disturbances. Reinforced concrete bulkheads suitable for precast fabrications were designed at the ends of the storage segments with openings for various sewer sizes.
- **PN 7610A:** Storage Improvement – Project split from PN 7610 to allow for PGL to design/install permanent bridge supports where sewer will cross their 48-in diameter gas main and completes upstream end of Maypole Storage project by tying sewer segments from north, west and south into storage reservoir.
- **PN 7615:** Storage Improvement with 1,400-ft of 12-ft x12-ft and 12-ft x 6-ft

Matthew Letson, PE

Project Manager

box culvert sewers to provide relief to 375-acre area. The storage segments are connected across perpendicular roadway crossings with 48-in pipes. Reinforced concrete bulkheads were designed at the ends of the storage segments with openings for various sewer sizes.

CDWM - Calumet Area Sewer Contracts | *Chicago, IL*
Project Manager for project that included 6,800 ft of 96-in to 72-in diameter sewer mains installed in tunnel, and 3,600 ft of 66-in to 60-in diameter sewer mains installed in open cut. The outlet involved a new connection to the MWRDGC Calumet Deep Tunnel System drop shaft at South Torrence Avenue and the Grand Calumet River. The $23.4M project included 20 cast-in-place structures including an outfall structure, sluice gate, backflow gate, tide gate and a diversion chamber for connection to an MWRDGC interceptor sewer. The Hegewisch Pumping Station outfall, which previously discharged directly to a drainage ditch, was intercepted by the new sewer and structures were constructed to enable interception of flows upstream.

CDWM - Norwood Park Sewer Project No. 3 | *Chicago, IL*
Project Manager for $5.1M P project that included 5,100 ft of 72-in to 30-in sewer mains, diversion chambers and flumes to control sewage overflows during peak flow events, five cast-in-place structures, water main support structures, a jacked in place sewer crossing under UPRR tracks and IDOT permitting.

CDWM - Hermitage-Sunnyside-Paulina- Montrose | *Chicago, IL*
Project Manager for $6.9M project that included 3,900 ft of 78-in to 48-in sewer mains installed in tunnel and in open cut, cast-in-place drop structure connection to 16-ft diameter Lawrence Avenue interceptor, two additional cast-in-place structures, water and gas main support structures and traffic control plans.

Laser Center Facility | *Schaumburg, IL*
Project Manager for design and construction administration services for a new $5M facility and site. To meet MWRD storm water permitting requirements, a large on-site underground detention structure was incorporated under the one-acre parking lot.

DuPage County - Drainage Improvements | *DuPage County, IL*
Project Manager for drainage improvement projects to alleviate local nuisance and structural flooding problems. Included storm sewer extensions, inlet capacity improvements, ditch improvements, re-direction of downspouts, and site grading.

Cook County DOTH- Techny Road Improvements | *Cook County, IL*
Project Manager for design engineering for the $5.6M reconstruction of Techny Road, which included stormwater management and flood relief improvements.

Asphalt Operating Services of Chicago - Liquid Asphalt Terminal | *Chicago, IL*
Project Manager for planning, design, permitting, bidding and construction administration for a LEED-certified, 53-acre liquid asphalt terminal. Included a stormwater management system that achieved zero discharge to local sewer systems.

Paul Kovacs, PE

QA/QC Manager

Paul Kovacs has over 40 years of experience providing leadership and engineering services for major infrastructure programs and projects. He served the last 13 years as Chief Engineering Officer for the Illinois Tollway where he managed all maintenance, design and construction operations on the agency's 294-mile system, serving over 1.6M customers daily. During his tenure at the Illinois Tollway, Paul led the delivery of the Congestion Relief Capital Program and Move Illinois Program, which implemented nearly $14B in capital improvements, on time and on budget.

Experience

Engineering Services | *City of Highland Park, IL*
Principal and primary contact for task order projects including:

- **Linden Avenue Water Main and Roadway Reconstruction - Elm Place to Maple Avenue:** Preliminary and final design engineering services to replace the existing 4 to 6-inch water main with a new 8-inch DIP water main for 2,300 ft.
- **Parking Lot Design - Three Locations**: Site assessment and detailed topographic survey; analysis of traffic flow, ADA accessibility and safety considerations; and preparation of contract plans to reconstruct three parking lots.
- **Fire Training Yard Facility Improvement:** Site assessment and detailed topographic survey, and contract plans for reconstruction.

Skyway Concession Company | Bridge Deck Repairs | *Cook County, IL*
Project Manager for the development of scope of work for 24 bridge decks along the Chicago Skyway. Work included bridge inspections and development of 30% plans, specifications and cost estimates for the $12M in bridge deck repairs.

Chief Engineering Officer, Illinois Tollway, Downers Grove, IL, 2007 - 2021.

- Completed successful delivery of $5.8B Congestion Relief Capital program.
- Procured engineering and construction services and delivered the first eight years of the Illinois Tollway's 15-year, $14B capital program, Move Illinois: The Illinois Tollway Driving the Future.
- Played a key role in achieving the Tollway's mission of providing a safe and efficient system of toll highways and delivering its capital improvements on time, on budget and in conformance with Tollway, state and federal regulations.
- Directed implementation of the following customer service, sustainability, safety and program delivery efficiency initiatives: maintenance of all existing travel lanes throughout rebuilding and widening efforts, incorporation of stainless steel rebar and high performance concrete in critical bridge decks, implementation of open road tolling and all electronic toll collection systems, I-90 Smart Road to provide real time travel advisories, 30-hour OSHA for Tollway engineering and key staff at consultants and contractors, Smart Work Zone implementation and expansion of CCTV camera coverage and enhancements to the Traffic Operations Center, and aggressive project schedules to optimize benefits and cost effectiveness in the delivery of large capital improvements.

Paul Kovacs, PE

QA/QC Manager

University of Illinois Grainger College of Civil & Environmental Engineering's CEEAA Distinguished Alumni, 2020

ASCE: Outstanding Projects and Leaders (OPAL) Award, 2019

March of Dimes Professional Honoree of the Year, 2014

Illinois Hispanic Chamber of Commerce: Advocate of the Year, 2008

ASCE: Government Civil Engineer of the Year, 2007

- Served as a representative of the Tollway and its Engineering department to all federal, state and local representatives; engineering and construction industries; regulatory agencies; and the public.
- Provided daily leadership and direction to Engineering and on-site consultant personnel, and consistently reinforced the Tollway's strong commitment to customer service, and efficient and effective delivery of capital improvements, while fostering regional, local, and industry partnerships and project teamwork.
- Major projects included:
  - **Jane Addams Memorial Tollway (I-90):** $2.5B widening and rebuilding of 62 miles of I-90. The 37-mile western portion of this improvement was opened to traffic in October 2014, and the 25-mile eastern portion was opened in December 2016. The improvements were delivered on an aggressive four-year construction schedule and incorporated Smart Road technology and numerous innovative design and construction techniques. The $95M Outstanding Civil Engineering Achievement (OCEA) Award 2018 Finalist, the Jane Addams Memorial Tollway (I-90) Fox River Bridge project, was part of this overall corridor improvement.
  - **Illinois Route 390:** a new toll road which opened in November 2017 and is part of the $3.4B **Elgin O'Hare Western Access (EOWA) corridor.**
  - **I-490:** a new toll road providing access to the west side of O'Hare International Airport with connections to Illinois Route 390, the Tri-State Tollway (I-294) in the south and I-90 in the north. This new interstate is also part of the $3.4B **Elgin O'Hare Western Access (EOWA) corridor**, which is in progress and scheduled for completion in 2026.
  - **Central Tri-State Tollway:** $4B widening and rebuilding of 22 miles of the heart of the Illinois Tollway system along I-294 from 95th Street to Balmoral Avenue near O'Hare Airport.
  - **I-294/I-57 interchange:** first phase of this $719M project.
  - Systemwide improvements including pavement and bridge rehabilitations, safety improvements and miscellaneous repairs throughout the Tollway's 294-mile system, along with the implementation of five new maintenance facilities of which three are complete and toll plaza improvements.

NHI - Countermeasure Design for

Joseph Middleton, PE, CFM

Project Engineer

Joe Middleton has 25 years of experience providing hydraulic and hydrologic modeling, drainage design, OpenRoads corridor modeling and project management services for infrastructure projects involving street improvements, intersection and drainage design, roadway rehabilitation and site development. His duties include design studies and preparation of plans, specifications, cost estimates, permitting, stakeholder coordination and project reports.

Experience

MWRDGC - Flood Control Project on Central Road | *Des Plaines and Glenview, IL*
Drainage Engineer for design of $50M in flood mitigation improvements to Central Road from Des Plaines River to Glenwood Lane. Flood mitigation is to occur via new box culverts, sewers, and drainage structures in conjunction with a new 100 acre-ft (±) detention basin south of Central Road and east of Dee Road. Sewer improvements will also occur along Glenshire Road, Glendale Road and Glenwood Lane to alleviate local neighborhood flooding.

Laser Center Facility | *Schaumburg, IL*
Drainage Engineer for design and construction administration services for a new $5M facility and site. To meet MWRD storm water permitting requirements, a large on-site underground detention structure was incorporated under the one-acre parking lot.

Asphalt Operating Systems of Chicago - Site Redevelopment | *Chicago, IL*
Drainage Engineer for design services for site redevelopment for a 53-acre parcel in Calumet Industrial Corridor. Responsible for calculating existing and proposed hydrology, modeling existing and proposed site using TR-20, preparing permit documentation, and performing site grading and earthwork analysis.

Transit Service Center | *City of Janesville, WI*
Project Manager for design services for civil site development for $10M City of Janesville Transit Service Center. Work included design of various rain gardens; performing mass grading and parking lot geometrics; coordination with Wisconsin Department of Transportation; preparation of contract plans, special provisions, estimates; and design of detention ponds, storm sewers and utilities.

Chicago Department of Water Management - Sewer Improvements | *Chicago, IL*
Civil Engineer for design of sewer improvements. Services include scheduling, coordination of field surveys and geotechnical investigations, public agency and private utility coordination, permitting, ensuring adherence to quality assurance plan and quality control procedures, alignment studies, structural design and calculations, earth retention system analysis, traffic control plans, restoration plans, ADA compliance and adherence to IEPA water-sewer separation requirements. Projects:

TOR #18-13: Ad Hoc Sewer Design Services

- PN 7533 (130th Street): Term Agreement contract for Sluice Gate Structure at 48-in storm sewer outfall to Calumet River.

Joseph Middleton, PE, CFM

Project Engineer

Bridge Scour and Stream Instability

Bentley OpenRoads Designer - Accredited Road Modeler

Associations

American Society of Civil Engineers

ACEC-IL US Army Corps of Engineers, Chicago Committee

Michigan Stormwater-Floodplain Association (MSFA)

Chicago Dept. of Transportation - Burley Ave Improvements | *Chicago, IL*
Drainage Engineer for $35M new construction and reconstruction project. Work includes replacement of outdated or damaged City-owned drainage and utility structures, new storm sewers, drainage structures, outfalls, and outfall connections. Requires permits from USACE (Section 404), IDNR, MWRD, IEPA and City of Chicago.

IDOT - 55th Street Widen and Overlay | *Western Springs, Countryside & LaGrange, IL*
Drainage Engineer for design engineering services for 1.75 miles of roadway reconstruction. Responsible for design of open and closed drainage systems, detention analysis, QA/QC of drainage plans, and construction documents.

IDOT - IL 59 Reconstruction | *Naperville, IL*
Project Manager for widening and reconstruction of IL Route 59 between New York Street and north of I-88 for 17,800 ft. Design included inlet spacing, lateral sizing and location, driveway cross culvert sizing and location, ditch sizing and profile design, ditch velocity checks, and computation and confirmation of all main and in-line detention storage sizing. Prepared the drainage and utility plans and hydraulic design, and provided permitting support and agency coordination.

IDOT - LaGrange Road (US 45) Improvements | *Orland Park, IL*
Senior Drainage Engineer for design engineering services for reconstruction of six miles of LaGrange Road from 179th to 131st Streets with an additional lane added in each direction. Responsible for designing storm sewer system, culverts, storm water detention facilities, water quality best management practices, erosion and sediment control plans, and permitting documentation.

IDOT - Illiana Expressway | *IL*
Project Engineer for Illiana Corridor Study following the federal NEPA process tasked with detention and compensatory storage requirements and calculations for numerous alternate alignments. Responsible for GIS Modeling of detention and compensatory storage and cost estimating preferred alignment.

IDOT - I-57 and IL Route 50 Interchange (District 3) | *Ottawa, IL*
Drainage Engineer for preparation of erosion and sediment control plans ,site grading plans, storm sewer and cost estimates, and calculation of detention pond sizes.

Illinois Tollway - Tri-State Tollway, Mile Long Bridge | *Cook County, IL*
Drainage Engineer for team that determined a preferred replacement/rehabilitation alternative for the Mile Long Bridge. Responsible for Concept Drainage Report within the overall Master Plan and construction plans, which included storm sewer and culvert sizing, temporary drainage and detention pond design.

Illinois Tollway - I-88 East West Connector | *DuPage County, IL*
Project Engineer for design engineering services for roadway and bridge reconstruction. Responsible for designing open and closed drainage systems, preparing erosion and sediment control plans and documenting INVEST scoring.

Griselda Monsivais, PE, CFM

Drainage Engineer

Griselda Monsivais is a civil engineer with over 20 years of infrastructure planning and design experience and specialized transportation, water resources and hydraulics expertise. Her expertise in water resources and preliminary engineering and environmental studies extends to major infrastructure projects and regional stormwater planning improvements. Griselda is knowledgeable in state and local ordinance permitting criteria, including IDNR-OWR, MWRDGC, and Cook, DuPage, Kane, Will, McHenry and Lake Counties.

Experience

Metropolitan Water Reclamation District of Greater Chicago (MWRDGC) - Flood Control Project on Willow Road at McDonald Creek Tributary A* | *Cook County, IL*
Provided Quality Assurance for development of a Feasibility Study to reduce flooding of a Cook County Highway Department road (Willow Road) and adjacent residential streets. Generated an existing conditions model using HEC-HMS, which evaluated conditions at McDonald Creek, including the outfall from Hillcrest Lake. This model was used to develop elevations to conduct alternatives to minimize/reduce flooding. Several alternatives were developed which required building a detailed watershed model using HEC-HMS for McDonald Creek, Tributary A. Stakeholder outreach included public meetings with Prospect Heights, and coordination meetings with IDOT and Cook County Dept. of Transportation & Highways.

Churchill Floodplain Analysis | *Glen Ellyn, IL*
Drainage Engineer for preparation of an independent hydrological and hydraulic analysis for the addition of a building, parking lot and playground, in the northeast quadrant of Bloomingdale Road and Geneva Road. Independent flows were developed using Bentley CivilStorm. Developed a site-specific hydrological evaluation and used the flows to establish water surface elevations using HEC-RAS. The floodplain boundary was delineated and the determined BFE's were used to develop compensatory storage requirements.

Schussler Park | *Village of Orland Park, IL*
Drainage Engineer for preparation of Watershed Study that included existing hydrology generated using TR-20 and Hydraulic Study using HEC-RAS. A drainage study was prepared as part of an independent analysis for Schussler Park pond. The park contained an area of unstudied Zone AE special flood hazard area. The purpose of the study was to establish the tributary areas to Schussler Park and to delineate the floodplain limits to determine alternatives for proposed improvements.

DuPage DOT - Cass Avenue Feasibility Study | *DuPage County, IL*
Developed a Feasibility Study that outlined existing limits of regulatory floodway and floodplain and how these would affect the proposed improvements to trail connections and roadway improvements to Cass Avenue. Conducted an environmental screening for the development of preliminary alternatives. The hydraulic screening consisted in documenting extensive areas of regulatory floodway

Griselda Monsivais, PE, CFM

Drainage Engineer

Member, WTS Greater Chicago Chapter

Member, Illinois Association of State Floodplain Managers

within the study area and identifying alternatives to minimize compensatory storage need. Existing hydrological and hydraulic models were reviewed and data from survey was calibrated to FEMA elevations to develop alternatives as part of the preparation of a feasibility study that included the environmental screening and hydraulic analysis of the alternatives.

Museum of Science and Industry - West Parking Lot Reconstruction and Drainage Feasibility Study | *Chicago, IL*
Drainage Engineer responsible for design and permit processing of calculations related to detention storage to be provided with permeable pavers and aggregate subbase storage.

IDOT - I-80 Median Crossover Mineral | *District 3, IL*
Civil Engineer who assisted the District in the development of MOT Plans that included designing a median crossover. As part of the drainage design tasks, used Civilstorm to model a new drainage connection into an existing roadway cross culvert, including median ditch and storm sewer connections.

IDOT - Program Management for Various Phase I Projects | *District 1, IL*
Project Management Consultant for preliminary engineering and planning services in the Bureau of Programming in District One. Projects included:

- **US 41 at Deerpath Road - PS #38, Lake Forest, IL:** Phase I study included roadway reconstruction, channelization and a complex flood control project to construct a new bypass storm sewer, replace and relocate an existing pump station and new stormwater detention basins at the Deerpath Golf Course. This project involved extensive local agency and stakeholder coordination, as well as Section 4(f) de Minimis process with the park district.
- **IL 43 at 63rd and 65th Streets, Cook County, IL:** CREATE Study led by IDOT to evaluate grade separating the BRC Railroad crossing at IL 43 at 63rd or 65th St. The proposed project included a combined sewer separation improvement and a dedicated drainage outfall consisting of a storm sewer traveling north along Harlem Avenue and then west along Archer Avenue, discharging into a pond prior to out letting into the Chicago Sanitary and Ship Canal.
- **IL 132 from Deep Lake Road to Munn Road, Lindenhurst, Lake County, IL:** Phase I study to widen two-mile section of IL 132. The storm sewers were analyzed using Geopak Drainage modeling software. Hasting Creek crossing was evaluated using WSP-2 to re-create a HEC-RAS Model.

Cook County DOTH - Will Cook Road Drainage Study | *Cook County, IL*
Drainage Engineer who prepared a drainage study to alleviate a flooding issue along the west side of Will Cook Road north of 159th Street. The study included surveying, existing drainage plan, proposed drainage plan with alternates and the completion of a Location Drainage Technical Memorandum.

Education

California (#94705)

Ariana Nevarez, PE

Drainage Engineer

Ariana Nevarez has six years of experience in civil engineering. She is proficient in AutoCAD Civil 3D, IMP Sizing Calculator, CivilStorm, MicroStation, HEC-RAS, HY-8, Hydraulic Toolbox, MATLAB, and Microsoft Office.

Experience

Lake County Dept. of Public Works - North Libertyville Estates Levee Drainage Improvements and investigation | *Libertyville, IL*
Drainage Design Engineer responsible for analyzing flood impacts and performance of flood protection structures and facilities. Developed correlative data illustrating stage and frequency event relationships for four stream gauges. Analyzed the levee level of protection for various frequency events, designed a solution to landside flooding of the levee and prepared a Technical Memorandum.

Woodfield Road Resurfacing | *Village of Schaumburg, IL*
Drainage Design Engineer responsible for modeling and analyzing the existing storm sewer system and a culvert crossing. Modeled the existing conditions in CivilStorm to perform a hydrologic and hydraulic analysis. Produced plan documents and exhibits to create a comprehensive Location Drainage Technical Memorandum.

IDOT - Various Phase I/II Engineering Projects | *Owen Township, IL*
Design Engineer for Phase I/II engineering services for various projects throughout District Two. Conducted hydraulic analysis and prepared hydraulic reports for various culverts along IL-2, including Hutchins Creek. Developed abbreviated hydraulic reports for multiple drainage structures to assess hydraulic performance. Created survey exhibits to support hydraulic evaluations and ensure accurate assessment of site conditions. Analyzed water flow, floodplain impacts and drainage patterns to support culvert design and drainage improvements. Ensured compliance with IDOT hydraulic design standards and regulatory requirements.

Cook DOTH - Preliminary Engineering Services | *Cook County, IL*
Drainage Design Engineer for the following Phase I projects:

- **Will Cook Road Drainage Study:** Prepared a drainage study to investigate the cause of flooding and provide recommendations to eliminate flooding along the west side of Will Cook Road north of 159th Street. Modeled the existing conditions and proposed conditions in CivilStorm to perform a hydrologic and hydraulic analysis and prepared a Location Drainage Technical Memorandum.
- **Butler Drive, Chicago, IL:** Responsible for modeling and analyzing the existing storm sewer system and pump station. Modeled existing conditions and proposed conditions in CivilStorm to perform a hydrologic and hydraulic analysis. Produced plan documents and exhibits to create a comprehensive pump station Hydraulic Report and a Location Drainage Technical Memorandum.
- **108th Avenue, 159th Street to 167th Street, Orland Park, IL:** Responsible for modeling and analyzing an existing storm sewer system and proposed

improvements. Modeled existing and proposed conditions in CivilStorm to perform a hydrologic and hydraulic analysis. Designed a drainage solution to flooding issues and prepared Location Drainage Technical Memorandum.

Illinois Tollway - Western Access Interchange | *DuPage and Cook Counties, IL*
Assisting in drafting drainage reports. Analyzed the existing conditions by computing Design Peak Flows, computed the Time of Concentration or travel time using Manning's Equation and utilized HY-8 to produce summaries of culvert flows, Total Rating Curve plots, Performance curves and Water Surface Profile Plots.

San Luis Obispo Probation Department Building | *City of San Luis Obispo, CA*
Drainage Engineer for land development design. Responsibilities included grading design, stormwater design, wet utility design and drafting improvement plan set.

Kensington Fire Protection District, Public Safety Building | *Kensington, CA*
Civil engineer for land development design services that included analyzing existing conditions and performing grading, utility and stormwater design. Drafted improvement plan set, met with architecture team to ensure coordination and addressed RFI's and submittals during construction and drafted revised plans.

Purissima Hills Water District, McCann Operations Center | *Los Altos Hills, CA*
Civil Engineer for land development design services. Analyzed existing conditions, performed grading and stormwater design and drafted improvement plan set.

San Jose Police Department, Academy & Regional Training Facility | *San Jose, CA*
Civil Engineer for land development design services. Analyzed existing conditions, performed grading and stormwater design and drafted improvement plan set.

Murrieta Public Safety District, Public Safety Training Facility | *Murrieta, CA*
Civil Engineer for land development design services. Analyzed existing conditions, performed grading and stormwater design and drafted improvement plan set.

City of Fresno Municipal Service Center | *City of Fresno, CA*
Civil Engineer for redesign of the existing parking lot by removing landscaping and trees and configured the new space striping to optimize the amount of parking stalls gained. Redesigned an entrance with new gates and layout to provide more lanes. Drafted improvement plans and coordinated meetings with the client.

Rosewood Commons Conference Center Parking Lot | *Pleasanton, CA*
Civil Engineer for land development design services for an existing parking lot. Analyzed existing conditions, performed grading and stormwater design, drafted improvement plan set and addressed RFI's and submittals during construction and drafted revised plans.

Education

Professional Engineer:
Illinois (#062-066553) 2014

Jeffrey Woss, PE

Utility Coordinator

Jeff Woss is a project manager and civil engineer with experience in designing and developing plans, specifications and estimates for roadway and utility projects. He is responsible for conceptual planning and design of projects including: roadway geometrics, cross section development, earthwork quantity calculations, grading, and pavement marking. Jeff is proficient in MicroStation, Geopak, and Primavera P6.

Experience

Chicago Dept.. of Water Management - Sewer Improvements | *Chicago, IL*
Civil Team Leader responsible for design of dozens of sewer system and roadway and sidewalk ADA ramp improvements throughout Chicago on a task order basis. Services include scheduling, coordination of field surveys and geotechnical investigations, public agency and private utility coordination, permitting, ensuring adherence to quality assurance plan and quality control procedures, alignment studies, structural design and calculations, earth retention system analysis, traffic control plans, restoration plans, ADA compliance, and adherence to IEPA water-sewer separation requirements. Recent projects include:

TOR #25-05: Ad Hoc Sewer Design Services

- PN 7607 (South Shore Dr Sewer Improvement) – Private Contract with 5,843 ft of 36-in to 24-in diameter sewers. Project complexities included wet sandy soils due to the proximity of Lake Michigan, multiple outlets with multiple profile summits and overflows, 22 stages of traffic control on a high volume IDOT roadway, and 1,500 ft of work beyond the sewer improvements consisting of lead service line replacement and pavement reconstruction.

TOR #23-06: Ad Hoc Sewer Design Services

- **PN 7610:** Storage Improvement Project with 1,500 ft of 108-in, 48-in and 24-in diameter sewers. The 108-in storage segments are connected across perpendicular roadway crossings with 48-in pipes to minimize disturbances to existing utility crossings. Reinforced concrete bulkheads suitable for precast fabrications were designed at the ends of the storage segments with openings for various sewer sizes.
- **PN 7610A:** Storage Improvement Project split from PN 7610 to allow for PGL to design and install permanent bridge supports where the proposed sewer will cross their 48-in diameter gas main in Lavergne. This project completes the upstream end of the Maypole Storage project by tying sewer segments from the north, west and south into the storage reservoir.
- **PN 7615:** Storage Improvement Project with 1,400 ft of 12-ft x12-ft and 12-ft x6-ft box culvert sewers. The storage segments are connected across perpendicular roadway crossings with 48-in pipes to minimize disturbances to existing utility crossings. Reinforced concrete bulkheads suitable for precast fabrications were designed at the ends of the storage segments with openings for various sewer sizes. An area of approximately 375 acres will benefit from the proposed improvements by providing relief to the local sewer system.

Jeffrey Woss, PE

Utility Coordinator

Peoples Gas Light & Coke Gas Main Replacement Plans | *Chicago, IL*
Civil Team Leader responsible for contract plan production for gas main improvement and expansion projects. Services include scheduling, coordination of field surveys, public agency and private utility coordination, permitting, adherence to quality assurance and quality control procedures, line of lay studies, installation plans, retirement plans, roadway and sidewalk ADA ramp restoration plans, and traffic control plans. All plans adhere to requirements for permitting through the Office of Underground Coordination (OUC). Special attention is necessary to mitigate construction related traffic concerns along collector and arterial streets and work requires traffic control plans developed in accordance with CDOT and IDOT standards.

Chicago Dept. of Transportation - Burley Avenue Improvements | *Chicago, IL*
Civil Engineer for design engineering services for 13,500 ft of roadway reconstruction and new construction. The $35M project includes replacement of outdated or damaged City-owned drainage and utility structures, new storm sewers, drainage structures, outfalls, and outfall connections as well as utility coordination. Requires permits from USACE (Section 404), IDNR, MWRD, IEPA, and City of Chicago

Hays County DOT - Cotton Gin Road (County Road 129) | *Hayes, TX*
Civil Engineer for design services for project that included reconstructing the roadway and adding four-ft-wide paved shoulders on both directions. It also included reconstructing 110 driveways, Right of Way acquisition, utility coordination and relocation, analysis and reconstruction of 10 drainage crossings, and roadside ditches.

IDOT - 55th Street Widen and Overlay | *Western Springs, Countryside, and LaGrange, IL*
Civil Engineer for design engineering services for 1.75-mile roadway reconstruction. Responsible for roadway geometrics, including geometric design and cross sections. The $6.7M project included open and closed drainage systems.

2015 Street Reconstruction | *Village of Hinsdale, IL*
Project Engineer responsible for engineering design of ADA sidewalks and ramps as part of the 2015 Street Reconstruction Program of 5,600 ft of Village streets, separation of combined sewers and replacement of sanitary sewer. Localized drainage concerns were investigated and addressed in contract plans.

2950 Oakley | *Chicago IL*
Project Engineer responsible for plans to reconstruct a contaminated gravel parking area. An engineered barrier was provided in the form of an asphalt parking lot which included drainage improvements with a new discharge to the Chicago River in accordance with City of Chicago storm water regulations.

Laser Center | *Schaumburg IL*
Project Engineer responsible for site development plans for $5M facility. To meet MWRD storm water permitting requirements, a large on site underground detention structure was incorporated under the parking lot.

Thomas Hagensee, PLS

Surveyor

Tom Hagensee has over 40 years of experience in surveying, which helps him to efficiently navigate the documentation and research process required for a large number of projects. He works on ALTA and topographic surveys, boundary surveys and construction layout.

Experience

Beck Park | *City of Evanston, IL*
Surveyor for a topographic survey of 650 LF of the east bank of the North Branch of the Chicago River along the west edge of Beck Park. Located the fence, groups of trees, utilities, storm outfalls and elevations on an approximate 20-ft grid.

Hanson Stadium | *Chicago, IL*
Surveyor for boundary survey of a 60-acre Chicago Public School site and a 15-acre topographic survey within the boundary. Included locating and analyzing the boundary monuments; locating utilities, rims and inverts, curbs, sidewalks, fences, and 50-ft grid of 15-acre site; and preparing base map for design and Plat of Survey.

IDOT Cold Storage Facility | *New Lenox, IL*
Surveyor for boundary and topographic survey of IDOT facility located at the southeast corner of Route 30 and I-80. Work included locating and analyzing the boundary monuments; locating utilities, rims and inverts, curbs, sidewalks, fences, and a 50-ft grid of the 8.3-acre site. Prepared base map for design and Plat of Survey.

Forest Preserve District of Cook County - Various Engineering Services for Districtwide Transportation Improvements | *Cook County, IL*
Surveyor who performed topographic surveys within Bemis Woods Forest Preserve.

Will County DOT - Francis Road (CH 64) and Marley Road Intersection Improvements | *New Lenox and Mokena, IL*
Surveyor who performed a topographic survey for 2000 LF of right of way, set control and stationing, located property lines of adjacent properties and obtained elevations at 50-ft stations, at high and low points from property line to property line and 25 ft inside the property at the driveways and middle of each lot. Located utilities, sidewalks, guard rails, signs, overhead wires, driveways and trees within the right of way 4-in and bigger. Prepared a topographic basemap for design and six Plats of Highway for right of way takings on adjacent properties.

Oak Street Improvements | *City of Crystal Lake, IL*
Surveyor who performed a topographic survey for 1800 LF of right of way, set control and stationing, located property lines of adjacent properties and obtained elevations at 50 -ft stations, at high and low points from property line to property line and 25 ft inside the property at the driveways and middle of each lot. Located utilities, sidewalks, guard rails, signs, overhead wires, driveways and trees within the right of way 4-in and bigger. Prepared a topographic basemap for design.

IDOT Documentation of Contract Quantities (#22-19529) Expires 2/21/26

Brian Parks

Construction Engineer

Brian Parks has 30 years of experience providing on-site construction inspection and documentation of construction projects, including recent assignments with Cook County and the Village of Northbrook. In addition to his experience with IDOT, Brian has 12 years of experience managing engineering projects for local municipalities.

Experience

Huntington Subdivision Improvements | *Village of Northbrook, IL*
Resident Engineer for construction engineering services for the replacement of 10,290 LF of 6 to 12-in cast iron water main with 8 to 12-in ductile iron or PVC water main using the open cut method. The $8.6M project also includes roadway reconstruction of 30,000 SY of deteriorated asphalt pavement.

South Lane Water Main Improvements | *Village of Northbrook, IL*
Resident Engineer for construction engineering services for the replacement of 1,000 ft of 4-in cast iron water main from Voltz Road to the dead end at 1810 South Lane as well as construction of 400 ft of new looping main to Driftwood Lane. Due to its residential location, work included significant coordination to minimize construction impacts to residents and ensure access to properties at all time.

FY 21/22 Water Main Improvements | *Village of Northbrook, IL*
Resident Engineer for $1.1M replacement of 4,850 ft of 6-in cast iron water main with 8-in ductile iron water main, new water service lines and fire hydrants, storm sewer replacement, sidewalk and driveway replacement, and parkway restoration on four residential streets in the Willow Creek Subdivision. Provided daily inspection to ensure compliance with plans and contract, and documentation; and reviewed material submittals, contractor progress schedule, and contractor pay requests. Was available and communicated with residents and agencies via phone, email, in person, and letter/notices for coordination of temporary water main shutdowns and water services, as well as traffic delays and detours.

Chicago Dept. of Water Management - Ancillary Sewer Construction Program | *Chicago, IL*
Construction Engineer for program which consisted of emergency repairs and point repairs to city's infrastructure. Projects consisted of construction of cast-in-place sewer connection structures, installation of precast tumbling basins, emergency repairs of collapsed sewer mains, water main replacement, installation of water main support structures, construction of both stick shafts and full earth retention systems, combined sewer replacement, repairs to both residential and commercial service connections, storm sewer improvements, pavement restoration, resurfacing, curb and gutter replacement, sidewalk replacement, ADA improvements, and site restoration.

Cook County DOTH - Pavement Preservation Projects | *Cook County, IL*
Construction Engineer for construction inspection for $17.3M in pavement resurfacing projects. Improvements consist of HMA roadway surface removal and

Brian Parks
Construction Engineer

replacement, diamond grinding, PCC and HMA pavement patching, corrugated median removal, PCC pavement, curb and gutter removal and replacement, HMA median surface removal and resurfacing, drainage and utility structure adjustment, pavement reflector removal and replacement pavement markers, pavement markings, storm sewer cleaning, detector loops, and traffic control protection restoration. Also provided constructability review for Task Order #3, which included three projects totaling $3.9M for four miles in length involving HMA milling, joint sealing, paving, patching, cleaning drainage structures and replacing flared concrete end sections, sodding and erosion control, and traffic control protection.

Kane County DOT - Longmeadow Parkway 5 Bridge Corridor | *Kane County, IL*
Construction Engineer for construction engineering services for Section C-2, west of Sandbloom Road at the bridge terminus to west of IL 25. The $28M project included two 11-ft lanes in each direction separated by a landscaped median, signalized intersection improvements at the Bolz Road Connector and IL Route 25, roadway and bridge construction, bicycle path, drainage, landscaping, storm sewer system installation, water main, live taps for water main valves, force main connection, sanitary sewer, utility relocations and hauling 400,000 cubic yards of earth.

IDOT - Willow Rd Reconstruction, IL 43 (Waukegan Road) to I-94 | *Cook County, IL*
Construction Engineer for construction engineering services for new sidewalks, drainage improvements, storm water detention, replacement of an existing bridge over the Middle Fork of the North Branch of the Chicago River. The $27M project included reconstruction of sidewalk and parapet of existing bridge over the Edens Expressway, signal modernization at seven intersections, roadway lighting, streetscape, and re-alignment and widening of 1,500 ft of auxiliary lane.

IDOT - US 52 (Contract 60V43) | *Joliet, IL*
Construction Engineer for construction engineering services for $390,000 project involving one mile of pavement resurfacing, pedestrian ramp upgrades at eight intersections, and pavement marking on US 52 from US 6 to Raynor Ave (US 52).

IDOT - IL 53, I-80 to Manhattan Road (Contract 62C44) | *Joliet and Elwood, IL*
Construction Engineer for construction engineering services for $2.6M milling, pavement patching, HMA paving and pavement marking of six miles of IL 53.

IDOT - US 6/IL 53 Resurfacing (Contract 62C41) | *Joliet, IL*
Construction Engineer for construction engineering services for $620,000 project involving pedestrian ramp upgrades at seven intersections, milling, pavement patching, hot-mix asphalt paving, and pavement marking from I-80 to Washington St.

Illinois Tollway - Tri-State Tollway (I-294), Balmoral Ave to Wolf Rd | *Cook County, IL*
Construction Engineer for construction engineering services for $160M reconstruction of I-294 between the O'Hare Oasis and I-190. Work included, new storm sewer work.

Cost

$50M

Schedule

03/2023 - Present

Services Provided

Civil Engineering

Structural Engineering

Description

Bowman is providing engineering services for flood mitigation on Central Road from the Des Plaines River to Glenwood Lane and along Dearlove Road from Central Road to Milwaukee Avenue. Flood mitigation is to occur via new box culverts, sewers and drainage structures in conjunction with a new 100 acre-ft (±) detention basin south of Central Road and east of Dee Road. Sewer improvements will also occur along Glenshire Road, Glendale Road and Glenwood Lane to alleviate local neighborhood flooding.

Bowman is providing stakeholder coordination, data collection, hydraulic modeling and preparation of construction plans, specifications and cost estimates for all ancillary and enabling elements to facilitate the flooding mitigation improvements, including roadway removal and reconstruction, maintenance of traffic, earthwork, erosion control measures, traffic control signals, and pavement marking and signing.

The project includes:

- 2,660 ft (x2) of 7-ft x 6-ft box culvert and 4,050 ft of 10-ft x 8-ft box culvert
- 1,950 ft of 84-in RCP; 3,235 ft of 72-in RCP; 2,700 ft of 60-in RCP and 5,350 ft of RCP ranging from 48-in to 15-in
- Roadway repair/restoration for Central Road (2.7 miles) and Dearlove Road (0.7 miles)
- Detention pond, a 12.4-acre site with 136,000 CY earthwork

Structural Engineering

Description

Bowman has provided design engineering services for the City of Chicago for **more than 200 sewer improvements**. Sewer sizes vary from small diameter to 15-ft by 12-ft monolithic concrete sewers. Sewer construction has been open cut using trench shields or steel and wood sheeted earth retention systems or in tunnel by pipe jacking or other trenchless technology. Work includes data collection, utility coordination, sewer alignments and profiles, structural design, compliance with IEPA water sewer separation requirements, cross sections/typical sections, traffic control and detours, surface drainage design, ADA ramp design, pavement restoration, permitting, constructability reviews, IEPA bid packaging and QA/QC. Projects include:

- **Maypole, Cicero to Lavergne:** 1,500 ft of 108-in, 48-in and 24-in diameter sewers. A 136-acre area which includes 565 structures and a population of 3,330 will benefit from the improvements by providing relief to the local sewer system in addition to 1.7 acre-ft of stormwater storage.
- **Le Moyne, Luna to Lorel:** 1,400 ft of 12-ft x12-ft and 12-ft x 6-ft box culvert sewers. A 375-acre area will benefit from the improvements by providing relief to the local sewer system in addition to 3.3 acre-ft of stormwater storage.

For both projects, the storage segments are connected across perpendicular roadway crossings with 48-in pipes to minimize disturbances to existing utility crossings. Reinforced concrete bulkheads suitable for precast fabrications were designed at the ends of the storage segments with openings for various sewer sizes.

Construction Engineering

Description

Bowman provided Phase III construction engineering services for the STP-funded resurfacing of Central Road between Westgate and Wolf Roads. The project also included replacement of sidewalk ramps with ADA-compliant ramps. Although only 0.5 miles in length, this project impacted residents, businesses, and churches. In addition, residential streets on the south side of Central Road are in the City of Des Plaines.

Bowman's full time construction observation staff performed on-site inspection, reviewed construction layouts and contract design changes, reviewed material submittals, prepared records, maintained documentation, answered questions and resolved issues and concerns from impacted property owners, provided the Village Project Manager and staff with regular progress updates, reviewed contractor progress against the construction schedule, and reviewed and processed pay requests and change orders.

Process to Complete the Project

Process to Complete the Project

PROJECT UNDERSTANDING

The project is located along Busse Road between Central Road and Lincoln Street and is situated between the Busse Road right-of-way and Weller Creek. The basin's capacity is approximately 36 acre-feet. It accepts inflow waters from a 72-in diameter RCP storm sewer that drains most of the Hatlen Heights Subdivision and portions of eastern Arlington Heights. The facility has a concrete inflow headwall with spillway, two high-level overflows, an underdrain system and two low-flow outflows. The entire basin drains by gravity to Weller Creek. The basin is surrounded by residential subdivisions on three sides, and there is a gravel access path around the north, east and south edges. The gravel access path will be used for construction access from Busse Road, which is Cook County Department of Transportation and Highway (CCDOTH) jurisdiction. However, the improvements will be outside CCDOTH ROW and the access road is existing and therefore will not require a permit. Construction will need to abide by Village ordinances with respect to noise, debris, dust, etc.

PROJECT OBJECTIVES

Prepare design plans for Crumley Basin to:

- Address the significant soil erosion near the inflow structure and near the outflow and underdrain structures;
- Correct deficiencies to the pipe/underdrain system, structures, headwall and spillway;
- Eliminate erosion within the basin; and
- Improve the flow from the inflow pipe, through the basin, to Weller Creek.

PROJECT APPROACH

Bowman will attend a kick-off meeting with Village staff to obtain their direct input on the goals, objectives and timeline for this project. The Village's input on observed pond performance and deficiencies will be critical to completing the work expeditiously and avoiding unnecessary study and time. Bowman applies a similar approach to all its projects, large and small and offer our clients the same level of responsiveness and commitment.

Besides the issues identified in the RFP, which will be addressed as part of the design services, Bowman would expect challenges associated with construction activities near residential communities such as work hours, noise, dust, debris and equipment and material storage, access from Busse Road and potential landscaping improvements.

Since Bowman has in-house expertise in both design and construction engineering, we offer the benefit of applying this experience to both phases and can offer a continuous coordination of activities throughout the full process. We also recognize the importance of monthly meetings with Village staff to provide project updates and obtain direct input on our recommended solutions to address any project issues and challenges.

DESIGN SERVICES

Field Review and Investigation:

Bowman staff have extensive in-house drainage and stormwater management experience. The first step in the design process will be to perform field investigations to assess existing conditions, identify the extent of the deficiencies and look for root causes. Topographic survey, data collection and utility coordination will also be initiated. Bowman's subconsultant, CPMH Construction, who we have worked with on previous projects, will provide the specialty service of televising the underdrain system. Bowman is working with MWRD on a current contract and will initiate early coordination with them and other public agencies to brief them on the project and confirm permit requirements.

Development of Alternatives and Recommended Solutions:

Bowman will then assess and review data collected along with any available information provided by the Village or MWRD, including plans and any previously prepared hydrologic or hydraulic models, if available. Using past

Process to Complete the Project

experience and best management practices associated with similar current work, Bowman will develop alternatives to address the deficiencies of the pipe/underdrain system, structures headwall and spillway, along with the areas of soil erosion, including estimated costs. Bowman will coordinate these findings with the Village and then finalize the evaluation and recommended solutions in a technical memorandum.

Coordination, Design and Permitting:
Concurrent with the site assessment and development of alternatives, follow up coordination with potentially impacted utilities and permit agencies will occur to obtain acceptance of approach, expected analysis and documentation for any required relocations or permits, respectively.

Bowman will perform H&H modeling of the pond using CivilStorm. The required detention volume will be designed based on Bulletin 75 rainfall data. The analysis will determine the improvements including size of the pond, modifications to the inlet and outlet structures, installation of baffles on the inlet, addition of soil erosion control measures, replacement and/or realignment of the pipe underdrain system, as well as improvements to final landscaping.

Development of Plans, Specifications and Estimates:
Upon the Village's approval of the recommended solutions Bowman will prepare design plans, specifications and estimates for the proposed improvements to the detention pond.

Bowman will develop the design using the Village's established design details, standards and procedures to ensure that site construction within the Village is completed in a consistent and satisfactory manner.

A detailed construction cost estimate and construction schedule will be developed at each milestone submittal. Bowman utilizes a Unit Price database developed by FlexureFlow Technologies to compare similar pay items and quantity in the project's area.

Bowman will assist with the bidding process.

Bowman's construction staff will be involved during the preparation of contract plans to provide valuable constructability input on the project. Contractor access, material storage areas and staging, along with requirements of working within the ROW and adjacent to ComEd facilities and Weller Creek Floodplain will be addressed during design.

DESIGN TASKS:

1. Coordinate a project kick-off meeting and monthly meetings with Village staff.
2. Conduct data review and field investigation at the project location.
3. Perform a field survey of topography, utilities and right-of-way features along the route of the proposed improvement. Plans will also show Village boundaries.
4. Coordinate with public utility companies and agencies, including CCDOTH and MWRD.
5. Perform hydrologic and hydraulic (H&H) modeling using Bulletin 75 precipitation frequency.
6. Prepare preliminary and final construction plans, details, specifications and bid documents.
7. Prepare preliminary and final cost estimates.
8. Prepare MWRD permit, as required, and obtain approval of plans and specifications.
9. Assist with the bidding process.
10. Provide responses to Request for Information (RFO) from contractor.

> *"At Bowman, we treat our clients and their projects as our top priority. We understand that success is built on our ability to respond correctly and quickly to their needs."*

Process to Complete the Project

CONSTRUCTION ENGINEERING SERVICES

During construction, Bowman will meet with Village staff to understand their goals, objectives and expectations for the project during construction. We will also establish communication protocols between the Village, Bowman and the contractor. All messaging will be coordinated with the Village in advance.

Once under construction, Bowman will provide part time construction engineering staff focused on ensuring the contractor meets the requirements of working within the property and follows the necessary regulatory agency permit requirements.

***Budget Management*:**
Maintaining the construction budget is crucial for project success. To keep the project on schedule, we will continually measure and track quantities and prepare as-builts as work is completed.

***Project Controls and Documentation*:**
Accurate record-keeping is essential for project success and efficient close-out. Bowman places project controls at the heart of the decision-making process, not just as a record of past events. We provide complete and comprehensive documentation that meets federal, state and Village requirements. Our field staff are adept at preparing project records to the highest standards.

CONSTRUCTION ENGINEERING TASKS:

1. Coordinate a pre-construction meeting with Village staff and the contractor.
2. Provide horizontal and vertical construction layout of the proposed improvements as necessary.
3. Provide construction supervision and inspection.
4. Attend and conduct weekly construction coordination / status meetings.
5. Prepare continual construction punch-list.
6. Prepare bi-weekly pay estimates for contractor work performed.
7. Coordinate final inspection and paperwork.
8. Prepare as-built drawings.

***Permits/Noise, Erosion and Pollution Mitigation*:**
Bowman will implement and enforce the Storm Water Pollution Prevention Plan (SWPPP). We will work closely with the contractor to minimize noise, dust and construction debris, and maintain an organized work zone.

Item Cover Page

Subject	**Motion to accept joint purchasing bid results for the procurement of one new Morbark tow-behind wood chipper for an amount not to exceed $154,541.15.**
Meeting	March 16, 2026 - REGULAR MEETING OF THE MOUNT PROSPECT VILLAGE BOARD
Fiscal Impact (Y/N)	Y
Dollar Amount	$154,541.15
Budget Source	Vehicle Replacement Fund
Category	CONSENT AGENDA
Type	Action Item

Information

In the current budget there are funds available to replace a 2014 Morbark tow-behind wood chipper unit number 4521. The Forest Division uses this equipment for chipping brush, tree branches, and logs. The current chipper has met its expected life expectancy and is recommended to be replaced with a new, comparable, chipper purchased through a Sourcewell joint purchasing contract.

Replacement Policy

This piece of equipment has been evaluated utilizing a detailed comprehensive replacement policy. This policy uses point-based criteria that rate each piece of equipment on three major factors including age, repair & maintenance cost (R&M), condition, and consideration of hours used. A point total equaling or exceeding eleven out of sixteen indicates that the vehicle should be replaced.

The current piece of equipment (4521–2014 Morbark chipper) scored 12 points, indicating that it should be replaced. The equipment condition evaluation form and summary report for this piece of equipment are attached.

Discussion

Other Factors

If the service life is extended, this piece of equipment may require the expenditure of $11,900 for service and repairs. These costs are delineated on the attached vehicle evaluation form.

The current book value of this chipper is $20,000 - $26,000.

The existing chipper will be sold via internet auction through govdeals.com after receiving the replacement chipper. Delivery of the new chipper is expected within 8–10 weeks of the purchase order.

The chipper is available at a discounted price through a Sourcewell competitively bid joint purchasing contract. The Sourcewell contract satisfies the Village's purchasing policy public bidding requirements. The authorized dealer for the Sourcewell contract is Alexander Equipment Company of Lisle, Illinois.

Alternatives

1. Accept Sourcewell joint purchasing agreement bid results for the purchase of one new Morbark Eeger Beever tow-behind wood chipper for a price not to exceed $154,541.15.
2. Action at the discretion of the Village Board.

Staff Recommendation

Staff recommends that the Village Board accept the Sourcewell joint purchasing agreement bid result for the procurement of one new Morbark Eeeger Beever tow-behind wood chipper from Alexander Equipment Company of Lisle, Illinois for a price not to exceed $154,541.15.

2026 Morbark Eeger Beever™ 2131-TA Brush Chipper

EQUIPMENT AND OPTIONS

STANDARD UNIT:

- Morbark orange urethane paint system
- Infeed with rigid tray and control handle to actuate feed wheels and dual safety pull cables
- Dual horizontal feed wheels with TorqMax™ top feed wheel compression system, hydraulic lift assist, Variable Force™ constant hydraulic down pressure system with additional manually applied hydraulic down pressure at the valve handle and direct drive
- Reversing automatic feed system
- 37-3/8" diameter x 23-3/4" wide, four (4) dual-edged knife staggered pocket drum with removable knife holders, dual sided chambered air impeller system and controllable air flow vents
- 60-gallon lockable fuel tank with drain plug, electronic fuel gauge and shut-off valve
- 41-gallon lockable hydraulic reservoir with sight gauge, drain plug, hydraulic oil cooler and clean-out cover
- Live hydraulic system including: ball valve, pump, motor, and valve bank with additional valve section for installation of winch package
- Hydraulic swivel discharge with 360° rotation, turnbuckle height adjustment, bottom clean-out door and adjustable flipper
- 6" x 2" tubular steel frame with cross bracing for additional structural rigidity
- 6" x 4" tubular steel telescoping drawbar with (2) 12" extensions, adjustable hitch plate with 2-1/2" pintle ring and 3/8" thick safety chains with clasp hooks
- 16,000# Torsion tandem axles, electric brakes, break-away actuator with 235/75R x 17.5", 16-ply radial tires and hexagon splash guard fenders
- Hydraulic front stabilizer
- Lockable steel combination tool and battery box compartment with 8D, 1400CCA battery
- Registration and operator guide holder
- Complete set of manuals including: Safety and Operator's, Parts Manual with electronic back-up, which also includes a Safety Video and OEM component manuals. Also included is an engine manual if applicable along with start-up paperwork

- Enclosed engine with gauge panel, radiator fines screen and slide rails for belt adjustment
- Trailer wiring package includes: 7-pin flat electrical connector, LED tail lamps, LED side marker lamps, tail lights, and license plate holder with light — MSRP $ 142,725.00 **X**

POWER OPTIONS:

- John Deere 6068HFC08, 250-HP, Tier 4F diesel engine with over center clutch and block heater in lieu of standard — MSRP $ 25,890.00 **X**

OPTIONS:

- Yellow Paint — MSRP $ 1,500.00 **X**
- Amber strobe light — MSRP $ 410.00 **X**
- Winch package: Heavy-duty, 5000# pull capacity with rope, 10' chafe guard and interlock device — MSRP $ 5,650.00 **X**

Meeting	March 16, 2026 - REGULAR MEETING OF THE MOUNT PROSPECT VILLAGE BOARD
Fiscal Impact (Y/N)	Y
Dollar Amount	$87,771.65
Budget Source	Capital Improvements Fund
Category	CONSENT AGENDA
Type	Action Item

Information

A key component of the Mount Prospect Strategic Plan is to improve the Village's residential streetlight system. For 2026, street lighting improvements are targeted for Gregory Street between IL 83 (N. Main Street) and Waterman Avenue. This section of Gregory Street is currently the highest ranked project on the Village's Streetlight Priority Matrix (see attached).

Gregory Street is classified as a collector street, a neighborhood street that carries more traffic than other local streets. At the west end of the project is Meadows Park and at Fairview Avenue is Fairview Elementary School. The locations of the streetlights have not yet been determined.

Staff is pursuing a consulting engineering firm contract for design engineering and construction inspection services to facilitate construction of the street lighting improvement project. The 2026 Village Budget has allocated funds for design engineering, construction inspection, and construction services.

Request for Proposals

A Request for Technical and Cost Proposals for engineering consultant firms to provide design engineering and construction inspection services was posted on the EUNA OpenBids (formerly Demandstar) bidding website. Two consulting engineering firms responded and submitted Technical and Cost Proposals. Firms were asked to submit, as part of their proposal, the following information:

- Resumes of key personnel and related experience on similar type projects.
- Summary of the firm's approach to the project.
- Staff hours estimate and cost proposal for major phases of work.

- Project schedule.

Key tasks that are identified to be performed include:

- Perform a field survey.
- Prepare construction plans, specifications, and a construction cost estimate.
- Coordinate design with utility companies.
- Provide bidding assistance for a construction contract.
- Provide construction staking.
- Provide construction supervision and inspection.
- Coordinate final inspection and paperwork.
- Prepare pay estimates, punch-list, and as-built drawings.

RFP Results

The consulting firms' Technical and Cost Proposals were reviewed based on their understanding of our goals and their methodology of the design process. They were rated (with a maximum score of 100 points) according to these specific categories: firm background, personnel background, project experience, proposal content, and value. The rankings are:

Technical Proposals

Category	Maximum Points	Ciorba Group	AAA Engineering
Firm Background	20	20	20
Personnel Background	25	25	24
Project Experience	20	20	15
Proposal Content	15	15	11
Value	20	19	10
Total	**100**	**99**	**80**

Cost Proposals

Firm	Cost / Hour	Hours	Labor Cost	Direct Cost	Total Cost
Engineer's Estimate	$145.00	700	$101,500.00	$3,500.00	$105,000.00
Ciorba Group, Inc.	$145.07	580	$84,142.65	$3,629.00	$87,771.65

AAA Engineering, LTD	$143.37	775	$111,108.00	$0.00	$111,108.00

Discussion

Staff has identified Ciorba Group, Inc. (Ciorba) as the preferred consultant. Ciorba has a very strong project team with experience in design engineering and construction inspection for numerous residential lighting projects in the Village of Mount Prospect. Recent projects include Burning Bush Lane, Schoenbeck Road, Lonnquist Boulevard, and Seminole Lane. They have a very experienced professional engineering staff with a thorough understanding of the project coordination, communication, and documentation needed to successfully accomplish the project within the proposed schedule. It is Village staff's opinion that Ciorba will provide the best product at an appropriate number of hours dedicated to design engineering and construction inspection services.

In addition, it is the opinion of staff that Ciorba has requested a reasonable, competitive fee for the requested services.

Alternatives

1. Accept the Ciorba Group proposal for design engineering and construction inspection services for the Gregory Street Lighting Project.
2. Action at the discretion of the Village Board.

Staff Recommendation

Staff recommends that the Village Board accept the proposal from Ciorba Group, Inc. of Chicago, Illinois to provide design engineering and construction inspection services for the Gregory Street Lighting Project for an amount not to exceed $87,771.65.

Subject: **Request for Technical & Cost Proposals**
Gregory Street Lighting Project – Design Engineering and Construction Inspection Services

Dear Mr. Lawrie:

Ciorba Group is pleased to submit this proposal to provide professional design and construction engineering services for the Gregory Street Lighting Project, extending from Waterman Avenue to IL Route 83 (Main Street). We appreciate the opportunity to support the Village in enhancing public safety, visibility, and infrastructure reliability along this important Village-owned collector roadway.

Our project team has proven expertise and experience to deliver these benefits, including:

- Experience on similar projects for area municipalities, including design and construction services provided to the Village for Burning Bush Lane, Schoenbeck Road, Seminole Lane, Algonquin Road, Busse Road, Central Road, Dempster Street, Main Street, and the Melas-Meadows pedestrian bridge.
- Familiarity with the Village's preferences and requirements developed through our long working relationship with the Village and our work developing the Village's Lighting Program Guidelines.
- Proactive communication with the Village to maintain project schedule and ensure a successful project.

Enclosed please find our Technical and Cost Proposals for the Village of Mount Prospect's Gregory Street Lighting Project. We look forward to being selected and continuing our professional relationship with the Village. Should you have any questions or require additional information, please contact me at **773.355.2964** or **jvondra@ciorba.com**.

Sincerely,
Ciorba Group, Inc.

Joseph Vondra, PE

ABOUT

Ciorba has been in business since 1927, starting on the North Shore of Chicago and providing municipal engineering services throughout the Chicagoland area. For nearly 100 years, municipal engineering has been at the core of our services, and we still maintain around 50% of our work with local agency clients. With our corporate office located near O'Hare, we are a short distance away from the SMC office, and have staff that has worked for the SMC. We deliver people-first engineering solutions that add value to communities, solve real-word problems and improve lives; meeting the needs of our clients and making their jobs easier. We do it all collaboratively and with respect for each other, those we work with, and the environment. At Ciorba, we've built our community to better serve yours.

AREAS OF EXPERTISE

Ciorba offers an array of engineering services, which include studies and reports, design plans and specifications, and construction engineering in the following areas.

Electrical & Lighting
- Traffic Signal Design
- ITS Design
- Lighting and Electrical Analysis and Design
- Program Management for Energy Efficiency Lighting

Construction
- Construction Observation
- Manage Bid Process
- Constructability Review
- Project Documentation
- Contractor Assistance

Water Resources
- Stormwater Management Studies and Design
- Floodplain Management
- Soil Erosion / Sediment Control Design and Inspection
- Streambank and Shoreline Restoration
- Water Distribution and Wastewater Collection Analysis and Design
- Lift/Pump Station and Water Storage Planning and Design

Structural
- Concept and Feasibility Studies
- Bridge Inspection and Condition Reports
- Bridge Load Rating
- Bridge Type Studies and Design
- Bridge Aesthetics
- Junction Chambers, Retaining Walls, and other ancillary structures

Roadway
- Expressway and Interchange Improvements
- Arterial, Collector and Local Street Improvements
- Shared Use Paths
- Geometric, Traffic, and Safety Studies
- Maintenance of Traffic Plans
- Streetscaping

Survey
- Topographic, Hydraulic, and Planimetric Surveys
- Corridor Right of Way Surveys and Layout
- Boundary Surveys
- Preparation of Plats for Right of Way Acquisition, Easements, and Land Division and Consolidation.
- ALTA / NSPS Title Surveys & Policy Review

Municipal Services
- Asset Management
- Capital Improvement Budgeting
- Grant Applications, Funding Assistance and Management
- Site Development Plan and Review
- Utility Coordination
- Updates to Municipal Standards and Maps

INTRODUCTION TO KEY PERSONNEL

Ciorba Group has assembled a Project Team with the experience and expertise to provide the comprehensive consulting services required by the Village of Mount Prospect for the Gregory Street Lighting Project. Our Project Team has completed the design of four recent Village roadway lighting projects. Our Team has also successfully designed roadway lighting improvements for several nearby municipalities, the City of Chicago, the Illinois Department of Transportation (IDOT) and the Illinois Tollway. We are prequalified by IDOT in Special Plans - Lighting Complex and Special Services – Construction Inspection.

Key personnel assigned to the project will include:

Joseph Vondra, PE, LC – Project Manager: Joe has over 29 years of experience designing lighting systems for residential, collector and arterial streets; interstate expressways; interchanges; streetscaping; tunnels; underpasses; and parking lots. These projects were designed for local municipalities, including the Village of Mount Prospect, using both local and federal funds, the City of Chicago, IDOT and the Illinois Tollway. He served as **Project Manager for the Village's recently completed Burning Bush Lane, Schoenbeck Road, and Seminole Lane Lighting Improvements projects.** Joe was the lead for the development of the Village's Residential Street Lighting Program Guidelines and Corridor Lighting Evaluation. His experience includes the preparation of photometric analysis for both HPS and LED lighting, pole layout, voltage drop calculations and controller design. Joe will supervise the lighting design and plan preparation. Based on examination, Joe is Lighting Certified (LC) by the National Council on Qualifications for the Lighting Professions and is a member of the Illuminating Engineering Society (IES).

Daniel Johnson, PE – Project Engineer: Dan has 22 years of experience designing lighting improvements for municipalities, IDOT, the Illinois Tollway and other state transportation agencies. He served as **Project Engineer for Mount Prospect's recently completed Burning Bush Lane, Schoenbeck Road, and Seminole Lane Lighting Improvements projects**. Dan also assisted in the development of the Village's Residential Street Lighting Program Guidelines and Corridor Lighting Evaluation. Dan has completed the design of several residential street lighting projects for the City of Chicago. This work included photometric analysis, pole layout and voltage drop calculations for new lighting systems. He will assist Joe in the development of plans, specifications, and estimates for this project.

Duane O'Laughlin, PE – Project Principal/Quality Manager: Duane is Ciorba's Chief Operating Officer. He has supervised engineering studies, design plan preparation, and construction engineering for improvements to local streets, county highways, arterial roadways, and expressways. Duane has over 40 years of experience in engineering for public infrastructure projects. His experience comes from 11 years in the US Army assigned to the Corps of Engineers and 28 years in the public sector both with a contractor and with consulting engineers. As Project Principal, he will be responsible for making sure that our team meets or exceeds the Village's expectations. Duane will also serve as the Quality Manager, verifying that QC/QA procedures are implemented throughout the development of the project for all deliverables.

Mike Kowalski, PE – Resident Engineer: 14 years of construction engineering experience includes roadway and bridge projects for various municipalities, counties, and the Illinois Tollway. His expertise includes the reconstruction and rehabilitation of bridges over live traffic, water, and rail as well as experience with reinforced concrete, soldier pile, sheet pile and MSE retaining walls. **Recent lighting projects include Burning Bush Lane for Mount Prospect, North Ave for the Village of Melrose Park, and 2024 Residential Lighting Improvements for the Village of Wheeling**. He has been the Resident Engineer or Assistant Resident Engineer on federal aid local agency construction projects. Mike is certified in IDOT's Documentation of Contract Quantities, Construction Materials Management System (CMMS), Erosion and Sediment Control, Fundamentals and Inspection Modules, and HMA Level I and II, and a PCC Level I Technician.

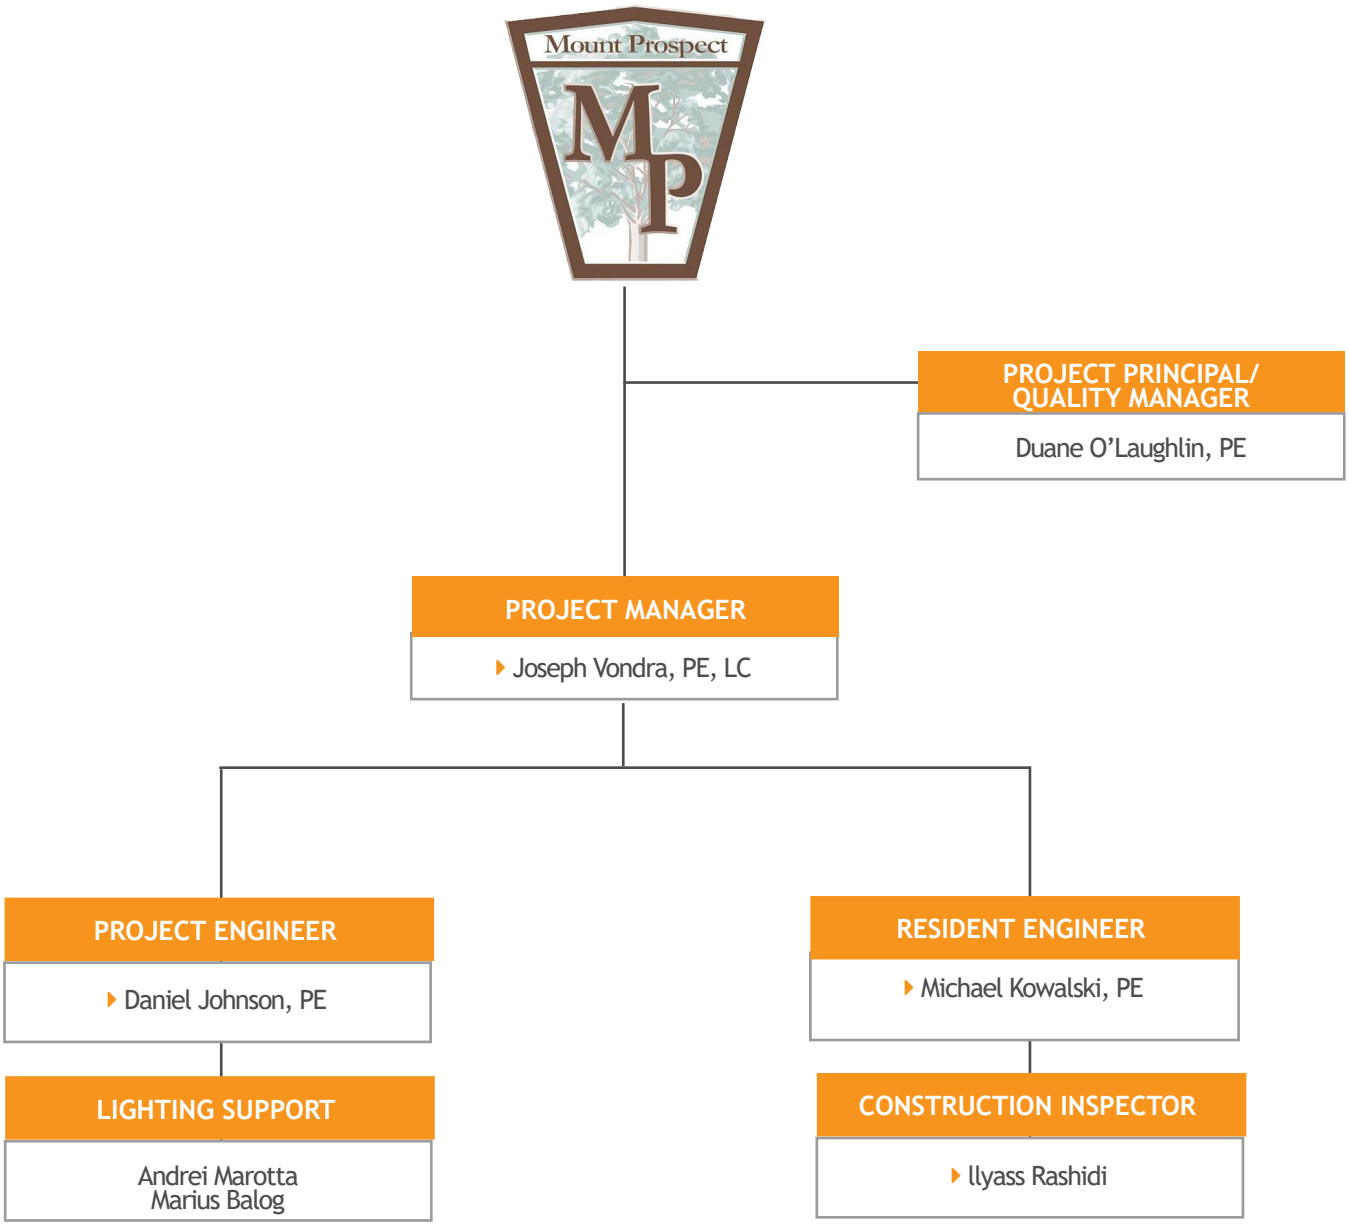

Ilyass Rashidi, EI – Construction Inspector: 4 years of construction experience on municipal projects that have included roadway lighting, water main, storm sewer, detention basins, and roadway reconstruction and rehabilitation. **Recent lighting projects include Burning Bush Lane for Mount Prospect, North Ave for the Village of Melrose Park, and 2024 Residential Lighting Improvements for the Village of Wheeling.**

An organizational chart and the resumes of the key Project Team members are included on the following pages.

Joseph Vondra, PE, LC

Project Manager

ABOUT JOE

Joe has over 29 years of experience in designing lighting systems for residential, collector and arterial streets; interstate expressways; and parking lots. These projects were completed for municipalities, counties, IDOT, and the Illinois Tollway. Joe oversees the photometric analysis, equipment selection and layout, control cabinet design, voltage drop calculations, and preparation of specifications for new lighting systems. He has also worked with lighting manufacturers to troubleshoot problems in existing systems and coordinate owner requirements for new systems.

REPRESENTATIVE PROJECT EXPERIENCE

Burning Bush Lane, Village of Mount Prospect
Project Manager for the design and construction of 5,200' of new collector roadway lighting over two contracts within a primarily residential area. Design plans and special provisions were prepared for advertisement by the Village. Construction engineering services were provided for the installation of this lighting system.

Schoenbeck Road Lighting Project, Village of Mount Prospect.
Project Manager for the design of 2,000' of new collector roadway lighting. Design plans and special provisions were prepared for advertisement by the Village. Construction engineering services were provided for the installation of this lighting system.

Seminole Lane Lighting Improvements, Village of Mount Prospect
Project Manager for the design and construction of 4,400' of new collector roadway lighting along Seminole Lane. Design plans and special provisions were prepared for advertisement by the Village. Construction engineering services were provided for the installation of this lighting system.

2024 Residential Lighting Improvements, Village of Wheeling
Project Manager for the replacement of existing lighting along 9,700' of residential streets, including Honeysuckle Drive, Pear Tree Lane, Ridgefield Lane, Shady Tree Lane, Tanglewood Drive, Weeping Willow Drive, and Willowbrook Drive. Ciorba prepared design plans and special provisions for advertisement by the Village. The design incorporated the Village's existing excess luminaire into the design, reducing the project cost.

Residential Street Lighting Program Review, Village of Mount Prospect
Project Engineer for the analysis of the Village's existing residential street lighting system. This study also included the review and summary of potential residential lighting schemes ranging from the removal of existing lighting to illuminating all roadways to IES recommended levels. Pole spacing, equipment types and budgetary costs were provided. This report was prepared for use by the Village Board as they explore options to address the community's request for improved residential street lighting. It is anticipated that Ciorba will continue to assist the Village to develop a guide document for future residential lighting installations.

Street Lighting Program Management, Village of Mount Prospect
Project Engineer for the review of existing street lighting equipment database information and identified additional information to be collected. Developed inspection procedures to evaluate equipment and identify required maintenance or replacement. Developed a critical inventory list for frequently used maintenance items. Reviewed key corridors within the Village for deficient or out-of-date lighting. Prepare a recommendation for the potential installation of over 900 new poles and the retrofit of almost 1,100 luminaires with LED units along arterial routes within the Village.

Street Lighting Capitol Program Management, Village of Mount Prospect.
Project Engineer for the review of existing street lighting equipment database information and identified additional information to be collected. Developed inspection procedures to evaluate equipment and identify required maintenance or replacement. Developed a critical inventory list for frequently used maintenance items. Reviewed key corridors within the Village for deficient or out-of-date lighting. Prepare a recommendation for the potential installation of over 900 new poles and the retrofit of almost 1,100 luminaires with LED units along arterial routes within the Village.

Daniel T. Johnson, PE

Project Engineer

ABOUT DAN

Dan has 22 years of experience designing new lighting systems for residential, collector and arterial streets; interstate expressways; interchanges; parking lots; and multiuse paths. Dan has worked on projects for IDOT, the Illinois Tollway, the City of Chicago and other municipalities. He will assist in the equipment evaluation, performing photometric analysis, and the development of plans, specifications and estimates for this project.

REPRESENTATIVE PROJECT EXPERIENCE

Burning Bush Lane, Village of Mount Prospect
Project Engineer for the design and construction of 5,200' of new collector roadway lighting over two contracts within a primarily residential area. Design plans and special provisions were prepared for advertisement by the Village. Construction engineering services were provided for the installation of this lighting system.

Schoenbeck Road Lighting Project, Village of Mount Prospect.
Project Engineer for the design of 2,000' of new collector roadway lighting. Design plans and special provisions were prepared for advertisement by the Village. Construction engineering services were provided for the installation of this lighting system.

Seminole Lane Lighting Improvements, Village of Mount Prospect
Project Engineer for the design and construction of 4,400' of new collector roadway lighting along Seminole Lane. Design plans and special provisions were prepared for advertisement by the Village. Construction engineering services were provided for the installation of this lighting system.

2024 Residential Lighting Improvements, Village of Wheeling
Project Engineer for the replacement of existing lighting along 9,700' of residential streets, including Honeysuckle Drive, Pear Tree Lane, Ridgefield Lane, Shady Tree Lane, Tanglewood Drive, Weeping Willow Drive, and Willowbrook Drive. Ciorba prepared design plans and special provisions for advertisement by the Village. The design incorporated the Village's existing excess luminaire into the design, reducing the project cost.

Residential Street Lighting Program Review, Village of Mount Prospect
Lighting Engineer for the analysis of the Village's existing residential street lighting system. This study also included the review and summary of potential residential lighting schemes ranging from the removal of existing lighting to illuminating all roadways to IES recommended levels. Pole spacing, equipment types and budgetary costs were provided. This report was prepared for use by the Village Board as they explore options to address the community's request for improved residential street lighting. It is anticipated that Ciorba will continue to assist the Village to develop a guide document for future residential lighting installations.

Citywide Roadway Lighting and Traffic Signal Consulting Services, Chicago Department of Transportation.
Project Engineer performing the design of residential, arterial and viaduct lighting throughout the City. Dan is involved in all aspects of design including survey, drafting, plan preparation and cost estimating. Once a design has been prepared, Dan submits it for approval to the Chicago Office of Underground Coordination (OUC). Dan coordinates with OUC and its member utilities to obtain permit approval for construction. Dan also performs peer reviews of designs prepared by other Ciorba engineers.

Washington Street over West Branch of DuPage River, City of Naperville
Lighting/Traffic Signal Engineer for the final design of the traffic signal modernization at the intersection of Washington Street and Aurora Avenue as a result of the replacement of the Washington Street Bridge over the West Branch of the DuPage River in downtown Naperville. Mr. Johnson served as Lighting Engineer for decorative and arterial roadway installed along two blocks of Washington Street.

ABOUT MIKE

Mike 's construction engineering experience includes roadway and bridge projects for various municipalities, counties, and the Illinois Tollway. His expertise includes the reconstruction and rehabilitation of bridges over live traffic, water, and rail as well as experience with reinforced concrete, soldier pile, sheet pile and MSE retaining walls. He has been the Resident Engineer or Assistant Resident Engineer on federal aid local agency construction projects. Mike is certified in IDOT's Documentation of Contract Quantities, Construction Materials Management System (CMMS), Erosion and Sediment Control, Fundamentals and Inspection Modules, and HMA Level I and II, and a PCC Level I Technician.

REPRESENTATIVE PROJECT EXPERIENCE

Burning Bush Lane, Village of Mount Prospect
Resident Engineer for the design and construction of 5,200' of new collector roadway lighting over two contracts within a primarily residential area. Design plans and special provisions were prepared for advertisement by the Village. Construction engineering services were provided for the installation of this lighting system.

Schoenbeck Road Lighting Project, Village of Mount Prospect.
Resident Engineer for the construction of 2,000' of new collector roadway lighting. Design plans and special provisions were prepared for advertisement by the Village. Construction engineering services were provided for the installation of this lighting system.

Fairview Gravity Sewer and Lift Station Decommissioning, Village of Mount Prospect.
Resident Engineer for construction engineering services for construction of a 2,000-foot gravity sewer to an existing MWRD interceptor, which eliminated the need for a lift station. Project included deep sewer construction (up to 25 feet), connection to MWRD interceptor, and abandonment of existing lift station. Ciorba Group worked closely with the Village and MWRD throughout the process.

2024 Wheeling Lighting Improvement, Village of Wheeling.
Project Manager for the replacement of existing lighting along 9,700' of residential streets, including Honeysuckle Drive, Pear Tree Lane, Ridgefield Lane, Shady Tree Lane, Tanglewood Drive, Weeping Willow Drive, and Willowbrook Drive. Ciorba prepared design plans and special provisions for advertisement by the Village. The design incorporated the Village's existing excess luminaire into the design, reducing the project cost. Construction engineering services were provided for the installation of this lighting system.

North Avenue Lighting Improvements, Village of Melrose Park.
Project Manager for construction engineering for 10,000' of roadway and mixed use path lighting, along North Ave between Indiana Boundary Road and 1st Avenue. North Ave is a major east-west thoroughfare with three lanes in each direction with a curbed center median and turn lanes. The new lighting system replaces a median mounted system that frequently experiences knockdowns due to the proximity to traveled lanes. North Avenue is under the jurisdiction of IDOT, requiring IDOT District 1 review and approval. Construction of this project was partially funded with a DCEO grant.

Hunt Club Rd and Washington Street Phase III, Lake County Division of Transportation.
Project Manager/Resident Engineer for the widening and rehabilitation of the Hunt Club Road and Washington Street intersection. Construction includes HMA surface course, HMA binder course, leveling binder, HMA surface removal, class D patching, combination concrete curb and gutter, concrete median surface, sidewalk, storm sewer, earth excavation, non-special waste disposal, watermain, traffic signals, and other related items. Three separate water mains in conflict with the widening will be relocated for Gurnee, Lake County Public Works, and JAWA.

DuPage County 2024 Pavement Maintenance, DuPage County.
Resident Engineer for the 2024 Pavement Maintenance – North Region, which included approximately 8 total miles of pavement rehabilitation of four streets: St. Charles Road, Swift Road, Medinah Road and Villa Avenue. Each street required extensive curb and gutter replacement, ADA ramps, pavement patching and new pavement surface.

ABOUT ILYASS

Ilyass has construction experience on municipal projects that have included lighting, water main, storm sewer, detention basins, and roadway reconstruction and rehabilitation.

REPRESENTATIVE PROJECT EXPERIENCE

Burning Bush Lane, Village of Mount Prospect

Construction Inspector for the design and construction of 2,600' of new collector roadway lighting within a primarily residential area. Design plans and special provisions were prepared for advertisement by the Village. Construction engineering services were provided for the installation of this lighting system.

2024 Residential Lighting Improvements, Village of Wheeling

Construction Inspector for the replacement of existing lighting along 9,700' of residential streets, including Honeysuckle Drive, Pear Tree Lane, Ridgefield Lane, Shady Tree Lane, Tanglewood Drive, Weeping Willow Drive, and Willowbrook Drive. Ciorba prepared design plans and special provisions for advertisement by the Village. The design incorporated the Village's existing excess luminaire into the design, reducing the project cost.

North Avenue Lighting Improvements, Village of Melrose Park.

Construction Inspector for construction engineering services for 10,000' of roadway and mixed use path lighting, along North Ave between Indiana Boundary Road and 1st Avenue. North Ave is a major east-west thoroughfare with three lanes in each direction with a curbed center median and turn lanes. The new lighting system replaces a median mounted system that frequently experiences knockdowns due to the proximity to traveled lanes. North Avenue is under the jurisdiction of IDOT, requiring IDOT District 1 review and approval. Construction of this project was partially funded with a DCEO grant.

Brookfield Avenue over Salt Creek, Village of Brookfield.

Construction Engineer for the replacement of a two-span Precast Prestressed Concrete deck beam structure that carries one lane in each direction and sidewalk. Construction included a single span PPC I-Beam bridge on tall abutments founded on driven piles and aesthetic features, reconstruction of 300 feet of approach roadway, lighting, and relocation of utilities including a water main and storm sewer, reconstruction of 300' of approach roadway, and lighting. The bridge is in an urban setting in downtown Brookfield and was constructed with full closure and detour. STP-BR funds were used for construction, so all work was completed in accordance with IDOT-BLR&S and FHWA requirements.

Clavey Road from US Route 41 to Green Bay Road, City of Highland Park.

Construction Engineer for the reconstruction of Clavey Road from US 41 to Green Bay Road. The pavement of this two lane urban collector street was reconstructed as well as the bridge over the Skokie River. The project was phased into two contracts. The roadway alignment was shifted to the north to construct a new multi-use path within the south side parkway. The new bridge replaced the separate roadway and pedestrian bridges. The improvement included water main, storm sewer, traffic signals, bridge lighting, and landscaping. All construction engineering services were completed in accordance with IDOT and FHWA requirements.

2021 Water Main Replacement Program, Village of Wheeling.

Construction Engineer for the 2021 Water Main Replacement Program which included street reconstruction and rehabilitation. The project included almost 6,000 of new 6", 8" and 10" diameter PVC water main, 40 valve and valve vaults, live pressure connections, water service replacements, and water main quality storm sewer replacements at watermain crossings. The affected streets were either reconstructed with full depth hot-mix asphalt or rehabilitated by patching and resurfacing the pavement. Other work included the reconstruction of over 14,000 sf of sidewalk and ADA ramps, pavement marking, and landscape restoration.

Brier-Maclean-Park Watermain, Village of Kenilworth.

Construction Engineer for the Brier Street, Maclean Avenue and Park Drive water main replacement. The project consisted of 2,100 feet of 8" directionally drilled water main, 685 feet of 8" open cut water main on Brier Street from Roger to Park, Maclean Avenue from Ridge to Brier, and Park Drive from Ridge to Sterling. The project also included fire hydrants, water services, patching, curb and gutter, ADA ramps, sidewalks, and landscape restoration.

PROJECT DESCRIPTION

Ciorba Group prepared the design plans, specifications, and cost estimates for new street lighting along the east side of Burning Bush Lane, a collector roadway within a predominantly residential area. Pole locations were carefully selected to avoid existing utilities, driveways, and mature trees. A pole was placed at each intersection to provide illumination at these potential conflict points between vehicles and pedestrians. The proposed lighting system included a centralized controller with a remote photocell mounted on an adjacent light pole.

Ciorba performed construction observation services for this project. Ciorba led the preconstruction meeting, coordinated with the contractor prior to the start of construction, and reviewed material submittals. Once utilities were marked, a project walkthrough was performed to confirm the location and offsets for all poles. Ciorba performed construction observation for all underground activities such as installation of helix foundations, directional boring for unit duct, and excavation for the installation of handholes and controller foundation

PROJECT DESCRIPTION

Ciorba Group prepared the design plans, specifications, and cost estimates for replacement street lighting along Honeysuckle Drive, Pear Tree Lane, Ridgefield Lane, Shady Tree Lane, Tanglewood Drive, Weeping Willow Drive, and Willowbrook Drive. Existing concrete poles were removed due to their condition. An existing lighting controller was removed from an easement within residents' backyards and replaced with a new controller located within the public right-of-way, making controller access much more convenient for Village staff. Pole locations were carefully selected to avoid existing utilities, driveways, and mature trees. Poles were placed at each intersection, at bends in the roads, and at cul-de-sacs.

Ciorba performed construction observation services for this project. Ciorba led the preconstruction meeting, coordinated with the contractor prior to the start of construction, and reviewed material submittals. Once utilities were marked, a project walkthrough was performed to confirm the location and offsets for all poles. Ciorba performed construction observation for all underground activities such as installation of helix foundations, directional boring for unit duct, and excavation for the installation of handholes and controller foundation. Installations of poles and cables were also observed, recorded, and reported. Ciorba prepared contractor pay estimates, project closeout, and record drawings.

PROJECT DESCRIPTION

Ciorba Group prepared the design plans, specifications, and cost estimates for new street lighting along Schoenbeck Road, a collector roadway. Poles were installed on the east side of Schoenbeck Road to avoid existing aerial utilities. The proposed pole spacing illuminated the road as well as a future pedestrian path to be installed along the west side of Schoenbeck Road. The proposed lighting system included a centralized controller with a remote photocell mounted on an adjacent light pole.

Ciorba performed construction observation services for this project. Ciorba led the preconstruction meeting, coordinated with the contractor prior to the start of construction, and reviewed material submittals. Once utilities were marked, a project walkthrough was performed to confirm the location and offsets for all poles. Ciorba performed full-time construction observation for all underground activities such as installation of helix foundations, directional boring for unit duct, and excavation for the installation of handholes and controller foundation. Part-time inspection was provided for the installation of poles, electric cable, poles, and luminaires.

PROJECT DESCRIPTION

Ciorba Group prepared the design plans, specifications and cost estimates for new street lighting along Seminole Lane, a collector roadway. A one-sided layout was adopted to avoid conflicts with existing overhead ComEd distribution lines. Poles were installed on the north side of Seminole, resulting in some of the poles being installed within the Village of Prospect Heights. Poles were provided at each intersection and supplemented with additional poles to ensure gaps between poles did need exceed the Village's spacing policy. The proposed lighting system included a centralized controller with a remote photocell mounted on an adjacent light pole.

Ciorba performed construction observation services for this project. Ciorba led the preconstruction meeting and coordinated with contractor prior to the start of construction. Once utilities were marked, a project walkthrough was performed to confirm the location and offsets for all poles. Pole mast arm length was varied to maintain a consistent luminaire overhang over the edge of pavement. Ciorba performed full-time construction observation for all underground activities such as installation of helix foundations, directional boring for unit duct, and excavation for the installation of handholes and controller foundation. Part-time inspection was provided for the installation of poles, electric cable, poles, and luminaires.

SCOPE OF SERVICE
- Technical Advisor

PROJECT DESCRIPTION

Ciorba completed a review of the Village of Mount Prospect's existing residential street lighting system and identified potential implementation strategies for use by the Village Board for planning purposes. As the Village develops their strategy, Ciorba will continue to assist in the development of a formal residential lighting program that encompasses all aspects of the lighting system including equipment, layout, funding and prioritization.

This review resulted in the preparation of a summary document to educate the Village Board about the Village's existing residential street lighting practices, the practices of neighboring communities, lighting equipment, and expected costs. A summary of Illuminating Engineering Society (IES) and International Dark-Sky Association recommendations were also provided.

Several surrounding communities were surveyed to determine the extent of lighting provided, purpose of lighting, the type of equipment used, energy charges, and installation procedures. Maintenance procedures were also evaluated. All information was summarized within the report.

Using the Village's GIS information, Ciorba identified residential areas along local and collector streets for the installation of new roadway lighting. Eight alternate residential lighting schemes ranging from fully meeting IES requirements to removal of the existing residential lighting were considered. For each alternate, standard and decorative equipment was evaluated. Cost estimates were prepared for each evaluation.

Recommended future action items were identified to help guide the discussion of the residential lighting program. These actions items give the Village an outline of the steps required to develop a timeline and comprehensive plan that can be used to implement a residential lighting program.

SCOPE OF SERVICE
- Final Design

PROJECT DESCRIPTION

Ciorba Group provided design engineering services for the widening and reconstruction of 80th Avenue from 191st Street to 183rd Street, within the Villages of Tinley Park and Mokena. The construction will be partially paid for using STP funds so the plans, specifications and cost estimates were reviewed and approved by IDOT BLR&S. The road will be widened from a two lane rural section to a four lane urban section with auxiliary turn lanes added at cross streets. Improvements will be made to the intersections with 183rd Street, 185th Street, 186th Street, 189th Street and 191st Street. The existing two lane bridge carrying 80th Avenue over I-80 will be replaced with a new four lane structure. Other new structures include a new 8'x 8' box culvert, extending an existing cross-road culvert and a timber pile supported embankment. A 400 foot. noise wall will be constructed along 183rd Street.

Other improvements included a shared use path along the east side of the roadway, a new enclosed drainage system, replacement of Tinley Park's 24" transmission water main, new roadway lighting, and traffic signals at 183rd, 185th, and 191st Streets.

Stormwater detention and compensatory storage was provided to meet the Will County stormwater ordinance and IDNR requirements.

Environmental concerns include minimizing impacts to wetlands along the roadway, and identifying and quantifying for removal areas of special waste materials. Extensive right of way and easement acquisition was required to construct the improvements.

Aesthetic treatments on the bridge over I-80 included form liner with colored concrete to resemble a limestone facade, decorative lighting, decorative railing, and the street name and Village of Tinley Park logo embossed in the concrete parapet. The 183rd and 185th Street intersection improvements included colored and stamped concrete and asphalt crosswalks and landscaping.

Construction began in the fall of 2022.

Lighting Engineer:
Joseph Vondra, PE, LC

SCOPE OF SERVICE
- Final Design

PROJECT DESCRIPTION

Ciorba Group prepared the design plans, specifications and cost estimates for streetscape improvements in the Elm Street Business District. The project was separated into five construction packages. The purpose of the project was to replace the existing, outdated landscaping features in these downtown districts with a new streetscape based upon the Village's approved Streetscape Master Plan and Implementation Strategy.

New curb and gutter, sidewalk, planters, bump outs at crosswalks, and roadway, pedestrian and festoon lighting was constructed. The plans provided extensive maintenance of vehicular and pedestrian traffic details and notes to maintain access to stores and shops at all times. Notes were also added to limit the duration that on-street parking can be temporarily restricted due to construction operations.

A new decorative street lighting system was designed to maintain the downtown's quaint feeling. An extensive receptacle system was designed for festivals and holiday lighting installations. Ciorba worked closely with the Village to locate lighting controllers in discrete locations, out of sight of visitors.

Infrastructure for the installation of four charging stations within a public parking lot off of Lincoln Avenue was also provided including the electric service, control cabinet, handholes, and conduit necessary to support the charging station installations. The Village's Department of Water & Electric later installed the charging stations and electric cable. The improvement also included 205 feet of new 6" water service and 110 feet of new 10" water main requiring IEPA approval.

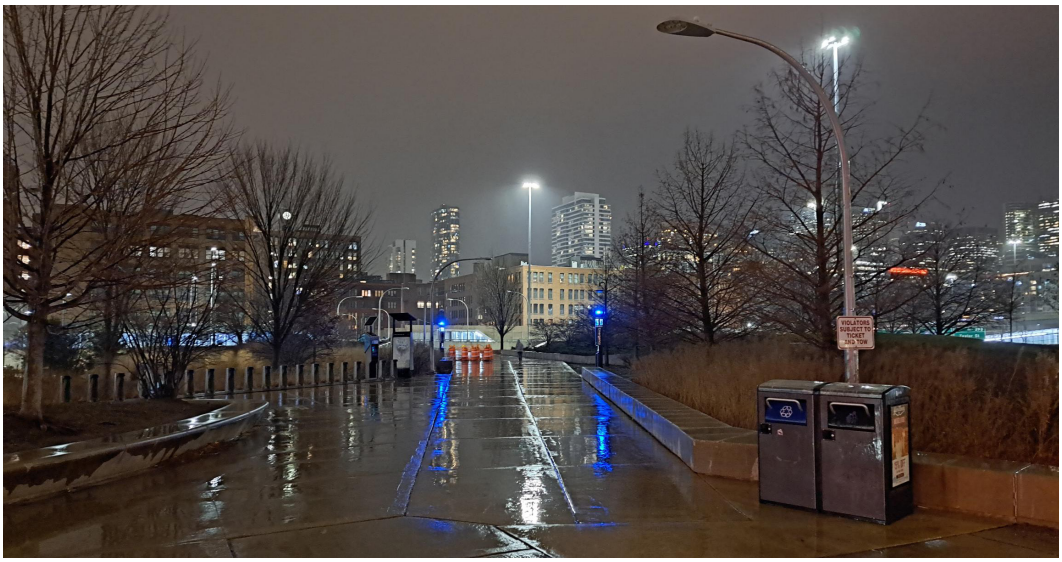

The design of this project was completed on an accelerated schedule to meet the Village's anticipated construction schedule.

AWARDS
2014 Engineering Excellence Special Achievement Award from the American Council of Engineering Companies of Illinois.

PROJECT DESCRIPTION

Since 2001, Ciorba Group has served as the Chicago Department of Transportation's (CDOT) Technical Advisor for the maintenance of the City's traffic signal and lighting standards and specifications. During this time, we have also served as the consultant for the design of the City's ongoing annual local street lighting program. Ciorba has designed street and alley lighting, that was installed to improve nighttime visibility and safety. Ciorba also designs traffic signal improvments on an as-needed basis, reviews design prepared by other consultants and reviews electrical catalog cuts for all CDOT construction contracts.

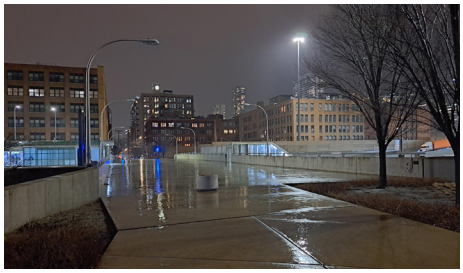

Traffic signal design services provided to the City include the preparation of design plans for traffic signal improvements to address maintenance concerns, improve traffic flow and relocate equipment in conflict with public and private developments. Plan reviews are performed for projects designed by other consultants to ensure compliance with CDOT requirements. During construction, Ciorba reviews all catalog cuts for all CDOT projects.

Our scope of services includes the design of arterial and residential street, viaduct, and alley lighting throughout the City's 50 wards. Services include plan and specification preparation, performing surveys to identify trees and other structures that may block illumination, circuitry verification, photometric analysis, calculating voltage drop, utility coordination, permit attainment, and construction coordination. Ciorba reviews the design plans and specifications prepared by other CDOT consultants for various public street and viaduct lighting improvements and private developments for conformance with the City standards. Ciorba continually updates the City-wide lighting grid plan, adding all new lighting installations to the database.

Through our close ties with the Illuminating Engineering Society (IES) and the International Commission on Illumination (CIE), Ciorba provides CDOT with the latest lighting advancements and policies. We research new technologies and evaluate respective material tests, manage CDOT's pilot test studies and update the City's Lighting Standards and Technical Specifications. In 2007, Ciorba Group assisted CDOT in exploring the replacement of the City's existing high pressure sodium lighting with more energy efficient fixtures. After an extensive study based on CDOT and IESNA standards, ceramic metal halide fixtures were selected for use. In 2012, we researched the new advancements in LED light fixtures to determine their suitability for providing adequate illumination on residential and arterial streets. Ciorba Group oversaw the evaluation process for the LED lighting technology.

We assisted in the development of specifications for the replacement of the remaining 300,000 High Intensity Discharge luminaires in the City with LED light fixtures for the Chicago Infrastructure Trust.

PROJECT UNDERSTANDING & OBJECTIVE

The Village of Mount Prospect is seeking a qualified engineering firm to prepare design plans and specifications for the installation of new street lighting along Gregory Street between Waterman Avenue and IL Route 83 (Main Street). Land use along Gregory Street is primarily single family residential but does include the Meadows Aquatic Center, Meadows Park, and Fairview Elementary School, all which generate vehicular and pedestrian traffic. Based on a preliminary review of the site, it appears that new poles may be installed on either side of the street. The final locations will be determined by proximity of existing utilities and trees. The new lighting will provide safer conditions for motorists and pedestrians. This design will be completed in accordance with the Village's Street Lighting Program Guidelines and current Village standards. Ciorba's Construction Engineering team will ensure the design is built per the plans and the contractor follows the requirements of the contract to deliver a successful project.

PROJECT APPROACH

Ciorba Group's (Ciorba) Project Team will build upon experience gained from the Village's recent Burning Bush Lane, Schoenbeck Road, and Seminole Lane projects. Experience gained from the many successful past lighting projects completed for the Village, state agencies and Chicago area communities will be applied to this project. In addition to the design of the street lighting installed along Central Road, Algonquin Road, Busse Road, Dempster Street, and Main Street within the Village of Mount Prospect, Ciorba has completed several lighting studies for the Village. Our experience also includes the design of street lighting projects for Hoffman Estates, Hanover Park, Streamwood, Tinley Park, Wheeling, Winnetka, Illinois Department of Transportation (IDOT) and the Illinois Tollway.

Ciorba will verify and implement the Village's desired not-to-exceed 300-foot pole spacing as allowed by site conditions such as the location of existing utilities and trees. Pole locations will be selected to highlight intersections with cross streets. Additional poles will be added to keep the spacing below 300'. Mid-block poles will be located near property lines whenever practical to avoid poles directly in front of residents' homes. Plans, specifications, and estimates will be prepared in accordance with Village, Illuminating Engineering Society (IES), and IDOT recommendations for approval by the Village. Proposed light poles will be located outside of Cook County and IDOT right-of-way to avoid the need for permits.

Experience. Our Project Team previously worked together on the Village's Burning Bush Lane, Schoenbeck Road and Seminole Lane lighting projects and are familiar with Village preferences and requirements. In addition, we will incorporate feedback from our construction team to improve the quality of the plans.

Teamwork. Ciorba's philosophy when working for a government agency is that we serve as an extension of that agency so we will safeguard the interests of the Village. Our Project Team will provide the services and dedication the Village would expect from their own staff to successfully complete the project.

Communication. Ciorba understands that effective communication yields successful projects. Ciorba's Project Manager will keep in close communication with the Village. Our Project Manager will be available to meet with the Village at any time.

Proactive Leadership. Ciorba's team provides proven proactive leadership and has the experience to anticipate issues, solve problems and recommend value engineering solutions.

Attention to Detail. An important aspect of any project is attention to detail. For this project, it will be especially true in the location of proposed light poles to avoid conflicts with existing trees and utilities located within the parkway.

SCOPE OF SERVICES

After Notice to Proceed is received, the Project Team will complete the following work tasks:

Kickoff Meeting and Coordination

Ciorba will attend an in-person kickoff meeting with Village staff to discuss the project requirements and objectives of the Village. Ciorba will identify information needed from the Village such utility atlases. The project schedule will be reviewed so that Village and Ciorba expectations remain on the same page.

Ciorba will remain in close contact with the Engineering staff to keep the Village up to date on the status of the project as well as to discuss any issues that may arise. Ciorba staff is always available to meet with the Village to discuss issues or review submittals and comments.

Field Review/Base Sheet Preparation

Ciorba will prepare CAD base files for this project using a combination of aerial photos, GIS information, and data collected during a walking survey in lieu of full topographic survey. Hardscape items such as pavement, curb lines, sidewalks and driveways will be identified from aerial photos. Trees, vegetation, utilities and other features will be located by means of a walking survey to mitigate potential conflicts with the proposed lighting system. Aerial photos will be obtained from the United States Geological Survey (USGS) website. Utility information will be obtained by contacting the Joint Utility Location Information for Excavators (JULIE). Village atlases will be obtained in GIS format and imported directly into CAD. Ciorba will draft all private utility information received.

Utility Coordination

Ciorba will coordinate with ComEd to confirm the preferred service location(s) for the new lighting system. Ciorba will meet in the field with ComEd as necessary to complete this coordination. Requirements for the removal of existing ComEd lights will be identified and noted in the Contract Documents.

Upon receipt of the initial round of comments from the Village on the preliminary plan submittal, updated plans will be submitted to all utilities located within the project limits for review and comment and to identify any potential conflicts.

Prepare Plans, Specifications, Cost Estimates, and Bid Documents

Poles and luminaires will be selected to match recent lighting installations completed by the Village. Voltage drop calculations will be performed to verify the proper sizing of cabling between the light poles.

A full set of plans suitable for bidding will be prepared, including Cover Sheet, General Notes & Summary of Quantities, Detail Sheets, Proposed Lighting Plans, and Single Line Diagram. Applicable IDOT highway standards will also be included in the bid documents. Upon completion of the preliminary design, a plan-in-hand field review will be performed with the Village to confirm the proposed equipment locations. This review will include checks for potential utility conflicts and interference with parkway trees. Village comments and field review notes will be incorporated into final plans.

Specifications will be tailored to the Village's requirements. Luminaire properties such as photometric distribution, color temperature and warranty requirements will be clearly defined to ensure the Village receives the product it desires.

Quantities and cost estimates will be prepared for each submittal, preliminary and final. General Conditions, Bid Advertisement, Instructions to Bidders, Price Schedule, Agreement, Bid Bond, and Contract Bond will also be a part of the final bid documents. These documents will be prepared in accordance with Village requirements.

Quality Control / Quality Assurance

Project review by the Quality Manager will be conducted in accordance with our QC/QA procedures.

Bidding Assistance

Ciorba will assist the Village during the bidding phase of this project. Ciorba will notify potential bidders, prepare addendums, answer bidder questions, evaluate references, and prepare a letter of recommendation to award the project to the lowest responsible bidder.

Construction Engineering

Preconstruction Conference - Typical topics that may be discussed at this meeting will include the progress schedule, the location of on-site equipment and material storage sites, utility stakeout, permits, and material inspection information. Catalog cuts and shop drawings may be distributed at the meeting by the contractor for review by Ciorba. A list of suppliers and subcontractors will be furnished by the contractor for approval. Mike Kowalski will serve as Resident Engineer for this project, applying the familiarity of this project gained during design and his experience from previous lighting and electrical projects designed and constructed for the Village. Mike will oversee preparation and distribution of meeting minutes for this, and all future meetings held during construction. In addition to the preconstruction conference, Mike will chair bi-weekly progress meetings with the contractor, subcontractors, and the Village to discuss past and future activities, issues, and coordination requirements. The Village and impacted utility companies, and the contractor will be invited to attend.

Catalog Cut Reviews - Ciorba's design staff will review the contractor supplied show drawings and catalog cuts for conformance to the contract documents. Upon completion of Ciorba's review, comments will be forwarded to the Village for concurrence. Lighting often involves long lead items for delivery such as the poles. Timely reviews and approval of submittals are essential so the contractor can order equipment and materials as soon as possible to avoid delays.

Construction Engineering and Documentation - Construction will be monitored for conformance with the contract documents and Village requirements. Construction layout of the proposed poles will be completed during a site walk with the Village, Ciorba, and the winning bidder. If there are any unforeseen conditions or issues that develop, Ciorba's design engineers will be available to provide options to the Village to mitigate costly delays. Ciorba will make recommendations to the Village concerning any potential plan revisions and document any changes accordingly.

Full-time construction engineering services will be provided for underground operations such as the installation of foundations and duct. Part time inspection will be provided for above ground work such as pole and cable installation. Ilyass Rashidi will serve as our Construction Inspector for this project and will be on-site each day to observe all construction activities including traffic control, foundation installation, directional boring, pole installation, site cleanup, and restoration. Joe will periodically visit the project site to monitor progress, address unforeseen issues and assist Ilyass as needed.

Measurements and calculations will be made daily and Inspector Daily Reports will be recorded on a regular basis. Monthly pay estimates will be submitted to the Village for review and approval before final processing. Ilyass will maintain a Daily Diary describing the work accomplished each day. Weekly progress and quantity reports will be prepared and provided to the Village and the contractor. All project documentation will follow IDOT and Village Standards.

Project Close-out - Ciorba will maintain a punch list of construction items that require correction before final acceptance of the project and provide it to the contractor. The site will be inspected for completion of punch list items and the contractor will be notified of any incomplete items. After the punch list is completed, a walk through will be conducted by Mike and Ilyass with the Village and the contractor. Any concerns identified at the walk through will be resolved prior to acceptance of the improvement. The closeout process continues with the preparation of final documentation papers for project acceptance by the Village. This includes all material certifications and testing results, final quantity measurements, balancing change orders and final pay estimates. Upon final acceptance of the project, the job box will be turned over to the Village.

Construction Record Drawings - Ciorba will update the project CAD files with any changes made to the location or routing of equipment during construction. These changes will be field measured and documented for inclusion in the final construction record drawings. The two sets of final construction record drawings of a size specified by the Village will be provided and one CD with all updated CAD files.

Ciorba Group strongly believes that the successful completion of our services for the Gregory Street Lighting project will be the result of a partnership with the Village in which we share the goal of meeting the scope, schedule, and budget of the project. Our Project Team has the skills, qualifications, and experience to provide the Village with efficient engineering services.

Subject	**Motion to accept the lowest-cost, responsive bid for the St. Mark's Gym and Parsonage Demolition and Restoration Project in an amount not to exceed $162,195.**
Meeting	March 16, 2026 - REGULAR MEETING OF THE MOUNT PROSPECT VILLAGE BOARD
Fiscal Impact (Y/N)	Y
Dollar Amount	$162,195.00
Budget Source	Prospect and Main Tax Increment Financing District Fund
Category	CONSENT AGENDA
Type	Action Item

Information

This memorandum transmits the bid results for the St. Mark's Gym and Parsonage Demolition and Restoration Project. The St. Mark's Gym and Parsonage are buildings located at 205 and 209 South Wille Street, respectively.

The Village purchased these properties in January 2026 and took possession on February 11, 2026. The gym is a one-story masonry commercial building with a basement, and the parsonage is a two-story residential home with a basement and garage. All buildings are currently vacant and ready for demolition.

The restoration plan for the site requires that all excavations be filled with clean, naturally cohesive clay material to within 12 inches of the final surface grade. All clay material shall have an organic content of less than 2% and be free of debris, construction materials, frozen material, or rocks larger than 3 inches. The clay shall be placed and mechanically compacted in 12-inch lifts.

The top 12 inches of any excavation, including areas where pavements are removed, shall be filled with pulverized black topsoil. The topsoil shall be pulverized, free of all construction debris, leveled to one inch above existing grade, and compacted to 90% density to eliminate voids.

Staff prepared detailed bidding documents to solicit bids for demolition and initial site restoration work. The scope of the proposed work includes the complete removal of the existing buildings (gym, house, and garage), floor slabs, foundations, footings, pavements, associated materials, as well as the required fill and soil replacement.

The contractor will also be responsible for all asbestos abatement, including the removal, handling, transportation, and lawful disposal of asbestos-containing materials prior to the commencement of any building demolition activities.

Upon completion of the demolition, the contractor shall install 12 inches of clean black topsoil and rough-grade the site to match the existing (pre-demolition) site grading at both 205 South Wille Street and 209 South Wille Street.

Demolition and site restoration are expected to commence in April and be completed by June 2026.

Bids were advertised on February 20, 2026. Invitations to bid were distributed to 11 firms that have previously submitted bids for demolition projects. The bid notice was also posted on the Village website and the Euna OpenBids bid clearinghouse website.

A non-mandatory pre-bid meeting was held at the site on February 26, 2026. Bids were received at 1:00 p.m. on Monday, March 9, 2026, at Village Hall, 50 South Emerson Street, Mount Prospect, Illinois. Ten bids were received. The results are indicated in the table below.

Bidder	**Total Bid**
Albrecht Enterprises	$147,450
Maxx Contractors Corp	$157,500
K.L.F Enterprises	$161,500
Fowler Enterprises, LLC	$171,250
Dale, Inc.	$201,363
Alliance Demolition & Excavation	$233,300
ADM Demolition	$235,100
Omega III, LLC	$283,750
National Wrecking Company	$319,000
Alpine Demolition	$333,220

Discussion

The apparent lowest-cost bid was submitted by Albrecht Enterprises of Des Plaines, Illinois. Albrecht Enterprises properly submitted and signed all bid documents and provided the required bid security. Minor mathematical errors were identified in the firm’s bid submittal. However, the corrected results did not change the bid order.

Albrecht Enterprises has previously performed demolition and removal of Village-owned buildings, parking lots, and other structures in downtown Mount Prospect.

It is the opinion of staff that Albrecht Enterprises has the necessary experience, skill, and resources to successfully complete the proposed work at the bid prices submitted.

Staff also recommends including a 10% contingency in the contract award to facilitate payments for variations in quantities and unforeseen conditions. Including a 10% contingency would increase the contract award to $162,195.

Alternatives

1. Accept the lowest-cost, responsive bid submitted by Albrecht Enterprises of Des Plaines, Illinois for the St. Mark’s Gym and Parsonage Demolition and Restoration Project.
2. Action at the discretion of the Village Board.

Staff Recommendation

Staff recommends that the Village Board accept the lowest-cost, responsive bid for the demolition of the St. Mark's Gym and Parsonage buildings submitted by Albrecht Enterprises of Des Plaines, Illinois, for a cost not to exceed $162,195.

GENERAL CONDITIONS

Location of Village-owned buildings and pavements to be demolished and removed:

205 S. WILLE ST.
209 S. WILLE ST.

Each bidder shall submit the following data with their bid:

1) A statement that the bidder maintains a permanent place of business and an address, therefore.

2) At least four (4) references in the Northwest Suburban Cook County area who can attest to the contractor's ability to fulfill this contract in a competent and expeditious manner. Include name, address, phone number, and email address for each reference; also include nature and size of each contract.

Any bidder may be required by the Village to submit additional data to satisfy that the bidder is prepared to fulfill the contract, if it is awarded to them.

Other Conditions

The right is reserved to reject any or all bids, have predetermined qualifications, and/or to waive any informality in any bids and to accept any considered advantageous to the Village of Mount Prospect, Illinois.

No proposal may be withdrawn without the consent of the Village of Mount Prospect, Illinois, for a period of one hundred (100) days after the time for opening the bids has passed.

Any contractor whose bid is in serious contention for possible award must, upon request, furnish the Village with a financial statement, duly sworn to, on forms approved by the Village, listing assets and liabilities.

A cashier's check, certified check, bank draft, or bid bond in an amount not less than ten percent (10%) of the amount bid must accompany each proposal. Any deposit accompanying a proposal, except those of the two low bidders, will be returned promptly after the Village Board makes the award of the work.

The deposit of the successful bidder and that of the second lowest bidder will be returned upon the execution and delivery of a contract and performance bond. If all bids are rejected, all deposits will be returned promptly. If the successful bidder withdraws his proposal after the closing time for receipt of the proposal, or if the bidder fails or refuses to execute a

contract or to provide the required performance bond within fourteen (14) days from the date of receipt of written notice to do so, the deposit accompanying his proposal may be forfeited and retained by the Village of Mount Prospect as liquidated damages and not as a penalty.

Bidders are advised to visit the site of the proposed work and to inform and familiarize themselves as to the location, condition, topography, and any obstacles which may be encountered, or other relevant matter concerning the work to be performed. No extra compensation will be allowed for the successful contractor for failure to inform or familiarize themselves with the site prior to the bidding.

A non-mandatory pre-bid walk-through will be held at 10:00 AM CST at the site(s) on Thursday, February 26, 2026.

All bidders and/or their agents are invited to be present at the bid opening at 1:00 PM CDT on March 9, 2026.

Submission of Proposal

All bids must be delivered to the office of the Village Manager, 3rd floor, 50 South Emerson Street, on or before 1:00 PM CDT on March 9, 2026. Bids arriving after the specified time will not be accepted. Mailed bids that are delivered to the Village Manager's office after the specified time will not be accepted regardless of the postmarked time on the envelope.

All bids shall be submitted in sealed envelopes showing the following information: Bidder's name, address, subject matter of proposal, and designated date and time of bid opening. **Be sure to mark the outside of the sealed envelope, "St. Mark's Gym and Parsonage Demolition Bid."**

Faxed bids will not be accepted. E-mailed bids will not be accepted.

Performance Bond

The successful bidder shall furnish a performance bond in the full amount of the contract within fourteen (14) calendar days after notification of the contract award. Failure to furnish the required bond within the time specified may be cause for rejection of the bid, and any bid deposit may be retained by the Village as liquidated damages and not as a penalty.

Notice of Starting Work

The contractor shall notify the Village Public Works, Police, and Fire Departments thirty-six (36) hours before beginning any work on the contract.

Assignment

No part of the work herein specified shall be assigned without the consent of the owner.

Work Prosecution

The work undertaken in this contract shall be carried on regularly, without interruption, and with such force as to conform to the rate of progress given and to secure its completion in full on or before the dates hereinafter mentioned. The rate of progress and the time specified for completion of the work are essentials of the contract. All work is to be completed within 60 days of contract award and notice to proceed.

Suspension of Work

Should the contractor, with the approval of the Village, stop work, or should the weather conditions, in the opinion of the Village, be such that the work could not be performed properly and safely, the Village may suspend the work until such time as conditions shall permit proper completion. In case of stoppage of work, the contractor shall, at his own expense, store and be responsible for material, restore streets, protect the work, and be responsible for all accidents as if the work were in progress.

Work on Holidays

The work under these specifications shall not be performed at night, on Sundays, or on legal holidays without the approval of the Village. It is the intention of these specifications that all labor and operation of equipment connected with the work shall be performed during the hours between 7:00 A.M. and 7:00 P.M., Monday through Friday. However, work on Saturdays is permissible (between the hours of 7:00 AM and 7:00 PM) provided sufficient prior notification is given to the Village.

Payment

It is expressly understood that the Village reserves the right to direct that no payment be made to the contractor should the Village have reason to believe that said contractor has failed, for any reason, to make just payment to any workman or employee, or has failed to make payment for any materials used in the work, until the Village is satisfied that full and proper settlement has been made.

The contractor shall secure and file with the owner waivers of lien for all materials used, for disposal charges, and for labor employed on the work before final payments are disbursed.

Upon total completion, including restoration, the contractor shall, upon submittal of his invoice, be paid in full for that portion of the work.

Inspections

The contractor's work shall, always, be subject to inspection by the Director of Public Works or his authorized representative, but such inspection shall not relieve the contractor from any obligation to perform the work in accordance with these specifications or any modifications thereof, as herein provided.

Any work not done strictly in accordance with the specifications shall be corrected and made good by the contractor whenever ordered by the Village, without reference to any previous oversight or error in inspection and at no extra cost to the Village.

The contractor upon receipt of instructions from the Director of Public Works or his authorized representative to discontinue such practice shall immediately discontinue any practice, obviously hazardous.

The contractor shall abide by all EPA and OSHA safety standards and hazardous material regulations and shall obtain any permit and make the proper disposal of same as required by them.

Contractor's Representative

The contractor shall, at all times, have a competent foreman or superintendent on the job who shall have full authority to act for the contractor and to receive and execute orders from the Director of Public Works or his designated representative, and any instructions given to such superintendent or person executing work for the contractor shall be binding on the contractor as though given to him personally. The contractor's representative must be proficient in the use and interpretation of the English language.

The contractor shall always maintain good public relations.

Accident Prevention

The contractor shall always take every precaution for the protection of people and properties. The safety provisions of all applicable laws and ordinances shall be strictly observed, including those of the EPA, OSHA, IDOL, and the Village of Mount Prospect.

Contractor's Responsibility

Everything pertaining to this project shall be at the sole cost and risk of the contractor from the initial start until final acceptance by the Village. The contractor shall provide and maintain all necessary barricades and protective devices for the safety, convenience and protection of the public in the vicinity of the project.

The method of demolition or removal shall comply with all provisions of the ordinances, rules, and regulations of the Village.

To minimize the amount of dust during demolition, the contractor must wet down the masonry. Use of water from the fire hydrant is permissible, but the contractor must supply the hose. This water must be metered, and the Village, upon request, will furnish the hydrant meter and backflow prevention assembly. There will be no charge for use of water.

Repair of all damage done to sidewalks, curbs, streets, buffalo boxes, light standards, or other structures, including adjacent private property, during the operations of this contract shall be at the contractor's expense. Repairs or replacement shall be accomplished as soon as possible after the damage has occurred.

OBSERVANCE OF LAWS, ORDINANCES, AND REGULATIONS

The contractor shall observe all ordinances in relation to obstructing streets, driveways, or alleys, keeping open passageways and protecting same where exposed, and shall generally observe all laws and ordinances controlling or limiting those engaged in public work, which ordinances and laws are made a part of these specifications.

The contractor shall, always during the life of this contract, observe and abide by all federal, state, and local laws which, in any way, affect the conduct of the work and with all decrees and orders of courts of competent jurisdiction. The contractor must also secure all demolition and/or highway obstruction permits from municipal, county, state, and federal governments.

All bidders are expected to comply fully and completely with any and all applicable state and federal statutes, rules, and regulations as they relate to hiring, wages, and any other applicable condition of employment.

Equal Employment Opportunity

In the event of the contractor's non-compliance with the provisions of this Equal Employment Opportunity Clause, the Illinois Human Rights Act or the Rules and Regulations of the Illinois Department of Human Rights ("Department"), the contractor may be declared ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and the contract may be cancelled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked as provided by statute or regulation. During the performance of this contract, the contractor agrees as follows:

l) That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, marital status, national origin or ancestry, citizenship status, age, physical or mental handicap unrelated to ability, military status, or an unfavorable discharge from military service; and further that it will examine all job classifications to determine if minority persons or women are underutilized and

will take appropriate affirmative action to rectify any such underutilization.

2) That, if it hires additional employees in order to perform this contract or any portion thereof, it will determine the availability (in accordance with the Department's Rules) of minorities and women in the areas from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.

3) That, in all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, sexual orientation, marital status, national origin or ancestry, citizenship status, age, physical or mental handicap unrelated to ability, military status, or an unfavorable discharge from military service.

4) That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the contractor's obligations under the Illinois Human Rights Act and the Department's Rules. If any such labor organization or representative fails or refuses to cooperate with the contractor in its efforts to comply with such Act and Rules, the contractor will promptly notify the Department and the contracting agency and will recruit employees from other sources when necessary to fulfil their obligations thereunder.

5) That it will submit reports as required by the Department's Rules, furnish all relevant information as may from time to time be requested by the Department or the contracting agency, and in all respects comply with the Illinois Human Rights Act and the Department's Rules.

6) That it will permit access to all relevant books, records, accounts and work sites by personnel of the contracting agency and the Department for purposes of investigation to ascertain compliance with the Illinois Human Rights Act and the Department's Rules.

7) That it will include verbatim or by reference the provisions of this clause in every subcontract it awards under which any portion of the contract obligations are under- taken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as with other provisions of this contract, the contractor will be liable for compliance with the applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the contractor will not utilize any subcontractor declared by the Illinois Human Rights Commission to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.

Prevailing Wages

All wages paid by the Contractor and each subcontractor shall be in compliance with The Prevailing Wage Act (820 ILCS 130), as amended, except where a prevailing wage violates a federal law, order, or ruling, the rate conforming to the federal law, order, or ruling shall govern. The Contractor shall be responsible to notify each subcontractor of the wages set forth in this contract and any revisions thereto. If the Department of Labor revises the wage rates, the revised rate as provided by the public body shall apply to this contract and the Contractor will not be allowed additional compensation on account of said revisions.

The Contractor and each subcontractor shall make and keep, for a period of not less than 3 years, records of all laborers, mechanics, and other workers employed by them on the project; the records shall include each worker's name, address, telephone number when available, social security number, classification or classifications, the hourly wages paid in each period, the number of hours worked each day, and the starting and ending times of work each day.

The Contractor and each subcontractor shall submit monthly, in person, by mail, or electronically, a certified payroll to the public body in charge of the project. The certified payroll shall consist of a complete copy of the records. The certified payroll shall be accompanied by a statement signed by the contractor or subcontractor which avers that:

(i) such records are true and accurate.
(ii) the hourly rate paid to each worker is not less than the general prevailing rate of hourly wages required; and
(iii) the contractor or subcontractor is aware that filing a certified payroll that he or she knows to be false is a Class B misdemeanor.

Upon 2 business days' notice, the contractor and each subcontractor shall make available for inspection the records to the public body in charge of the project, its officers and agents, and to the Department of Labor and his deputies and agents at all reasonable hours at a location within this State. The Contractor and each subcontractor shall permit his/her employees to be interviewed on the job, during working hours, by compliance investigators of the Department of Labor.

Toxic Substances Disclosure

All bidders must comply with the requirements of the Toxic Substances Disclosure to Employees Act for any materials supplied and covered by said Act.

INSURANCE AND SECURITY DEPOSITS

Contractor's Insurance

The contractor shall not commence work under this contract until he has obtained all insurance required under this paragraph and such insurance has been approved by the Village attorney, nor

shall the contractor allow any subcontractor to commence work on this contract until all similar insurance required of the subcontractor has been so obtained and approved. (Date of coverage to be of such duration as to include date of removal.) The contractor shall provide a certificate of insurance or other suitable evidence that the following insurance coverage is provided on the work performed under the contract, and the Village of Mount Prospect shall be named as an additional insured on all insurance policies:

Comprehensive General Liability Insurance, including contractual liability insurance covering the indemnification clause described herein, Products (completed operations insurance) and Contractor's Protective Insurance. General Liability coverage shall be primary and non-contributory for the Village.

The minimum limits of liability must be $5,000,000 General Aggregate, per project, $5,000,000 Products/Completed Operations Aggregate, $5,000,000 Personal and Advertising Injury, and $5,000,000 each occurrence. Exclusions of property in contractor's care, custody, or control shall NOT be eliminated.

Worker's Compensation and Employer's Liability, as per statute, with Employer's Liability limit of $1,000,000.

Owner's, Contractor's and Protective Liability Insurance in the name of the Village of Mount Prospect, with limits of $1,000,000 each person, $1,000,000 each occurrence for bodily injury, and $1,000,000 each occurrence for property damage.

The contractor shall indemnify and save harmless the Village of Mount Prospect against any and all damages to property or injury to or death of any person or persons, including property and employees, agents or invitees of the Village of Mount Prospect, and shall defend, indemnify and safe harmless the Village of Mount Prospect from any and all claims, demands, suits, actions or proceedings of any kind or nature, including Worker's Compensation claims, or by anyone whosoever, in any way resulting from or arising out of the operations in connection herewith, including operations of subcontractors and actions or omissions of employees or agents of the contractor or his subcontractors. Insurance coverage specified herein and in the Special Conditions constitutes the minimum requirements, and said requirements shall in no way lessen or limit the liability of the contractor under the terms of this contract. The contractor shall procure and maintain, at his own cost and expense, any additional kinds and amounts of insurance which, in his own judgment, may be necessary for his proper protection in the prosecution of the work.

The contractor agrees that he will well and truly save and indemnify and keep harmless the Village of Mount Prospect against all liability, judgments, costs and expenses that may, in any way, result from carelessness or lack of the contractor or his agents, employees, or workers in any respect whatsoever.

FORFEITURE CLAUSE

If, in the judgment of the Director of Public Works, the rate at which the work is performed is not such as to insure its progress and completion in the time and manner herein specified, or if at any time the contractor refuses or neglects to prosecute the work with the force sufficient for its completion within the specified time, or if in any event the contractor fails to proceed with the work in accordance with the requirements and conditions of the specifications, the Village shall have full right and authority, after giving three (3) days written notice to the contractor of its intention to do so, to take the work out of the hands of the contractor and/or to relet the same to other contractors.

The cost of fully completing all the work and all expenses of every kind incurred by the Village in connection therewith shall be charged to the contractor and shall be deducted and paid by the Village out of such monies as may be due or may at any time thereafter become due to said contractor under this contract or any part thereof, so far as the same shall suffice therefor, and any deficiency shall be paid to the Village by the contractor forthwith, and the bondsmen will be held liable for any such deficiency.

Should it become necessary for the Village to declare the work forfeited, such forfeiture shall in no case relieve the contractor or his bondsmen of any of the conditions of the contract.

In case the contractor shall abandon or in any manner fail to complete the work, the Village shall have the full right and authority to pay to any laborer or laborers who may have been employed by the contractor upon the work out of any fund due or unpaid the contractor, at the time the Village shall declare said contractor in default, any and all sums of money which may be found to be due and owing to said contractor under this contract and upon giving five (5) days written notice by mail to said contractor of the intention to do so. And, in every such case, the Village shall have the full right and authority to ascertain the amount or amounts so due and owing to such laborer or laborers from the contractor and in such manner and upon such proof as it may deem sufficient, and the amount or amounts so found by it to be due and owing to such laborer or laborers shall be conclusive as against said contractor and may thereafter be paid over to the said laborer or laborers by said Village.

TECHNICAL SPECIFICATIONS

The intent of these specifications is to define the conditions and obligations under which the contractor will be working and ensure that the demolition and removal of the structures described above is done in a safe and workmanlike manner.

General Information

The Village of Mount Prospect owns the property included in this bid. 205 S. Wille is a one-story, masonry, commercial building with a basement and the parsonage at 209 S. Wille St. is a two-story, residential home with a basement and a garage. All buildings are vacant and ready for demolition.

This demolition contract includes the complete removal of the existing buildings (gym, house, and garage), including floors, foundations, and footings.

All asphalt in driveways or other paved areas is to be removed, as well as any stone or earth subgrade for a uniform depth of 12" across the entire site as measured from the original site surface elevation.

Upon completion of demolition all excavations are to be filled with clean, naturally cohesive, clay material to not more than 12" of the final surface grade. All clay material shall have organic content less than 2% and be free of debris, construction materials, frozen material, or rocks larger than 3". All clay shall be placed and mechanically compacted in 12" lifts.

The top 12" of any excavation, including areas where pavements are removed, shall be filled with placed, pulverized black topsoil. The topsoil shall be pulverized, free of all construction debris leveled to one (1) inch above existing grade, and 90% compacted to be free of all voids.

Special Conditions

205 S. Wille Street – the St. Mark Church gym building has been the subject of both a hazardous materials survey and a pre-demolition survey by a professional environmental consultant. All hazardous materials identified in the surveys have been removed from the site and lawfully disposed of except for asbestos. Asbestos was discovered in the flooring materials and in some pipe insulation. A copy of the consultant's reports can be found in the appendices.

209 S. Wille Street. – the St. Mark Church former parsonage building has been the subject of both a hazardous materials survey and a pre-demolition survey by a professional environmental consultant. All hazardous materials identified in the surveys have been removed from the site and lawfully disposed of except for interior lead paint on walls other building appurtenances. A copy of the consultant's reports can be found in the appendices.

Asbestos

The Contractor shall be solely responsible for all asbestos abatement, removal, handling, transportation, and lawful disposal of asbestos-containing materials prior to the commencement of any building demolition activities. Applicable testing reports and documentation will be provided to the awarded Contractor for reference; however, review of such information does not relieve the Contractor of responsibility for compliance. All work shall be performed in accordance with all applicable federal, state, and local laws, regulations, and safety requirements.

Lead

Pursuant to Illinois law, lead paint on residential structures undergoing complete demolition does not require disposal as a hazardous material. However, the Contractor shall be required to provide adequate personal protective equipment for all employees on the site and shall be required to provide ample water suppression to control the spread of dust from the site.

Scope of Work

1. The work performed under these specifications shall include the furnishing of all materials, labor, equipment, and tools to demolish and completely remove the building, floor slabs, foundations, footings, pavements, as well as requisite fill and soil.

2. The Village shall arrange for the disconnection of the gas, electric, communications, water and sewer utilities. Gas, electricity, and communications will be disconnected at the utility trunk line in the public right-of-way or easement. The water will be disconnected at the Village-owned water main. The sewer service will be abandoned by the village staff.

3. The Village shall provide the contractor with a hydrant meter and backflow assembly at no charge. The hydrant meter and backflow assembly must be returned to the Village in good condition upon completion of the work. The Village will permit the contractor to utilize specified Village-owned fire hydrants near the site for dust control. There will be no charge for the use of water.

4. The contractor shall provide temporary 6-foot chain link security fencing around the perimeters of sites as well as any necessary signage or barricades. If the sites are not properly secured, the Village of Mount Prospect may stop work.

5. All material and contents in the buildings at the start of demolition will become the property of the successful bidder and may be used as salvage. The contractor shall include in his bid the entire cost of removal and proper disposal and/or recycling of all demolition debris pursuant to the State of Illinois and Cook County requirements.

6. The contractor shall install twelve (12") of clean black topsoil and rough grade to the existing (pre-demolition) site grading at both the 205 S. Wille and 209 S. Wille sites.

7. The contractor shall make all necessary provisions to safeguard surrounding properties. Public sidewalks adjacent to the site can be closed to pedestrian traffic provided Village-approved barricade, signage, and pedestrian detour routes are utilized. The contractor's equipment must not interfere with vehicular traffic.

8. The contractor may utilize the existing parking lot pavement for storage and staging of equipment and materials. However, the contractor shall make every effort to protect asphalt surface of the parking lot from damage including scrapes, gouges, spilled materials, etc. The Village intends to continue utilizing the asphalt lot for public parking.

9. No explosives or burning are permitted.

10. The contractors shall take appropriate measures to keep dust down to a minimum in accordance with Village building codes.

11. The contractor shall completely remove all foundations, footings, floor slabs, concrete floors, basement walls, private walks, and/or miscellaneous concrete structures to the satisfaction of the Director of Public Works or his designated representative.

12. The contractor must secure necessary permits from the Village of Mount Prospect Building Division located on the second floor at 50 S. Emerson Street. The contractor shall abide by all rules and regulations governing that permit. Fees for the Village permits shall be waived. The contractor must have a Village of Mount Prospect business license for which the fee will not be waived. A State of Illinois permit may be required; if so, it is the contractor's responsibility to obtain same. Any permits which may be required by IEPA, USEPA, or Cook County will be the responsibility of the contractor. Any or all barricades for lane closures shall be the responsibility of the contractor.

13. It is the contractor's responsibility to not encroach upon adjoining private property and to seek cooperation from appropriate individuals if there is a need to temporarily relocate their automobiles during removal of the buildings.

14. The tentative timetable is to have all properties cleared and backfilled by June 1, 2026. The contractor will have a maximum of 60 days from the order to proceed to the tentative deadline.

15. Alterations or modifications of this work shall be made only by written agreement between the Village and the contractor before the alterations or modifications are started. No claim for extra work or materials will be allowed, unless it is covered by the agreement.

Information

The Village occasionally amends its annual budget as needed. Village staff are proposing amendments to the adopted annual budget for the fiscal year 2025.

Discussion

2025 Budget Amendment — Carryovers from 2025 to 2026
The Village proposes carrying forward $12,599,453 in various Capital Improvement budget items from 2025 to 2026. This amount represents the approved budget for various capital projects that started in FY 2025, are in progress, and should be concluded in 2026. The proposed budget amendment will reduce the FY 2025 budget by $12,599,453 and increase the FY 2026 budget by the same amount. This budget amendment is a housekeeping item, and staff recommends approval.

Fund Details	Current 2025 Budget	Carryover Amendments	Amended Budget
001 - General Fund	94,497,597	(3,015,218)	91,482,379
020 - Capital Improvement Fund	7,528,663	(2,496,246)	5,032,417
023 - Street Improvement Construc Fund	6,429,149	(1,733,225)	4,695,924
024 - Flood Control Construction Fund	2,117,061	(532,762)	1,584,299
049 - Prospect and Main TIF District	14,797,738	(979,799)	13,817,939
050 - Water and Sewer Fund	30,499,040	(1,214,908)	29,284,132
061 - Vehicle Replacement Fund	5,316,134	(2,627,295)	2,688,839
Amended Funds Total	**161,185,382**	**(12,599,453)**	**148,585,928**
Other Funds	35,396,245	-	35,396,245
Grand Total	**196,581,627**	**(12,599,453)**	**183,982,173**

A complete list of projects with a general ledger, fund information, and explanations is attached herewith. There will be one more amendment for the year 2025, recognizing outperforming revenues and a few other items will be presented in April 2025.

Alternatives

1. Waive the two rules requiring two readings of an ordinance and adopt the attached ordinance approving the proposed budget amendments for the fiscal year 2025, reducing the 2025 budget by $12,599,453.
2. Action at the discretion of the Village Board.

Staff Recommendation

Staff recommends waiving the two rules requiring two readings of an ordinance and adopting the attached ordinance approving the proposed budget amendments for the fiscal year 2025, reducing the 2025 budget by $12,599,453.

ORDINANCE NO. _____

AN ORDINANCE MAKING CERTAIN AMENDMENTS TO THE ANNUAL BUDGET ADOPTED FOR THE FISCAL YEAR COMMENCING JANUARY 1, 2025 AND ENDING DECEMBER 31, 2025

PASSED AND APPROVED BY

THE PRESIDENT AND BOARD OF TRUSTEES

the ____ day of _____, 2026

Published in pamphlet form by
authority of the corporate authorities
of the Village of Mount Prospect, Illinois
the ___ day of _____, 2026.

ORDINANCE NO. _____

AN ORDINANCE MAKING CERTAIN AMENDMENTS TO THE ANNUAL BUDGET ADOPTED FOR THE FISCAL YEAR COMMENCING JANUARY 1, 2025 AND ENDING DECEMBER 31, 2025

WHEREAS, the President and Board of Trustees of the Village of Mount Prospect have passed and approved Ordinance No. 2342, which sets the finances of the Village under the "Budget Officer System"; and

WHEREAS, pursuant to the aforesaid Ordinance and the Statutes of the State of Illinois, an annual budget for the fiscal year commencing January 1, 2025, and ending December 31, 2025, was adopted through the passage of Ordinance No. 6762 approved by the Corporate Authorities of the Village of Mount Prospect on November 6, 2024; and

WHEREAS, the President and Board of Trustees of the Village of Mount Prospect have passed and approved Ordinance No. 6782 on March 18, 2025 amending the annual budget for the fiscal year commencing January 1, 2025 and ending December 31, 2025; and

WHEREAS, the President and Board of Trustees of the Village of Mount Prospect have passed and approved Ordinance No. 6789 on April 15, 2025 amending the annual budget for the fiscal year commencing January 1, 2025 and ending December 31, 2025; and

WHEREAS, the President and Board of Trustees of the Village of Mount Prospect have passed and approved Ordinance No. 6794 on July 8, 2025 amending the annual budget for the fiscal year commencing January 1, 2025 and ending December 31, 2025; and

WHEREAS, the President and Board of Trustees of the Village of Mount Prospect have passed and approved Ordinance No. 6810 on October 28, 2025 amending the annual budget for the fiscal year commencing January 1, 2025 and ending December 31, 2025; and

WHEREAS, the President and Board of Trustees of the Village of Mount Prospect have further reviewed certain additions and changes to the aforesaid budget for the fiscal year beginning January 1, 2025, and ending December 31, 2025, and

WHEREAS, the President and Board of Trustees of the Village of Mount Prospect believe the changes, as specified on the attached January 1, 2025, through December 31, 2025, Budget Amendment No. 5 to be in the best interest of the Village of Mount Prospect; and

WHEREAS, the Village has now revised the revenue projections or has reserves in each of the Funds in which the budget is being increased adequate in amount to cover the budget changes reflected in Budget Amendment Number Five, attached hereto.

NOW, THEREFORE BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF MOUNT PROSPECT, COOK COUNTY, ILLINOIS:

SECTION ONE: That the fiscal year budget for January 1, 2025, through December 31, 2025, for the Village of Mount Prospect is hereby amended, as detailed on Budget Amendment No. 5 attached hereto.

SECTION TWO: That this ordinance shall be in full force and effect from and after its passage, approval and publication in pamphlet form as provided by law.

Carryovers from 2025 to 2026
The Village proposes carrying forward $12,599,453 in various capital improvement budget items from 2025 to 2026. This amount represents the approved budget for various capital projects that started in FY 2025, are in progress, and should be concluded in 2026. The proposed budget amendment will reduce the FY 2025 budget by $12,599,453 and increase the FY 2026 budget by the same amount. This budget amendment is a housekeeping item, and staff recommends approval. A complete list of projects with general ledger, fund information, and explanations is attached herewith. There will be one more amendment for the year 2025, recognizing outperforming revenues and a few other items will be presented in April 2025.

2026 Property Acquisitions
Along with the carryover items, staff is proposing two amendments for the property acquisition, and other purposes as below:

General Fund: The Village recently acquired St. Mark's parking lot, gymnasium and parsonage in downtown Mount Prospect for $1,450,000. The transaction was authorized by the Village Board and the acquisition has been completed. This item was not originally budgeted for in 2026. Staff recommends an amendment to the budget, adding $1,450,000 to the 2026 budget for the General Fund.

South Mount Prospect TIF: The Village recently authorized a purchase and sale agreement of 1601 E Algonquin Road. This building is being acquired for the new Community Connection Center. The needs assessment completed by Human Services identified a need for a bigger space. This is one of the high priority items of the Village's strategic plan. The Village is proposing the acquisition of this property using the tax increment financing (TIF) funds from the South Mount Prospect TIF. The Village received $1.8 million in TIF increment for the year 2025, and with available fund balance, the South Mount Prospect TIF has enough funds and cash balance on hand to complete this acquisition. This item was not originally budgeted for in 2026. Staff is recommending an amendment to the budget, adding $2,100,000 to the 2026 budget for the South Mount Prospect TIF Fund.

Vehicle Replacement Fund: There are certain police vehicles purchased in 2024 and 2025, delivered in 2025. The Village had to replace two vehicles off schedule. One was purchased to replace a vehicle that was in an accident and declared totaled in 2025. The second vehicle was an addition to the fleet that was not originally budgeted for 2025. These purchases depleted the funds needed for upfitting of vehicles. The Village needs an additional $108,692 for the upfitting of P-11, P-40, S-31, I-23, P-20, P-18 and I-27.

With carryover items totaling $12,599,453, an additional property acquisition budget of $3,550,000, and a police vehicle unfitting budget of $106,697, the amended 2026 budget will stand at $208,838,285.

Alternatives

1. Waive the two rules requiring two readings of an ordinance and adopt the attached ordinance approving the proposed budget amendments for the fiscal year 2026, increasing the 2026 budget by $16,258,151.
2. Action at the discretion of the Village Board.

Staff Recommendation

Staff recommends waiving the two rules requiring two readings of an ordinance and adopting the attached ordinance approving the proposed budget amendments for the fiscal year 2026, increasing the 2026 budget by $16,258,151.

ORDINANCE NO. _____

AN ORDINANCE MAKING CERTAIN AMENDMENTS TO THE ANNUAL BUDGET ADOPTED FOR THE FISCAL YEAR COMMENCING JANUARY 1, 2026 AND ENDING DECEMBER 31, 2026

PASSED AND APPROVED BY

THE PRESIDENT AND BOARD OF TRUSTEES

the ____ day of _____, 2026

Published in pamphlet form by
authority of the corporate authorities
of the Village of Mount Prospect, Illinois
the ___ day of _____, 2026.

ORDINANCE NO. _____

AN ORDINANCE MAKING CERTAIN AMENDMENTS TO THE ANNUAL BUDGET ADOPTED FOR THE FISCAL YEAR COMMENCING JANUARY 1, 2026 AND ENDING DECEMBER 31, 2026

WHEREAS, the President and Board of Trustees of the Village of Mount Prospect have passed and approved Ordinance No. 2342, which sets the finances of the Village under the "Budget Officer System"; and

WHEREAS, pursuant to the aforesaid Ordinance and the Statutes of the State of Illinois, an annual budget for the fiscal year commencing January 1, 2026, and ending December 31, 2026, was adopted through the passage of Ordinance No. 6814 approved by the Corporate Authorities of the Village of Mount Prospect on November 19, 2025; and

WHEREAS, the President and Board of Trustees of the Village of Mount Prospect have further reviewed certain additions and changes to the aforesaid budget for the fiscal year beginning January 1, 2026, and ending December 31, 2026, and

WHEREAS, the President and Board of Trustees of the Village of Mount Prospect believe the changes, as specified on the attached January 1, 2026, through December 31, 2026, Budget Amendment No. 1 to be in the best interest of the Village of Mount Prospect; and

WHEREAS, the Village has now revised the revenue projections or has reserves in each of the Funds in which the budget is being increased adequate in amount to cover the budget changes reflected in Budget Amendment Number One, attached hereto.

NOW, THEREFORE BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF MOUNT PROSPECT, COOK COUNTY, ILLINOIS:

SECTION ONE: That the fiscal year budget for January 1, 2026, through December 31, 2026, for the Village of Mount Prospect is hereby amended, as detailed on Budget Amendment No. 1 attached hereto.

SECTION TWO: That this ordinance shall be in full force and effect from and after its passage, approval and publication in pamphlet form as provided by law.

Subject	**Motion to waive the Site Construction Fees for Westbrook School (D57) located at 103 S. Busse Road, Mount Prospect, Illinois for an amount not to exceed $63,000.**
Meeting	March 16, 2026 - REGULAR MEETING OF THE MOUNT PROSPECT VILLAGE BOARD
Fiscal Impact (Y/N)	Y
Dollar Amount	$63,000
Budget Source	
Category	CONSENT AGENDA
Type	Action Item

Information

School District 57 is building a two-story, 10,900 SF addition to the east side of the Westbrook School at 103 S Busse Road. The total construction cost is $12.8 million. The addition will provide a new learning resource center (library space), cafeteria, music room, art room, and classrooms. The addition also allows Westbrook School to accommodate full-day kindergarten, which must be provided by the 2027-2028 school year due to a state mandate.

The Village has offered relief from various permit fees for numerous non-profit and governmental agencies historically as an unwritten policy. Requests are submitted for consideration in written form to the Village. The justification for such relief has been that the projects are funded by agencies that are either community-based or supported by Village taxpayers. The typical requester is a non-profit (501 (3) (c)) organization, religious institution, or governmental agency (consisting of other taxing bodies).

Discussion

The only fees applicable to this project are related to Public Works Department inspections and reviews. There are no building permit fees since this is a school project and the building review and inspections are under the jurisdiction of the Illinois State Board of Education (ISBE) through the regional offices of education. There are also no fire inspection or review fees for the same reason as the ISBE will refer to the Office of the Illinois State Fire Marshall.

A typical development or site improvement project may require a public improvement guarantee, a maintenance guarantee, a construction nuisance abatement deposit (refundable), and development review fees, all of which are based on the cost of site construction.

The Site Construction Permit Fee is to mitigate staff time for reviews and inspections related to site work such as potable water, sanitary sewer, stormwater, pavement, and drainage. The Site Construction Fee is $63,000. In this instance, the only applicable inspections are for

stormwater and drainage.

The Construction Nuisance Abatement Deposit is an escrow established to pay for corrective work the project contractor fails to perform. It is 100% refundable if there is no work requiring the Village to hire a contractor to correct. The Construction Nuisance Abatement Deposit is $63,000 (refundable if not used).

There is a $3,440 water meter fee.

Attached is a letter from District 57 requesting a waiver of fees.

Alternatives

1. Approve authorization to waive the Site Construction Fees for an amount not to exceed $63,000.
2. At the discretion of the Village Board.

Staff Recommendation

Staff recommends keeping the Construction Nuisance Abatement Deposit (refundable) and water meter fee, and waiving the Site Construction Fees. It is staff's opinion that granting this request in this instance is in the best interests of the Village.

November 5, 2025

As part of the planning and approval process, we understand that there are fees associated with the construction at Westbrook. On behalf of School District 57, we respectfully request that these fees be waived for the district's upcoming project.

We appreciate your continued partnership and support. Please don't hesitate to reach out if any additional information or clarification is needed.

Thank you for your assistance,

Jason Kaiz
Assistant Superintendent for Finance and Operations
Mount Prospect School District 57

Information

The Melas/Meadows pedestrian bridge is presently slated to be let for public bidding by the Illinois Department of Transportation on April 24, 2026. Construction would commence this summer and reach completion by the end of 2027.

The proposed pedestrian bridge will span Northwest Highway (US 14) and the adjacent Union Pacific Railroad tracks. The pedestrian bridge will be constructed at the northeast corner of Melas Park and connect to the southwest portion of Meadows Park.

Approximately 17,000 vehicles travel Northwest Highway and the Union Pacific Northwest Line experiences 70+ freight and commuter trains on a daily basis. The closest pedestrian crossing to the project location is approximately 2/3 of a mile away at Central Road. This limitation discourages residents from biking and walking in Mount Prospect and surrounding communities. The proposed pedestrian bridge will improve safety for those wanting to visit the parks as well as other local and regional destinations. It will also provide a key link to the existing bikeway system and expand opportunities for alternative modes of transportation in Mount Prospect.

The Village completed a Phase I Preliminary Engineering Study in August 2022. It was approved by IDOT and UP, identifying the pedestrian bridge as the best solution to address safety concerns and promote alternative modes of transportation.

The Village completed Phase II Design Engineering in November 2025. Construction plans and project specifications were approved by IDOT and UP. Notably, the bridge deck will be above

both IDOT's and UP's rights-of-way with the piers and ramps entirely outside both properties.

The prefabricated steel truss bridge is 15' wide on its outer dimension and 12' wide in its usable decking between protective railings on each side. The span is 206' long and will span the entire width of UP's property (tracks) and US 14 – Northwest Highway. There are 500' long ramps on either side of the bridge deck, transitioning to a path network in Melas Park and a sidewalk in Meadows Park. No portion of the piers or ramps will be on IDOT or UP property and access to UP property during construction will only be necessary when setting the bridge deck. The project will be fully ADA compliant and include lighting and landscaping, none of which will be on IDOT or UP property.

The UP Northwest Line currently has three tracks. Vertical clearance from a potential future fourth track will be 23' – 6" from the top of the rails. Vertical clearance from the existing three tracks will be higher. Horizontal clearance from the closest pier to the center of a potential future fourth track will be 28' – 6". Horizontal clearance from the closet pier to the center of the closest existing track will be 48' – 6". The vertical and horizontal clearances satisfy IDOT design standards, the Illinois Commerce Commission's minimum clearances (92 Ill. Adm. Code 1500.160 and 1500.170) as well as UP's internal standards.

Phase III Construction is estimated at a cost of $8,763,336.00. The project would be funded using federal, state and local funds. Phase III Construction Engineering is estimated at a cost of $856,458.00 and will also utilize federal, state and local funds. The table below depicts current anticipated costs and funding sources.

Phase	**Estimated Cost**	**GCPF**	**ITEP**	**STP**	**Mount Prospect**
Construction	$8,763,336.00	$2,764,422.00	$2,440,124.00	$2,033,824.00	$1,524,966.00
Construction Engineering	$856,458.00	$235,578.00	$496,704.00	$0.00	$124,176.00
TOTAL	$9,619,794.00	$3,000,000.00	$2,936,828.00	$2,033,824.00	$1,649,142.00

GCPF: Grade Crossing Protection Fund. State funding is sourced from motor fuel taxes and administered by the Illinois Commerce Commission.

ITEP: Illinois Transportation Enhancement Program. Federal and State funding administered by IDOT. Competitive grant. Federal funds are sourced from the Surface Transportation Block Grant and the Transportation Alternatives Set-Aside. State funds are sourced from the Illinois Road Fund.

STP: Surface Transportation Program. Federal funding sourced from the Highway Trust Fund and administered by IDOT.

Due to the use of federal and state funds, Illinois law (the Illinois Public Contract Fraud Act) requires the Village to acquire a permanent easement for the portion of the bridge that spans the UP right-of-way.

Please find an attached copy of the easement deed that grants the requisite permanent easement on the UP right-of-way to the Village. Attached is a plat of highway that depicts the easement area. The cost of this permanent easement is $75,990 payable by check upon execution of the deed.

A pedestrian bridge crossing agreement between UP and the Village that describes the terms, conditions, and procedures UP requires for the Village to access their right-of-way to construct the bridge is attached. Except for subject matter, these provisions are usual and customary for any work in the UP right-of-way. The Union Pacific Railroad has estimated the cost it might incur performing work to facilitate construction of the bridge in a document attached to the agreement entitled "Railroad's Material and Force Account Estimate." The UP estimates that force account work in the total amount of $95,000 could be incurred during the course of the project. All force account work will be billed as incurred. There is no lump sum payment.

To comply with an IDOT deadline of March 11, 2026, to certify that sufficient rights have been acquired in land necessary to construct and operate the bridge, Mayor Hoefert signed the pedestrian bridge agreement on March 9 and the easement deed on March 10 following informal polling of the Village Board.

Staff now seeks to retroactively and formally ratify the Village Board's informal direction to execute these documents. Attached is a local ordinance for this purpose.

Discussion

Not applicable.

Alternatives

1. Approve an ordinance authorizing the mayor to sign an easement deed and pedestrian bridge agreement with Union Pacific Railroad necessary for the construction of the Melas/Meadows pedestrian bridge.
2. Action at the discretion of the Village Board.

Staff Recommendation

Staff recommends that the Village Board pass an ordinance authorizing the mayor to sign a deed granting an easement to the Village from the Union Pacific Railroad Company and to sign a pedestrian bridge agreement between the Village and the Union Pacific Railroad, all for the purpose of facilitating construction, operation, and maintenance of the Melas/Meadows bridge.

EASEMENT DEED

This EASEMENT DEED (the "Easement Deed") is made this 10th day of March, 2026, between **UNION PACIFIC RAILROAD COMPANY**, a Delaware corporation, ("Grantor"), and **VILLAGE OF MOUNT PROSPECT**, an Illinois municipal corporation ("Grantee"), whose address is 50 Emerson Street, Mount Prospect, Illinois 60056.

Grantor, for and in consideration of the sum of (Seventy Five Thousand Nine Hundred Ninety and 00/100 Dollars ($75,990.00) and other valuable consideration, to it paid by Grantee, the receipt of which is hereby confessed and acknowledged, grants to Grantee, its successors and assigns, a NON-EXCLUSIVE PERMANENT EASEMENT (the "Easement"), for the sole purpose of constructing, operating, and maintaining a non-vehicular public grade-separated pedestrian overpass ("Pedestrian Overpass"), including all other structures and appurtenances necessary or convenient to operating, constructing, maintaining, inspecting, repairing and/or replacing the pedestrian overpass, on, over and across the property at or near Grantor's Mile Post 20.80 (DOT No. 975564C) on Grantor's Harvard Subdivision in Mount Prospect, Cook County, Illinois, described in Exhibit A, attached and by reference made a part hereof ("Easement Area"), pursuant to the Illinois Highway Code as may be amended from time to time.

The Easement is granted for the purpose described above only. Without limitation of the foregoing, this grant does not include the right to install utilities of any nature, including, without limitation, fiber optic, cable television, electrical, gas or liquid distribution, or telephone lines.

Grantee's use of the Easement granted herein shall conform with Division 100 "General Requirements and Covenants" as set forth in IDOT's Standard Specifications for Road and Bridge Construction adopted January 1, 2022, as amended from time to time ("Sections"). If an amended version of any of the Sections are amended in a manner, which results in the requirements contained in any one or more Sections being limited or eliminated, then at a minimum, the Section, in its form as adopted on January 1, 2022, shall govern. Except as may be provided in the Illinois Highway Code, third-party use of this Easement by permit or otherwise shall be subject to the Grantor's approval, which will not be unreasonably withheld.

Grantor, its successors and assigns, reserve the right to construct at any and all times and to maintain railroad tracks and appurtenances, fiber optic or signal lines and facilities, pipe, telephone, and electric poles and wire lines, over, under and across the Easement Area, but in such a way as to not unreasonably interfere with Grantee's use of the Easement; it being understood that the rights so reserved by Grantor, its successors and assigns, are retained along with the general right of Grantor, its successors and assigns, to use of the Easement Area for any purpose not inconsistent with Grantee's use of the Easement, including, but not limited to any and all general railroad purposes.

The Easement is granted subject to all outstanding leases, licenses and other outstanding rights, including, without limitation, those for pipe, telephone, electric and fiber optic lines and the right of renewals and extensions of the same, and subject also to all conditions, limitations, restrictions, encumbrances, reservations or interests of any person that may affect the Easement Area, whether recorded or unrecorded.

The Easement is also limited to such rights as Grantor may have in the Easement Area and is granted without warranty, express or implied. No damages shall be recoverable from Grantor because of any dispossession of Grantee or because of failure of, or defect in, Grantor's title.

Grantee shall construct, maintain and repair the Pedestrian Overpass in good condition and repair so that no damage will result from its use to the adjacent land of Grantor or third party, its successors and assigns. Grantee shall also construct, maintain and repair the Pedestrian Overpass in such manner not to cause any interference with Grantor's tracks and appurtenances or rail operations, or the facilities or access rights of utility companies or other occupants of the Easement Area.

If Grantee, its successors or assigns, abandons the Easement Area or any portion of the Easement Area, for the purposes of the Easement, the Easement will cease and terminate with respect to the portion of the Easement Area so abandoned, and the title to the Easement Area will be freed from the burden of the Easement. Nonuse of the Easement Area or any portion thereof, for the purposes of the Easement for the period of one (1) year will be deemed an abandonment of the Easement Area or portion thereof not used.

Grantor, without limiting the interest above granted and conveyed, acknowledges that upon payment of the agreed consideration, all claims arising out of the above acquisition have been settled, including without limitation, any diminution in value to any remaining property of Grantor caused by opening, improving, and using the Easement for Pedestrian Overpass purposes. This acknowledgment does not waive any claims, including but not limited to trespass or negligence, against Grantee or Grantee's agents which may cause damage to Grantor's remaining property.

This grant shall constitute a covenant which runs with the land and shall be binding upon the legal representatives, successors or assigns of Grantor.

Grantor and Grantee have caused this Easement Deed to be executed as of the date first herein written.

Exhibit A

ROUTE: US-14 (NORTHWEST HWY.)
(FAU 3512)
SECTION: 21-00174-00BR
COUNTY: COOK
CONTRACT NO.: 61M15
PARCEL NUMBER: 0001-PE
STA.: 7+27.19 LT. TO 8+42.91 LT.
PIN: 03-33-500-001

That part of the right of way of the former Chicago and Northwestern Railroad Company, running in a general Northwesterly / Southeasterly direction, across the Northwest Quarter of the Southeast Quarter of Section 33, Township 42 North, Range 11 East of the Third Principal Meridian, Cook County, Illinois, with bearings and distances based on the Illinois State Plane Coordinate System, East Zone, NAD83 (2011 Adjustment), with a combined factor of (to be added), described as follows:

Commencing at a 4-inch disk marked "SANITARYDISTOFCHICAGO" marking the intersection of the Northeast Corner of Lot "A" in Kirchoff's Subdivision recorded May 22, 1917 in Cook County as document No. 6117296, with the Southwesterly right of way line of the Union Pacific Railroad, formerly Chicago and Northwestern Railroad Company, thence South 59 degrees 19 minutes 16 seconds East, along said Southwesterly railroad right of way line, 123.71 feet to the Point of Beginning of the centerline of an easement being 7.6 feet in width on either side of said centerline and 15.2 feet' wide in total; thence North 31 degrees 0 minutes 39 seconds East, 116 feet to the Northeasterly right of way line of said Union Pacific Railroad and Point of Termination of said easement; situated in Cook County, Illinois.

Said permanent easement containing 0.040 acres or 1,759 square feet, more or less.

Receipt of Conveyance Documents and Disbursement Statement

Owner Union Pacific Railroad Company
which acquired title as the Chicago and North Western Railway Company
Parcel No. 0001PE

The Village of Mount Prospect, a municipal corporation, (Grantee), acknowledges receipt of the following signed conveyance documents:

(Check all that apply.)

- ☐ Warranty Deed
- ☒ Permanent Easement covering 0.040 acres
- ☐ Temporary Construction Easement

all located in Cook County, Illinois as right of way for FAU 3512 US-14 (Northwest Highway), Section 21-00174-00-BR, dated 3/10/26, executed by the undersigned Grantor.

Grantor and Grantee agree as follows:

1. The payment by Grantee of the sum of Seventy-Five Thousand Nine Hundred Ninety and 00/100's Dollars ($75,990.00) to Grantor as total consideration for the conveyance document(s) indicated above is subject to Grantee's approval of title and documentation.

2. All improvements located, wholly or partially, on the parcel(s) being conveyed shall become the property of Grantee, unless provided as follows:

3. Possession and transfer of title to Grantee occurs when the above stated consideration is delivered to Grantor, in person, by mail, to the Grantor, or by electronic fund transfer from the Title Insurance Company. Grantor shall have the sole responsibility and obligation to protect, preserve and maintain the parcel and improvements thereon until delivery of possession to Grantee.

4. Grantor directs Grantee to disburse the above stated consideration as follows:

Name*	TIN/FEIN/SSN	Address	Amount
Union Pacific Railroad Company		1400 Douglas Street Omaha, NE 68179	$75,990.00

* If multiple names on the same warrant, list first and circle the name of the person or entity whose TIN/FEIN/SSN is entered above. If lien holder is to be paid by warrant, use Grantor's TIN or SSN with their name listed first and lien holder second. The first payee must match the TIN used.

** Attach a current W-9 form for each TIN/FEIN/SSN.

5. **NON-FOREIGN CERTIFICATION – FIRPTA.** Section 1445 of the Internal Revenue Code provides that a transferee (buyer) of a U.S. real property interest must withhold tax if the transferor is a foreign person. For purposes of this paragraph, "Transferee" shall mean "Grantee" and "Transferor" shall mean "Grantor". To inform the Grantee that withholding of tax is not required upon the disposition of a U.S. real property interest by Grantor, the Grantor hereby certifies the following:

a. Transferor is the owner of the real property being conveyed;
b. Transferor is not a foreign person, entity, or disregarded entity (as such terms are defined in the Internal Revenue Code and Income Tax Regulations); and
c. Transferor's U.S. Taxpayer Identification Number and address set forth above are true and correct.

Transferor understands that this certification may be disclosed to the Internal Revenue Service by Transferee and that any false statement contained herein could be punished by fine, imprisonment or both.

PEDESTRIAN BRIDGE CROSSING AGREEMENT

DOT No. 975564C
Railroad Mile Post 20.80 – Harvard Subdivision
Mount Prospect, Cook County, Illinois

THIS AGREEMENT ("Agreement") is made and entered into as of the ____ day of _____, 20____ ("Effective Date"), by and between **UNION PACIFIC RAILROAD COMPANY**, a Delaware corporation, to be addressed at Real Estate Department, 1400 Douglas Street, Mail Stop 1690, Omaha, Nebraska 68179-1690 (”Railroad") and **VILLAGE OF MOUNT PROSPECT**, a municipal corporation or political subdivision of the State of Illinois to be addressed at 50 Emerson Street, Mount Prospect, Illinois 60056 ("Licensee").

RECITALS:

The Licensee desires to undertake as its project (the “Project”) the construction of the new overhead bridge pedestrian crossing, (DOT No. 975564C), on, along, across and over Railroad’s property and trackage at Railroad’s Mile Post 20.80 on the Railroad’s Harvard Subdivision at or near Mount Prospect, Cook County, Illinois (the “Crossing Area”). The Crossing Area is shown on the Railroad’s Location Print marked **Exhibit A** and specified in the Licensee’s Type, Size and Location Prints of the structure marked **Exhibit A-1**, with each exhibit being attached hereto and hereby made a part hereof. The portion of the structure located within the Crossing Area is the "Bridge".

The Railroad and the Licensee are entering into this Agreement to cover the above.

AGREEMENT:

NOW, THEREFORE, it is mutually agreed by and between the parties hereto as follows:

ARTICLE 1. EXHIBIT B

The General Terms and Conditions marked **Exhibit B,** are attached hereto and hereby made a part hereof.

ARTICLE 2 - RAILROAD GRANTS RIGHT

Upon completion of the execution of this Agreement and Railroad’s receipt from Licensee of **Seventy Five Thousand Nine Hundred Ninety Dollars ($75,990.00),** the Railroad shall execute and deliver to the Licensee a limited non-exclusive aerial easement in the Easement Deed

marked **Exhibit F**, attached hereto and hereby made a part hereof, for the property described and shown on **Exhibits A** and **A-2**.

ARTICLE 3. PLANS

A. The Licensee, at its expense, shall prepare, or cause to be prepared by others, the detailed plans and specifications for the Project and submit such plans and specifications to the Railroad's Assistant Vice President Engineering-Design, or his authorized representative, for prior review and approval. The plans and specifications shall include all Bridge layout specifications, cross sections and elevations, associated drainage, and other appurtenances.

B. The final one hundred percent (100%) completed plans that are approved in writing by the Railroad's Assistant Vice President Engineering-Design, or his authorized representative, are hereinafter referred to as the "Plans". The Plans are hereby made a part of this Agreement by reference.

C. No changes in the Plans shall be made unless the Railroad has consented to such changes in writing.

D. The Railroad's review and approval of the Plans will in no way relieve the Licensee or the Contractor from their responsibilities, obligations and/or liabilities under this Agreement, and will be given with the understanding that the Railroad makes no representations or warranty as to the validity, accuracy, legal compliance or completeness of the Plans and that any reliance by the Licensee or Contractor on the Plans is at the risk of the Licensee and Contractor.

ARTICLE 4. NON-RAILROAD IMPROVEMENTS

A. Submittal of plans and specifications for protecting, encasing, reinforcing, relocation, replacing, removing and abandoning in place all non-railroad owned facilities (the "Non-Railroad Facilities") affected by the Project including, without limitation, utilities, fiber optics, pipelines, wirelines, communication lines and fences is required under Article 3. The Non-Railroad Facilities plans and specifications shall comply with Railroad's standard specifications and requirements, including, without limitation, American Railway Engineering and Maintenance-of-Way Association ("AREMA") standards and guidelines. Railroad has no obligation to supply additional land for any Non-Railroad Facilities and does not waive its right to assert preemption defenses, challenge the right-to-take, or pursue compensation in any condemnation action, regardless if the submitted Non-Railroad Facilities plans and specifications comply with Railroad's standard specifications and requirements. Railroad has no obligation to permit any Non-Railroad Facilities to be abandoned in place or relocated on Railroad's property.

B. Upon Railroad's approval of submitted Non-Railroad Facilities plans and specifications, Railroad will attempt to incorporate them into new agreements or supplements of existing agreements with Non-Railroad Facilities owners or operators. Railroad may use its standard terms and conditions, including, without limitation, its standard license fee and administrative charges when requiring supplements or new agreements for Non-Railroad Facilities. Non-

Railroad Facilities work shall not commence before a supplement or new agreement has been fully executed by Railroad and the Non-Railroad Facilities owner or operator, or before Railroad and Licensee mutually agree in writing to (i) deem the approved Non-Railroad Facilities plans and specifications to be Plans pursuant to Article 3B, (ii) deem the Non-Railroad Facilities part of the Bridge, and (iii) supplement this Agreement with terms and conditions covering the Non-Railroad Facilities.

ARTICLE 5. RAILROAD'S MINIMUM COORDINATION REQUIREMENTS

The Licensee, at its expense, shall ensure that the Contractor complies with all of the terms and conditions contained in the Railroad's Minimum Coordination Requirements that are described in **Exhibit D**, attached hereto and hereby made a part hereof, and other special guidelines and/or requirements that the Railroad may provide to the Licensee for this Project.

ARTICLE 6. DEFINITION OF CONTRACTOR

For purposes of this Agreement the term "Contractor" shall mean the contractor or contractors hired by the Licensee to perform any Project work on any portion of the Railroad's property and shall also include the Contractor's subcontractors and the Contractor's and subcontractor's respective employees, officers and agents, and others acting under its or their authority.

ARTICLE 7. CONTRACTOR'S RIGHT OF ENTRY AGREEMENT - INSURANCE

A. Prior to Contractor performing any work within the Crossing Area and any subsequent maintenance and repair work, the Licensee shall require the Contractor to:

- execute the Railroad's then current Contractor's Right of Entry Agreement;
- obtain the then current insurance required in the Contractor's Right of Entry Agreement; and
- provide such insurance policies, certificates, binders and/or endorsements to the Railroad.

B. The Railroad's current Contractor's Right of Entry Agreement is marked **Exhibit E**, attached hereto and hereby made a part hereof. The Licensee confirms that it will inform its Contractor that it is required to execute such form of agreement and obtain the required insurance before commencing any work on any Railroad property. Under no circumstances will the Contractor be allowed on the Railroad's property without first executing the Railroad's Contractor's Right of Entry Agreement and obtaining the insurance set forth therein and also providing to the Railroad the insurance policies, binders, certificates and/or endorsements described therein.

C. All insurance correspondence, binders, policies, certificates and/or endorsements shall be sent to:

Manager - Contracts
Union Pacific Railroad Company

Real Estate Department
1400 Douglas Street, Mail Stop 1690
Omaha, NE 68179-1690
UPRR Project No. 0771584

D. If the Licensee's own employees will be performing any of the Project work, the Licensee may self-insure all or a portion of the insurance coverage subject to the Railroad's prior review and approval.

ARTICLE 8. FEDERAL AID POLICY GUIDE

If the Licensee will be receiving any federal funding for the Project, the current rules, regulations and provisions of the Federal Aid Policy Guide as contained in 23 CFR 140, Subpart I and 23 CFR 646, Subparts A and B are incorporated into this Agreement by reference.

ARTICLE 9. NO PROJECT EXPENSES TO BE BORNE BY RAILROAD

The Licensee agrees that no Project costs and expenses are to be borne by the Railroad. In addition, the Railroad is not required to contribute any funding for the Project.

ARTICLE 10. WORK TO BE PERFORMED BY RAILROAD; BILLING SENT TO LICENSEE; LICENSEE'S PAYMENT OF BILLS

A. The work to be performed by the Railroad, at the Licensee's sole cost and expense, is described in the Railroad's Material and Force Account Estimate dated September 17, 2025, marked **Exhibit C**, attached hereto and hereby made a part hereof (the "Estimate"). As set forth in the Estimate, the Railroad's estimated cost for the Railroad's work associated with the Project is **Ninety Five Thousand Dollars $95,000.00**.

B. The Railroad, if it so elects, may recalculate and update the Estimate submitted to the Licensee in the event the Licensee does not commence construction on the portion of the Project located on the Railroad's property within six (6) months from the date of the Estimate.

C. The Licensee acknowledges that the Estimate may not include any estimate of flagging or other protective service costs that are to be paid by the Licensee or the Contractor in connection with flagging or other protective services provided by the Railroad in connection with the Project. All of such costs incurred by the Railroad are to be paid by the Licensee or the Contractor as determined by the Railroad and the Licensee. If it is determined that the Railroad will be billing the Contractor directly for such costs, the Licensee agrees that it will pay the Railroad for any flagging costs that have not been paid by any Contractor within thirty (30) days of the Contractor's receipt of billing.

D. The Licensee agrees to reimburse the Railroad within thirty (30) days of its receipt of billing from the Railroad for one hundred percent (100%) of all actual costs incurred by the Railroad in connection with the Project including, but not limited to, all actual costs of engineering review (including preliminary engineering review costs incurred by Railroad prior to the

Effective Date of this Agreement), construction, inspection, flagging (unless flagging costs are to be billed directly to the Contractor), procurement of materials, equipment rental, manpower and deliveries to the job site and all direct and indirect overhead labor/construction costs including Railroad's standard additive rates.

ARTICLE 11. SPECIAL PROVISIONS PERTAINING TO AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009

If the Licensee will be receiving American Recovery and Reinvestment Act ("ARRA") funding for the Project, the Licensee agrees that it is responsible in performing and completing all ARRA reporting documents for the Project. The Licensee confirms and acknowledges that Section 1512 of the ARRA provisions applies only to a "recipient" receiving ARRA funding directing from the federal government and, therefore, (i) the ARRA reporting requirements are the responsibility of the Licensee and not of the Railroad, and (ii) the Licensee shall not delegate any ARRA reporting responsibilities to the Railroad. The Licensee also confirms and acknowledges that (i) the Railroad shall provide to the Licensee the Railroad's standard and customary billing for expenses incurred by the Railroad for the Project including the Railroad's standard and customary documentation to support such billing, and (ii) such standard and customary billing and documentation from the Railroad provides the information needed by the Licensee to perform and complete the ARRA reporting documents. The Railroad confirms that the Licensee and the Federal Highway Administration shall have the right to audit the Railroad's billing and documentation for the Project as provided in **Exhibit B** of this Agreement.

ARTICLE 12. LIABILITY.

To the extent permitted by Illinois law, Licensee shall save, protect, defend, indemnify and hold harmless Railroad, and its respective affiliates, and their respective officers, agents and employees, against and from any and all liability, loss, damages, claims, demands, costs and expenses, fines and penalties of whatsoever nature, including court costs and attorney's fees, arising from and growing out of any injury or death of persons whomsoever (including officers, agents and employees of Railroad or the Licensee and of any contractor as well as other persons) or loss of or damage to property whatsoever (including property of or in the custody of Railroad, the Licensee or any contractor as well as other property). Licensee's obligation to indemnify shall accrue when such injury, death, loss or damage occurs or arises from the presence or use of the Bridge, or a breach of this Agreement.

ARTICLE 13. EFFECTIVE DATE; TERM; TERMINATION IF PROJECT DOES NOT COMMENCE

A. This Agreement is effective as of the Effective Date first herein written and shall continue in full force and effect for as long as the Bridge remains on the Railroad’s property.

B. The Railroad, if it so elects, may terminate this Agreement effective upon delivery of written notice to the Licensee in the event the Licensee does not commence construction on the portion of the Project located on the Railroad’s property within twelve (12) months from the Effective Date.

C. If the Agreement is terminated as provided above, or for any other reason, the Licensee shall pay to the Railroad all actual costs incurred by the Railroad in connection with the Project up to the date of termination, including, without limitation, all actual costs incurred by the Railroad in connection with reviewing any preliminary or final Project Plans.

ARTICLE 14. ABANDONMENT.

If Licensee, its successors and assigns, shall abandon the Bridge, or any portion thereof, for the purpose set forth herein for a continuous period of twelve (12) months, then this Agreement and the rights granted herein shall cease automatically and terminate with respect to the portion of the Bridge so abandoned.

ARTICLE 15. TERMINATION; WAIVER OF BREACH; TERM.

A. Railroad may terminate this Agreement by giving Licensee notice of termination if Licensee defaults under any obligation of Licensee under this license and, if after written notice is given by Railroad to Licensee specifying the default, Licensee fails either to immediately begin to cure the default, or to complete the cure expeditiously but in any event within thirty (30) days after the default notice is given. A waiver by Railroad of a breach of Licensee of any covenant or condition of this Agreement shall not impair the right of Railroad to avail itself of any subsequent breach thereof. If the Licensee shall fail, refuse or neglect to perform and abide by the terms of this Agreement, the Railroad, in addition to any other rights and remedies, may perform any work which in the judgment of the Railroad is necessary to place the Bridge and appurtenances is such condition as will not menace, endanger or interfere with the Railroad's facilities or operations or jeopardize the Railroad employees; and the Licensee will reimburse the Railroad for the expenses thereof.

B. Railroad may also terminate this Agreement by giving written notice to Licensee if safety and operational needs of Railroad are materially affected or impaired by Licensee's use of the Bridge, and Railroad and Licensee cannot come to any mutual agreement or understanding as to how Licensee, at Licensee's sole cost and expense, will eliminate such material effect or impairment.

C. This Agreement and the license and permission herein granted shall be effective as of the date first herein written, and shall remain in full force and effect until terminated as herein provided, or until the Bridge is abandoned as set forth in Article 16 below.

D. The Licensee will surrender peaceable possession of the Crossing Area upon termination of this Agreement. Termination of this Agreement shall not affect any rights, obligations or liabilities of the parties, accrued or otherwise, which may have arisen prior to termination.

ARTICLE 16. REMOVAL OF BRIDGE UPON TERMINATION OR ABANDONMENT

Within ninety (90) days after termination of this Agreement or Licensee's abandonment of the Bridge, the Licensee, at its sole cost and expense, shall remove all of the Bridge and its

improvements from the Railroad's right-of-way and restore the Property and such right-of-way to its original condition, failing in which Railroad may perform such activities at the expense of Licensee.

ARTICLE 17. FUTURE PROJECTS

Future projects involving substantial maintenance, repair, reconstruction, renewal and/or demolition of the Bridge shall not commence until Railroad and Licensee agree on the plans for such future projects, cost allocations, right of entry terms and conditions and temporary construction rights, terms and conditions.

ARTICLE 18. ASSIGNMENT; SUCCESSORS AND ASSIGNS

A. Licensee shall not assign this Agreement without the prior written consent of Railroad.

B. Subject to the provisions of Paragraph A above, this Agreement shall inure to the benefit of and be binding upon the successors and assigns of Railroad and Licensee.

ARTICLE 19. CONDITIONS TO BE MET BEFORE LICENSEE CAN COMMENCE WORK

Neither the Licensee nor the Contractor may commence any work within the Crossing Area or on any other Railroad property until:

(i) The Railroad and the Licensee have executed this Agreement.
(ii) The Railroad has provided to the Licensee the Railroad's written approval of the Plans.
(iii) Each Contractor has executed Railroad's Contractor's Right of Entry Agreement and has obtained and/or provided to the Railroad the insurance policies, certificates, binders, and/or endorsements required under the Contractor's Right of Entry Agreement.
(iv) Each Contractor has given the advance notice(s) required under the Contractor's Right of Entry Agreement to the Railroad Representative named in the Contractor's Right of Entry Agreement.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed as of the Effective Date first herein written.

General Terms and Conditions

EXHIBIT B

TO PEDESTRIAN BRIDGE CROSSING AGREEMENT

GENERAL TERMS AND CONDITIONS

SECTION 1 - CONDITIONS AND COVENANTS

A. The Railroad makes no covenant or warranty of title for quiet possession or against encumbrances. The Licensee shall not use or permit use of the Crossing Area for any purposes other than those described in this Agreement. Without limiting the foregoing, the Licensee shall not use or permit use of the Crossing Area for railroad purposes, or for gas, oil or gasoline pipe lines. Any lines constructed on the Railroad's property by or under authority of the Licensee for the purpose of conveying electric power or communications incidental to the Licensee's use of the property for highway purposes shall be constructed in accordance with specifications and requirements of the Railroad, and in such manner as not adversely to affect communication or signal lines of the Railroad or its licensees now or hereafter located upon said property. No nonparty shall be admitted by the Licensee to use or occupy any part of the Railroad's property without the Railroad's written consent. Nothing herein shall obligate the Railroad to give such consent.

B. The right hereby granted is subject to any existing encumbrances and rights (whether public or private), recorded or unrecorded, and also to any renewals thereof. The Licensee shall not damage, destroy or interfere with the property or rights of nonparties in, upon or relating to the Railroad's property, unless the Licensee at its own expense settles with and obtains releases from such nonparties.

C. The Railroad reserves the right to use and to grant to others the right to use the Crossing Area for any purpose not inconsistent with the right hereby granted, including, but not by way of limitation, the right to construct, reconstruct, maintain, operate, repair, alter, renew and replace tracks, facilities and appurtenances on the property and the right to cross the Crossing Area with all kinds of equipment. The Railroad further reserves the right to attach signal, communication or power lines to the Bridge, provided that such attachments shall comply with Licensee's specifications and will not interfere with the Licensee's use of the Crossing Area.

D. So far as it lawfully may do so, the Licensee will assume, bear and pay all taxes and assessments of whatsoever nature or kind (whether general, local or special) levied or assessed upon or against the Bridge.

E. If any property or rights other than the right hereby granted are necessary for the construction, maintenance and use of the Bridge and its appurtenances, or for the performance of any work in connection with the Project, the Licensee will acquire all such other property and rights at its own expense and without expense to the Railroad.

SECTION 2 - CONSTRUCTION OF BRIDGE

A. The Licensee, at its expense, will apply for and obtain all public authority required by law, ordinance, rule or regulation for the Project, and will furnish the Railroad upon request with satisfactory evidence that such authority has been obtained.

B. Except as may be otherwise specifically provided herein, the Licensee, at its expense, will furnish all necessary labor, material and equipment, and shall construct and complete the Bridge and all appurtenances thereof. The appurtenances shall include, without limitation, all necessary and proper drainage facilities, guard rails or barriers, and right of way fences as designated by the Railroad. Upon completion of the Project, the Licensee shall remove from the Railroad's property all temporary structures and false work, and will leave the Crossing Area in a condition satisfactory to the Railroad.

C. All construction work of the Licensee upon the Railroad's property (including, but not limited to, construction of the Bridge and all appurtenances and all related and incidental work) shall be performed and completed in a manner satisfactory to the Assistant Vice President Engineering-Design of the Railroad or his authorized representative and in compliance with the Plans, the Railroad's Minimum Coordination Requirements set forth in **Exhibit C** and other guidelines furnished by the Railroad.

D. All construction work of the Licensee shall be performed diligently and completed within a reasonable time. No part of the Project shall be suspended, discontinued or unduly delayed without the Railroad's written consent, and subject to such reasonable conditions as the Railroad may specify. It is understood that the Railroad's tracks at and in the vicinity of the work will be in constant or frequent use during progress of the work and that movement or stoppage of trains, engines or cars may cause delays in the work of the Licensee. The Licensee hereby assumes the risk of any such delays and agrees that no claims for damages on account of any delay shall be made against the Railroad by the Licensee and/or the Contractor.

SECTION 3 - INJURY AND DAMAGE TO PROPERTY

If the Licensee, in the performance of any work contemplated by this Agreement or by the failure to do or perform anything for which the Licensee is responsible under the provisions of this Agreement, shall injure, damage or destroy any property of the Railroad or of any other person lawfully occupying or using the property of the Railroad, such property shall be replaced or repaired by the Licensee at the Licensee's own expense, or by the Railroad at the expense of the Licensee, and to the satisfaction of the Railroad's Assistant Vice President Engineering-Design.

SECTION 4 - RAILROAD MAY USE CONTRACTORS TO PERFORM WORK

The Railroad may contract for the performance of any of its work by other than railroad forces. The Railroad shall notify the Licensee of the contract price within ninety (90) days after it is awarded. Unless the Railroad's work is to be performed on a fixed price basis, the Licensee shall reimburse the Railroad for the amount of the contract.

SECTION 5 - MAINTENANCE AND REPAIRS

A. The Licensee, at its expense, shall maintain, repair and renew, or cause to be maintained, repaired and renewed, the entire Bridge, including, but not limited to, the superstructure, substructure, piers, abutments, walls, approaches and all backfill, grading and drainage required by reason of the Bridge, as well as all graffiti removal or over-painting involving the Bridge.

B. The Railroad, at its expense, will maintain, repair and renew, or cause to be maintained, repaired and renewed, the rails, ties, ballast and communication and signal facilities owned by the Railroad beneath the Bridge.

SECTION 6 - SAFETY MEASURES; PROTECTION OF RAILROAD COMPANY OPERATIONS

It is understood and recognized that safety and continuity of the Railroad's operations and communications are of the utmost importance; and in order that the same may be adequately safeguarded, protected and assured, and in order that accidents may be prevented and avoided, it is agreed with respect to all of said work of the Licensee that the work will be performed in a safe manner and in conformity with the following standards:

A. **Definitions**. All references in this Agreement to the Licensee shall also include the Contractor and their respective officers, agents and employees, and others acting under its or their authority; and all references in this Agreement to work of the Licensee shall include work both within and outside of the Railroad's property.

B. **Entry on to Railroad's Property by Licensee**. If the Licensee's employees need to enter Railroad's property in order to perform an inspection of the Bridge, minor maintenance or other activities, the Licensee shall first provide at least ten (10) working days advance notice to the Railroad Representative. With respect to such entry on to Railroad's property, the Licensee, to the extent permitted by law, agrees to release, defend and indemnify the Railroad from and against any loss, damage, injury, liability, claim, cost or expense incurred by any person including, without limitation, the Licensee's employees, or damage to any property or equipment (collectively the "Loss") that arises from the presence or activities of Licensee's employees on Railroad's property, except to the extent that any Loss is caused by the sole direct negligence of Railroad.

C. **Flagging**.

(i) If the Licensee's employees need to enter Railroad's property as provided in Paragraph B above, the Licensee agrees to notify the Railroad Representative at least thirty (30) working days in advance of proposed performance of any work by Licensee in which any person or equipment will be within twenty-five (25) feet of any track, or will be

near enough to any track that any equipment extension (such as, but not limited to, a crane boom) will reach to within twenty-five (25) feet of any track. No work of any kind shall be performed, and no person, equipment, machinery, tool(s), material(s), vehicle(s), or thing(s) shall be located, operated, placed, or stored within twenty-five (25) feet of any of Railroad's track(s) at any time, for any reason, unless and until a Railroad flagman is provided to watch for trains. Upon receipt of such thirty (30) day notice, the Railroad Representative will determine and inform Licensee whether a flagman need be present and whether Licensee needs to implement any special protective or safety measures. If flagging or other special protective or safety measures are performed by Railroad, Railroad will bill Licensee for such expenses incurred by Railroad. If Railroad performs any flagging, or other special protective or safety measures are performed by Railroad, Licensee agrees that Licensee is not relieved of any of its responsibilities or liabilities set forth in this Agreement.

(ii) The rate of pay per hour for each flagman will be the prevailing hourly rate in effect for an eight-hour day for the class of flagmen used during regularly assigned hours and overtime in accordance with Labor Agreements and Schedules in effect at the time the work is performed. In addition to the cost of such labor, a composite charge for vacation, holiday, health and welfare, supplemental sickness, Railroad Retirement and unemployment compensation, supplemental pension, Employees Liability and Property Damage and Administration will be included, computed on actual payroll. The composite charge will be the prevailing composite charge in effect at the time the work is performed. One and one-half times the current hourly rate is paid for overtime, Saturdays and Sundays, and two and one-half times current hourly rate for holidays. Wage rates are subject to change, at any time, by law or by agreement between Railroad and its employees, and may be retroactive as a result of negotiations or a ruling of an authorized governmental agency. Additional charges on labor are also subject to change. If the wage rate or additional charges are changed, Licensee shall pay on the basis of the new rates and charges.

(iii) Reimbursement to Railroad will be required covering the full eight-hour day during which any flagman is furnished, unless the flagman can be assigned to other Railroad work during a portion of such day, in which event reimbursement will not be required for the portion of the day during which the flagman is engaged in other Railroad work. Reimbursement will also be required for any day not actually worked by the flagman following the flagman's assignment to work on the project for which Railroad is required to pay the flagman and which could not reasonably be avoided by Railroad by assignment of such flagman to other work, even though Licensee may not be working during such time. When it becomes necessary for Railroad to bulletin and assign an employee to a flagging position in compliance with union collective bargaining agreements, Licensee must provide Railroad a minimum of five (5) days notice prior to the cessation of the need for a flagman. If five (5) days notice of cessation is not given, Licensee will still be required to pay flagging charges for the five (5) day notice period required by union agreement to be given to the employee, even though flagging is not required for that period. An additional thirty (30) days notice must then be given to Railroad if flagging services are needed again after such five day cessation notice has been given to Railroad.

D. **Compliance With Laws**. The Licensee shall comply with all applicable federal, state and local laws, regulations and enactments affecting the work. The Licensee shall use only such methods as are consistent with safety, both as concerns the Licensee, the Licensee's agents and employees, the officers, agents, employees and property of the Railroad and the public in general. The Licensee (without limiting the generality of the foregoing) shall comply with all applicable state and federal occupational safety and health acts and regulations. All Federal Railroad Administration regulations shall be followed when work is performed on the Railroad's premises. If any failure by the Licensee to comply with any such laws, regulations, and enactments, shall result in any fine, penalty, cost or charge being assessed, imposed or charged against the Railroad, the Licensee shall reimburse and, to the extent it may lawfully do so, indemnify the Railroad for any such fine, penalty, cost, or charge, including without limitation attorney's fees, court costs and expenses. The Licensee further agrees in the event of any such action, upon notice thereof being provided by the Railroad, to defend such action free of cost, charge, or expense to the Railroad.

E. **No Interference or Delays**. The Licensee shall not do, suffer or permit anything which will or may obstruct, endanger, interfere with, hinder or delay maintenance or operation of the Railroad's tracks or facilities, or any communication or signal lines, installations or any appurtenances thereof, or the operations of others lawfully occupying or using the Railroad's property or facilities.

F. **Supervision**. The Licensee, at its own expense, shall adequately police and supervise all work to be performed by the Licensee, and shall not inflict injury to persons or damage to property for the safety of whom or of which the Railroad may be responsible, or to property of the Railroad. The responsibility of the Licensee for safe conduct and adequate policing and supervision of the Project shall not be lessened or otherwise affected by the Railroad's approval of plans

and specifications, or by the Railroad's collaboration in performance of any work, or by the presence at the work site of the Railroad's representatives, or by compliance by the Licensee with any requests or recommendations made by such representatives. If a representative of the Railroad is assigned to the Project, the Licensee will give due consideration to suggestions and recommendations made by such representative for the safety and protection of the Railroad's property and operations.

G. **Suspension of Work**. If at any time the Licensee's engineers or the Vice President-Engineering Services of the Railroad or their respective representatives shall be of the opinion that any work of the Licensee is being or is about to be done or prosecuted without due regard and precaution for safety and security, the Licensee shall immediately suspend the work until suitable, adequate and proper protective measures are adopted and provided.

H. **Removal of Debris**. The Licensee shall not cause, suffer or permit material or debris to be deposited or cast upon, or to slide or fall upon any property or facilities of the Railroad; and any such material and debris shall be promptly removed from the Railroad's property by the Licensee at the Licensee's own expense or by the Railroad at the expense of the Licensee. The Licensee shall not cause, suffer or permit any snow to be plowed or cast upon the Railroad's property during snow removal from the Crossing Area.

I. **Explosives**. The Licensee shall not discharge any explosives on or in the vicinity of the Railroad's property without the prior consent of the Railroad's Vice President-Engineering Services, which shall not be given if, in the sole discretion of the Railroad's Vice President-Engineering Services, such discharge would be dangerous or would interfere with the Railroad's property or facilities. For the purposes hereof, the "vicinity of the Railroad's property" shall be deemed to be any place on the Railroad's property or in such close proximity to the Railroad's property that the discharge of explosives could cause injury to the Railroad's employees or other persons, or cause damage to or interference with the facilities or operations on the Railroad's property. The Railroad reserves the right to impose such conditions, restrictions or limitations on the transportation, handling, storage, security and use of explosives as the Railroad, in the Railroad's sole discretion, may deem to be necessary, desirable or appropriate.

J. **Excavation**. The Licensee shall not excavate from existing slopes nor construct new slopes which are excessive and may create hazards of slides or falling rock, or impair or endanger the clearance between existing or new slopes and the tracks of the Railroad. The Licensee shall not do or cause to be done any work which will or may disturb the stability of any area or adversely affect the Railroad's tracks or facilities. The Licensee, at its own expense, shall install and maintain adequate shoring and cribbing for all excavation and/or trenching performed by the Licensee in connection with construction, maintenance or other work. The shoring and cribbing shall be constructed and maintained with materials and in a manner approved by the Railroad's Assistant Vice President Engineering-Design to withstand all stresses likely to be encountered, including any stresses resulting from vibrations caused by the Railroad's operations in the vicinity.

K. **Drainage**. The Licensee, at the Licensee's own expense, shall provide and maintain suitable facilities for draining the Bridge and its appurtenances, and shall not suffer or permit drainage water therefrom to flow or collect upon property of the Railroad. The Licensee, at the Licensee's own expense, shall provide adequate passageway for the waters of any streams, bodies of water and drainage facilities (either natural or artificial, and including water from the Railroad's culvert and drainage facilities), so that said waters may not, because of any facilities or work of the Licensee, be impeded, obstructed, diverted or caused to back up, overflow or damage the property of the Railroad or any part thereof, or property of others. The Licensee shall not obstruct or interfere with existing ditches or drainage facilities.

L. **Notice**. Before commencing any work, the Licensee shall provide the advance notice that is required under the Contractor's Right of Entry Agreement.

M. **Fiber Optic Cables**. Fiber optic cable systems may be buried on the Railroad's property. Protection of the fiber optic cable systems is of extreme importance since any break could disrupt service to users resulting in business interruption and loss of revenue and profits. Licensee shall visit up.com/CBUD to complete and submit the required form to determine if fiber optic cable is buried anywhere on the Railroad's premises to be used by the Licensee. If it is, Licensee will telephone the telecommunications company(ies) involved, arrange for a cable locator, and make arrangements for relocation or other protection of the fiber optic cable prior to beginning any work on the Railroad's premises.

SECTION 7 - INTERIM WARNING DEVICES

If at anytime it is determined by a competent authority, by the Licensee, or by agreement between the parties, that new or improved train activated warning devices should be installed at the Crossing Area, the Licensee shall install adequate temporary warning devices or signs and impose appropriate vehicular control measures to protect the motoring public until the construction or reconstruction of the Bridge has been completed.

SECTION 8 - OTHER RAILROADS

All protective and indemnifying provisions of this Agreement shall inure to the benefit of the Railroad and any other railroad company lawfully using the Railroad's property or facilities.

SECTION 9 - BOOKS AND RECORDS

The books, papers, records and accounts of Railroad, so far as they relate to the items of expense for the materials to be provided by Railroad under this Project, or are associated with the work to be performed by Railroad under this Project, shall be open to inspection and audit at Railroad's offices in Omaha, Nebraska, during normal business hours by the agents and authorized representatives of Licensee for a period of three (3) years following the date of Railroad's last billing sent to Licensee.

SECTION 10 -. MODIFICATION - ENTIRE AGREEMENT

No waiver, modification or amendment of this Agreement shall be of any force or effect unless made in writing, signed by the Licensee and the Railroad and specifying with particularity the nature and extent of such waiver, modification or amendment. Any waiver by the Railroad of any default by the Licensee shall not affect or impair any right arising from any subsequent default. This Agreement and Exhibits attached hereto and made a part hereof constitute the entire understanding between the Licensee and the Railroad and cancel and supersede any prior negotiations, understandings or agreements, whether written or oral, with respect to the work or any part thereof.

TO NEW PEDESTRIAN BRIDGE CROSSING AGREEMENT

RAILROAD COORDINATION REQUIREMENTS

1.01 DEFINITIONS

Agreement:	Agreement that has been signed, or will be signed, between Railroad and Agency covering the construction and maintenance of the Project.
Agency:	Village of Mount Prospect
AREMA:	American Railway Engineering and Maintenance-of-way Association
Contractor:	The contractor or contractors hired by the Agency to perform any project work on any portion of Railroad's property and shall also include the Contractor's subcontractors and the Contractor's and subcontractor's respective employees, officers and agents, and others acting under its or their authority.
MUTCD:	Manual on Uniform Traffic Control Devices
Project:	New Pedestrian Overpass
Railroad:	Union Pacific Railroad Company
Railroad Project Representative:	Railroad's Manager of Industry and Public Projects for this Project (see Section 1.03)
Railroad MTM Representative:	Railroad's Manager of Track Maintenance for this Project (see Section 1.03)
Requirements:	The Railroad Coordination Requirements set forth in this Exhibit.

1.02 DESCRIPTION

This Project includes construction work within Railroad's right-of-way. These Requirements describe coordination with the Railroad when work by the Contractor will be performed upon, over or under the Railroad right-of-way or may impact current or future Railroad operations. The Contractor will coordinate with the Railroad while performing the work outlined in this Agreement and shall afford the same cooperation with the Railroad as it does with the Agency. All submittals and work shall be completed in compliance with these Requirements, Railroad guidelines and requirements, AREMA recommendations and/or as directed by the Railroad Local Representative and/or the Railroad MTM Representative.

1.03 UPRR CONTACTS

The Railroad Project Representative for this project is:

John Plebanek
414-294-8685
jplebanek@benesch.com

For Railroad flagging services and track work, contact the following Railroad MTM Representative:

David Mueller
312-287-4178
dlmuelle@up.com

1.04 PLANS / SPECIFICATIONS

The plans and specifications for this Project, affecting the Railroad, are subject to the written approval by the Railroad. Changes in the plans made after the execution of the Agreement and/or the awarding of the Project to the Contractor are subject to the prior review and written approval of the Agency and the Railroad. No construction work shall commence until final stamped plans and/or changes to final stamped plans have been reviewed and approved by the Railroad in writing. The Railroad's review and approval of the Agency's and/or Contractor's plans in no way relieves the Agency and Contractor from their responsibilities, obligations and/or liabilities under this Agreement, Agency's agreement with the Contractor for the Project and/or in the separate Contractor's Right of Entry Agreement referenced in Section 1.08. Railroad's approval will be given with the understanding that the Railroad makes no representations or warranty as to the validity, accuracy, legal compliance or completeness of Agency's and/or Contractor's plans and that any reliance by the Agency or the Contractor with respect to such plans is at the risk of the Agency and the Contractor.

1.05 UTILITIES AND FIBER OPTICS

A. All installations shall be constructed in accordance with current AREMA recommendations and Railroad specifications and requirements. Railroad general guidelines and the required application forms for utility installations can be found on the Railroad website at http://www.uprr.com/reus/pipeline/install.shtml.

B. It shall be the responsibility of the Contractor, at its expense, to make arrangements directly with utility companies involving the protection, encasement, reinforcement, relocation, replacement, removing or abandonment in place of non-railroad facilities affected by the Project. Railroad has no obligation to supply additional Railroad property for non-railroad facilities affected by this Project, nor does the Railroad have any obligation to permit Non-Railroad facilities to be abandoned in place or relocated on Railroad's property. Any facility and/or utility that crosses Railroad right of way must be covered under an agreement with the Railroad including, without limitation, any relocations of an existing facility and/or utility.

C. Any longitudinal fiber optic lines on Railroad right of way shall be treated as Railroad facilities. Project design may need to be altered to accommodate such facilities.

D. Any fiber optic relocations or protections that are required due to this Project will be at the Agency's expense.

1.06 GENERAL

A. It is essential that the proposed construction shall be performed without interference to Railroad operations and in compliance with all applicable Railroad and Federal Railroad Administration rules and regulations. The Railroad shall be reimbursed by the Contractor or Agency for train delay costs and lost revenue claims due to any delays or interruption of train operations resulting from the Contractor's construction or other activities.

B. Track protection is required for all work equipment (including rubber tired equipment) operating within 25 feet from nearest rail. All work shall be designed and executed outside the temporary construction clearance envelope defined in Section 1.12.

C. The Contractor is also advised that new facilities within the Project may be scheduled to be built by the Railroad and that certain Contractor's activities cannot proceed until that work is complete. The Contractor shall be aware of the limits of responsibilities, allow sufficient time in the schedule for that work to be accomplished and shall coordinate its efforts with the Railroad.

1.07 RAILROAD OPERATIONS

A. The Contractor shall be advised that trains and/or equipment should be expected on any track, at any time, and in either direction. The Contractor shall communicate with the Railroad MTM Representative to improve the Contractor's understanding of Railroad traffic volume and operation at the Project site. The Contractor's bid shall be structured assuming intermittent track windows as defined in Section 1.07 C

B. All Railroad tracks within and adjacent to the Project site are to be assumed as active and rail traffic over these facilities shall be maintained throughout the Project. Activities may include both through moves and switching moves to local customers. Railroad traffic and operations can occur continuously throughout the day and night on these tracks and shall be maintained at all times as defined herein. The Contractor shall coordinate and schedule the work so that construction activities do not interfere with Railroad's operations.

C. Work windows for this Project shall be coordinated with the Agency or Contractor and the Railroad Project Representative and the Railroad MTM Representative. Types of work windows include Conditional Work Windows and Absolute Work Windows, as defined below:

1. Conditional Work Window: A period of time in which Railroad's operations have priority over construction activities. When construction activities may occur on and adjacent to the railroad tracks within 25 feet of the nearest track, a Railroad flag person will be required. At the direction of the flag person, upon approach of a train and when trains are present on the tracks, the tracks must be cleared (i.e., no construction equipment, materials or personnel within 25 feet from the nearest active track or as directed by the Railroad MTM Representative). Conditional Work Windows are available for the project subject to Railroad's local operating unit review and approval.

2. Absolute Work Window: A period of time in which construction activities are given priority over Railroad's operations. During this time the designated Railroad track(s) will be inactive for train movements and may be fouled by the Contractor. Before the end of an Absolute Work Window, all Railroad tracks and signals must be completely operational for normal train operations. Also, all Railroad, Public Utilities Commission and Federal Railroad Administration requirements, codes and regulations for operational tracks must be complied with. Should the operating tracks and/or signals be affected, the Railroad will perform inspections of the work prior to placing the affected track back into service. Railroad flag persons will be required for construction activities requiring an Absolute Work Window. **Absolute Work Windows will generally not be granted. Any request will require a detailed written explanation for Railroad review and approval.**

1.08 RIGHT OF ENTRY, ADVANCE NOTICE AND WORK STOPPAGES

A. Prior to beginning any work within the Railroad right-of-way, the Contractor shall enter into an agreement with the Railroad in the form of the Contractor's Right of Entry Agreement, attached as **Exhibit E**, or latest version thereof provided by the Railroad. There is a fee for processing of the agreement which shall be borne by the Contractor. The right of entry agreement shall specify working time frames, flagging, inspection and insurance requirements and any other items specified by the Railroad.

B. The Contractor shall give advance notice to the Railroad as required in the Contractor's Right of Entry Agreement before commencing work in connection with construction upon or over Railroad's right-of-way and shall observe the Railroad rules and regulations with respect thereto.

C. All work upon the Railroad right-of-way shall be done at such times and in such a manner as not to interfere with or endanger the operations of the Railroad. Whenever work may affect the operations or safety of trains, the method of doing such work shall first be submitted to the Railroad MTM Representative for approval, but such approval shall not relieve the Contractor from liability. Any work to be performed by the Contractor, which requires flagging service or inspection service, shall be deferred until the flagging protection required by the Railroad is available at the job site. See Section 1.21 for railroad flagging requirements.

D. The Contractor shall make requests in writing to both the Railroad Project Representative and the Railroad MTM Representative for both Absolute and Conditional Work Windows, at least two weeks in advance of any work. The written request must include:

1. Description of work to be done.
2. The days and hours that work will be performed.
3. The exact location of the work and proximity to the tracks.
4. The type of window and amount of time requested.
5. The designated contact person for the Contractor.

The Contractor shall provide a written confirmation notice to the Railroad MTM Representative at least fifteen (15) days prior to commencing work in connection with the approved work windows when work will be performed within **25 feet of any track center line.** All work shall be performed in accordance with previously approved work plans.

E. Should a condition arise from, or in connection with, the work which requires immediate and unusual actions to be made to protect operations and property of the Railroad, the Contractor shall undertake such actions. If, in the judgment of the Railroad MTM Representative, such actions are insufficient, the Railroad MTM Representative may require or provide such actions as deemed necessary. In any event, such actions shall be at the Contractor's expense and without cost to the Railroad. The Railroad or Agency have the right to order the Contractor to temporarily cease operations in the event of an emergency or if, in the opinion of the Railroad MTM Representative, the Contractor's operations may inhibit the Railroads operations. In the event such an order is given, the Contractor shall immediately notify the Agency of the order.

1.09 INSURANCE

The Contractor shall not begin work within the Railroad's right-of-way until the Railroad has been furnished the insurance policies, binders, certificates and endorsements required by the Contractor's Right-of-Entry Agreement, and the Railroad Project Representative has advised the Agency that such insurance is in accordance with such Agreement. The required

insurance shall be kept in full force and effect during the performance of work and thereafter until the Contractor removes all tools, equipment, and material from Railroad property and cleans the premises in a manner reasonably satisfactory to the Railroad.

1.10 RAILROAD SAFETY ORIENTATION

All personnel employed by the Agency, Contractor and all subcontractors must complete the Railroad's course "Orientation for Contractor's Safety" and be registered prior to working on Railroad property. This orientation is available at www.contractororientation.com. This course is required to be completed annually. The preceding training does not apply for longitudinal fiber optic installations.

1.11 COOPERATION

The Railroad shall cooperate with the Contractor in the scheduling of Project work with the understanding that Railroad's train operations at the job site shall have priority over the Contractor's activities.

1.12 CONSTRUCTION CLEARANCES

The Contractor shall abide by the twenty-one (21.6) foot temporary vertical construction clearance defined in section 4.4.1.1 and fifteen (15) foot temporary horizontal construction clearance defined in section 4.4.1.2 of BNSF and UPRR Guidelines for Railroad Grade Separation Projects. It shall be the Contractor's responsibility to obtain such guidelines from the Agency or Railroad.

Reduced temporary construction clearances, which are less than construction clearances defined above, will require special review and approval by the Railroad.

Any proposed variance on the specified minimum clearances due to the Contractor's operations shall be submitted to the Railroad Project Representative through the Agency at least thirty (30) days in advance of the work. No work shall be undertaken until the variance is approved in writing by the Railroad Project Representative.

1.13 SUBMITTALS

A. Construction submittals and Requests for Information (RFI) shall be submitted per Section 3 of BNSF and UPRR Guidelines for Railroad Grade Separation Projects.

B. The minimum review times, as indicated in tables 3-1 and 3-2 of Section 3.10 of the BNSF and UPRR Guidelines for Railroad Grade Separation Projects, should be anticipated for review of all submittals. Guidelines for Railroad Grade Separation Projects, should be anticipated for review of all submittals. The details of the construction affecting the Railroad tracks and property, not already included in the contract plans, shall be submitted by the Agency to the Railroad Project Representative for the Railroad's review and written approval before such construction is undertaken. The Railroad shall not be liable to Agency, Contractor, and or any other person or entity if the Railroad's review exceeds a four-week review time.

C. As Built Submittals shall be submitted per Section 3 of BNSF and UPRR Guidelines for Railroad Grade Separation Projects.

1.14 MAINTENANCE OF PROPER DRAINAGE AND DAMAGE TO RAILROAD FACILITIES

A. The Contractor, at its expense, shall be required to maintain all ditches and drainage structures free of silt or other obstructions which may result from the Contractor's operations and to repair and restore any Railroad property, tracks and facilities of Railroad and/or its tenants.

B. The Contractor must submit a proposed method of erosion control and have the method reviewed and approved by the Railroad prior to beginning any grading on the project site. Erosion control methods must comply with all applicable local, state and federal regulations.

1.15 SITE INSPECTIONS BY RAILROAD PROJECT REPRESENTATIVE, RAILROAD MTM REPRESENTATIVE OR RAILROAD'S CONTRACTOR

A. In addition to the office reviews of construction submittals, site observations will be performed by the Railroad Project Representative, Railroad MTM Representative or Railroad's Contractor at significant points during construction per Section 4.11 of BNSF and UPRR Guidelines for Railroad Grade Separation Projects.

B. Site inspections are not limited to the milestone events listed in the guidelines. Site visits to check the progress of work may be performed at any time throughout the construction process as deemed necessary by the Railroad.

C. A detailed construction schedule, including the proposed temporary horizontal and vertical clearances and construction sequence for all work to be performed, shall be provided by the Contractor to the Agency for submittal to the Railroad's Project Representative for review and approval prior to commencement of work. This schedule shall also include the anticipated dates on which the above listed events will occur. This schedule shall be updated for all critical listed events as necessary but at least monthly so that site visits may be scheduled.

1.16 RAILROAD REPRESENTATIVES

A. Railroad representatives, conductors, flag persons or watch persons will be provided by the Railroad at the expense of the Agency or Contractor (as stated elsewhere in these bid documents) to protect Railroad facilities, property and movements of its trains and engines. In general, the Railroad will furnish such personnel or other protective services as follows:

1. When any part of any equipment or object, such as erection or construction activities, is standing or being operated within 25 feet, measured horizontally from centerline, of any track on which trains may operate.

2. For any excavation below the elevation of track subgrade when, in the opinion of the Railroad MTM Representative, the track or other Railroad facilities may be subject to settlement or movement.

3. During any clearing, grubbing, excavation or grading in proximity to Railroad facilities which, in the opinion of the Railroad MTM Representative, may affect Railroad facilities or inhibit operations.

4. During any Contractor's operations when, in the opinion of the Railroad MTM Representative, the Railroad facilities, including, but not limited to, tracks, buildings, signals, wire lines or pipe lines, may be endangered.

B. The Contractor shall arrange with the Railroad Local Representative to provide the adequate number of flag persons to accomplish the work.

1.17 WALKWAYS REQUIRED

Parallel to the outer side of each exterior track of multiple operated track and on each side of single operated track, an unobstructed continuous space suitable for trainman's use in walking along trains, extending in width not less than twelve feet (12') perpendicular from centerline of track, shall be maintained. Any temporary impediments to walkways and track drainage encroachments or obstructions allowed during working hours must be covered, guarded and/or protected as soon as practical. Walkways with railings shall be constructed by the Contractor over open excavation areas when in close proximity of track, and railings shall not be closer than 9' perpendicular from the center line of tangent track or 9' – 6" horizontal from curved track.

1.18 COMMUNICATIONS AND SIGNAL LINES

If required, the Railroad, at Agency's expense, will rearrange its communications and signal lines, grade crossing warning devices, train signals, tracks and facilities that are in use and maintained by Railroad forces in connection with its operation. This work by the Railroad will be done by its own forces or by contractors under a continuing contract and may or may not be a part of the work under this contract.

1.19 TRAFFIC CONTROL

The Contractor's operations which control traffic across or around Railroad facilities shall be coordinated with and approved by the Railroad MTM Representative and shall be in compliance with the MUTCD.

1.20 CONSTRUCTION EXCAVATIONS;CALL BEFORE YOU DIG NUMBER

A. The Contractor shall be required to take special precautions and care in connection with excavating and shoring. Excavations for construction of footings, piers, columns, walls or other facilities that require shoring shall comply with requirements of OSHA, AREMA and Railroad "Guidelines for Temporary Shoring".

B. In addition to calling the "811" number and/or the local "one call center", the Contractor shall call the Railroad's "Call Before Your Dig" number at least 48 hours prior to commencing work at 1-800-336-9193 during normal business hours (6:30 a.m. to 8:00 p.m. Central Standard Time, Monday through Friday, except holidays - also a 24 hour, 7 day a week number for emergency calls) to determine location of fiber optics. If a telecommunications system is buried anywhere on or near Railroad property, the Contractor will co-ordinate with the Railroad and the Telecommunication Company(ies) to arrange for relocation or other protection of the system prior to beginning any work on or near Railroad property. The determination of whether fiber optics will be affected by the Project shall be made during the initial design phase of the Project.

C. The Railroad does not allow temporary at grade crossings unless absolutely necessary and there is no alternative route available to contractor to access the project site. Alternative plans should be considered to avoid crossing Railroad tracks at grade.

1.21 RAILROAD FLAGGING

Performance of any work by the Contractor in which person(s) or equipment will be within twenty-five (25) feet of any track, or that any object or equipment extension (such as, but not limited to, a crane boom) will reach within twenty-five (25) feet of any track, require railroad flagging services or other protective measures. The Contractor shall give an advance notice to the Railroad as required in the Contractor's Right of Entry Agreement before commencing any such work, allowing the Railroad to determine the need for flagging or other protective measures which ensure the safety of Railroad's operations, employees and equipment. Contractor shall comply with all other requirements regarding flagging services covered by the Contractor's Right of Entry Agreement. Any costs associated with failure to abide by these requirements will be borne by the Contractor.

The estimated pay rate for each flag person is $1,400 per day for an 8-hour work day with time and one-half for overtime, Saturdays, Sundays; double time and one-half for holidays. Flagging rates are set by the Railroad and are subject to change due to, but not limited to, travel time, setup plus, per diem and rest time (if work is required at night).

1.22 CLEANING OF RIGHT-OF-WAY

The Contractor shall, upon completion of the work to be performed within the right-of-way and/or properties of the Railroad and adjacent to its tracks, wire lines and other facilities, promptly remove from the Railroad right-of-way all Contractor's tools, implements and other materials whether brought upon the right-of-way by the Contractor or any subcontractors employee or agent of Contractor or of any subcontractor, and leave the right-of-way in a clean and presentable condition to the satisfaction of the Railroad.

1.23 CONTRACTOR'S RESPONSIBILITY OF SUPERVISION

The Contractor, at its expense, shall adequately supervise all work to be performed by the Contractor. Such responsibility shall not be lessened or otherwise affected by Railroad's approval of plans and specifications, or by the presence at the work site of the Railroad Project Representative, Railroad MTM Representative or any other Railroad representative or Railroad contractor providing inspection services, or by the compliance by the Contractor with any requests or recommendations made by such representatives. The Contractor will give due consideration to suggestions and recommendations made by such representatives for the safety and protection of the Railroad's property and operations.

1.24 USE OF EXPLOSIVES AT PROJECT SITE PROHIBITED

The Contractor's use of explosives at the Project site is expressly prohibited unless authorized in advance in writing by the Railroad Project Representative.

EXHIBIT E

To New Pedestrian Bridge Crossing Agreement

Cover Sheet for the
Railroad's Form of
Contractor's Right of Entry Agreement

CONTRACTOR'S
RIGHT OF ENTRY AGREEMENT

THIS AGREEMENT is made and entered into as of the _____ day of _____, 20_____, by and between **UNION PACIFIC RAILROAD COMPANY**, a Delaware corporation ("Railroad"); and _____, a _____ corporation ("Contractor").

RECITALS:

Contractor has been hired by _____ to perform work relating to _____ (the "Work") with all or a portion of such Work to be performed on property of Railroad in the vicinity of Railroad's Milepost _____ on Railroad's _____ [Subdivision or Branch] [at or near DOT No. _____ located at or near _____, in _____ County, State of _____, as such location is in the general location shown on the print marked **Exhibit A**, attached hereto and hereby made a part hereof, which Work is the subject of a contract dated _____ between Railroad and _____.

Railroad is willing to permit Contractor to perform the Work described above at the location described above subject to the terms and conditions contained in this agreement

AGREEMENT:

NOW, THEREFORE, it is mutually agreed by and between Railroad and Contractor, as follows:

ARTICLE 1 - DEFINITION OF CONTRACTOR.

For purposes of this agreement, all references in this agreement to Contractor shall include Contractor's contractors, subcontractors, officers, agents and employees, and others acting under its or their authority. For purposes of clarity, Contractor agrees that any CIC (defined below) hired by Contractor is a subcontractor of Contractor and therefore included in the defined term Contractor pursuant to the foregoing sentence.

ARTICLE 2 - RIGHT GRANTED: PURPOSE.

Railroad hereby grants to Contractor the right, during the term hereinafter stated and upon and subject to each and all of the terms, provisions and conditions herein contained, to enter upon and have ingress to and egress from the property described in the Recitals for the purpose of performing the Work described in the Recitals above. The right herein granted to Contractor is limited to those portions of Railroad's property specifically described herein, or as designated by the Railroad Representatives named in Article 4.

ARTICLE 3 - TERMS AND CONDITIONS CONTAINED IN EXHIBITS B AND C.

The terms and conditions contained in **Exhibit B** and **Exhibit C**, attached hereto, are hereby made a part of this agreement.

ARTICLE 4 - ALL EXPENSES TO BE BORNE BY CONTRACTOR; RAILROAD REPRESENTATIVES.

A. Contractor shall bear any and all costs and expenses associated with any Work performed by Contractor (including without limitation any CIC), or any costs or expenses incurred by Railroad relating to this agreement.

B. Contractor shall coordinate all of its Work with the following Railroad representatives or their duly authorized representative (the "Railroad Representatives"):

MTM: _____ PM: _____
_____ _____
_____ _____
_____ _____

C. Contractor, at its own expense, shall adequately police and supervise all Work to be performed by Contractor and shall ensure that such Work is performed in a safe manner as set forth in Section 7 of **Exhibit B.** The responsibility of Contractor for safe conduct and adequate policing and supervision of Contractor's Work shall not be lessened or otherwise affected by Railroad's approval of plans and specifications involving the Work, or by Railroad's collaboration in performance of any Work, or by the presence at the Work site of a Railroad Representative, or by compliance by Contractor with any requests or recommendations made by Railroad Representative.

ARTICLE 5 - SCHEDULE OF WORK ON A MONTHLY BASIS.

The Contractor, at its expense, shall provide on a monthly basis a detailed schedule of Work to the Railroad Representative named in Article 4B above. The reports shall start at the execution of this agreement and continue until this agreement is terminated as provided in this agreement or until the Contractor has completed all Work on Railroad's property.

ARTICLE 6 - TERM; TERMINATION.

A. The grant of right herein made to Contractor shall commence on the date of this agreement, and continue until_____, unless sooner terminated as herein provided, or at such time as Contractor has completed its Work on Railroad's property, whichever is earlier. Contractor agrees to notify the Railroad Representative in writing when it has completed its Work on Railroad's property.

B. This agreement may be terminated by either party on ten (10) days written notice to the other party.

ARTICLE 7 - CERTIFICATE OF INSURANCE.

A. Before commencing any Work and throughout the entire term of this Agreement, Contractor, at its expense, shall procure and maintain in full force and effect the types and minimum limits of insurance specified in **Exhibit C** of this agreement and require each of its subcontractors to include the insurance endorsements as required under Section 12 of **Exhibit B** of this agreement.

B. Not more frequently than once every two (2) years, Railroad may reasonably modify the required insurance coverage to reflect then-current risk management practices in the railroad industry and underwriting practices in the insurance industry.

C. Upon request of Railroad, Contractor shall provide to Railroad a certificate issued by its insurance carrier evidencing the insurance coverage required under **Exhibit B**.

D. Contractor understands and accepts that the terms of this Article are wholly separate from and independent of the terms of any indemnity provisions contained in this Agreement.

E. Upon request of Railroad, insurance correspondence, binders, policies, certificates and endorsements shall be sent to:

Union Pacific Railroad Company
_____
[Insert mailing address]
_____
_____
Attn:_____
Project No. 0771584

ARTICLE 8 - PRECONSTRUCTION MEETING.

If the Work to be performed by the Contractor will involve the Railroad providing any flagging protection (or if a CIC is approved to provide flagging protection pursuant to the terms set forth herein) and/or there is separate work to be performed by the Railroad, the Contractor confirms that no work shall commence until the Railroad and Contractor participate in a preconstruction meeting involving flagging procedures and coordination of work activities of the Contractor and the Railroad (and any CIC, as applicable.) Union Pacific's Third Party Flagging Policy at the link provided here: www.up.com/flagging

ARTICLE 9. DISMISSAL OF CONTRACTOR'S EMPLOYEE.

At the request of Railroad, Contractor shall remove from Railroad's property any employee of Contractor who fails to conform to the instructions of the Railroad Representative in connection with the Work on Railroad's property, and any right of Contractor shall be suspended until such removal has occurred. Contractor shall indemnify Railroad against any claims arising from the removal of any such employee from Railroad's property.

ARTICLE 10. ADMINISTRATIVE FEE.

Upon the execution and delivery of this agreement, Contractor shall pay to Railroad One Thousand Twenty Five Dollars ($1,025.00) as reimbursement for clerical, administrative and handling expenses in connection with the processing of this agreement.

ARTICLE 11. CROSSINGS: COMPLIANCE WITH MUTCD AND FRA GUIDELINES.

A. No additional vehicular crossings (including temporary haul roads) or pedestrian crossings over Railroad's trackage shall be installed or used by Contractor without the prior written permission of Railroad.

B. Any permanent or temporary changes, including temporary traffic control, to crossings must conform to the Manual of Uniform Traffic Control Devices (MUTCD) and any applicable Federal Railroad Administration rules, regulations and guidelines, and must be reviewed by the Railroad prior to any changes being implemented. In the event the Railroad is found to be out of compliance with federal safety regulations due to the Contractor's modifications, negligence, or any other reason arising from the Contractor's presence on the Railroad's property, the Contractor agrees to assume liability for any civil penalties imposed upon the Railroad for such noncompliance.

ARTICLE 12.- EXPLOSIVES.

Explosives or other highly flammable substances shall not be stored or used on Railroad's property without the prior written approval of Railroad.

IN WITNESS WHEREOF, the parties hereto have duly executed this agreement in duplicate as of the date first herein written.

EXHIBIT A
TO
CONTRACTOR'S RIGHT OF ENTRY AGREEMENT

Exhibit A will be a print showing the general location of the work site.

EXHIBIT B
TO
CONTRACTOR'S RIGHT OF ENTRY AGREEMENT

Section 1. NOTICE OF COMMENCEMENT OF WORK - RAILROAD FLAGGING - PRIVATE FLAGGING.

A. Contractor agrees to notify the Railroad Representative at least ten (10) working days in advance of Contractor commencing its Work and at least thirty (30) working days in advance of proposed performance of any Work by Contractor in which any person or equipment will be within twenty-five (25) feet of any track, or will be near enough to any track that any equipment extension (such as, but not limited to, a crane boom) will reach to within twenty-five (25) feet of any track.

B. No work of any kind shall be performed, and no person, equipment, machinery, tool(s), material(s), vehicle(s), or thing(s) shall be located, operated, placed, or stored within twenty-five (25) feet of any of Railroad's track(s) at any time, for any reason, unless and until a Railroad approved flagman is provided to watch for trains. Upon receipt of such thirty (30)-day notice, the Railroad Representative will determine and inform Contractor whether a flagman need be present and whether Contractor needs to implement any special protective or safety measures.

C. Contractor shall be permitted to hire a private contractor to perform flagging or other special protective or safety measures (such private contractor being commonly known in the railroad industry as a contractor-in-charge ("CIC")) in lieu of Railroad providing such services or in concert with Railroad providing such services, subject to prior written approval by Railroad, which approval shall be in Railroad's sole and absolute discretion. If Railroad agrees to permit Contractor to utilize a CIC pursuant to the preceding sentence, Contractor shall obtain Railroad's prior approval in writing for each of the following items, as determined in all respects in Railroad's sole and absolute discretion: (i) the identity of the third-party performing the role of CIC; (ii) the scope of the services to be performed for the project by the approved CIC; and (iii) any other terms and conditions governing such services to be provided by the CIC. If flagging or other special protective or safety measures are performed by an approved CIC, Contractor shall be solely responsible for (and shall timely pay such CIC for) its services. Railroad reserves the right to rescind any approval pursuant to this Section 1, Subsection C., in whole or in part, at any time, as determined in Railroad's sole and absolute discretion.

D. If any flagging or other special protective or safety measures are performed by employees of Railroad and/or any contractor of Railroad, Railroad will bill Contractor for such expenses incurred by Railroad, unless Railroad and a federal, state or local governmental entity have agreed that Railroad is to bill such expenses to the federal, state or local governmental entity. If Railroad will be sending the bills to Contractor, Contractor shall pay such bills within thirty (30) days of Contractor's receipt of billing.

E. If any flagging or other special protective or safety measures are performed by Railroad or a CIC, Contractor agrees that Contractor is not relieved of any of its responsibilities or liabilities set forth in this agreement.

F. The provisions set forth in this subsection are only applicable for Flagging Services performed by employees of Railroad: the rate of pay per hour for each flagman will be the prevailing hourly rate in effect for an eight-hour day for the class of flagmen used during regularly assigned hours and overtime in accordance with labor agreements and schedules in effect at the time the Work is performed. In addition to the cost of such labor, a composite charge for vacation, holiday, health and welfare, supplemental sickness, Railroad Retirement and unemployment compensation, supplemental pension, Employees Liability and Property Damage and Administration will be included, computed on actual payroll. The composite charge will be the prevailing composite charge in effect at the time the Work is performed. One and one-half times the current hourly rate is

paid for overtime, Saturdays and Sundays, and two and one-half times current hourly rate for holidays. Wage rates are subject to change, at any time, by law or by agreement between Railroad and its employees, and may be retroactive as a result of negotiations or a ruling of an authorized governmental agency. Additional charges on labor are also subject to change. If the wage rate or additional charges are changed, Contractor (or the governmental entity, as applicable) shall pay on the basis of the new rates and charges. If flagging is performed by Railroad, reimbursement to Railroad will be required covering the full eight-hour day during which any flagman is furnished, unless the flagman can be assigned to other Railroad work during a portion of such day, in which event reimbursement will not be required for the portion of the day during which the flagman is engaged in other Railroad work. Reimbursement will also be required for any day not actually worked by the flagman following the flagman's assignment to work on the project for which Railroad is required to pay the flagman and which could not reasonably be avoided by Railroad by assignment of such flagman to other work, even though Contractor may not be working during such time. When it becomes necessary for Railroad to bulletin and assign an employee to a flagging position in compliance with union collective bargaining agreements, Contractor must provide Railroad a minimum of five (5) days notice prior to the cessation of the need for a flagman. If five (5) days notice of cessation is not given, Contractor will still be required to pay flagging charges for the five (5) day notice period required by union agreement to be given to the employee, even though flagging is not required for that period. An additional thirty (30) days notice must then be given to Railroad if flagging services are needed again after such five-day cessation notice has been given to Railroad.

Section 2. LIMITATION AND SUBORDINATION OF RIGHTS GRANTED

A. The foregoing grant of right is subject and subordinate to the prior and continuing right and obligation of the Railroad to use and maintain its entire property including the right and power of Railroad to construct, maintain, repair, renew, use, operate, change, modify or relocate railroad tracks, roadways, signal, communication, fiber optics, or other wirelines, pipelines and other facilities upon, along or across any or all parts of its property, all or any of which may be freely done at any time or times by Railroad without liability to Contractor or to any other party for compensation or damages.

B. The foregoing grant is also subject to all outstanding superior rights (whether recorded or unrecorded and including those in favor of licensees and lessees of Railroad's property, and others) and the right of Railroad to renew and extend the same, and is made without covenant of title or for quiet enjoyment.

Section 3. NO INTERFERENCE WITH OPERATIONS OF RAILROAD AND ITS TENANTS.

A. Contractor shall conduct its operations so as not to interfere with the continuous and uninterrupted use and operation of the railroad tracks and property of Railroad, including without limitation, the operations of Railroad's lessees, licensees or others, unless specifically authorized in advance by the Railroad Representative. Nothing shall be done or permitted to be done by Contractor at any time that would in any manner impair the safety of such operations. When not in use, Contractor's machinery and materials shall be kept at least twenty-five (25) feet from the centerline of Railroad's nearest track, and there shall be no vehicular crossings of Railroads tracks except at existing open public crossings.

B. Operations of Railroad and work performed by Railroad personnel and delays in the Work to be performed by Contractor caused by such railroad operations and Work are expected by Contractor, and Contractor agrees that Railroad shall have no liability to Contractor, or any other person or entity for any such delays. The Contractor shall coordinate its activities with those of Railroad and third parties so as to avoid interference with railroad operations. The safe operation of Railroad train movements and other activities by Railroad takes precedence over any Work to be performed by Contractor.

Section 4. LIENS.

Contractor shall pay in full all persons who perform labor or provide materials for the Work to be performed by Contractor. Contractor shall not create, permit or suffer any mechanic's or materialmen's liens of any kind or nature to be created or enforced against any property of Railroad for any such Work performed. Contractor shall indemnify and hold harmless Railroad from and against any and all liens, claims, demands, costs or expenses of whatsoever nature in any way connected with or growing out of such Work done, labor performed, or materials furnished. If Contractor fails to promptly cause any lien to be released of record, Railroad may, at its election, discharge the lien or claim of lien at Contractor's expense.

Section 5. PROTECTION OF FIBER OPTIC CABLE SYSTEMS.

A. Fiber optic cable systems may be buried on Railroad's property. Protection of the fiber optic cable systems is of extreme importance since any break could disrupt service to users resulting in business interruption and loss of revenue and profits. Contractor shall visit www.up.com/CBUD to complete and submit the required form to determine if fiber optic cable is buried anywhere on Railroad's property to be used by Contractor. If it is, Contractor will telephone the telecommunications company(ies) involved, make arrangements for a cable locator and, if applicable, for relocation or other protection of the fiber optic cable. Contractor shall not commence any Work until all such protection or relocation (if applicable) has been accomplished.

B. IN ADDITION TO OTHER INDEMNITY PROVISIONS IN THIS AGREEMENT, CONTRACTOR SHALL INDEMNIFY, DEFEND AND HOLD RAILROAD HARMLESS FROM AND AGAINST ALL COSTS, LIABILITY AND EXPENSE WHATSOEVER (INCLUDING, WITHOUT LIMITATION, ATTORNEYS' FEES, COURT COSTS AND EXPENSES) ARISING OUT OF ANY ACT OR OMISSION OF CONTRACTOR, ITS AGENTS AND/OR EMPLOYEES, THAT CAUSES OR CONTRIBUTES TO (1) ANY DAMAGE TO OR DESTRUCTION OF ANY TELECOMMUNICATIONS SYSTEM ON RAILROAD'S PROPERTY, AND/OR (2) ANY INJURY TO OR DEATH OF ANY PERSON EMPLOYED BY OR ON BEHALF OF ANY TELECOMMUNICATIONS COMPANY, AND/OR ITS CONTRACTOR, AGENTS AND/OR EMPLOYEES, ON RAILROAD'S PROPERTY. CONTRACTOR SHALL NOT HAVE OR SEEK RECOURSE AGAINST RAILROAD FOR ANY CLAIM OR CAUSE OF ACTION FOR ALLEGED LOSS OF PROFITS OR REVENUE OR LOSS OF SERVICE OR OTHER CONSEQUENTIAL DAMAGE TO A TELECOMMUNICATION COMPANY USING RAILROAD'S PROPERTY OR A CUSTOMER OR USER OF SERVICES OF THE FIBER OPTIC CABLE ON RAILROAD'S PROPERTY.

Section 6. PERMITS - COMPLIANCE WITH LAWS.

In the prosecution of the Work covered by this agreement, Contractor shall secure any and all necessary permits and shall comply with all applicable federal, state and local laws, regulations and enactments affecting the Work including, without limitation, all applicable Federal Railroad Administration regulations.

Section 7. SAFETY.

A. Safety of personnel, property, rail operations and the public is of paramount importance in the prosecution of any Work on Railroad property performed by Contractor. Contractor shall be responsible for initiating, maintaining and supervising all safety, operations and programs in connection with the Work. Contractor shall, at a minimum, comply with Railroad's then current safety standards located at the below web address ("Railroad's Safety Standards") to ensure uniformity with the safety standards followed by Railroad's own forces. As a part of Contractor's safety responsibilities, Contractor shall notify Railroad if Contractor

determines that any of Railroad's Safety Standards are contrary to good safety practices. Contractor shall furnish copies of Railroad's Safety Standards to each of its employees before they enter Railroad property.

http://www.up.com/cs/groups/public/@uprr/@suppliers/documents/up_pdf_nativedocs/pdf_up_supplier_safety_req.pdf

B. All personnel employed by the Agency, Contractor and all subcontractors must complete the Railroad's course "Property Access Training" and be registered prior to working on Railroad property. This training is available at www.up.com/up-pat. This training is required to be completed annually.

C. Without limitation of the provisions of paragraph A above, Contractor shall keep the job site free from safety and health hazards and ensure that its employees are competent and adequately trained in all safety and health aspects of the job.

D. Contractor shall have proper first aid supplies available on the job site so that prompt first aid services may be provided to any person injured on the job site. Contractor shall promptly notify Railroad of any U.S. Occupational Safety and Health Administration reportable injuries. Contractor shall have a nondelegable duty to control its employees while they are on the job site or any other property of Railroad, and to be certain they do not use, be under the influence of, or have in their possession any alcoholic beverage, drug or other substance that may inhibit the safe performance of any Work.

E. If and when requested by Railroad, Contractor shall deliver to Railroad a copy of Contractor's safety plan for conducting the Work (the "Safety Plan"). Railroad shall have the right, but not the obligation, to require Contractor to correct any deficiencies in the Safety Plan. The terms of this agreement shall control if there are any inconsistencies between this agreement and the Safety Plan.

Section 8. INDEMNITY.

A. TO THE FULLEST EXTENT ALLOWED BY APPLICABLE LAW, CONTRACTOR SHALL INDEMNIFY, DEFEND AND HOLD HARMLESS RAILROAD, ITS AFFILIATES, AND ITS AND THEIR OFFICERS, AGENTS AND EMPLOYEES (INDIVIDUALLY AN "INDEMNIFIED PARTY" OR COLLECTIVELY "INDEMNIFIED PARTIES") FROM AND AGAINST ANY AND ALL LOSS, DAMAGE, INJURY, LIABILITY, CLAIM, DEMAND, COST OR EXPENSE (INCLUDING, WITHOUT LIMITATION, ATTORNEY'S, CONSULTANT'S AND EXPERT'S FEES, AND COURT COSTS), FINE OR PENALTY (COLLECTIVELY, "LOSS") INCURRED BY ANY PERSON (INCLUDING, WITHOUT LIMITATION, ANY INDEMNIFIED PARTY, CONTRACTOR, OR ANY EMPLOYEE OF CONTRACTOR OR OF ANY INDEMNIFIED PARTY) ARISING OUT OF OR IN ANY MANNER CONNECTED WITH (I) ANY WORK PERFORMED BY CONTRACTOR, OR (II) ANY ACT OR OMISSION OF CONTRACTOR, ITS OFFICERS, AGENTS OR EMPLOYEES, OR (III) ANY BREACH OF THIS AGREEMENT BY CONTRACTOR.

B. THE RIGHT TO INDEMNITY UNDER THIS SECTION 8 SHALL ACCRUE UPON OCCURRENCE OF THE EVENT GIVING RISE TO THE LOSS, AND SHALL APPLY REGARDLESS OF ANY NEGLIGENCE OR STRICT LIABILITY OF ANY INDEMNIFIED PARTY, EXCEPT WHERE THE LOSS IS CAUSED BY THE SOLE ACTIVE NEGLIGENCE OF AN INDEMNIFIED PARTY AS ESTABLISHED BY THE FINAL JUDGMENT OF A COURT OF COMPETENT JURISDICTION. THE SOLE ACTIVE NEGLIGENCE OF ANY INDEMNIFIED PARTY SHALL NOT BAR THE RECOVERY OF ANY OTHER INDEMNIFIED PARTY.

C. CONTRACTOR EXPRESSLY AND SPECIFICALLY ASSUMES POTENTIAL LIABILITY UNDER THIS SECTION 8 FOR CLAIMS OR ACTIONS BROUGHT BY CONTRACTOR'S OWN EMPLOYEES. CONTRACTOR WAIVES ANY IMMUNITY IT MAY HAVE UNDER WORKER'S COMPENSATION OR INDUSTRIAL INSURANCE ACTS TO INDEMNIFY THE INDEMNIFIED PARTIES UNDER THIS SECTION 8.

CONTRACTOR ACKNOWLEDGES THAT THIS WAIVER WAS MUTUALLY NEGOTIATED BY THE PARTIES HERETO.

D. NO COURT OR JURY FINDINGS IN ANY EMPLOYEE'S SUIT PURSUANT TO ANY WORKER'S COMPENSATION ACT OR THE FEDERAL EMPLOYERS' LIABILITY ACT AGAINST A PARTY TO THIS AGREEMENT MAY BE RELIED UPON OR USED BY CONTRACTOR IN ANY ATTEMPT TO ASSERT LIABILITY AGAINST ANY INDEMNIFIED PARTY.

E. THE PROVISIONS OF THIS SECTION 8 SHALL SURVIVE THE COMPLETION OF ANY WORK PERFORMED BY CONTRACTOR OR THE TERMINATION OR EXPIRATION OF THIS AGREEMENT. IN NO EVENT SHALL THIS SECTION 8 OR ANY OTHER PROVISION OF THIS AGREEMENT BE DEEMED TO LIMIT ANY LIABILITY CONTRACTOR MAY HAVE TO ANY INDEMNIFIED PARTY BY STATUTE OR UNDER COMMON LAW.

Section 9. RESTORATION OF PROPERTY.

In the event Railroad authorizes Contractor to take down any fence of Railroad or in any manner move or disturb any of the other property of Railroad in connection with the Work to be performed by Contractor, then in that event Contractor shall, as soon as possible and at Contractor's sole expense, restore such fence and other property to the same condition as the same were in before such fence was taken down or such other property was moved or disturbed. Contractor shall remove all of Contractor's tools, equipment, rubbish and other materials from Railroad's property promptly upon completion of the Work, restoring Railroad's property to the same state and condition as when Contractor entered thereon.

Section 10. WAIVER OF DEFAULT.

Waiver by Railroad of any breach or default of any condition, covenant or agreement herein contained to be kept, observed and performed by Contractor shall in no way impair the right of Railroad to avail itself of any remedy for any subsequent breach or default.

Section 11. MODIFICATION - ENTIRE AGREEMENT.

No modification of this agreement shall be effective unless made in writing and signed by Contractor and Railroad. This agreement and the exhibits attached hereto and made a part hereof constitute the entire understanding between Contractor and Railroad and cancel and supersede any prior negotiations, understandings or agreements, whether written or oral, with respect to the Work to be performed by Contractor.

Section 12. ASSIGNMENT - SUBCONTRACTING.

Contractor shall not assign or subcontract this agreement, or any interest therein, without the written consent of the Railroad. Contractor shall be responsible for the acts and omissions of all subcontractors. Before Contractor commences any Work, the Contractor shall, except to the extent prohibited by law; (1) require each of its subcontractors to include the Contractor as "Additional Insured" on the subcontractor's Commercial General Liability policy and Umbrella or Excess policies (if applicable) with respect to all liabilities arising out of the subcontractor's performance of Work on behalf of the Contractor by endorsing these policies with ISO Additional Insured Endorsements CG 20 10, and CG 20 37 (or substitute forms providing equivalent coverage; (2) require each of its subcontractors to endorse their Commercial General Liability Policy with "Contractual Liability Railroads" ISO Form CG 24 17 10 01 (or a substitute form providing equivalent coverage) for the job site; and (3) require each of its subcontractors to endorse their Business Automobile Policy with "Coverage For Certain Operations In Connection With Railroads" ISO Form CA 20 70 10 01 (or a substitute form providing equivalent coverage) for the job site.

EXHIBIT C
TO
CONTRACTOR'S
RIGHT OF ENTRY AGREEMENT

Union Pacific Railroad Company
Insurance Requirements For
Contractor's Right of Entry Agreement

During the entire term of this Agreement and course of the Project, and until all Project Work on Railroad's property has been completed and all equipment and materials have been removed from Railroad's property and Railroad's property has been clean and restored to Railroad's satisfaction, Contractor shall, at its sole cost and expense, procure and maintain the following insurance coverage:

A. **Commercial General Liability** insurance. Commercial general liability (CGL) with a limit of not less than $5,000,000 each occurrence and an aggregate limit of not less than $10,000,000. CGL insurance must be written on ISO occurrence form CG 00 01 12 04 (or a substitute form providing equivalent coverage).

The policy must also contain the following endorsement, which must be stated on the certificate of insurance:

- Contractual Liability Railroads ISO form CG 24 17 10 01 (or a substitute form providing equivalent coverage) showing "Union Pacific Railroad Company Property" as the Designated Job Site.
- Designated Construction Project(s) General Aggregate Limit ISO Form CG 25 03 03 97 (or a substitute form providing equivalent coverage) showing the project on the form schedule.

B. **Business Automobile Coverage** insurance. Business auto coverage written on ISO form CA 00 01 10 01 (or a substitute form providing equivalent liability coverage) with a combined single limit of not less $5,000,000 for each accident and coverage must include liability arising out of any auto (including owned, hired and non-owned autos).

The policy must contain the following endorsements, which must be stated on the certificate of insurance:

- Coverage For Certain Operations In Connection With Railroads ISO form CA 20 70 10 01 (or a substitute form providing equivalent coverage) showing "Union Pacific Property" as the Designated Job Site.
- Motor Carrier Act Endorsement - Hazardous materials clean up (MCS-90) if required by law.

C. **Workers' Compensation and Employers' Liability** insurance. Coverage must include but not be limited to:

- Contractor's statutory liability under the workers' compensation laws of the state where the Work is being performed.
- Employers' Liability (Part B) with limits of at least $500,000 each accident, $500,000 disease policy limit $500,000 each employee.

If Contractor is self-insured, evidence of state approval and excess workers compensation coverage must be provided. Coverage must include liability arising out of the U. S. Longshoremen's and Harbor Workers' Act, the Jones Act, and the Outer Continental Shelf Land Act, if applicable.

D. **Railroad Protective Liability** insurance. Contractor must maintain "Railroad Protective Liability" (RPL) insurance written on ISO occurrence form CG 00 35 12 04 (or a substitute form providing equivalent coverage) on behalf of Railroad as named insured, with a limit of not less than $2,000,000 per occurrence

and an aggregate of $6,000,000. The definition of "JOB LOCATION" and "WORK" on the declaration page of the policy shall refer to this agreement and shall describe all WORK or OPERATIONS performed under this agreement. Contractor shall provide this agreement to Contractor's insurance agent(s) and/or broker(s) and Contractor shall instruct such agent(s) and/or broker(s) to procure the insurance coverage required by this agreement. A BINDER STATING THE POLICY IS IN PLACE MUST BE SUBMITTED TO RAILROAD BEFORE THE WORK MAY COMMENCE AND UNTIL THE ORIGINAL POLICY IS FORWARDED TO UNION PACIFIC RAILROAD.

E. **Umbrella or Excess** insurance. If Contractor utilizes umbrella or excess policies, these policies must "follow form" and afford no less coverage than the primary policy.

F. **Pollution Liability** insurance**.** Pollution liability coverage must be included when the scope of the Work as defined in the agreement includes installation, temporary storage, or disposal of any "hazardous" material that is injurious in or upon land, the atmosphere, or any watercourses; or may cause bodily injury at any time.

If required, coverage may be provided in separate policy form or by endorsement to Contractors CGL or RPL. Any form coverage must be equivalent to that provided in ISO form CG 24 15 "Limited Pollution Liability Extension Endorsement" or CG 28 31 "Pollution Exclusion Amendment" with limits of at least $5,000,000 per occurrence and an aggregate limit of $10,000,000.

If the scope of Work as defined in this agreement includes the disposal of any hazardous or non-hazardous materials from the job site, Contractor must furnish to Railroad evidence of pollution legal liability insurance maintained by the disposal site operator for losses arising from the insured facility accepting the materials, with coverage in minimum amounts of $1,000,000 per loss, and an annual aggregate of $2,000,000.

Other Requirements

G. All policy(ies) required above (except business automobile, worker's compensation and employers liability) must include Railroad as "Additional Insured" using ISO Additional Insured Endorsements CG 20 10, and CG 20 37 (or substitute forms providing equivalent coverage). The coverage provided to Railroad as additional insured shall not be limited by Contractor's liability under the indemnity provisions of this agreement. BOTH CONTRACTOR AND RAILROAD EXPECT THAT UNION PACIFIC RAILROAD COMPANY WILL BE PROVIDED WITH THE BROADEST POSSIBLE COVERAGE AVAILABLE BY OPERATION OF LAW UNDER ISO ADDITIONAL INSURED FORMS CG 20 10 AND CG 20 37.

H. Punitive damages exclusion, if any, must be deleted (and the deletion indicated on the certificate of insurance), unless (a) insurance coverage may not lawfully be obtained for any punitive damages that may arise under this agreement, or (b) all punitive damages are prohibited by all states in which this agreement will be performed.

I. Contractor waives all rights of recovery, and its insurers also waive all rights of subrogation of damages against Railroad and its agents, officers, directors and employees for damages covered by the workers compensation and employers liability or commercial umbrella or excess liability obtained by Contractor required in this agreement where prohibited by law. This waiver must be stated on the certificate of insurance.

J. Prior to commencing the Work, Contractor shall furnish Railroad with a certificate(s) of insurance, executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements in this agreement.

K. All insurance policies must be written by a reputable insurance company acceptable to Railroad or with a current Best's Insurance Guide Rating of A- and Class VII or better, and authorized to do business in the state where the Work is being performed.

L. The fact that insurance is obtained by Contractor or by Railroad on behalf of Contractor will not be deemed to release or diminish the liability of Contractor, including, without limitation, liability under the indemnity provisions of this agreement. Damages recoverable by Railroad from Contractor or any third party will not be limited by the amount of the required insurance coverage.

EXHIBIT F

To New Pedestrian Bridge Crossing Agreement

Cover Sheet for the
Easement Deed

EASEMENT DEED

This EASEMENT DEED (the "Easement Deed") is made this _____ day of _____, 2026, between **UNION PACIFIC RAILROAD COMPANY**, a _____ corporation, ("Grantor"), and **VILLAGE OF MOUNT PROSPECT**, an Illinois municipal corporation ("Grantee"), whose address is 50 Emerson Street, Mount Prospect, Illinois 60056.

Grantor, for and in consideration of the sum of (Seventy Five Thousand Nine Hundred Ninety and 00/100 Dollars ($75,990.00) and other valuable consideration, to it paid by Grantee, the receipt of which is hereby confessed and acknowledged, grants to Grantee, its successors and assigns, a NON-EXCLUSIVE PERMANENT EASEMENT (the "Easement"), for the sole purpose of constructing, operating, and maintaining a non-vehicular public grade-separated pedestrian overpass ("Pedestrian Overpass"), including all other structures and appurtenances necessary or convenient to operating, constructing, maintaining, inspecting, repairing and/or replacing the pedestrian overpass, on, over and across the property at or near Grantor's Mile Post 20.80 (DOT No. 975564C) on Grantor's Harvard Subdivision in Mount Prospect, Cook County, Illinois, described in Exhibit A, attached and by reference made a part hereof ("Easement Area"), pursuant to the Illinois Highway Code as may be amended from time to time.

The Easement is granted for the purpose described above only. Without limitation of the foregoing, this grant does not include the right to install utilities of any nature, including, without limitation, fiber optic, cable television, electrical, gas or liquid distribution, or telephone lines.

Grantee's use of the Easement granted herein shall conform with Division 100 "General Requirements and Covenants" as set forth in IDOT's Standard Specifications for Road and Bridge Construction adopted January 1, 2022, as amended from time to time ("Sections"). If an amended version of any of the Sections are amended in a manner, which results in the requirements contained in any one or more Sections being limited or eliminated, then at a minimum, the Section, in its form as adopted on January 1, 2022, shall govern. Except as may be provided in the Illinois Highway Code, third-party use of this Easement by permit or otherwise shall be subject to the Grantor's approval, which will not be unreasonably withheld.

Grantor, its successors and assigns, reserve the right to construct at any and all times and to maintain railroad tracks and appurtenances, fiber optic or signal lines and facilities, pipe, telephone, and electric poles and wire lines, over, under and across the Easement Area, but in such a way as to not unreasonably interfere with Grantee's use of the Easement; it being understood that the rights so reserved by Grantor, its successors and assigns, are retained along with the general right of Grantor, its successors and assigns, to use of the Easement Area for any purpose not inconsistent with Grantee's use of the Easement, including, but not limited to any and all general railroad purposes.

The Easement is granted subject to all outstanding leases, licenses and other outstanding rights, including, without limitation, those for pipe, telephone, electric and fiber optic lines and the right of renewals and extensions of the same, and subject also to all conditions, limitations, restrictions, encumbrances, reservations or interests of any person that may affect the Easement Area, whether recorded or unrecorded.

The Easement is also limited to such rights as Grantor may have in the Easement Area and is granted without warranty, express or implied. No damages shall be recoverable from Grantor because of any dispossession of Grantee or because of failure of, or defect in, Grantor's title.

Grantee shall construct, maintain and repair the Pedestrian Overpass in good condition and repair so that no damage will result from its use to the adjacent land of Grantor or third party, its successors and assigns. Grantee shall also construct, maintain and repair the Pedestrian Overpass in such manner not to cause any interference with Grantor's tracks and appurtenances or rail operations, or the facilities or access rights of utility companies or other occupants of the Easement Area.

If Grantee, its successors or assigns, abandons the Easement Area or any portion of the Easement Area, for the purposes of the Easement, the Easement will cease and terminate with respect to the portion of the Easement Area so abandoned, and the title to the Easement Area will be freed from the burden of the Easement. Nonuse of the Easement Area or any portion thereof, for the purposes of the Easement for the period of one (1) year will be deemed an abandonment of the Easement Area or portion thereof not used.

Grantor, without limiting the interest above granted and conveyed, acknowledges that upon payment of the agreed consideration, all claims arising out of the above acquisition have been settled, including without limitation, any diminution in value to any remaining property of Grantor caused by opening, improving, and using the Easement for Pedestrian Overpass purposes. This acknowledgment does not waive any claims, including but not limited to trespass or negligence, against Grantee or Grantee's agents which may cause damage to Grantor's remaining property.

This grant shall constitute a covenant which runs with the land and shall be binding upon the legal representatives, successors or assigns of Grantor.

Grantor and Grantee have caused this Easement Deed to be executed as of the date first herein written.

That part of the right of way of the former Chicago and Northwestern Railroad Company, running in a general Northwesterly / Southeasterly direction, across the Northwest Quarter of the Southeast Quarter of Section 33, Township 42 North, Range 11 East of the Third Principal Meridian, Cook County, Illinois, with bearings and distances based on the Illinois State Plane Coordinate System, East Zone, NAD83 (2011 Adjustment), with a combined factor of (to be added), described as follows:

Commencing at a 4-inch disk marked “SANITARYDISTOFCHICAGO” marking the intersection of the Northeast Corner of Lot “A” in Kirchoff’s Subdivision recorded May 22, 1917 in Cook County as document No. 6117296, with the Southwesterly right of way line of the Union Pacific Railroad, formerly Chicago and Northwestern Railroad Company, thence South 59 degrees 19 minutes 16 seconds East, along said Southwesterly railroad right of way line, 123.71 feet to the Point of Beginning of the centerline of an easement being 7.6 feet in width on either side of said centerline and 15.2 feet’ wide in total; thence North 31 degrees 0 minutes 39 seconds East, 116 feet to the Northeasterly right of way line of said Union Pacific Railroad and Point of Termination of said easement; situated in Cook County, Illinois.

Said permanent easement containing 0.040 acres or 1,759 square feet, more or less.

ORDINANCE NO.

AN ORDINANCE AUTHORIZING THE MAYOR TO EXECUTE AN AGREEMENT BETWEEN THE UNION PACIFIC RAILROAD COMPANY AND THE VILLAGE OF MOUNT PROSPECT FOR THE CONSTRUCTION AND MAINTENANCE OF AN OVERHEAD BRIDGE PEDESTRIAN CROSSING AND APPROVAL OF AN EASEMENT DEED

WHEREAS, the Village of Mount Prospect ("Village") is a home rule municipality pursuant to Section 6 of Article VII of the Constitution of the State of Illinois; and

WHEREAS, the Pedestrian Bridge Crossing Agreement ("Agreement") is by and between Union Pacific Railroad Company and the Village of Mount Prospect; and

WHEREAS, the Village of Mount Prospect desires to undertake as its project the construction of the new overhead bridge pedestrian crossing on, along, across and over Railroad's property; and

WHEREAS, the Union Pacific Railroad Company, for and in consideration of the sum of Seventy Five Thousand Nine Hundred Ninety Dollars ($75,990.00), to be paid by the Village of Mount Prospect, grants a non-exclusive permanent easement for the sole purpose of constructing, operating and maintaining a non-vehicular public grade-separated pedestrian overpass; and

WHEREAS, to keep the Project on a schedule that allows it to maintain the funding it has secured for the Project and to complete the Project in a timely manner, it was necessary that the Village Mayor execute both the "Agreement" and the Easement Deed with Union Pacific Railroad; and

WHEREAS, both the "Agreement "and the Easement Agreement with Union Pacific had to be executed in enough time so that the Illinois Department of Transportation (IDOT") could certify the Project by March 11, 2026, to allow the Village to participate in the April 2026 construction bidding process conducted by IDOT.

NOW, THEREFORE, BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF MOUNT PROSPECT, COOK COUNTY, ILLINOIS, ACTING IN THE EXERCISE OF ITS HOME RULE POWER:

SECTION ONE: It is the desire of the Village to approve the "Agreement" and Easement Deed with the Union Pacific Railroad Company, attached as Exhibit A -F and made part hereof

SECTION TWO: Based upon the foregoing, the Village Mayor is hereby authorized and directed to execute the "Agreement" and Easement Deed and perform the Village's obligations thereunder.

SECTION THREE: This Ordinance shall be in full force and effect from and after its passage, approval and publication in pamphlet form as provided by law.

Subject	**1st reading of AN ORDINANCE GRANTING A CONDITIONAL USE TO OPERATE A TOBACCO RETAIL ESTABLISHMENT AT THE PROPERTY 1522 NORTH ELMHURST ROAD MOUNT PROSPECT, ILLINOIS (PZ-12-25)**
Meeting	March 16, 2026 - REGULAR MEETING OF THE MOUNT PROSPECT VILLAGE BOARD
Fiscal Impact (Y/N)	N
Dollar Amount	
Budget Source	
Category	NEW BUSINESS
Type	Action Item

Information

The Petitioner (Rabia Maaz, Mazmus LLC) is seeking conditional use approval to operate an existing 900 square foot tobacco establishment (Smoke N Vape) at the subject property (1522 North Elmhurst Road). The tobacco shop has been closed since August 2024; therefore, the Petitioner must obtain conditional use approval to re-establish the use. The proposed business meets the standards for a conditional use and, therefore, staff is supportive of the request.

Discussion

BACKGROUND

The subject property is a single-story multi-tenant commercial building with a mixture of restaurant, retail, medical, and personal service establishments. The tenant space was formerly occupied by FMMF LLC dba Smoke N Vape Guys from 2021 to 2024. The business license under the former owners was revoked in August 2024 due to tobacco sales to minors. Prior to the tobacco shop, the space was occupied by Focus Bookstore & Herbs from 2016 to 2020.

PROPOSAL

The Petitioner, Rabia Maaz of Mazmus LLC, proposes to re-open the tobacco establishment at the subject property. The Petitioner stated in the application that the business will be a retail smoke and vape shop offering a wide range of smoking and vaping products and accessories. The proposed hours of operation are Monday through Sunday 10:00 AM to 9:00 PM, with two staff members trained in product knowledge, customer service, and compliance with age-restricted sales laws. The Petitioner notes that this is the company's first retail business, and the owner will oversee daily operations, inventory management, and compliance with all local and state regulations. The Petitioner intends to use the existing floor plan with no interior or exterior renovations requiring a building permit.

Parking: The uses in the shopping center require 64 parking stalls, and the parking lot is

striped with 64 parking stalls. The minimum parking requirement is met.

Tobacco Addendum: The Petitioner submitted a business license application and a tobacco establishment addendum according to the requirements of Village Code Chapter 11, Article 8 for Sale of Tobacco and Related Products.

PUBLIC COMMENT
Staff received one written comment in opposition to re-establishing the tobacco shop. The resident noted that the prior tobacco shop generated litter (boxes, disposable vapes) that ended up in the parking lot, right of way, and on nearby residential properties.

STANDARDS AND FINDINGS
Staff has reviewed the Petitioner's request for a conditional use to operate a tobacco establishment and finds that the standards have been met. The Petitioner wrote in their application that they are aware of the local, state, and federal requirements regarding tobacco sales and distribution. Staff is unaware of any connection between the Petitioner and the former owners whose business license was revoked. The Police Department confirmed that the Petitioner has met the standards to obtain a tobacco establishment business license.

PUBLIC HEARING
The Planning and Zoning Commission reviewed the request at the public hearing on February 26, 2026. The Commissioners discussed concerns about litter from the former business and staff noted that this is a property maintenance item that will be addressed with the new business and landlord. No members of the public appeared for the hearing. Following discussion, the Planning and Zoning Commission recommended approval of the conditional use request, subject to the conditions outlined in the staff report, by a vote of 5-0.

WAIVER OF 2ND READING
The Petitioner requests that the Village Board waive the second reading and take final action at the March 16, 2026, meeting.

Alternatives

1. Approval of the following motion: "A conditional use to operate a tobacco establishment at 1522 North Elmhurst Road, subject to the conditions listed in the attached ordinance."
2. Action at the discretion of the Village Board.

Staff Recommendation

Approval of the following motion: "A conditional use to operate a tobacco establishment at 1522 North Elmhurst Road, subject to the conditions listed in the attached ordinance."

SHOPPING CENTER LEASE

THIS LEASE is made and entered into on this 20th day of February 2025, by and between Josephine Lampignano as a member of Colony Court Shopping Center, LLC, hereinafter called "Landlord" and Rabia Maaz hereinafter called "Tenant".

In consideration of the mutual Covenants and Agreements herein stated to be kept and performed by Tenant, the Landlord hereby leases to Tenant and Tenant does hereby lease from Landlord the Premises herein described:

1. PREMISES
The premises leased hereunder consist of a store unit defined as a Unit located at 1522 N Elmhurst Rd, in the Shopping Center commonly known as Colony Court Shopping Center, in the City of Mount Prospect, County of Cook, State of Illinois. Said premises consist of approximately 900 square feet, 5.43% of total gross square feet of floor area in all buildings located in the Shopping Center.

2. TERM
The term of the Lease shall be for a period of 2 years with a 2% increase in rent on February 20, 2026 and each year thereafter during the term hereof; it shall commence on February 20, 2025, and it shall terminate on February 19, 2027, unless it is sooner terminated as provided hereinafter. **This lease is contingent upon Village of Mount Prospect approval.**

3. LEASE YEAR
Each period of twelve consecutive calendar months commencing on the fourth (20th) day of February and ending on the following 19th of February during the term shall be known as "Lease Year" for the purpose of Tenant's year end. If the rental shall commence to accrue or terminate under the terms hereof, on a date other than the Lease Year, then the first lease year or the last year, as the case may be, or both, shall be treated on a proportionate basis for the purpose of "calculating" Rent as hereinafter defined.

4. OPTION
Provided Tenant is not in default of the terms and provisions hereof, Tenant shall have the option to extend the term and provisions of this lease for an additional two (2) years. The conditions, covenants and provisions hereof shall remain in full force and effect; except that the initial rent due hereunder shall be $2,084.00 with a 2% yearly increase. The option may be exercised by Tenant giving written notice of its election to so exercise to the Landlord, by Registered or Certified Mail, at least one hundred twenty (120) days, but not sooner than one hundred eighty (180) days, prior to the end of the original lease term.

5. USE
Tenants shall use the Premises for selling all tobacco, cigars, CBD products, **and all related smoke shop products approved by the Village of Mount Prospect** and shall not use or permit the Premises to be used for any other purpose without the prior written consent of Landlord. Tenant shall at all times conduct their business in accordance with the highest standards of that type of

business and which will not injure or detract from the reputation of the Shopping Center or its other tenants. No auction, fire, bankruptcy, liquidation or similar sales shall be conducted in or from the Premises. Tenant shall not sell or serve or permit the sale or service of any alcoholic beverage on or from the Premises, nor occupy nor use the Premises (nor permit the use of occupancy of the Premises) for any purpose of or in any manner which: a) is unlawful or in violation of any applicable legal, governmental or quasi-governmental requirement, ordinance or rule (including the Board of Fire Underwriters); b) may be dangerous to person or property; c) may invalidate or increase the amount of premiums for any policy of insurance affecting the Shopping Center, (and if any additional amounts of insurance premiums are so incurred, Tenants shall pay such additional amounts to Landlord on demand); or d) may create a nuisance, disturb any other tenant of the Shopping Center or any occupant of neighboring property or injure the reputation of the Shopping Center. Tenant shall be the sole exclusive provider of services and of sales of the related products as aforementioned in the Shopping Center.

6. RENT

Tenant agrees to pay $2,003 to the Landlord as Rent, without notice or demand, the monthly sum as shown on the Rent Schedule attached on page 13. Said rental shall be paid to the Landlord without deduction or offset, in lawful money of the United States of America, at such place as Landlord may from time to time designation in writing. The first month rental shall be paid upon the signing of the lease. Any payments received after the 5th of each month shall have a late payment fee of 1.5% of the rent prorated per day. The parties understand and agree that the Rent due and payable hereunder is Gross Rent, inclusive of common area maintenance expenses, real estate taxes and landlord's insurance costs.

7. SECURITY DEPOSIT

Tenant will provide a security deposit in the amount of $1,850.00. Said sum shall be held by the Landlord as security of the faithful performance by Tenant of all terms, covenants, and conditions of this lease to be kept and performed by Tenant during the term hereof. If Tenant defaults with respect to any provisions of this Lease, including, but not limited to the provisions relating to the payment of rent, Landlord may (but shall not be required to) use, apply or retain all or any part of this security deposit for the payment of any rent or any other sum in default, or to compensate Landlord for any other loss or damage which Landlord may suffer by reason of Tenant's default. If any portion of said deposit is so used or applied, Tenant shall, within sixty (60) days after written demand therefore, deposit the sum required in order to restore the security deposit to its original amount. Landlord shall not be required to keep this security deposit separate from its general funds, and Tenant shall not be entitled to interest on such deposits.

If Tenant shall fully and faithfully perform every provision of this Lease to be performed by it, the security deposit or any balance thereof shall be returned to Tenant (or at Landlord's option, to the last assignee of Tenant's interest hereunder) within thirty (30) days following expiration of the Lease term. In the event of termination of Landlord's interest in this Lease, Landlord shall transfer said deposit to Landlord's successor in interest.

8. COMMON AREAS

The term "Common Area" refers to all areas within the boundaries of the Shopping Center which

are now hereafter made available for general use, convenience and benefit of Landlord, all Tenants and other persons entitled to occupy spaces in the Shopping Center, which areas shall include, but not be limited to, Parking Areas, Driveways, Open or Enclosed Malls, Sidewalks, Sidewalk Overhang, Shopping Center Roof, and Landscaped and Planted Areas. The use of Parking and other Public Areas shall be subjected to the following.

A) The right of the Landlord to substitute, from time to time, for any parking area, or part thereof, other parking space reasonably accessible to the Tenant and Tenant's employees, agents, customers, invitees;

B) The right of the Landlord to make such changes in the public area as will not substantially reduce the total public area but will, in the sole judgment of the Landlord, be for the best interests of the Tenant, including the right to relocate any public improvements thereof, so long as it does not impair Tenant's business operation;

C) The right to improve, remodel, make changes in buildings and other premises, including entrances loading docks and other portions of said Shopping Center, so as to keep the character of the Shopping Center up to standard.

For the good and welfare of all Tenants in said Shopping Center, their employees, agents, customers and invitees, Landlord expressly reserves the right to determine the manner in which said Parking Areas, and other areas common to all Tenants of the said Shopping Center, shall be maintained, and to promulgate reasonable rules and regulations relating to the use of all public areas. Any changes in the rules and regulations of Shopping Center shall not, however, unreasonably interfere with the Tenant's use or enjoyment of the Premises. Landlord shall be responsible for the snow removal on the sidewalk and entry door to the space.

9. ALTERATIONS AND ADDITIONS

Tenant shall not make nor allow to be made any alteration, additions or improvements to or of the Premises, or any part thereof, without the written consent of Landlord first had and obtained, and any alterations, additions or improvements to or of said premises, including, but not limited to, wall covering, paneling, and built-in cabinet work, but excepting movable furniture and trade fixtures, shall at once become a part of the realty and belong to the Landlord and shall be surrendered with the Premises. In the event Landlord consents to the making of any alterations, additions, or improvements to the Premises by Tenant, the same shall be made by Tenant at Tenant's sole cost and expense. Upon the expiration or sooner termination of the term hereof, Tenant shall, upon written demand by Landlord, given at least thirty (30) days prior to the end of the term, at Tenant's sole cost and expense, forthwith and with all due diligence, remove any alterations, additions, or improvements made by Tenant, designation by Landlord to be removed, and Tenant shall forthwith and with all due diligence, at its sole cost and expense, repair any damage to the premises caused by such removal. Landlord acknowledges that all current signage, alterations and condition of the premises are acceptable as of the date of this Lease.

10. REPAIRS

By entry hereunder, Tenant shall be deemed to have accepted the Premises as being in good, sanitary order, condition, and repair. Tenant shall, at Tenant's sole cost and expense, keep the Premises and every part thereof in good condition and repair, including, without limitation, the maintenance, replacement and repair of any storefront, front and rear doors, window casements, glazing, heating and air-conditioning systems, (Tenant shall obtain a service contract for repairs and maintenance of said system, said maintenance contract to conform to the requirements under the warranty, if any on said system), plumbing, and plumbing issues connected with the sewer or any backups, pipes, electrical wiring and conduits. Tenant shall, upon the expiration or sooner termination of this Lease, surrender the Premises to the Landlord in good condition, broom clean, ordinary wear and tear and damage from causes beyond the reasonable control of Tenant excepted. Any damage to adjacent premises caused by Tenant's use of the Premises shall be repaired at the sole cost and expense of Tenant.

11. LIENS

Tenant shall keep the Premises and property in which the premises are situated free from any liens arising out of any work performed, materials furnished or obligations incurred by Tenant. Landlord may require, at Landlord's sole option, that Tenant shall provide to Landlord, at Tenant's sole cost and expense, a lien and completion bond in an amount equal to one and one-half (1-1/2) times the estimate cost of any improvements, additions, or alterations in the Premises which the Tenant desires to make, to insure Landlord against any liability for mechanic's and materialmen's liens and to ensure completion of the work.

12. RULES

Tenant shall not erect, install, display, inscribe, paint or affix any sign, lettering or advertising medium to, upon or above the exterior of the leased Premises or the building in which the leased Premises are situated, nor to the interior glass surface of any entrance door or show window nor within any show or display window space, without, in each instance, the prior written approval of Landlord. Tenant shall not use any advertising medium that shall reasonably be deemed objectionable to Landlord or a nuisance to other Tenants, including, without limiting the generality of the foregoing: loud speakers, phonographs, and radio or television broadcasts, in a manner to be heard outside of the leased Premises in an unreasonably loud manner. Tenant shall not install any exterior lighting or plumbing fixtures, shades or awnings, or any exterior decorations, or painting, or build any fences; nor install any radio or television antenna, loud speaker's, sound amplifiers, or similar devices on the roof or exterior walls of the building unless with the advance written consent of Landlord.

Except as otherwise herein provided, Tenant shall have the right, at its sole cost and expense, to erect and maintain within the interior of the Premises all signs and advertising matter customary or appropriate in the conduct of Tenant's business; provided, however, that Tenant shall upon demand of the Landlord, immediately remove any sign, advertisement, decoration, lettering or notice which Tenant has placed or permitted to be placed in, upon or about the Premises and which Landlord reasonably deem objectionable or offensive, and if Tenant fails or refuses so to do, the

Landlord may enter upon the Premises and remove the same at Tenant's cost and expense. In this connection, Tenant acknowledges that the Premises are a part of an integrated Shopping Center, and agrees that control of all signs by the Landlord is essential to the maintenance of uniformity, property and the aesthetic values in or pertaining to the Shopping Center.

Tenant shall not use the sidewalks of the Shopping Center for business purposes except ingress and agrees, without the written consent of the Landlord, nor permit the use of any part of the leased Premises for sleeping apartment or lodgings. No auction, fire, bankruptcy or closing-out sales shall be conducted in the leased Premises without the advance written consent of the Landlord. Tenant will not use or permit the use of the premises in any such matter that will tend to create a nuisance or tend to unnecessarily disturb other Tenants or occupants of the Shopping Center. The restrictions set forth in this Paragraph shall extend to all Agents and Employees of Tenant.

13. INSURANCE

Tenant shall procure companies satisfactory to Landlord and maintain during the term of this Lease at its own cost and expense, a policy or policies of insurance in form satisfactory to Landlord insuring Landlord and Tenant as their interest may appear as hereinafter required.

A. Public Liability and Property Damage Insurance: From and after the commencement date of this lease and throughout the residue and term of this lease and any extensions thereof, the Tenant shall protect, indemnify and save harmless the Landlord from and against any and all liability to third parties incurred by any act or neglect of the Tenant, or any of its agents, servants, or employees in or about the leased Premises, and shall at all times at its own cost obtain and keep in force general liability insurance including public liability and property damage insurance insuring Tenant with Landlord as an additional party insured, in amount not less than $1,000,000.00 in case of damage or injury to one person, nor less than $2,000,000.00 in case of damage or injury to more than one person in any one accident. The property damage insurance coverage required hereunder shall not be less than $50,000.00 in case of damage to property arising out of any one accident.

B. Fire & Extended Coverage: The fire and extended coverage insurance required on Tenant's chattels and leasehold improvements hereunder shall not be less than full insurable value.

C. Rental Insurance: Included in Gross Rent. Landlord shall procure and maintain rental insurance insuring the rental payments in the event of fire or other casualty to the leased Premises, rendering said leased Premises untenable in accordance with this Lease. Said insurance shall insure the payment of the rental terms herein for a minimum of six (6) months. Landlord shall pay the premiums, therefore, which insurance may be included in Landlord's Policy of extended coverage.

D. Plate Glass Insurance: Tenant shall procure and maintain insurance against breakage of glass in exterior and interior windows and doors in or upon the leased Premises. In the event of any damages to the aforementioned Premises covered by insurance, the Tenant shall within sixty (60) days of notice thereof, file proof of loss with the insurance carrier and proceed with the collection of the claim under said policies of insurance without delay. The Tenant shall further proceed as promptly as possible with the repairing or remodeling of the damages to the Premises. In the event

the Tenant shall fail to proceed in prosecution of this insurance claim after notice of damage, or fails to make the repairs as aforesaid, then the Landlord may, at its option, proceed with or undertake the collection of the insurance claim and also with the work of repair of remodeling of said damaged Premises. In the event the insurance fund is insufficient to cover the cost of repairs, the excess costs shall be borne by the Tenant.

14. SUBROGATION

Tenant hereby releases, Landlord, Landlord's Beneficiaries, the Agent and their officers, directors, employees, and agents, from liability or responsibility for any loss or damage to property covered by valid and collectible fire insurance with standard extended coverage endorsement, and shall extend to liability and responsibility for anyone claiming, through or under the parties by way of subrogation or otherwise. All of Tenant's insurance policies covering the Premises or their contents shall include a clause or endorsement to the effect that any release shall not adversely affect or impair such policy or prejudice the right of the party to recover thereunder, as long as the same shall be obtainable, and any extra cost therefore shall be borne by Tenant.

15. RULES AND REGULATIONS

Such reasonable rules and regulations as may hereafter be adopted by Landlord for the safety, care and cleanliness of the Premises and the preservation of good order thereon, are hereby expressly made part hereof, and Tenant agrees to obey all such rules and regulations. The violation of any such rules and regulations by Tenant shall be deemed a default under this Lease by Tenant, affording Landlord all those remedies set out in Section 12 hereof. Landlord shall not be responsible to Tenant for the non-performance by any other tenant or occupant of the Building of any of said rules and regulations. At the time of the signing of this Lease the Landlord has yet to establish a formal list of rules and regulations for the building; however, the Landlord establishes the following rules at this time:

(a) No Tenant or agent or employee of the Tenant shall be allowed on the roof of the Premises without the express consent of the Landlord or the Landlord's managing agent. Consent for the access required for Tenant's maintenance of the roof-top HVAC equipment is hereby expressly granted.

(b) The Landlord shall not permit the Tenant or any of the Tenant's employees or agents to park vehicles of any kind or nature overnight in the parking lot without the permission of the Landlord.

16. HOLD HARMLESS

Tenant agrees to indemnify and save Landlord harmless against and from any and all claims, damages, costs and expenses, including reasonable attorney's fees, arising from the conduct or management of the business conducted by Tenant in the leased Premises, or from any breach or default on the part of Tenant in the performance of any covenant or agreement on the part of Tenant to be performed pursuant to the terms of this Lease, or from any act or negligence of Tenant, its agents, contractors, servants, employees, subleases, concessionaires or licensees in or about the leased Premises. In case any action or proceeding be brought against Landlord by reason of any

such claim, Tenant, upon notice from Landlord, covenants to defend such action or proceeding by counsel reasonably satisfactory to Landlord.

Neither the Landlord nor the Landlord's agents, servants, employees, officers or directors, shall be liable, and to the extent allowed by law the Tenant waives and releases all claims for damage to persons or property sustained by the Tenant, or by Tenant's employees, agents, servants, invitees and customers or by any other occupant of the building in which leased Premises are located, resulting directly or indirectly from any act or neglect of any other tenant or occupant of said building. This article shall apply especially, but not exclusively, to damage caused by refrigerators, air-conditioning apparatus, water, snow, frost, steam, excessive heat or cold, sewage, gas, odors, or noise or the bursting or leaking of pipes or plumbing fixtures, and shall apply equally whether any such damage results from the act or neglect of other tenants, occupants, or servants in the building, or of any other person. If any such damage results from any act or neglect of Tenant, Landlord may, at the Landlord's option, repair such damage, whether caused to the building or to tenants thereof, and Tenant shall thereupon pay to Landlord the total cost of such repairs and damages, both to the building and to tenant thereof. All personal property belonging to Tenant, or any other person that is in the leased Premises, or any other part of said building, shall be there at the risk of the Tenant, or such other person only, and neither the Landlord nor its agents or employees shall be liable for any damage thereto or the theft or misappropriation thereof.

Any and all property which may be removed from the Premises by Landlord pursuant to the authority of this Lease or of Law, to which Tenant is or may be entitled, may be handled or removed by Landlord at the risk, cost and expense of Tenant, and Landlord shall in no event be responsible as warehouseman, bailee or otherwise for any property left in the Premises or the building by Tenant, or the building by Tenant, or for the value, preservation or safekeeping thereof. Tenant shall pay to the Landlord, upon demand, for all reasonable expenses incurred in any such removal of Tenant's property.

17. ASSIGNMENT OR SUBLETTING

Tenant agrees not to sell, assign, mortgage, pledge, or in any manner transfer this lease or any Estate or interest thereunder and not to sublet the leased Premises or any part or parts thereof and not permit any licensee or concessionaire therein without the previous written consent of Landlord in each instance. Consent by Landlord to one assignment of this Lease or to one subletting of the Leased Premises shall not be a waiver of Landlord's rights under this Article as to any subsequent assignment or subletting. Landlord's rights to assign this Lease are and shall remain unqualified.

In addition, Landlord shall not allow or permit any transfer of this Lease or any interest under it or any lien upon Tenant's interest by operation of Law without first obtaining written consent from Landlord, and any transfer, lien, assignment or subletting not so consented to by Landlord at Landlord's option shall be invalid and of no force or effect whatsoever.

Any such subletting, even with approval of the Landlord, shall not relieve Tenant from liability for payment of the rental herein provided, or from the obligation to keep and be bound by the terms, conditions and covenants of this Lease. The acceptance of rent from any other person shall not be deemed to have waived any of the provisions of this Article or to be consent to the subletting

of the leased Premises absent written consent thereto. This Paragraph shall be binding upon the Executors, Administrators and personal representatives of Tenant. Any and all of the Landlord's expenses, including reasonable legal fees, relating to such subletting or an assignment shall be at the Tenant's expense.

18. RIGHT TO ENTER

Landlord reserves the right to enter upon the leased Premises at reasonable hours to inspect the same, or to make repairs, additions or alterations to the leased Premises or other property, or to exhibit the Premises to prospective tenants, purchasers, or others, or to enter at any time in the event of an emergency and to display during the last one hundred twenty (120) days of the term, without hindrance or molestation of Tenant, "For Rent" or similar signs on windows or doors in the leased Premises.

19. HOLDING OVER

If Tenant remains in possession of the Premises or any part thereof after expiration of the term hereof without the express written consent of Landlord, such occupancy shall be a tenancy from month to month at a rental in the amount of two (2) times the last monthly Minimum Rent, plus all other terms hereof applicable to a month to month tenancy.

20. UTILITIES

Tenant shall pay for all water, gas, heat, electric power, sewer charges, telephone service and all other services and utilities supplied to the Premises, together with any taxes thereon. If any such services are not separately metered to Tenant, Tenant shall pay a reasonable proportion to be determined by the Landlord of all charges jointly metered with other premises.

21. UNTENANTABILITY

In the event the leased Premises shall be destroyed, or so damaged by fire, explosion, windstorm or other casualty as to be untenantable, Landlord may restore the leased Premises within a reasonable time after the casualty insurance claim has been paid, or in the alternative, terminate this Lease as of the date of the destruction or damage, in either case by giving Tenant notice within sixty days (60) after the date of the destruction or damage. The Rent shall abate on a per diem thirty-day month basis during the period of restoration. In the event the leased Premises shall be damaged as aforesaid but are not thereby rendered untenantable, Landlord shall restore the leased Premises with reasonable dispatch, and while such damage is being repaired, Tenant shall be entitled to any equitable abatement or the Minimum Rent as determined by Landlord. Landlord shall not be liable or responsible for any delay in rebuilding or repairing due to labor controversies, riots, acts of God, national emergency, acts of a public enemy, governmental laws or regulations, inability to procure materials or labor, or both, or the delay in payment by the insurer, or any other cause beyond its control.

22. EMINENT DOMAIN

If twenty-five (25%) percent or more of the Premises shall be taken or appropriated by any public or quasi-public authority under the power of eminent domain, either party hereto shall have the right, at its option, within sixty (60) days after said taking to terminate this Lease upon thirty (30)

days written notice. If less than 25% of the Premises are taken (and neither party elects to terminate as herein provided), The Rent thereafter to be paid shall be equitably reduced. If any part of the Shopping Center other than the Premises may be taken or appropriated, Landlord shall within sixty (60) days of said taking have the right at its option to terminate this Lease upon written notice to Tenant. In the event of any taking or appropriation what-so-ever, Landlord shall be entitled to any and all awards and or settlements which may be given and Tenant shall have no claim against Landlord for the value of any unexpired term of this Lease.

23. TENANT'S DEFAULT

The occurrence of any one or more of the following events shall constitute a default and breach of this Leased by Tenant: abandonment of the Premises by Tenant; the failure by Tenant to make any payment of rent or any other payment required to be made by Tenant hereunder, as and when due, where such failure shall continue for a period of five (5) days after written notice thereof by Landlord to Tenant; the failure by Tenant to observe or perform any covenants or provisions of this Lease to be observed or performed by Tenant, where such failure shall continue for a period of ten (10) days after written notice thereof by Landlord to Tenant; the making by Tenant of any general assignment or general arrangement for the benefit of creditors; the operation or supervision of the business conducted in the leased Premises by a creditor's committee or by anyone other than the Tenant; the taking of any action for the voluntary dissolution of Tenant; or the filing by or against Tenant of a petition to have Tenant adjudged bankrupt, or a petition of reorganization or arrangement under any law relating to bankruptcy (unless, in the case of petition filed against Tenant, the same is dismissed within sixty (60) days); or the appointment of a trustee or a receiver to take possession of all or substantially all of Tenant's assets located at the Premises or of Tenant's interest in this Lease, where possession is not restored to Tenant within thirty (30) days, or the attachment, execution or other judicial seizure of all or substantially all of Tenant's assets located at the Premises or of Tenant's interest in this Lease, where such seizure is not discharged in thirty (30) days.

24. REMEDIES IN DEFAULT

In the event of any such default or breach by Tenant, Landlord may at any time thereafter, exercise any or all following remedies, after notice or demand and without limiting Landlord in the exercise of a right or remedy which Landlord may have by reason of such default or breach:

(A) Terminate, Tenant's right to possession of the Premises, in which case this Lease shall terminate and Tenant shall immediately surrender possession of the Premises to the Landlord . In such event, Landlord shall be entitled to recover from Tenant all damages incurred by Landlord by reason of Tenant's default including, but not limited to, the cost of recovering possession of the Premises; expenses of re-letting, including necessary renovation and alteration of the Premises; reasonable attorney's fees;

(B) Maintain Tenant's right to possession, in which case this Lease shall continue in effect whether or not Tenant shall have abandoned the Premises. In such event, Landlord shall be entitled to enforce all of Landlord's rights and remedies under this Lease, including the right to receive the rent and any other charges and adjustments as may become due hereunder;

(C) Upon the termination by reason of the foregoing, Landlord may re-enter the leased premises with process of law, using such force as may be necessary, and remove all persons and chattels therefrom, and Landlord shall not be liable for damages or otherwise by reason of re-entry or termination of the term of this Lease. Not-withstanding such termination, the liability of Tenant for the Rent provided for here-in-above shall not be extinguished for the balance of the term remaining after said termination, and Landlord shall be entitled to recover immediately as liquidated damages an amount equal to the Rent for the said balance of the term less any rental receive from the Premises for the said balance of the term. Landlord shall use commercially reasonable best efforts, re-let the leased Premises or any part thereof for account of Tenant for such rent. The term of said re-letting shall be at the Landlord's sole discretion;

In the event of any breach by Tenant of any of the provisions of this Lease, Landlord may immediately or any time thereafter, with notice to Tenant, cure such breach for the account and at the expense of Tenant. If Landlord at any time, by reason of such breach, is compelled to pay, or elects to pay, any sum of money or do any act which will require the payment of any sum of money, or incurs any expense, including reasonable attorney's fees, in instituting or prosecuting any action or proceedings to enforce Landlord's rights hereunder, the sum or sums so paid by Landlord, with interest thereon at the rate of one and one-half (1-1/2%) percent per month from the date of payment thereof, until paid in full, shall be deemed to be additional rent hereunder and shall be due from Tenant to Landlord on the first day of the month following the payment of such respective sums or expenses. The Tenant covenants and agrees that no waiver of any breach of the same or any other covenant.

All rights and remedies of Landlord herein enumerated shall be cumulative and none shall exclude any other right of remedy allowed by Law, and said rights and remedies may be exercised and enforced concurrently and whenever and as often as occasion therefore arises. No receipt of money by Landlord from Tenant after the commencement of any suit, or after final judgment for possession of the Premises shall reinstate, continue or extend the term of this Lease or affect any such notice, demand or suit unless acknowledged by Landlord in writing.

25. CORPORATE AUTHORITY

If Tenant is a corporation, each individual executing this Lease on behalf of said corporation represents and warrants that he (she) is duly authorized to execute and deliver this Lease on behalf of said corporation, in accordance with a duly adopted resolution of the board of directors of said corporation, a copy of which is attached hereto, in accordance with the by-laws of said corporation, and that this Lease is binding upon said corporation in accordance with its terms.

26. CHANGES AND ADDITIONS

Landlord reserves the right to make such changes and additions in and to the Shopping Center as from time to time constituted, as in Landlord's absolute discretion are desirable, provided, however, that no such changes or additions shall reduce the ratio of total square feet of parking area to the total square feet of rentable floor space in all buildings located in the Shopping Center. Such ratio shall be established on the basis of the Zoning and Building Codes of the Municipality having jurisdiction of the Shopping Center, however, Landlord shall not impair the access or

visibility of the premises so as to prevent Tenant from conducting its business.

27. SUCCESSORS AND ASSIGNS

The Landlord and the Tenant covenant and agrees between the Parties hereto that all covenants, conditions, and agreements and undertakings in this Lease shall extend to and be binding on the respective successors and assigns of the respective Parties hereto in the same manner as if they were in every case named and expressed.

It is expressly understood and agreed by and between the Parties hereto that this Lease and any Riders attached hereto forming a part thereof, set forth all the promises, agreements, conditions and understanding between the Landlord and the Tenant relative to the leased Premises, and that there are no other promises, agreements, conditions or understandings, either oral or written, between them other than are herein set forth. It is understood and agreed that no subsequent alteration, amendments, change or addition to this Lease shall be binding upon the Landlord or the Tenant unless reduced to writing and signed by them, and by direct reference therein made a part hereof.

28. SIGNS

No Tenant shall install any exterior sign without the express written consent of the Landlord. The Landlord may establish at his own discretion a general motif for the entire Property including all exterior signage. Also signage shall comply with local ordinances and regulations, and the cost of obtaining approval from any and all local and/or governmental authorities shall be the expenses of the Tenant. The cost of said sign and installation associated with said sign shall be at the sole expense of the Tenant. It is specifically understood that the sign post and attached fixture and lighting is the sole and exclusive property of the Landlord.

29. SALE OF PREMISES BY LANDLORD

In the event of any sale of the premises by Landlord, Landlord shall be and is hereby entirely freed and relieved of all liability under and all of its covenants and obligations contained in or derived from this lease arising out of any act, occurrence, or omission occurring after the consummation of such sale; and the Purchaser, at such sale or any subsequent sale of the Premises, shall be deemed, without any further agreement between the parties of their successors in interest or between the parties and any such Purchaser, to have assumed and agreed to carry out any and all of the covenants and obligations of the Landlord under this Lease.

30. BROKERS

Tenant warrants that it has not had dealings with a real estate broker or agent in connection with the negotiation of this Lease. Tenant furthermore warrants that it, (does not know) of other real estate brokers or agents who are entitled to a commission in connection with this Lease.

31. PARTIAL INVALIDITY

Any provision of this Lease which shall prove to be invalid, void, or illegal shall in no way affect, impair or invalidate any other provision hereof and such other provision shall remain in full force and effect.

32. GOVERNING LAW

The Laws of the State of Illinois shall govern validity, performance and enforcement of this Lease. The heading of the several articles contained herein are for convenience only and do not define, limit, or construe the contents of such articles.

33. NOTICES

All notices under this Lease shall be deemed to have been properly served if delivered in writing personally or by registered or certified mail, return receipt requested, to the Landlord at:

Josephine Lampignano
P.O. Box 204
Addison, Illinois 60101
[redacted]

or such other place or places as it may designate in writing from time to time, or to the Tenant at:

Village of Mount Prospect
Planning & Zoning Division

Subject: Conditional Use Standards – Response Statement
Business: SmokeNvape2 (mazmuzllc)
Address: 1522 N Elmhurst Rd, Mount Prospect, IL

To the Planning & Zoning Commission:

Please find below our responses to the Conditional Use Standards for approval of a smoke and vape retail shop at the above-listed location.

1. Public Health, Safety, Morals, Comfort, and General Welfare
SmokeNvape2 will operate in strict compliance with all local, state, and federal regulations, including ID verification and age-restricted sales. The store will enforce a zero■tolerance policy for underage access and will maintain a clean, professional, and well■monitored environment. No onsite product consumption will be permitted. As a low■impact retail business, the operation will not create noise, odors, or hazards. Therefore, the use will not be detrimental to public health, safety, morals, comfort, or general welfare.

2. Impact on Surrounding Properties and Property Values
The proposed use is compatible with nearby commercial activities and will not interfere with the enjoyment or permitted use of surrounding properties. SmokeNvape2 will maintain a neat storefront and signage fully compliant with Village standards. As a specialty retail business drawing responsible adult customers, the use will not diminish property values and will contribute to maintaining an active, occupied commercial corridor.

3. Orderly Development of Surrounding Properties
The smoke and vape shop will not impede the development or improvement of surrounding properties. It aligns with the district's commercial character and supports economic growth by utilizing an existing retail space. The business does not require modifications that would limit future development in the area.

4. Adequate Utilities, Access, Drainage, and Facilities
All required utilities, including electric service, water, sewer, and storm drainage, are already available and sufficient for the proposed use. No additional public utilities or infrastructure improvements are necessary to support SmokeNvape2's operation.

5. Ingress, Egress, and Traffic Management
The site provides safe, established ingress and egress with adequate parking. The anticipated customer traffic for SmokeNvape2 is moderate and consistent with typical retail patterns. The business will not cause congestion or negatively impact public streets, and all vehicle circulation will remain safe and efficient.

6. Consistency with the Comprehensive Plan
The proposed use is consistent with the Village's Comprehensive Plan by supporting commercial

vitality, occupying an existing retail space, and contributing to the area's economic stability. The business will bring additional tax revenue and promote active use of commercial property within the district.

7. Conformance with Zoning District Regulations
SmokeNvape2 will comply fully with all applicable zoning district regulations, including signage, operational standards, licensing, and product display requirements. Any recommendations or conditions set forth by the Planning & Zoning Commission will be adhered to. In all other respects, the use conforms to zoning requirements.

Thank you for your consideration. We look forward to working closely with the Village throughout this process.

Sincerely,
SmokeNvape2 – mazmuzllc

Business Plan: SmokeNVape 2
Business Name: SmokeNVape 2
Business Entity: Mazmus LLC
Owner: Rabia Maaz
[redacted]
Address: 1522 N elmhurst rd,Mount-prospect Il

1. Executive Summary

Mazmus LLC plans to open SmokeNVape 2, a retail smoke and vape shop offering a wide range of smoking
and vaping products and accessories. This will be our first retail venture under Mazmus LLC. The store will serve adult customers seeking high-quality vaping devices, e-liquids, glasswar,
tobacco, and related
products in a professional and welcoming environment.

2. Business Description

SmokeNVape 2 will specialize in the sale of:

- Vape devices and accessories
- Pod systems
- E-juices and e-liquids
- Glass pipes and smoking accessories
- Tobacco and rolling products
- Grinders
- Hookahs and flavored shisha
- "Good Stuff" bags and pipe tobacco

The goal is to provide customers with quality products, competitive pricing, and excellent service in a clean and safe retail environment.

3. Location & Hours of Operation
Proposed Hours:
• Monday-Sunday: 10:00 AM - 9:00 PM
Store Type: Retail storefront with visible street access and walk-in customers.
4. Staffing Plan
The store will employ two (2) staff members, either full-time or part-time, depending on business needs and employee availability. All employees will be trained on product knowledge, customer service, and compliance with age-restricted sales laws.

5. Ownership & Experience
This will be the company's first retail business.
The owner will oversee daily operations, inventory management, and compliance with all local and state regulations.

6. Compliance & Licensing
SmokeNVape 2 will comply with all state and local laws related to tobacco and vapor product sales, including age verification procedures, product labeling, and licensing requirements.

Revenue Sources:
Retail sales of tobacco, vape products, and accessories.
8. Goals

- Successfully launch SmokeNVape 2 within the next [insert timeline].
- Build a loyal customer base through quality service and product selection.
- Achieve profitability within the first year of operation.

APPLICANT/PROPERTY OWNER
Mazmus LLC /
Colony Court Shopping Center LLC

PUBLIC HEARING DATE
February 26, 2026

PROPERTY ADDRESS/LOCATION
1522 N Elmhurst Rd

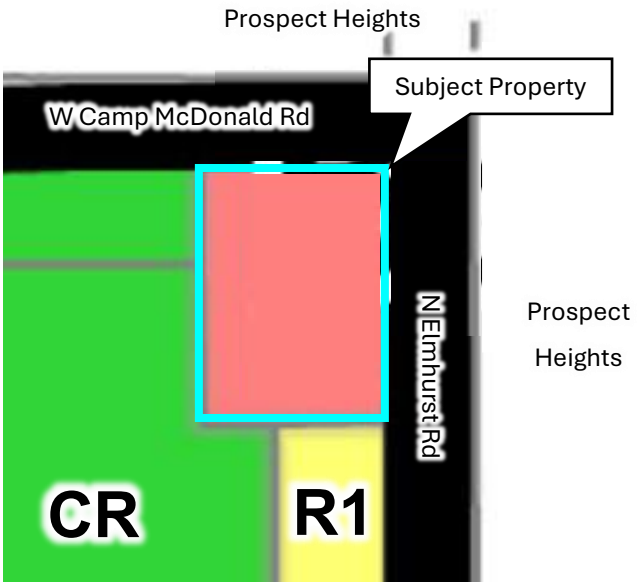

BRIEF SUMMARY OF REQUEST

The Petitioner (Rabia Maaz, Mazmus LLC) is seeking conditional use approval to operate an existing 900 square foot tobacco establishment (Smoke N Vape) at the subject property (1522 North Elmhurst Road). The tobacco shop has been closed since August 2024, therefore, the Petitioner must obtain conditional use approval to re-establish the use. The proposed business meets the standards for a conditional use and therefore Staff is supportive of the request.

STAFF RECOMMENDATION APPROVE (APPROVE WITH CONDITIONS) DENY

DISCUSSION OF PROPOSAL

BACKGROUND / PROPERTY HISTORY

The subject property is a single-story multi-tenant commercial building with a mixture of restaurant, retail, medical, and personal service establishments. The tenant space was formerly occupied by FMMF LLC dba Smoke N Vape Guys from 2021 to 2024. The business license under the former owners was revoked in August 2024 due to tobacco sales to minors. Prior to the tobacco shop, the space was occupied by Focus Bookstore & Herbs from 2016 to 2020.

PROPOSAL

The Petitioner, Rabia Maaz of Mazmus LLC, proposes to re-open the tobacco establishment at the subject property. The Petitioner stated in the application that the business will be a retail smoke and vape shop offering a wide range of smoking and vaping products and accessories, including vape devices and accessories, pod systems, e-juices and e-liquids, glass pipes and accessories, tobacco and rolling products, grinders, hookahs and flavored shishas, and "Good Stuff" brand pipe tobacco. The proposed hours of operation are Monday through Sunday 10:00 AM to 9:00 PM, with two staff members trained in product knowledge, customer service, and compliance with age-restricted sales laws. The Petitioner notes this is the company's first retail business, and the owner will oversee daily operations, inventory management, and compliance with all local and state regulations. The Petitioner intends to use the existing floor plan with no interior or exterior renovations requiring a building permit.

Parking: The Village code requires parking based on land use. The subject property is a shopping center under 30,000 square feet, which requires 4 spaces per 1,000 square feet of gross floor area. Heffy's Hotdogs (a restaurant) is calculated separately. Lou Malnati's is take-out only, therefore it qualifies under the shopping center parking calculation. The parking lot is striped with 64 parking stalls, including 3 accessible parking stalls. The minimum parking requirement for the existing and proposed uses are met.

Use	Parking Minimum	Variables	Spaces Required
Freestanding stores and shopping centers (up to 30,000 square feet)	4 spaces per 1,000 square feet of gross floor area. (Restaurants as tenants require separate parking calculations.)	13,560 SF	55
Restaurant without a bar	12 spaces per 1,000 square feet of floor area (excluding areas for storage, corridors, and bathrooms)	750 SF	9
		Total Required:	64 (3 accessible)
		Total Provided:	64 (3 accessible)

Tobacco Addendum: The Petitioner submitted a business license application and a tobacco establishment addendum according to the requirements of Village Code Chapter 11, Article 8 for Sale of Tobacco and Related Products.

PUBLIC COMMENT

Staff received one written comment in opposition to re-establishing the tobacco shop. The resident noted that the prior tobacco shop generated litter (boxes, disposable vapes) that ended up in the parking lot, right of way, and on nearby residential properties.

STANDARDS AND FINDINGS

The Planning and Zoning Commission shall review the standards and findings of fact outlined in

Exhibit A and 1) accept them without changes, 2) accept them with changes, or 3) reject the findings. The Planning and Zoning Commission shall use the findings of fact to guide their recommendation to the Village Board.

STAFF RECOMMENDATION

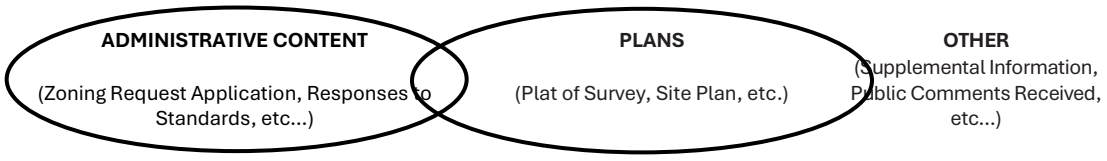

Staff finds that the proposed conditional use meets the applicable standards contained in the Mount Prospect Zoning Ordinance. Staff requests that the Planning and Zoning Commission make a motion to adopt Staff's findings as the findings of the Planning and Zoning Commission and recommend **approval** of the following motion:

"Motion to approve:

1. "A conditional use to operate a tobacco establishment at 1522 North Elmhurst Road, subject to the following conditions:
    a. Consumption of tobacco products on site is prohibited;
    b. The business shall hold a valid Mount Prospect business license;
    c. No lighting shall be used to illuminate window areas or the perimeter;
    d. Exterior lighting shall be limited to standard building-mounted fixtures required for safety and shall not include decorative or promotional lighting (e.g. neon, colored LED strips);
    e. No temporary or A-frame signs shall be displayed outside the premises;
    f. No window signage shall be permitted, including promotional materials, product advertisements, or decals, except for a small sign on the front door displaying only the business name, hours of operation, and required legal postings (e.g. "Must be 21+");
    g. The sale of branded or novelty items (e.g. cartoon-themed items, smoking accessories marketed toward youth) is prohibited;
    h. Compliance with all applicable development, fire, building, and other Village codes and regulations;
    i. Compliance with all applicable local, state, and federal laws regarding the sale and distribution of tobacco and related products;
    j. A new conditional use approval shall be required for:
        i. A change of ownership involving 50% or more of the officers or partners;
        ii. A change in legal entity; or
        iii. A change in location; and
    k. This conditional use may be revoked by the Village if substantiated complaints are received regarding non-compliance with these conditions or violations of law."

The Village Board's decision is final for this case.

ATTACHMENTS:

I concur:

Jason C Shallcross, AICP, CEcD
Director of Community Development

Exhibit A
Standards and Findings of Fact

CONDITIONAL USE STANDARDS
Section 14.203.F.8 of the Village of Mount Prospect Zoning Ordinance provides that a Conditional Use shall conform to the following requirements:

1. That the establishment, maintenance, or operation of the conditional use will not be detrimental to, or endanger the public health, safety, morals, comfort, or general welfare;
2. That the conditional use will not be injurious to the uses and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood in which it is to be located;
3. That the establishment of the conditional use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district;
4. That adequate public utilities, access roads, drainage and/or necessary facilities have been or will be provided;
5. That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets;
6. That the proposed conditional use is not contrary to the objectives of the current comprehensive plan for the village; and
7. That the conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located, except as such regulations may, in each instance, be modified pursuant to the recommendations of the planning and zoning commission.

Petitioner's Findings: The Petitioner states that the business will strictly comply with all local, state, and federal laws, and they will enforce a zero-tolerance policy for underage access. The Petitioner asserts that they will maintain a neat storefront and signage fully compliant with Village standards, and will contribute to an active, occupied commercial corridor. The Petitioner argues that the business aligns with the district's commercial character and will not impede development or improvement of surrounding properties. The Petitioner notes that all required utilities, including electric service, water, sewer, and storm drainage, are already available and sufficient for the proposed use. The Petitioner anticipates customer traffic that is moderate and consistent with typical retail patterns. Per the application, the proposed use is consistent with the Comprehensive Plan by supporting commercial vitality, occupying existing retail space, and contributing to the area's economic stability. The Petitioner concludes that they will comply fully with all applicable zoning district regulations, including signage, operational standards, licensing, and product display requirements.

Staff's Findings: Staff has reviewed the Petitioner's request for a conditional use to operate a tobacco establishment and finds that the standards have been met. Staff did not find evidence that the business would endanger public health, safety, morals, comfort, or general welfare. The Police Department confirmed that the Petitioner has met the standards to obtain a tobacco establishment business license. The Petitioner wrote in their application that they are aware of the local, state, and federal requirements regarding tobacco sales and distribution. Staff is unaware of any connection between the Petitioner and the former owners whose business license was revoked. No physical changes are proposed for the interior or exterior that would impede improvement of the surrounding properties, impact public utilities or drainage, or cause traffic congestion in the public streets. The subject property is designated "Neighborhood Center" in the future land use plan and the proposed retail use is compatible with the mix of small-scale commercial uses already established in this area.

From: Katie King
To: Lalagos, Antonia
Subject: Opposed to tobacco establishment at 1522 N Elmhurst Rd
Date: Tuesday, January 20, 2026 1:52:42 PM

Hello,

I'm writing to formally oppose allowing a tobacco establishment to operate at 1522 N Elmhurst Rd. I reside on Camp Mcdonald Rd, and anecdotally I have noticed a vast improvement in the cleanliness quality of the parking lot and road since the prior smokeshop closed. Previously, we would notice quite a lot of rubbish from boxes and disposable vapes littering the road, which would then collect in our yard and gutters. It appears that the type of clientele that frequented the previous business led to more garbage in the streets, and I have been happier having clean roads and a clean yard in the months since that business closed. I would not like to return to the prior state by allowing another tobacco establishment to open.

Thank you,
Katie King

MINUTES OF THE REGULAR MEETING OF THE PLANNING & ZONING COMMISSION

CASE NO. PZ-12-25	Hearing Date: February 26, 2026 Continued from January 22, 2026
PROPERTY ADDRESS:	1522 North Elmhurst Road
PETITIONER:	Mazmus LLC - Rabia Maaz 1139 N Harvard Cir South Elgin IL 60177
PUBLICATION DATE:	January 7, 2026
REQUEST:	Conditional use approval to operate a tobacco establishment at 1703 West Algonquin Road, and other relief from the Village of Mount Prospect Village Code as may be required for this project.
MEMBERS PRESENT:	Joseph Donnelly Walter Szymczak William Beattie Fay Costa Richard Rogers
MEMBERS ABSENT:	Donald Olsen Ewa Weir Michael Fricano
STAFF MEMBERS PRESENT:	Jason Shallcross – Director of Community & Economic Development Antonia Lalagos – Development Planner
INTERESTED PARTIES:	None

Chairman Donnelly called the meeting to order at 7:02 PM. Commissioner Beattie made a motion seconded by Commissioner Szymczak to approve the minutes from the Planning and Zoning Commission meeting on January 8, 2026. The minutes were approved 4-0, with one Commissioner abstaining.

Chairman Donnelly introduced case number PZ-12-25, 1522 North Elmhurst Road, a request for a conditional use to operate a tobacco retail establishment at the subject property. The Village Board's decision is final for this case.

Ms. Lalagos introduced the subject property: a single-story multi-tenant commercial building with a mixture of restaurant, retail, medical, and personal service establishments. She stated that the tenant space was formerly occupied by FMMF LLC dba Smoke N Vape Guys from 2021 to 2024. Ms. Lalagos shared that the business license under the former owners was revoked in August 2024 due

to tobacco sales to minors. She noted that prior to the tobacco shop, the space was occupied by Focus Bookstore & Herbs from 2016 to 2020.

Ms. Lalagos reported that the petitioner, Rabia Maaz of Mazmus LLC, proposes to re-open the tobacco establishment at the subject property. The Petitioner stated in the application that the business will be a retail smoke and vape shop offering a wide range of smoking and vaping products and accessories. The proposed hours of operation are Monday through Sunday 10:00 AM to 9:00 PM, with two staff members trained in product knowledge, customer service, and compliance with age-restricted sales laws. The Petitioner notes this is the company's first retail business, and the owner will oversee daily operations, inventory management, and compliance with all local and state regulations. The Petitioner intends to use the existing floor plan with no interior or exterior renovations requiring a building permit.

Ms. Lalagos stated that the subject property is a shopping center under 30,000 square feet, which requires 4 spaces per 1,000 square feet of gross floor area. She explained that the parking lot is striped with 64 parking stalls, including 3 accessible parking stalls, and that the minimum parking requirements for the existing and proposed uses are met.

Ms. Lalagos concluded that staff finds that the proposed conditional use meets the applicable standards contained in the Mount Prospect Zoning Ordinance. She requested that the Planning and Zoning Commission make a motion to adopt staff's findings as the findings of the Planning and Zoning Commission and recommend **approval** of the following motion:

1. "A conditional use to operate a tobacco establishment at 1522 North Elmhurst Road, subject to the following conditions:
    a. Consumption of tobacco products on site is prohibited;
    b. The business shall hold a valid Mount Prospect business license;
    c. No lighting shall be used to illuminate window areas or the perimeter;
    d. Exterior lighting shall be limited to standard building-mounted fixtures required for safety and shall not include decorative or promotional lighting (e.g. neon, colored LED strips);
    e. No temporary or A-frame signs shall be displayed outside the premises;
    f. No window signage shall be permitted, including promotional materials, product advertisements, or decals, except for a small sign on the front door displaying only the business name, hours of operation, and required legal postings (e.g. "Must be 21+");
    g. The sale of branded or novelty items (e.g. cartoon-themed items, smoking accessories marketed toward youth) is prohibited;
    h. Compliance with all applicable development, fire, building, and other Village codes and regulations;
    i. Compliance with all applicable local, state, and federal laws regarding the sale and distribution of tobacco and related products;
    j. A new conditional use approval shall be required for:
        i. A change of ownership involving 50% or more of the officers or partners;
        ii. A change in legal entity; or
        iii. A change in location; and
    k. This conditional use may be revoked by the Village if substantiated complaints are received regarding non-compliance with these conditions or violations of law."

The Village Board's decision is final for this case.

Chairman Donnelly swore in the petitioner, Rabia Maaz of Mazmus LLC, 1522 North Elmhurst Road, Mount Prospect.

Ms. Maaz explained that she is a realtor and this will be her first retail business.

Commissioner Beattie asked if she had any experience running a store.

Ms. Maaz stated that smoke shops are a family business and her husband already owns a couple of shops, which is why she is interested in the business.

Commissioner Beattie noted the public comment regarding the previous tobacco shop generating litter.

Ms. Maaz said she will keep an eye on the property maintenance.

Commissioner Costa asked staff if there could be a condition about requiring a garbage can or that the conditional use can be revoked if there is excessive litter.

Mr. Shallcross noted that commercial strip centers are required to have dumpsters. He suggested that this is a logistical item that could be worked out with the petitioner and landlord outside of the zoning process. Mr. Shallcross pointed out that the new user may not have the same issues as the previous user. He stated that the Commission could add a condition if they feel strongly about it. Mr. Shallcross added that property maintenance issues are typically addressed through the adjudication process. He noted that if multiple tenants are having the same issues, he would expect the property owner to address it rather than the individual tenant.

Hearing no further comments or questions, Chairman Donnelly closed the hearing and asked for a motion to approve the conditions as noted in the staff report. Commissioner Beattie made a motion seconded by Commissioner Szymczak.

UPON ROLL CALL AYES: Szymczak, Beattie, Rogers, Costa, Donnelly
NAYS: None

The Planning and Zoning Commission gave a positive recommendation (5-0) to the Village Board for the March 17, 2026 meeting.

After hearing three more items of new business, Chairman Donnelly asked if there were any citizens to be heard.

Hearing no further discussion, Chairman Donnelly made a motion seconded by Commissioner Beattie and the meeting was adjourned at 8:43 PM.

Via email: [redacted]

Dear Mr. Shallcross,

The Planning & Zoning Commission recommended approval of our tobacco retail shop by a 5-0 vote. Our request is scheduled to go before Village Board for the ordinance's first reading March 16, 2026.

We are requesting that the Village Board waive the second reading, tentatively scheduled for April 7, 2026 and take final action at the March 16 meeting because we would like to open the shop as soon as possible.

I appreciate your assistance in facilitating this request. Should you have any questions, feel free to contact me at [redacted]

Sincerely,

Rabia Maaz

ORDINANCE NO. _____
AN ORDINANCE GRANTING A CONDITIONAL USE TO OPERATE A TOBACCO RETAIL ESTABLISHMENT AT THE PROPERTY 1522 NORTH ELMHURST ROAD MOUNT PROSPECT, ILLINOIS

WHEREAS, Mazmus LLC ("Petitioner"), is seeking a conditional use to operate a tobacco retail establishment for property located at 1522 North Elmhurst Road and legally described as:

See attached EXHIBIT A

PIN: 03-27-100-008-0000; and

WHEREAS, the "Petitioner" seeks a Conditional Use to allow a tobacco retail establishment; and

WHEREAS, a Public Hearing was held on the request for a Conditional Use being the subject of PZ-12-25 before the Planning and Zoning Commission of the Village of Mount Prospect on the 26th day of February 2026 pursuant to proper legal notice having been published in the Daily Herald Newspaper on the 7th day of January 2026; and

WHEREAS, the Mayor and Board of Trustees of the Village of Mount Prospect have given consideration to the request herein and have determined that the request meets the standards of the Village and that the granting of the Conditional Use to allow a tobacco retail establishment would be in the best interest of the Village.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND BOARD OF TRUSTEES OF THE VILLAGE OF MOUNT PROSPECT, COOK COUNTY, ILLINOIS ACTING IN THE EXERCISE OF THEIR HOME RULE POWERS:

SECTION ONE: That the recitals set forth hereinabove are incorporated herein as findings of fact by the Mayor and Board of Trustees of the Village of Mount Prospect.

SECTION TWO: The Mayor and Board of Trustees of the Village of Mount Prospect do hereby grant a Conditional Use to operate a tobacco retail establishment for property located at 1522 North Elmhurst Rd, Mount Prospect subject to the following conditions:

1. Consumption of tobacco products on site is prohibited;
2. The business shall hold a valid Mount Prospect business license;
3. No lighting shall be used to illuminate window areas or the perimeter;

DRAFT

4. Exterior lighting shall be limited to standard building-mounted fixtures required for safety and shall not include decorative or promotional lighting (e.g. neon, colored LED strips);
5. No temporary or A-frame signs shall be displayed outside the premises;
6. No window signage shall be permitted, including promotional materials, product advertisements, or decals, except for a small sign on the front door displaying only the business name, hours of operation, and required legal postings (e.g. "Must be 21+");
7. The sale of branded or novelty items (e.g. cartoon-themed items, smoking accessories marketed toward youth) is prohibited;
8. Compliance with all applicable development, fire, building, and other Village codes and regulations;
9. Compliance with all applicable local, state, and federal laws regarding the sale and distribution of tobacco and related products;
10. A new conditional use approval shall be required for:
    a. A change of ownership involving 50% or more of the officers or partners;
    b. A change in legal entity; or
    c. A change in location; and
11. This conditional use may be revoked by the Village if substantiated complaints are received regarding non-compliance with these conditions or violations of law."

SECTION THREE: This Ordinance shall be in full force and effect from and after its passage, approval and publication in pamphlet form in the manner provided by law.

Category	NEW BUSINESS
Type	Action Item

Information

The Petitioner (REIT 200 LLC) is requesting a final Planned Unit Development (PUD) at 200 East Rand Road (the subject property). The Petitioner proposes to re-establish the hotel, restaurant, and banquet hall uses at the subject property. The building has been vacant since the Holiday Inn hotel and Bar Louie restaurant closed in 2020. The proposal meets the requirements and standards of the Village Code, and Village Staff ("Staff") is supportive of the requests.

Discussion

BACKGROUND

The subject property was annexed to the Village in 1961 and in 1966 was developed as a Holiday Inn hotel with a pool, restaurant, and banquet hall/meeting spaces. The hotel complex operated continuously from its construction in 1966 until its closure in late 2020, with major interior remodels in 1977, 1998, and 2009. The property has been vacant since the Holiday Inn's closure and has experienced significant vandalism and deterioration.

PROPOSAL

The Petitioner, REIT 200 LLC, is proposing to re-establish the hotel, restaurant, and banquet facility again under the Holiday Inn brand. The Petitioner proposes to keep the existing floor plans and square footage for the previous uses, and provide a "full cosmetic refresh" of the interior and exterior of the building.

The Village Board passed Resolution No. 27-25 on September 16th, 2025, which approved the subject property to be designated under the Class 7b Classification by the Cook County Assessor, with the condition that the Petitioner secure approval of an ordinance granting a conditional use to operate a hotel on the property within six months.

Site Plan: The subject property consists of two parcels totaling 2.93 acres, with existing

access points on Kensington Road and Rand Road. As a condition of approval, Staff will require the Petitioner to apply for an administrative plat of consolidation to combine the two parcels. The Petitioners are proposing to restripe the parking lot to increase the onsite parking from 137 to 140 stalls and pave a gravel area along the west property line where it is too narrow for plantings to grow. The existing parking lot and building setbacks are nonconforming under current zoning standards and would require relief if constructed today (see Table 1). Approval of the Planned Unit Development (PUD) would authorize the continuation of these existing conditions.

Table 1: B-3 Zone Minimum Setbacks

Required Yard	Minimum Setback B-3	Subject Property
Interior (east)	10’	4.58’
Interior (west)	10’	6.80’
Front (Kensington)	30’	136.68’
Rear (Rand)	20’	82.83’
Parking Lot	10.0’	0’

Uses: The three-story primary structure is approximately 80,000 square-feet in size, containing 139 guestrooms, a 5,326 square-foot restaurant, and a 3,376 square-foot banquet / meeting space. As of this writing, a restaurant tenant has not been identified by the Petitioners.

Elevations: The existing building materials will remain, including stone veneer, painted concrete masonry units (CMUs), and Exterior Insulation and Finishing Systems (EIFS). The Petitioner proposes to refresh the exterior with new paint, replace damaged stonework, and replace damaged doors and windows.

Parking: The Petitioner proposes to restripe the existing 137-stall parking lot to 140 parking stalls on site, to provide a 24-hour complimentary shuttle service between the hotel and airport, and the Petitioner has executed cross-use parking agreements with the neighboring properties at 201 East Kensington Road (1st Family Dental) and 303 East Kensington Road (Red Barn Restaurant). Per the Zoning Code off-street parking requirements, these adjacent properties have a surplus of 42 parking stalls (see Table 2) that the Petitioner has secured the use of to address the property’s shortage of code-required parking stalls. The Petitioner has also agreed to landbank the open space at the north end of the subject property, which could be converted into 10 to 25 additional parking stalls if area parking demand exceeds supply (see Exhibit A, "Landbank Parking and Monitoring Requirements").

The Petitioner engaged Kimley-Horn to conduct a parking study to estimate peak parking demand for the subject property using two methods of analysis. Table 2 compares the parking demand methods and the projected deficit or surplus at the subject property with on-site, off-site, and land banked parking.

Table 2: Holiday Inn – Estimated Parking Deficiency / Surplus (Updated 2/23/26)

Method	Minimum Stalls Required	Onsite Parking Only (140 stalls)	Onsite (140) + Cross Use (42)	Onsite (140) + Cross Use (42) + Land Bank (25)
Village Zoning Code	267	-127	-85	-60

Parking Study: ULI*	103	+37	+79	+104
Parking Study: ITE**	151	-11	+31	+56

* Urban Land Institute Shared Parking Manual, 6th Edition
**Institute of Transportation Engineers Parking Generation Manual, 6th Edition

As a condition of approval, staff is requiring the Petitioner to conduct monthly parking utilization counts according to the schedule in Exhibit A, "Landbank Parking and Monitoring Requirements." If parking utilization at the subject property exceeds 85% of available spaces or if the Village documents negative impacts to adjacent properties or public rights of way, the Village may require installation of the deferred parking spaces in the land-banked area.

Landscaping: The existing landscaping is nonconforming due to lack of landscape beds on the perimeter of the property and at the foundation of the building at the time of construction. The Petitioner is proposing new trees, shrubs, and various groundcover to fill the existing parking lot islands.

Lighting: The Petitioner did not propose changes to the exterior lighting. A fully compliant photometric plan will be required as part of building permit submittal.

Signage: The Petitioner intends to replace the five existing signs on the property: two freestanding signs and three wall signs. The freestanding sign at the Kensington Road entrance will be relocated further south once the north property line is adjusted to accommodate the right of way expansion.

PUBLIC COMMENT
As of this writing, staff has not received public comment on the proposal.

STANDARDS AND FINDINGS
Staff notes that the revitalization of the subject property has been listed in the Village Strategic Plan as a “Management in Progress” item since it was abandoned in 2021. The proposal would support public safety by repairing a vacant structure that has numerous maintenance and safety issues and would promote general welfare by filling a key vacancy along a major commercial corridor. Based on the information submitted, the surrounding uses, and the proposed development’s compliance with the Village’s zoning ordinance and long-range planning documents, staff recommends approval of the conditional use request.

PUBLIC HEARING
The Planning and Zoning Commission reviewed the request at the February 26, 2026 Public Hearing. The Commissioners discussed the parking analysis, maintaining stormwater requirements should the land banked area be paved, and fire protection of the building. No members of the public appeared for the hearing. Following discussion, the Planning and Zoning Commission recommended approval of the conditional use request, subject to the conditions outlined in the staff report, by a vote of 5-0.

Following the public hearing, Staff added two conditions of approval to the final ordinance.

The first condition, titled “Landbank Parking and Monitoring Requirements,” requires the Petitioner to make good-faith efforts to maintain the shared parking agreements for as long as reasonably practicable. The condition also clarifies that termination of any shared parking agreement will not relieve the Petitioner of its obligation to comply with the approved

landbank parking and monitoring requirements.

The second condition requires the Petitioner to dedicate, at no cost to the Village or the Illinois Department of Transportation (IDOT), any right-of-way and any temporary or permanent easements determined necessary for the design, construction, or future implementation of intersection improvements at Rand Road, Kensington Road, and Elmhurst Road (Illinois Route 83). The Petitioner has already executed and returned the necessary dedication documents to facilitate this process. However, the condition is included to ensure that any additional right-of-way or easement needs identified by IDOT prior to the dedication being recorded and the commencement of the project can be accommodated if required.

WAIVER OF 2ND READING
The Petitioner requests that the Village Board waive the second reading and take final action at the March 16, 2026, meeting.

Alternatives

1. Approval of the following motion: "A conditional use for a final Planned Unit Development (PUD) consisting of a 2.93-acre property with a hotel, restaurant, and banquet facility, subject to the conditions listed in the attached ordinance."
2. Action at the discretion of the Village Board.

Staff Recommendation

Approval of the following motion: "A conditional use for a final Planned Unit Development (PUD) consisting of a 2.93-acre property with a hotel, restaurant, and banquet facility, subject to the conditions listed in the attached ordinance."

The reestablishment of the Holiday Inn Hotel and restaurant. The proposed redevelopment involves no changes to the building footprint, no expansions of intensity, and no deviations from any bulk, height, setback, or lot coverage regulations. The renovation is purely cosmetic refresh and there will be no changes made to the structure or overall layout of the building. The existing three-story structure complies with the maximum height limit of three stories or thirty-five feet, meets all required setbacks, and maintains appropriate parking, circulation, and landscaping areas. Its renovation with a $9,000,000+ interior overhaul and the reintroduction of hotel, restaurant, meeting space, and supporting amenities represents exactly the type of strategic reinvestment envisioned for this corridor. The project will reactivate a dormant site, strengthen surrounding retail and restaurant uses, improve corridor aesthetics, and generate employment, sales tax, and lodging revenue.

EXHIBIT A

REAL PROPERTY IN THE CITY OF MOUNT PROSPECT, COUNTY OF COOK, STATE OF ILLINOIS, DESCRIBED AS FOLLOWS:

PARCEL 1:

THE WEST 210 FEET OF THE EAST 490 FEET OF THE NORTH 300 FEET OF THE NORTHWEST 1/4 OF THE NORTHEAST 1/4 OF SECTION 34, TOWNSHIP 42 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, IN COOK COUNTY, ILLINOIS.

PARCEL 2:

THAT PART LYING NORTH OF RAND ROAD OF THE WEST 210 FEET OF THE EAST 490 FEET OF THE NORTHWEST 1/4 OF THE NORTHEAST 1/4 OF SECTION 34, TOWNSHIP 42 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, (EXCEPT THE NORTH 300 FEET), IN COOK COUNTY, ILLINOIS.

Permanent Index Number: 03-34-200-061-0000 / 03-34-200-062-0000

Commonly known as: 200 East Rand Road, Mount Prospect, Illinois 60056

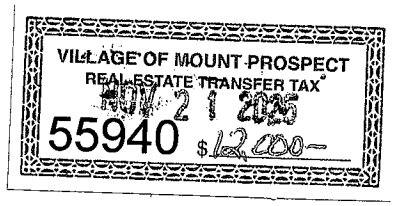

EXHIBIT B

Permitted Exceptions

1. Any encroachment, encumbrance, violation, variation, or adverse circumstance affecting the title that would be disclosed by an accurate and complete land survey of the land.

2. Easements, or claims of easements, not shown by the public records.

3. Taxes or special assessments which are not shown as existing liens by the public records.

4. Grant dated November 1,1937 and recorded September 10, 1941 in Document Number 12753770 of easement in favor of the County of Cook for constructing and laying tile and Storm Water and other drains on a part of the land and other property, together with the privilege of entering said land for the purpose of repairing said tile or drains.

5. Continuing sewage disposal facilities adequate for gulf oil corporation's needs and an easement for gulf oil corporation's construction, installation, maintenance, repair and use of a connecting underground sewer line from the land to the sanitary sewer line now installed, or to be installed by Jemo Industries, Inc., on its adjacent land, as contained in trustee's deed recorded October 26, 1966 in Document Number 19978694, the East-West course of said easement being of 6 foot width and the Northwest course a minimum 4 feet 9 inches in width, following a center line as follows:

   Commencing at the intersection of the East line of the Northwest 1/4 of the Northeast 1/4 of Section 34, Township 42 North, Range 11 East of the Third Principal Meridian with the North line of the Northeast 1/4 of said section; thence North 89°52'15" West along said North section line a distance of 340 feet to a point; thence South and parallel with said East section line a distance of 121 feet to the point of beginning; thence South 89° 52'15" East and parallel with said North section line a distance of 57 feet and 7.5 inches to the end of said 6 foot wide easement area and the beginning point of the center line of said 4 foot 9 inch wide easement area, thence south and parallel with said East section line a distance of 80 feet more or less to the Sanitary Sewer line now installed, or to be installed by Jemo Industries, Inc.

6. Easements as reserved and created by instrument dated July 21, 1967 and recorded October 10, 1967 in Document Number 20286209, made by Jemo Industries, a corporation of Illinois, to MT. Prospect Motor Hotels, Inc., a corporation of Illinois, and Farmer Cooper's, Inc., a Delaware corporation, for Sanitary Sewer across and under the East 10 feet and over 6 feet and 4.9 inches, as shown on plat attached to said instrument.

7. Easement for sewage disposal facilities, as contained in the trust deed recorded in Document Number 19922009, from American National Bank and Trust Company, as trustee, in favor of Gulf Oil Corporation over a portion of the land to the Sanitary Sewer line now installed, or to be installed by Jemo Industries, Inc., as set forth therein.

8. Grant dated February 18, 1946 and recorded February 21,1946 in Document Number 13725237 by William H. Pohlman and Carolyn (or Carolina) Pohlman, his wife, to Public

Service Company of Northern Illinois, a corporation of Illinois, affecting the land and other property for the right to lay, maintain and operate an 18 inch gas main and necessary appurtenances in, upon, under and above the Northeast side of the public highway known as Rand Road, which extends along the Southwest side of the land other property.

9. Easement giving the right to lay gas mains along the Northeast side of the public highway known as Rand Road, as contained in grant by William Pohlman and others, dated February 18, 1946 and recorded February 21, 1946 in Document Number 13725237, to Public Service Company of Northern Illinois.

10. Easement and associated rights granted to Comcast of Illinois XI, LLC. by MP real estate investments, LLC in an instrument dated October 28, 2010 and recorded February 08, 2011 in Document Number 1103910112.

11. Resolution No. 26-25, a resolution designating an area as blighted and in need of renewal, recorded October 3, 2025 as Document No. 2527608010.

Condition Use Standards

200 E. Rand Road, Mount Prospect, Illinois

PINs: 03-34-200-061/-062

1. **That the establishment, maintenance, or operation of the conditional use will not be detrimental to, or endanger the public health, safety, morals, comfort, or general welfare;**

   ANSWER:

   The Subject Property is currently located in the B-3 Zoning District, which requires a condition use for Hotel uses.

   The B-3 community shopping district is designed to provide for the needs of a much larger consumer population than is served by the B-2 district, and provide a wider range of uses for daily and occasional shopping. This district is located along major arterial roadways. The proposed Hotel is an ideal use which by its very nature works synergistically along major roadways and allows for temporary housing of large populations of potential consumers in the area.

   The reestablishment and operation of the Holiday Inn at 200 E. Rand Road will not be detrimental to or endanger the public health, safety, morals, comfort, or general welfare. The proposed use represents the continuation of a long-standing hotel use that has previously operated successfully and compatibly at this location for many years under the same zoning classification.

   The property is fully developed and designed to accommodate a hotel, with existing infrastructure, including parking, lighting, fire suppression, and access - originally built to meet Village and life-safety codes. The new ownership intends to fully renovate and modernize the facility, bringing it into compliance with all current building, accessibility, and safety standards.

   As a professionally managed hotel operating under the Holiday Inn brand, the use will provide a safe, well-maintained lodging option that supports both local businesses and tourism without introducing any adverse environmental, traffic, or noise impacts. The renovation will improve the overall appearance and functionality of the site, enhancing rather than diminishing public welfare in the area.

2. **That the conditional use will not be injurious to the uses and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor**

substantially diminish and impair property values within the neighborhood in which it is to be located;

ANSWER:

The proposed re-establishment of the Holiday Inn will not be injurious to the use or enjoyment of nearby properties, nor will it diminish or impair property values within the neighborhood. The property has long functioned as a hotel under prior approval, and its continued use as lodging is consistent with the established commercial character of the Rand Road corridor and surrounding B-3-zoned parcels.

The renovation will modernize an existing, vacant structure—improving aesthetics, safety, and economic vitality. All operations will occur within the existing building footprint, with no new adverse impacts related to noise, lighting, or traffic. By returning a vacant site to productive use, the project will enhance the appearance and stability of the area, supporting and complementing neighboring retail, restaurant, and service uses. In fact, the current vacancy of a major (and highly visible) site like this generally leads to a reduction in property values within the neighborhood – by renovating & reoccupying the site, it should reinvigorate the area and ultimately lead to *increased* property tax values.

3. **That the establishment of the conditional use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district;**

ANSWER:

The re-establishment of the Holiday Inn at 200 E. Rand Road will not impede the normal and orderly development of surrounding properties for uses permitted within the B-3 District. The site is located along Rand Road, one of Mount Prospect's primary commercial corridors, and is surrounded almost entirely by compatible retail, restaurant, office, and service uses including Sunrise Plaza, multiple freestanding restaurants and shops, and the larger Randhurst Village commercial center to the South. These existing and permitted uses define the area as a stable, high-intensity commercial corridor appropriate for a hotel use.

The Subject Property is already fully developed with an existing hotel structure, parking areas, and utilities designed for lodging use. The proposed renovation should not require new access points or infrastructure and will maintain compliance with all applicable bulk and setback standards. Rather than inhibiting development, the project will enhance the surrounding area by reinvesting in a long-

vacant site, improving its appearance, lighting, landscaping, and building condition, all of which will strengthen corridor aesthetics and market confidence.

Reactivating this property as a professionally managed Holiday Inn will encourage continued commercial investment along Rand Road and complement nearby businesses by providing lodging options for travelers and visitors who patronize local restaurants, retailers, and service establishments. The project will therefore promote, rather than hinder, the orderly development of the B-3 district and align with the Village's long-term economic and redevelopment goals for this corridor.

4. **That adequate public utilities, access roads, drainage and/or necessary facilities have been or will be provided;**

   ANSWER:

   The Subject Property at 200 E. Rand Road is fully developed and already served by necessary public utilities and infrastructure, including water, sanitary sewer, stormwater drainage, electrical, and telecommunications services. These systems were designed and constructed to support a full-service hotel use and remain in place. Any components requiring modernization will be upgraded as part of the planned renovation to ensure compliance with current Village engineering, fire, and building code standards.

   The site benefits from direct access to Rand Road, a major arterial roadway that provides safe and efficient ingress and egress for both guests and service vehicles. The existing drive aisles, internal circulation, and parking configuration were previously approved by the Village and remain appropriate for hotel operations. On-site drainage and stormwater facilities are established and functioning, and any minor improvements will be coordinated with the Village's Engineering Department during permitting.

   In summary, all necessary public facilities are in place or will be maintained and upgraded as needed through the redevelopment process, ensuring the property continues to operate safely, efficiently, and in full compliance with Village infrastructure requirements.

5. **That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets;**

   ANSWER:

The existing site at 200 E. Rand Road is already configured with established access points that were previously approved and constructed to serve hotel traffic. The property benefits from direct access to Rand Road, a major regional arterial designed to accommodate higher traffic volumes associated with commercial and hospitality uses. The site's primary ingress and egress drives are properly spaced and aligned to maintain safe distances and efficient vehicle circulation.

Internal traffic flow, including guest drop-off, parking circulation, and service deliveries, is fully contained within the property. The hotel's traffic patterns are distributed throughout the day and evening rather than concentrated during peak commuter hours, resulting in minimal impact on public street congestion.

If any minor adjustments are required during site plan review, they will be coordinated with the Village's Engineering and Public Works Departments to ensure compliance with all access management and traffic safety standards. Overall, the reactivation of the former Holiday Inn will maintain safe, efficient ingress and egress while improving the functionality and appearance of a key property along the Rand Road corridor.

6. **That the proposed conditional use is not contrary to the objectives of the current Comprehensive Plan for the Village; and**

ANSWER:

The proposed re-establishment of the Holiday Inn at 200 E. Rand Road is fully consistent with the objectives of the Village of Mount Prospect's Comprehensive Plan. The Plan identifies the Rand Road corridor as a key commercial area intended for sustained economic activity, reinvestment, and high-quality redevelopment that strengthens the Village's commercial tax base and enhances corridor aesthetics.

Reactivating a long-vacant hotel directly supports those objectives by reinvesting in existing infrastructure, attracting visitors, and promoting complementary activity for nearby restaurants, retailers, and service businesses. The renovation of the former Holiday Inn will improve the visual character of the corridor through updated architecture, landscaping, and site maintenance, aligning with the Plan's goals for corridor beautification and commercial vitality.

Furthermore, the Comprehensive Plan encourages the reuse and modernization of underutilized commercial sites rather than new greenfield development. This project exemplifies that principle by revitalizing an existing structure within an established commercial area, efficiently using existing utilities and transportation infrastructure. The proposed conditional use therefore directly advances, rather

than contradicts, the Village's long-term land use and economic development objectives.

7. **That the conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located, except as such regulations may, in each instance, be modified pursuant to the recommendations of the Planning & Zoning Commission.**

ANSWER:

The proposed re-establishment of the Holiday Inn at 200 E. Rand Road will fully conform to all applicable regulations of the B-3 Community Shopping District and all other relevant provisions of the Village Code. The property is already developed in accordance with prior Village approvals and meets required bulk, height, and setback standards, as well as all applicable parking, landscaping, and lighting regulations.

No variances or modifications are anticipated as part of this request, as the project involves the renovation and reuse of an existing, previously approved hotel structure. Should any minor technical adjustments be identified during plan review, the applicant will coordinate with Village staff to ensure full compliance with current codes and any recommendations of the Planning & Zoning Commission. The proposed conditional use therefore meets the intent and spirit of the B-3 zoning district and will continue to operate in harmony with surrounding commercial uses along the Rand Road corridor.

January 29, 2026

PUD STANDARDS:

A – General Standards:

1. Compliance with the regulations of the underlying zoning district (B-3 Community Shopping District)

The Subject Property is located within the B-3 Community Shopping District, which is intended to serve a broad consumer population and is strategically located along major arterial roadways such as Rand Road. A hotel is a permitted conditional use within the B-3 District and is expressly compatible with the district's purpose, which emphasizes high-intensity commercial activity, regional access, and service-oriented businesses

The proposed redevelopment involves no changes to the building footprint, no expansions of intensity, and no deviations from any bulk, height, setback, or lot coverage regulations. The existing three-story structure complies with the maximum height limit of three stories or thirty-five feet, meets all required setbacks, and maintains appropriate parking, circulation, and landscaping areas.

Because this project represents the renovation and reoccupation of a long-standing hotel use, the proposed PUD complies fully with all applicable provisions of the B-3 zoning district. No modifications, variances, or exceptions are requested or required

2. Consistency with the Comprehensive Plan

The reestablishment of the Holiday Inn directly advances multiple objectives of the Village's Comprehensive Plan, including:

- **Guiding Principle 1: Livable Built Environment**, which promotes the revitalization and adaptive reuse of aging commercial properties.
- **Policy 1.2: Encourage adaptive reuse and reinvestment** in underutilized structures rather than greenfield development.
- **Policy 1.6: Support reinvestment in major commercial corridors**, including Rand Road, to improve economic vitality and corridor aesthetics.
- **Economic Development Goals**, emphasizing increased tax base, employment, and commercial synergy.

The Subject Property is a highly visible, fully developed commercial site that has been 100% vacant for several years.

Its renovation with a $9,000,000+ interior overhaul and the reintroduction of hotel, restaurant, meeting space, and supporting amenities represents exactly the type of strategic reinvestment envisioned for this corridor. The project will reactivate a dormant site, strengthen surrounding retail and restaurant uses, improve corridor aesthetics, and generate employment, sales tax, and lodging revenue.

Accordingly, the proposed PUD is firmly aligned with both the land use and economic development goals of the Comprehensive Plan.

3. Advancement of the public interest and the purposes of the zoning ordinance

The proposed PUD promotes public interest by:

- Reoccupying a long-vacant commercial building and preventing further deterioration.
- Introducing significant private investment into the Village through the $9M+ renovation
- Improving site safety, lighting, accessibility, and building functionality.
- Restoring full hotel operations, including dining and meeting facilities, which generate sales tax, employment, and complementary spending within the Village.
- Providing high-quality lodging that supports both local businesses and regional visitors.
- Enhancing corridor appearance through modernization of the building interior, upgraded guest areas, and renewed operational management under a recognized national brand.

These benefits directly support the purposes of the B-3 District and the zoning ordinance as a whole, including economic development, public welfare, safe site design, and long-term commercial stability.

4. Street design and traffic considerations

The project maintains the existing, previously approved access configuration along Rand Road. The hotel's ingress and egress points are well-spaced, designed for safe maneuvering, and have functioned effectively for decades. Internal circulation for guest drop-off, parking, and service vehicles is fully contained within the site.

Traffic generated by hotel uses is naturally distributed across the day and does not concentrate during peak commuting periods. No operational changes are proposed that would create congestion or impair roadway safety. The project likewise places no excessive burden on public parks, schools, or Village services.

The PUD will therefore maintain safe, efficient transportation conditions and complies with the intent of §14.504(A) regarding traffic and public facilities.

B - Standards For Planned Unit Developments With Use Exceptions

No use exceptions are requested. A hotel is expressly allowed as a conditional use in the B-3 District and the proposal is simply the reestablishment of this long-standing use. The PUD does not introduce any secondary uses exceeding allowable thresholds, and no portion of the proposed redevelopment involves an unpermitted use.

Therefore, this section is satisfied by default.

C – Standards for Planned Unit Developments With Other Exceptions

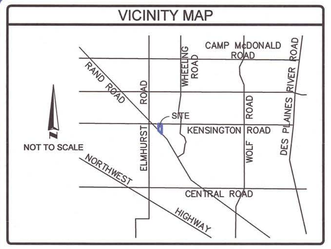

No zoning exceptions of any kind are requested under this PUD.

- All bulk regulations are met.
- All setback requirements are met.
- Height is compliant.
- Lot coverage does not exceed the 75% maximum
- No parking or landscape relief is requested.
- No modifications to subdivision or design standards are necessary.
- No additional screening or transitional yards are required, as the property does not abut single-family residential uses.

Because the project introduces no new encroachments, no intensification of the building footprint, and no reduction in required standards, the PUD satisfies §14.504(C) in its entirety without exception.

Furthermore, the renovation improves, rather than diminishes the impact of the structure on adjoining properties and enhances privacy, aesthetics, and corridor character.

SURVEYOR'S NOTES

1. ALL STATEMENTS WITHIN THE CERTIFICATION, AND OTHER REFERENCES LOCATED ELSEWHERE HEREON, RELATED TO UTILITIES, IMPROVEMENTS, STRUCTURES, BUILDINGS, PARKING, PARTY WALLS, EASEMENTS, SERVITUDES, FOUNDATIONS AND POSSIBLE ENCROACHMENTS ARE BASED SOLELY ON ABOVE GROUND, VISIBLE EVIDENCE, UNLESS ANOTHER SOURCE OF INFORMATION IS SPECIFICALLY REFERENCED HEREON.
2. SUBJECT PROPERTY HAS DIRECT ACCESS TO E. RAND ROAD AND KENSINGTON ROAD, BOTH PUBLIC ROADS.
3. THE DIMENSIONS AND AREA OF THE BUILDING SHOWN ARE BASED ON THE BUILDING'S EXTERIOR FOOTPRINT AT GROUND LEVEL.
4. THE POINT OF HEIGHT MEASUREMENT IS IDENTIFIED ON THE SURVEY AND WAS TAKEN FROM THE NEAREST ADJACENT GRADE AT SAID POINT. THIS POINT REPRESENTS THE HEIGHT OF THE STRUCTURE AS OBSERVED FROM GROUND LEVEL.
5. NO UNDERGROUND UTILITIES HAVE BEEN LOCATED AND/OR SHOWN ON THIS SURVEY. ONLY VISIBLE AND APPARENT ABOVE GROUND UTILITY APPURTENANCES ARE SHOWN.
6. THERE IS NO OBSERVABLE EVIDENCE OF EARTH MOVING WORK, OR BUILDING CONSTRUCTION ON THE SURVEYED PROPERTY.
7. THERE ARE NO OBSERVABLE EVIDENCE OF ANY CHANGES IN STREET RIGHT-OF-WAYS OR RECENT STREET OR SIDEWALK CONSTRUCTION OR REPAIR.
8. THERE IS NO OBSERVABLE EVIDENCE OF CEMETERIES OR BURIAL GROUNDS ON THE SURVEYED PROPERTY.
9. THE SURVEYED PROPERTY AS MEASURED FORMS A MATHEMATICALLY-CLOSED PERIMETER WITHOUT ANY GAPS, GORES, HIATUS OR OVERLAPS AND IS CONTIGUOUS TO THE ADJACENT PARCELS AND/OR ROWS.
10. THE DISTANCE TO THE NEAREST INTERSECTING STREET AND AS DESIGNATED ON SURVEY MAP FOR CLARITY, IS ±462' WEST FROM THE NORTHWEST CORNER OF PARCEL 1 TO THE INTERSECTION OF RAND ROAD AND KENSINGTON ROAD.
11. NO VISIBLE EVIDENCE OF SUBSTANTIAL AREAS OF REFUSE WERE OBSERVED AT THE TIME THE FIELDWORK WAS PERFORMED.
12. THIS SURVEY DOES NOT PROVIDE A DETERMINATION OR OPINION CONCERNING THE LOCATION OR EXISTENCE OF WETLANDS, FAULT LINES, TOXIC OR HAZARDOUS WASTE AREAS, SUBSIDENCE, SUBSURFACE, AND ENVIRONMENTAL CONDITIONS, OR GEOLOGICAL ISSUES. NO STATEMENT IS MADE CONCERNING THE SUITABILITY OF THE SUBJECT TRACT FOR ANY INTENDED USE, PURPOSE, OR DEVELOPMENT.
13. ALL RECIPROCAL EASEMENT AGREEMENTS ("REAS") THAT HAVE BEEN REPORTED BY THE TITLE REPORT PROVIDED HAVE BEEN DENOTED ON THE SURVEY AND ARE SHOWN HEREON. THE LIMITS OF ANY OFFSITE APPURTENANT EASEMENTS THAT HAVE BEEN REPORTED BY THE TITLE REPORT PROVIDED HAVE BEEN DENOTED ON THE SURVEY AND ARE GRAPHICALLY DEPICTED HEREON.

TITLE DESCRIPTION

PARCEL 1:
THE WEST 210 FEET OF THE EAST 490 FEET OF THE NORTH 300 FEET OF THE NORTHWEST 1/4 OF THE NORTHEAST 1/4 OF SECTION 34, TOWNSHIP 42 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, IN COOK COUNTY, ILLINOIS.

PARCEL 2:
THAT PART LYING NORTH OF RAND ROAD OF THE WEST 210 FEET OF THE EAST 490 FEET OF THE NORTHWEST 1/4 OF THE NORTHEAST 1/4 OF SECTION 34, TOWNSHIP 42 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, (EXCEPT THE NORTH 300 FEET), IN COOK COUNTY, ILLINOIS.

THE PROPERTY SURVEYED AND SHOWN HEREON IS THE SAME LAND AS DESCRIBED IN TITLE COMMITMENT NO. 22000030362, DATED JANUARY 21, 2022, PREPARED BY STEWART TITLE GUARANTY COMPANY.

TITLE COMMITMENT INFORMATION

The Title Description and Schedule 'B' items are the same as shown on the title commitment provided by Stewart Title Insurance Company, Commitment No. 22000030362 with a commitment date of January 21, 2022.

UTILITY NOTE

THE SURVEY SHOWS THE LOCATION OF UTILITIES EXISTING ON OR SERVING THE SURVEYED PROPERTY AS DETERMINED BY OBSERVED EVIDENCE COLLECTED PURSUANT TO ALTA SECTION 5 E IV.

NOTES CORRESPONDING TO SCHEDULE "B" PART II ITEMS

ITEMS NOT LISTED BELOW ARE NOT MATTERS OF SURVEY.

(4) GRANT DATED NOVEMBER 1,1937 AND RECORDED SEPTEMBER 10, 1941 AS DOCUMENT NUMBER 12753770 OF EASEMENT IN FAVOR OF THE COUNTY OF COOK FOR CONSTRUCTING AND LAYING TILE AND STORM WATER AND OTHER DRAINS ON A PART OF THE LAND AND OTHER PROPERTY, TOGETHER WITH THE PRIVILEGE OF ENTERING SAID LAND FOR THE PURPOSE OF REPAIRING SAID TILE OR DRAINS.
EASEMENT PER DOCUMENT 12753770 FOR THE PURPOSES OF CONSTRUCTING AND LAYING TILE AND STORM WATER DEFINED TO BE 14 FT. SOUTH OF THE NORTH BOUNDARY LINE WHICH IS ALSO KNOWN AS THE NORTH LINE OF WEST HALF OF THE NORTHEAST QUARTER OF SECTION 34-42-11 IS SHOWN HEREON.

(5) CONTINUING SEWAGE DISPOSAL FACILITIES ADEQUATE FOR GULF OIL CORPORATION'S NEEDS AND AN EASEMENT FOR GULF OIL CORPORATION'S CONSTRUCTION, INSTALLATION, MAINTENANCE, REPAIR AND USE OF A CONNECTING UNDERGROUND SEWER LINE FROM THE LAND TO THE SANITARY SEWER LINE NOW INSTALLED, OR TO BE INSTALLED BY JEMO INDUSTRIES, INC., ON ITS ADJACENT LAND, AS CONTAINED IN TRUSTEE'S DEED RECORDED OCTOBER 26, 1966 AS DOCUMENT NUMBER 19978694, THE EAST-WEST COURSE OF SAID EASEMENT BEING OF 6 FOOT WIDTH AND THE NORTHWEST COURSE A MINIMUM 4 FEET 9 INCHES IN WIDTH, FOLLOWING A CENTER LINE AS FOLLOWS:

COMMENCING AT THE INTERSECTION OF THE EAST LINE OF THE NORTHWEST 1/4 OF THE NORTHEAST 1/4 OF SECTION 34, TOWNSHIP 42 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN WITH THE NORTH LINE OF THE NORTHEAST 1/4 OF SAID SECTION; THENCE NORTH 89°52'15" WEST ALONG SAID NORTH SECTION LINE A DISTANCE OF 340 FEET TO A POINT; THENCE SOUTH AND PARALLEL WITH SAID EAST SECTION LINE A DISTANCE OF 121 FEET TO THE POINT OF BEGINNING; THENCE SOUTH 89° 52'15" EAST AND PARALLEL WITH SAID NORTH SECTION LINE A DISTANCE OF 57 FEET AND 7.5 INCHES TO THE END OF SAID 6 FOOT WIDE EASEMENT AREA AND THE BEGINNING POINT OF THE CENTER LINE OF SAID 4 FOOT 9 INCH WIDE EASEMENT AREA, THENCE SOUTH AND PARALLEL WITH SAID EAST SECTION LINE A DISTANCE OF 80 FEET MORE OR LESS TO THE SANITARY SEWER LINE NOW INSTALLED, OR TO BE INSTALLED BY JEMO INDUSTRIES, INC.
EASEMENT PER DOC. 19978694 IS PLOTTED HEREON.

(6) EASEMENTS AS RESERVED AND CREATED BY INSTRUMENT DATED JULY 21, 1967 AND RECORDED OCTOBER 10, 1967 AS DOCUMENT NUMBER 20286209, MADE BY JEMO INDUSTRIES, A CORPORATION OF ILLINOIS, TO MT. PROSPECT MOTOR HOTELS, INC., A CORPORATION OF ILLINOIS, AND FARMER COOPERS, INC., A DELAWARE CORPORATION, FOR SANITARY SEWER ACROSS AND UNDER THE EAST 10 FEET AND OVER 6 FEET AND 4.9 INCHES, AS SHOWN ON PLAT ATTACHED TO SAID INSTRUMENT.
EASEMENTS PER DOC. 20286209 ARE PLOTTED HEREON. PER EXHIBIT D OF DOC. 20286209, SECTION 5 GRANTS EXCLUSIVE AND PERMANENT USE OF 20 PARKING SPACES, LOCATION IS SHOWN ON THE PLAT. PARKING SPACES DEPICTED ON EXHIBIT D DOES NOT MATCH WITH FIELD CONDITIONS.

(7) EASEMENT FOR SEWAGE DISPOSAL FACILITIES, AS CONTAINED IN THE TRUST DEED RECORDED AS DOCUMENT NUMBER 19922009, FROM AMERICAN NATIONAL BANK AND TRUST COMPANY, AS TRUSTEE, IN FAVOR OF GULF OIL CORPORATION OVER A PORTION OF THE LAND TO THE SANITARY SEWER LINE NOW INSTALLED, OR TO BE INSTALLED BY JEMO INDUSTRIES, INC., AS SET FORTH THEREIN.
EASEMENT PER DOC. 19922009 IS PLOTTED HEREON.

(8) GRANT DATED FEBRUARY 18, 1946 AND RECORDED FEBRUARY 21,1946 AS DOCUMENT NUMBER 13725237 BY WILLIAM H. POHLMAN AND CAROLYN (OR CAROLINA) POHLMAN, HIS WIFE, TO PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS, A CORPORATION OF ILLINOIS, AFFECTING THE LAND AND OTHER PROPERTY FOR THE RIGHT TO LAY, MAINTAIN AND OPERATE AN 18 INCH GAS MAIN AND NECESSARY APPURTENANCES IN, UPON, UNDER AND ABOVE THE NORTHEAST SIDE OF THE PUBLIC HIGHWAY KNOWN AS RAND ROAD, WHICH EXTENDS ALONG THE SOUTHWEST SIDE OF THE LAND OTHER PROPERTY.
DOCUMENT 13726237 IS GENERAL IN NATURE AND IS NOT PLOTTABLE.

(9) EASEMENT GIVING THE RIGHT TO LAY GAS MAINS ALONG THE NORTHEAST SIDE OF THE PUBLIC HIGHWAY KNOWN AS RAND ROAD, AS CONTAINED IN GRANT BY WILLIAM POHLMAN AND OTHERS, DATED FEBRUARY 18, 1946 AND RECORDED FEBRUARY 21, 1946 AS DOCUMENT NUMBER 13725237, TO PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS.
DOCUMENT 13726237 IS GENERAL IN NATURE AND IS NOT PLOTTABLE.

(10) EASEMENT AND ASSOCIATED RIGHTS GRANTED TO COMCAST OF ILLINOIS XI, LLC. BY MP REAL ESTATE INVESTMENTS, LLC IN AN INSTRUMENT DATED OCTOBER 28, 2010 AND RECORDED FEBRUARY 08, 2011 AS DOCUMENT NUMBER 1103910112.
EASEMENT PER DOC. 1103910112 IS UNDEFINED AND IS NOT PLOTTABLE.

(14) RIGHTS OF THE PUBLIC, THE MUNICIPALITY AND THE STATE OF ILLINOIS IN AND TO THAT PART OF THE LAND TAKEN OR USED FOR KENSINGTON ROAD.
THAT PART OF THE LAND TAKEN OR USED FOR KENSINGTON ROAD IS SHOWN HEREON.

SURVEYOR'S NOTES

1. ALL STATEMENTS WITHIN THE CERTIFICATION, AND OTHER REFERENCES LOCATED ELSEWHERE HEREON, RELATED TO UTILITIES, IMPROVEMENTS, STRUCTURES, BUILDINGS, PARKING, PARTY WALLS, EASEMENTS, SERVITUDES, FOUNDATIONS AND POSSIBLE ENCROACHMENTS ARE BASED SOLELY ON ABOVE GROUND, VISIBLE EVIDENCE, UNLESS ANOTHER SOURCE OF INFORMATION IS SPECIFICALLY REFERENCED HEREON.
2. SUBJECT PROPERTY HAS DIRECT ACCESS TO E. RAND ROAD AND KENSINGTON ROAD, BOTH PUBLIC ROADS.
3. THE DIMENSIONS AND AREA OF THE BUILDING SHOWN ARE BASED ON THE BUILDING'S EXTERIOR FOOTPRINT AT GROUND LEVEL.
4. THE POINT OF HEIGHT MEASUREMENT IS IDENTIFIED ON THE SURVEY AND WAS TAKEN FROM THE NEAREST ADJACENT GRADE AT SAID POINT. THIS POINT REPRESENTS THE HEIGHT OF THE STRUCTURE AS OBSERVED FROM GROUND LEVEL.
5. NO UNDERGROUND UTILITIES HAVE BEEN LOCATED AND/OR SHOWN ON THIS SURVEY. ONLY VISIBLE AND APPARENT ABOVE GROUND UTILITY APPURTENANCES ARE SHOWN.
6. THERE IS NO OBSERVABLE EVIDENCE OF EARTH MOVING WORK, OR BUILDING CONSTRUCTION ON THE SURVEYED PROPERTY.
7. THERE ARE NO OBSERVABLE EVIDENCE OF ANY CHANGES IN STREET RIGHT-OF-WAYS OR RECENT STREET OR SIDEWALK CONSTRUCTION OR REPAIR.
8. THERE IS NO OBSERVABLE EVIDENCE OF CEMETERIES OR BURIAL GROUNDS ON THE SURVEYED PROPERTY.
9. THE SURVEYED PROPERTY AS MEASURED FORMS A MATHEMATICALLY-CLOSED PERIMETER WITHOUT ANY GAPS, GORES, HIATUS OR OVERLAPS AND IS CONTIGUOUS TO THE ADJACENT PARCELS AND/OR ROWS.
10. THE DISTANCE TO THE NEAREST INTERSECTING STREET AND AS DESIGNATED ON SURVEY MAP FOR CLARITY, IS 1462 WEST FROM THE NORTHWEST CORNER OF PARCEL 1 TO THE INTERSECTION OF RAND ROAD AND KENSINGTON ROAD.
11. NO VISIBLE EVIDENCE OF SUBSTANTIAL AREAS OF REFUSE WERE OBSERVED AT THE TIME THE FIELDWORK WAS PERFORMED.
12. THIS SURVEY DOES NOT PROVIDE A DETERMINATION OR OPINION CONCERNING THE LOCATION OR EXISTENCE OF WETLANDS, FAULT LINES, TOXIC OR HAZARDOUS WASTE AREAS, SUBSIDENCE, SUBSURFACE, AND ENVIRONMENTAL CONDITIONS, OR GEOLOGICAL ISSUES. NO STATEMENT IS MADE CONCERNING THE SUITABILITY OF THE SUBJECT TRACT FOR ANY INTENDED USE, PURPOSE, OR DEVELOPMENT.
13. ALL RECIPROCAL EASEMENT AGREEMENTS ("REAS") THAT HAVE BEEN REPORTED BY THE TITLE REPORT PROVIDED HAVE BEEN DENOTED ON THE SURVEY AND ARE SHOWN HEREON. THE LIMITS OF ANY OFFSITE APPURTENANT EASEMENTS THAT HAVE BEEN REPORTED BY THE TITLE REPORT PROVIDED HAVE BEEN DENOTED ON THE SURVEY AND ARE GRAPHICALLY DEPICTED HEREON.

TITLE DESCRIPTION

PARCEL 1:
THE WEST 210 FEET OF THE EAST 490 FEET OF THE NORTH 300 FEET OF THE NORTHWEST 1/4 OF THE NORTHEAST 1/4 OF SECTION 34, TOWNSHIP 42 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, IN COOK COUNTY, ILLINOIS.

PARCEL 2:
THAT PART LYING NORTH OF RAND ROAD OF THE WEST 210 FEET OF THE EAST 490 FEET OF THE NORTHWEST 1/4 OF THE NORTHEAST 1/4 OF SECTION 34, TOWNSHIP 42 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, (EXCEPT THE NORTH 300 FEET), IN COOK COUNTY, ILLINOIS.

THE PROPERTY SURVEYED AND SHOWN HEREON IS THE SAME LAND AS DESCRIBED IN TITLE COMMITMENT NO. 22000030362, DATED JANUARY 21, 2022, PREPARED BY STEWART TITLE GUARANTY COMPANY.

TITLE COMMITMENT INFORMATION

The Title Description and Schedule 'B' items are the same as shown on the title commitment provided by Stewart Title Insurance Company, Commitment No. 22000030362 with a commitment date of January 21, 2022.

UTILITY NOTE

THE SURVEY SHOWS THE LOCATION OF UTILITIES EXISTING ON OR SERVING THE SURVEYED PROPERTY AS DETERMINED BY OBSERVED EVIDENCE COLLECTED PURSUANT TO ALTA SECTION 5 E IV.

NOTES CORRESPONDING TO SCHEDULE "B" PART II ITEMS

ITEMS NOT LISTED BELOW ARE NOT MATTERS OF SURVEY.

(4) GRANT DATED NOVEMBER 1,1937 AND RECORDED SEPTEMBER 10, 1941 AS DOCUMENT NUMBER 12753770 OF EASEMENT IN FAVOR OF THE COUNTY OF COOK FOR CONSTRUCTING AND LAYING TILE AND STORM WATER AND OTHER DRAINS ON A PART OF THE LAND AND OTHER PROPERTY, TOGETHER WITH THE PRIVILEGE OF ENTERING SAID LAND FOR THE PURPOSE OF REPAIRING SAID TILE OR DRAINS.
EASEMENT PER DOCUMENT 12753770 FOR THE PURPOSES OF CONSTRUCTING AND LAYING TILE AND STORM WATER DEFINED TO BE 14 FT. SOUTH OF THE NORTH BOUNDARY LINE WHICH IS ALSO KNOWN AS THE NORTH LINE OF WEST HALF OF THE NORTHEAST QUARTER OF SECTION 34-42-11 IS SHOWN HEREON.

(5) CONTINUING SEWAGE DISPOSAL FACILITIES ADEQUATE FOR GULF OIL CORPORATION'S NEEDS AND AN EASEMENT FOR GULF OIL CORPORATION'S CONSTRUCTION, INSTALLATION, MAINTENANCE, REPAIR AND USE OF A CONNECTING UNDERGROUND SEWER LINE FROM THE LAND TO THE SANITARY SEWER LINE NOW INSTALLED, OR TO BE INSTALLED BY JEMO INDUSTRIES, INC., ON ITS ADJACENT LAND, AS CONTAINED IN TRUSTEE'S DEED RECORDED OCTOBER 28, 1966 AS DOCUMENT NUMBER 19975994, THE EAST-WEST COURSE OF SAID EASEMENT BEING OF 8 FOOT WIDTH AND THE NORTHWEST COURSE A MINIMUM 4 FEET 9 INCHES IN WIDTH, FOLLOWING A CENTER LINE AS FOLLOWS:

COMMENCING AT THE INTERSECTION OF THE EAST LINE OF THE NORTHWEST 1/4 OF THE NORTHEAST 1/4 OF SECTION 34, TOWNSHIP 42 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN WITH THE NORTH LINE OF THE NORTHEAST 1/4 OF SAID SECTION; THENCE NORTH 89°52'15" WEST ALONG SAID NORTH SECTION LINE A DISTANCE OF 340 FEET TO A POINT; THENCE SOUTH AND PARALLEL WITH SAID EAST SECTION LINE A DISTANCE OF 121 FEET TO THE POINT OF BEGINNING; THENCE SOUTH 89° 52'15" EAST AND PARALLEL WITH SAID NORTH SECTION LINE A DISTANCE OF 57 FEET AND 7.5 INCHES TO THE END OF SAID 8 FOOT WIDE EASEMENT AREA AND THE BEGINNING POINT OF THE CENTER LINE OF SAID 4 FOOT 9 INCH WIDE EASEMENT AREA, THENCE SOUTH AND PARALLEL WITH SAID EAST SECTION LINE A DISTANCE OF 90 FEET MORE OR LESS TO THE SANITARY SEWER LINE NOW INSTALLED, OR TO BE INSTALLED BY JEMO INDUSTRIES, INC.
EASEMENT PER DOC. 19979864 IS PLOTTED HEREON.

(6) EASEMENTS AS RESERVED AND CREATED BY INSTRUMENT DATED JULY 21, 1967 AND RECORDED OCTOBER 10, 1967 AS DOCUMENT NUMBER 20286209, MADE BY JEMO INDUSTRIES, A CORPORATION OF ILLINOIS, TO MT. PROSPECT MOTOR HOTELS, INC., A CORPORATION OF ILLINOIS, AND FARMER COOPERS, INC., A DELAWARE CORPORATION, FOR SANITARY SEWER ACROSS AND UNDER THE EAST 10 FEET AND OVER 8 FEET AND 4.9 INCHES, AS SHOWN ON PLAT ATTACHED TO SAID INSTRUMENT.
EASEMENTS PER DOC. 25259226 ARE PLOTTED HEREON. PER EXHIBIT B OF DOC. 25259226, SECTION 5 GRANTS EXCLUSIVE AND PERMANENT USE OF 20 PARKING SPACES, LOCATION IS SHOWN ON THE PLAT. PARKING SPACES DEPICTED ON EXHIBIT B DOES NOT MATCH WITH FIELD CONDITIONS.

(7) EASEMENT FOR SEWAGE DISPOSAL FACILITIES, AS CONTAINED IN THE TRUST DEED RECORDED AS DOCUMENT NUMBER 19922009, FROM AMERICAN NATIONAL BANK AND TRUST COMPANY, AS TRUSTEE, IN FAVOR OF GULF OIL CORPORATION OVER A PORTION OF THE LAND TO THE SANITARY SEWER LINE NOW INSTALLED, OR TO BE INSTALLED BY JEMO INDUSTRIES, INC., AS SET FORTH THEREIN.
EASEMENT PER DOC. 19922009 IS PLOTTED HEREON.

(8) GRANT DATED FEBRUARY 18, 1945 AND RECORDED FEBRUARY 21,1945 AS DOCUMENT NUMBER 13726237 BY WILLIAM H. POHLMAN AND CAROLYN (OR CAROLINA) POHLMAN, HIS WIFE, TO PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS, A CORPORATION OF ILLINOIS, AFFECTING THE LAND AND OTHER PROPERTY FOR THE RIGHT TO LAY, MAINTAIN AND OPERATE AN 18 INCH GAS MAIN AND NECESSARY APPURTENANCES IN, UPON, UNDER AND ABOVE THE NORTHEAST SIDE OF THE PUBLIC HIGHWAY KNOWN AS RAND ROAD, WHICH EXTENDS ALONG THE SOUTHWEST SIDE OF THE LAND OTHER PROPERTY.
DOCUMENT 13726237 IS GENERAL IN NATURE AND IS NOT PLOTTABLE.

(9) EASEMENT GIVING THE RIGHT TO LAY GAS MAINS ALONG THE NORTHEAST SIDE OF THE PUBLIC HIGHWAY KNOWN AS RAND ROAD, AS CONTAINED IN GRANT BY WILLIAM POHLMAN AND OTHERS, DATED FEBRUARY 18, 1945 AND RECORDED FEBRUARY 21, 1945 AS DOCUMENT NUMBER 13726237, TO PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS.
DOCUMENT 13726237 IS GENERAL IN NATURE AND IS NOT PLOTTABLE.

(10) EASEMENT AND ASSOCIATED RIGHTS GRANTED TO COMCAST OF ILLINOIS XI, LLC. BY MP REAL ESTATE INVESTMENTS, LLC IN AN INSTRUMENT DATED OCTOBER 28, 2010 AND RECORDED FEBRUARY 08, 2011 AS DOCUMENT NUMBER 1103910112.
EASEMENT PER DOC. 1103910112 IS UNDEFINED AND IS NOT PLOTTABLE.

(14) RIGHTS OF THE PUBLIC, THE MUNICIPALITY AND THE STATE OF ILLINOIS IN AND TO THAT PART OF THE LAND TAKEN OR USED FOR KENSINGTON ROAD.
THAT PART OF THE LAND TAKEN OR USED FOR KENSINGTON ROAD IS SHOWN HEREON.

Proposed floor plans, with narrative explaining changes that will be made

We plan to do a full cosmetic refresh of the interior of the hotel. There will be no structural changes to the property. Also there will be no change to the plumbing and electrical. We will change outlets to newer outlets so that there is a fresh look. We will change all the plumbing fixtures in all the bathrooms to give it a fresh look. We plan to change any damaged doors and windows as needed. We will be refinishing the rooms with a combination of LVT flooring and carpeting. The walls and ceilings will be repainted and we will also be adding some wallpaper as an accent piece in each room. All rooms will get all new furniture, tvs, ptac units, mattresses, ect.

The bathrooms will have new tiles on the floors. The walls will receive new wallpaper. The vanity will be replaced with a new FFE base. The fixtures will be replaced. The lights will be replaced with new lighting fixtures. 50% of the rooms will be converted from tubs to shower pans. All bathrooms will receive a new tub surround and shower fixtures.

All the hallway corridors will get new wallpaper and decorative lighting sconces. Also all the carpeting will be replaced. New tile will be installed at the elevator landing for each floor. The tile in the elevator will also be replaced. All the ceiling tiles will be replaced throughout the corridors. The stairwells will be freshly painted.

Employee break room will be tiled and freshly painted with new furniture.

The fitness center will receive new rubber flooring, new mirrors, new wallpaper, and new equipment.

The swimming pool and hot tub will be resurfaced and painted. The tiles will be replaced as needed. All equipment will be tested and fixed as needed by a third party pool company such as Barrington Pools.

The banquet room will receive new carpeting and new decorative lighting sconces. Rest will remain as is.

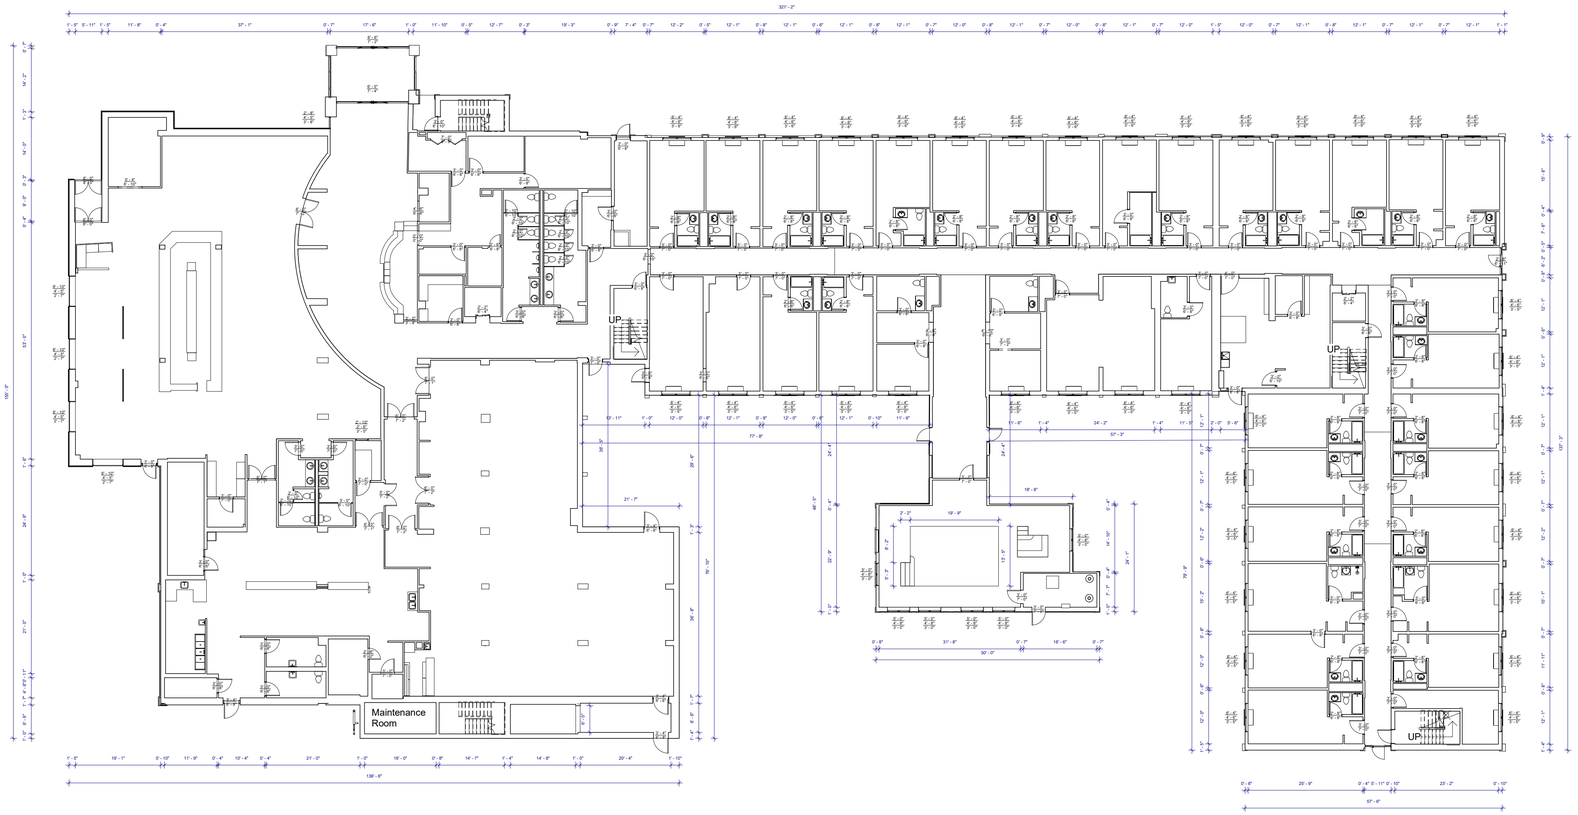

All public restrooms will receive new vanities, new wallpaper, and new tiles. Rest will remain as is.

All offices will be receiving new carpeting and will then be painted along with new furniture.

The restaurant will stay as is. All the tile will be cleaned and re-grouted. All new tables and chairs will be installed along with new artwork. New wall scones will be installed. Kitchen equipment will be tested and anything nonfunctioning or missing will be replaced. This will be done with a third party commercial kitchen company called Trimark.

Exterior we will upgrade the landscaping. Replaced and damaged stonework. Repaint the entire building. Install new building signage. Replace the parking lot and restripe.

See attached room layouts and finishes.

NOTES

1. Contractor is responsible for verification of underground utility lines and is responsible for any damage occurring as a product of his work.
2. Contractor shall maintain clear and open access to the vehicular and pedestrian entrances to and from the property during all periods of work.
3. Contractor is responsible for verification of all existing conditions in the field prior to bidding and construction and shall notify the Landscape Architect and/or Owner of any variances.
4. Contractor is responsible for acquisition of and payment for all permits, fees and inspections necessary for the proper execution of this work and for compliance with all codes applicable to this work.
5. Contractor shall protect the property and is directly responsible for all damages caused by his work and for daily removal of all trash and debris from his work area to the satisfaction of the Landscape Architect and/or the Owner.
6. Material quantities are shown only for the convenience of the Contractor. The Contractor is responsible for verification of all materials and supplies in sufficient quantity to complete the job per plan.
7. All work shall conform to American Nursery & Landscape Association current edition of the American Standard for Nursery Stock, State of Illinois Horticultural Standards and local municipal requirements.
8. All plant material installation shall be as detailed on these Drawings.
9. All pruning work shall be performed only with hand pruners.
10. All deciduous plant material shall be thin pruned to remove ¼ interior branches, dead branches and broken branches. Pruning shall compliment the plants natural form. Absolutely no tip pruning is allowed, except for hedges as noted on the Drawing. Any plant that is tip pruned is subject to rejection by the Landscape Architect and/or Owner.
11. Evergreen trees and shrubs shall be pruned of dead and broken branches and as directed by the Landscape Architect and/or Owner.
12. The Landscape Architect and/or Owner reserves the right to inspect trees and shrubs either at the place of growth or at the site prior to planting for compliance with requirements of variety, size and quality.
13. Planting beds shall be prepared with a 2" depth of mushroom compost and a 1" depth of calcined clay tilled to an overall depth of 6"-9".
14. Prior to mulching, all individual trees, shrub beds and groundcover areas shall be treated with a pre-emergent herbicide, such as Snap-Shot®. All areas shall be free from weeds prior to herbicide application.
15. All shrub beds and individual proposed trees shall be mulched to a depth of 3" with finely shredded hardwood mulch.
16. All perennial and groundcover planting beds shall be mulched to a depth of 2" with leaf compost. Mushroom compost may be substituted if leaf compost is unavailable.
17. Water trees, shrubs and groundcover beds within the first 12 hours of initial planting. Continue watering weekly or as needed until the end of the maintenance period.

Kimley»Horn

MEMORANDUM

To: Chris Patel – Principal, NextGen Hotels

From: Justin Opitz, AICP – Kimley-Horn

Date: February 23, 2026

RE: Parking Study – Holiday Inn Mt. Prospect
200 E Rand Road
Mt. Prospect, Illinois

Introduction

On behalf of NextGen Hotels, Kimley-Horn has prepared a parking study for the proposed 139-room Holiday Inn redevelopment located at 200 E Rand Road in Mt. Prospect, Illinois. This memorandum outlines the parking spot counts conducted on January 22nd and January 24th at nearby similar hotels, and reviews future parking demand for the proposed Holiday Inn relative to existing parking demand and supply.

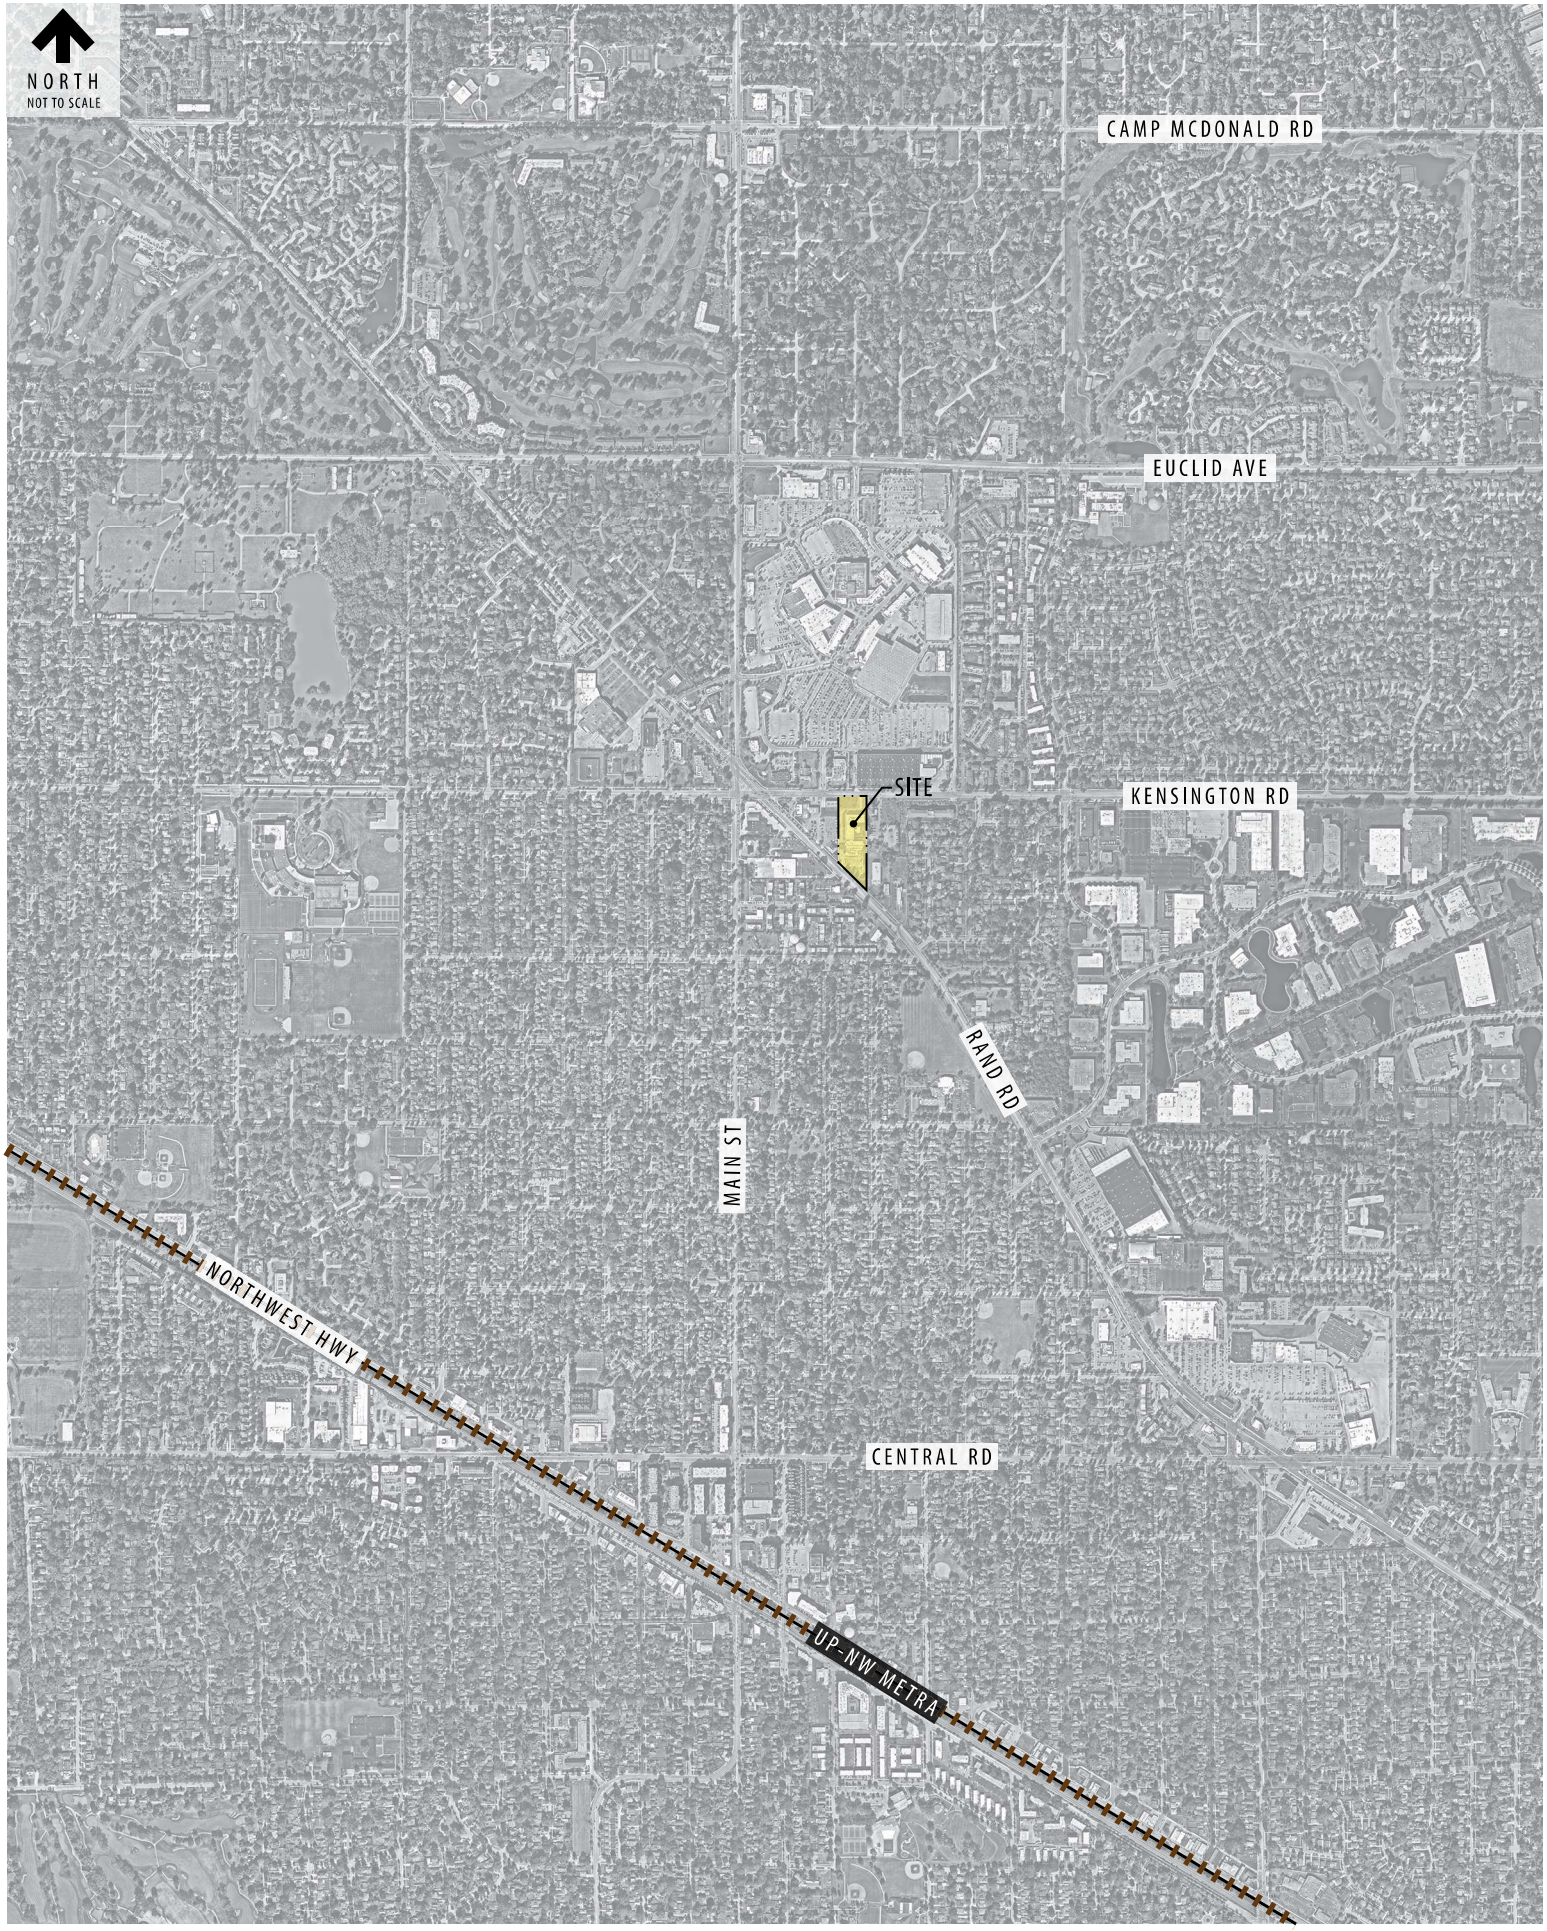

Site Conditions (Existing and Proposed)

The approximately 79,828 square-foot (SF) building is currently vacant but was previously occupied by a Holiday Inn hotel. The three-story building currently provides 137 on-site parking spaces, including 5 ADA accessible spaces. The proposed hotel would increase the parking supply by three spaces, bringing the total up to 140 parking spaces. Two full access driveways are provided, one each along Kensington Road and Rand Road. No change is planned to the existing site access; however, the building interior and façade are being renovated. The Holiday Inn hotel will provide a shuttle service to O'Hare airport and also includes an approximately 5,326 SF sports bar restaurant. The green space at the north end of the property along Kensington Road is planned to be land banked for future parking, if needed. The site location map is provided on **Exhibit 1**, while the existing off-street parking is outlined in **Exhibit 2**, and a conceptual site plan is included as an **Attachment**.

Parking Study

A parking study was conducted to analyze the utilization of three nearby existing comparable hotels. The purpose of this study is to determine the parking demand rates for the existing hotels and utilize this rate to project parking demand for the proposed Holiday Inn. The nearby hotels surveyed are listed below:

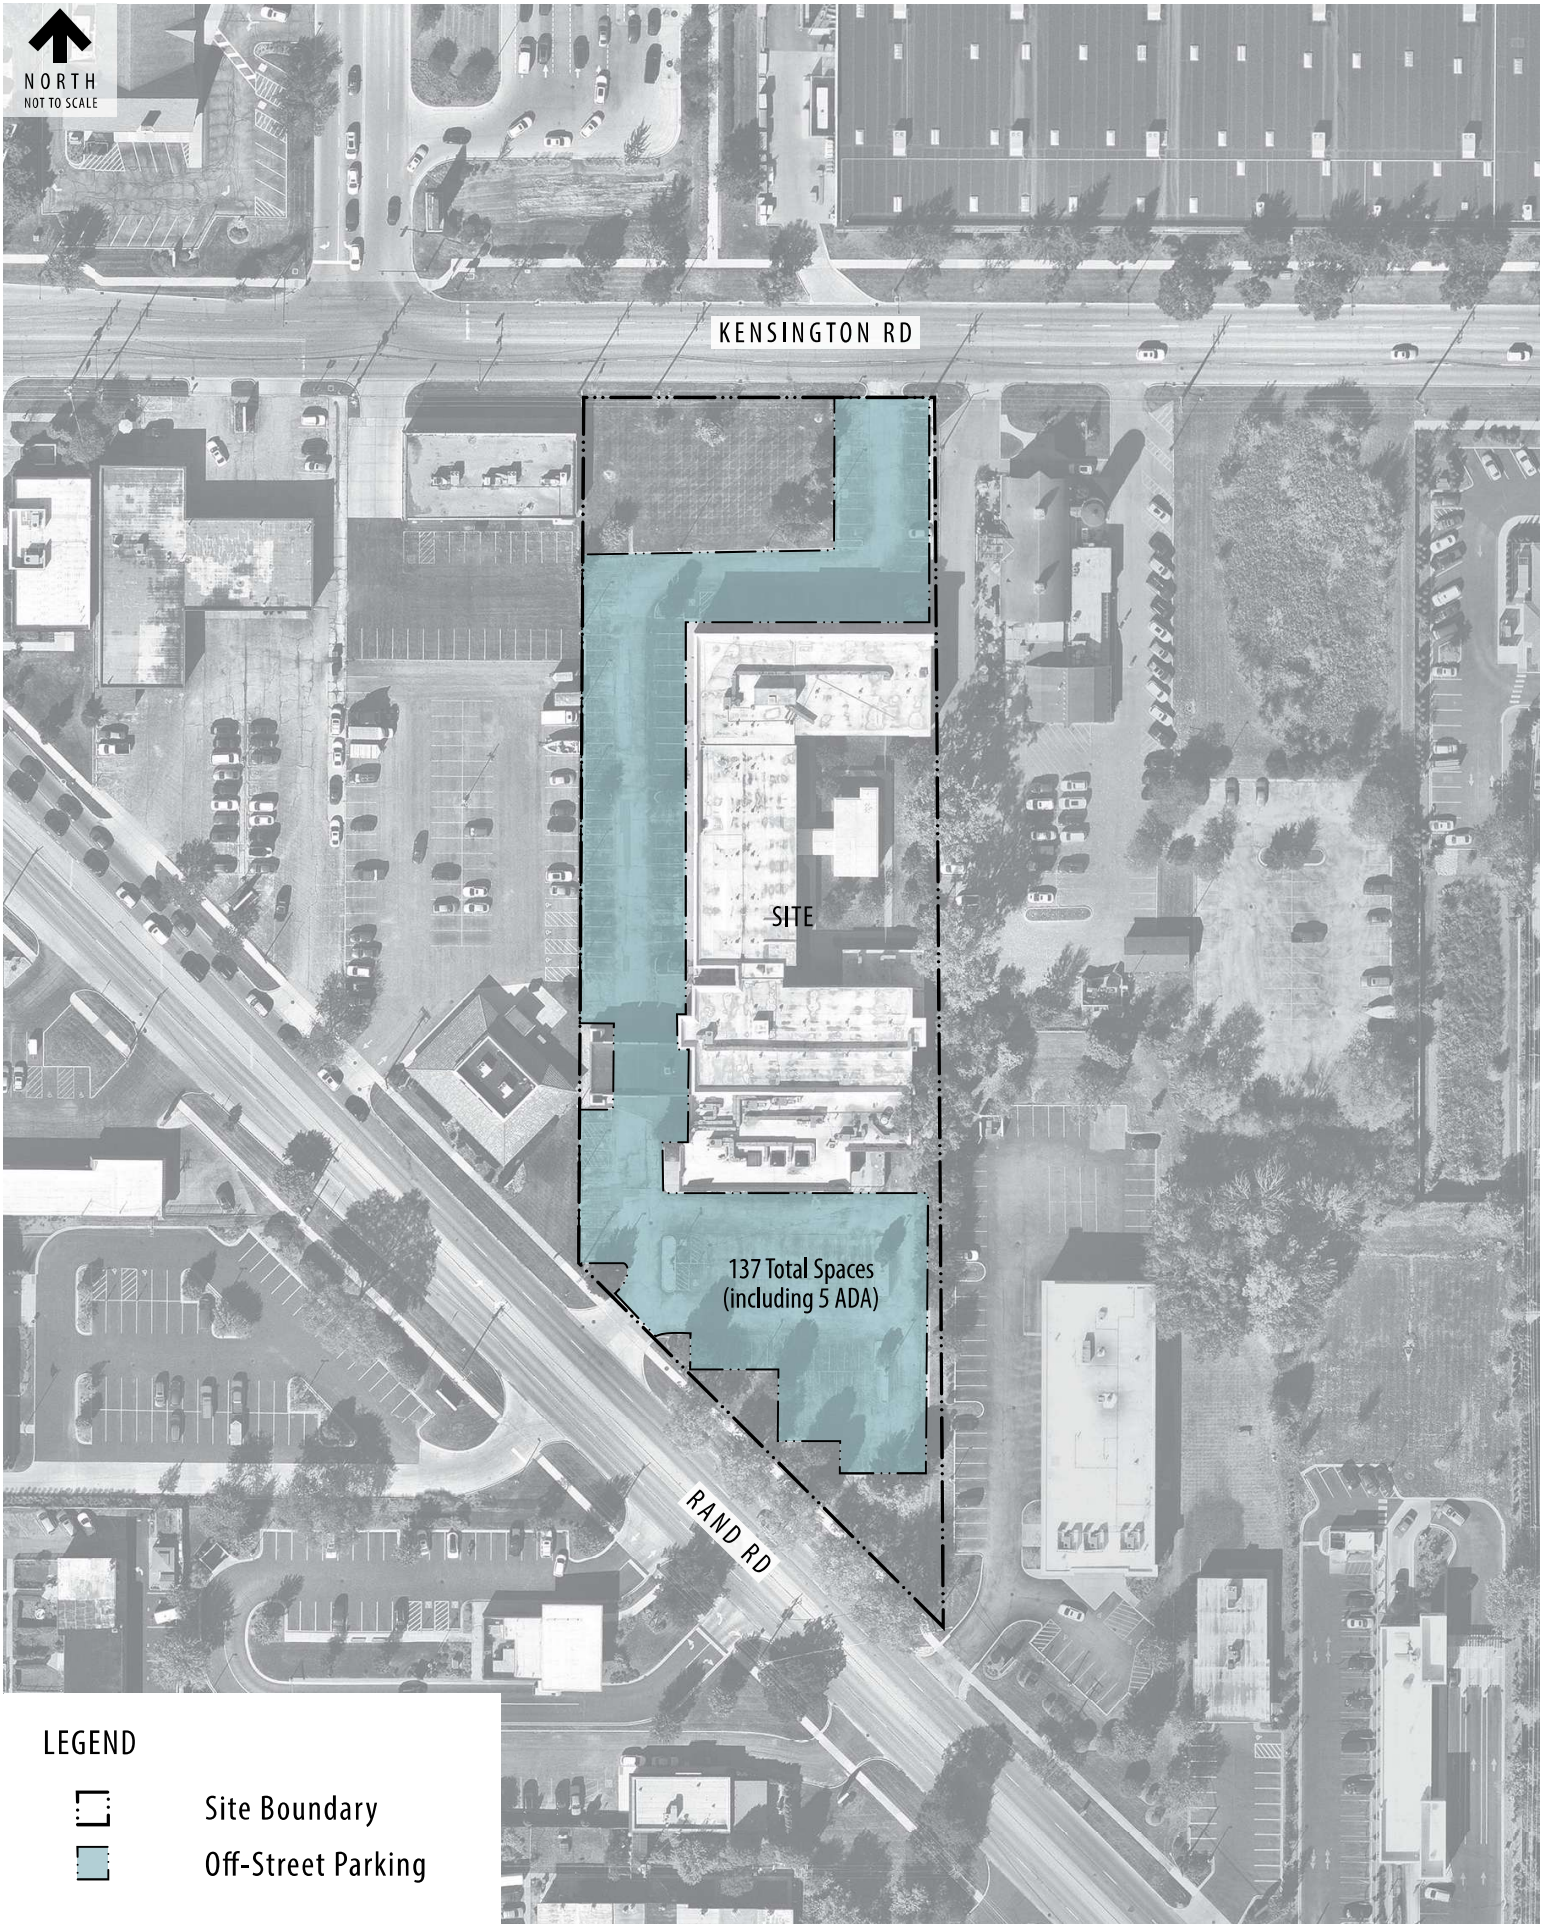

- Courtyard by Marriott Chicago Arlington Heights/South
  100 Algonquin Rd, Arlington Heights, IL 60005
- DoubleTree by Hilton Hotel Chicago Arlington Heights
  75 Algonquin Rd, Arlington Heights, IL 60005
- Sheraton Suites Chicago Elk Grove
  121 NW Point Blvd, Elk Grove Village, IL 60007

Kimley»Horn

EXHIBIT 1

SITE LOCATION MAP

Kimley»Horn

EXHIBIT 2

OFF-STREET PARKING LOCATION MAP

Municipal Parking Requirements

The Village of Mount Prospect requires a designated amount of parking depending on the land use and characteristics including square footage, employees, rooms, and capacity. **Table 1** outlines Village requirements for the hotel use including the restaurant and meeting space, and the resulting required number of spaces.

Table 1. Municipal Parking Requirements

Land Use	Village Requirement	Unit	Required Spaces	Provided Spaces	Surplus/Deficit
Hotel, extended stay hotel, and motel	1 space per room plus 1 space per employee on peak shift	139 rooms 16 employees	155	140	-133
Restaurant with a bar	12 spaces per 1,000 SF of floor area plus 1 space for every 3 seats in the bar area[1]	3,768 SF Dining 1,558 SF Kitchen 45 bar stools	79		
Banquet/meeting space	1 space per 3 persons capacity plus 1 space per employee	100 person capacity 5 employees	39		
		Total	**273**	**140**	**-133**

[1] For restaurants, floor area shall not include areas devoted primarily for storage, restrooms, and corridors used solely for accessing these areas

Based on municipal code, the proposed 140 parking spaces provided by the site does not meet the 273-space requirement by a deficit of 133 spaces.

Parking Counts

Kimley-Horn conducted parking count spot checks at nearby comparable hotels on Thursday, January 22nd, 2026, and Saturday, January 25th, 2026. The counts were collected between 10:00PM and 11:00 PM to capture the peak parking demand of the hotels. **Table 2** summarizes the collected data and the field data collection sheets are provided as an **Attachment**.

Table 2. Parking Count Spot Checks

Hotel	Number of Rooms & Hotel Characteristics	Parking Supply	Peak Parking Demand Counted and Utilization %		Peak Parking Demand Rate Per Room	
			Thur.	Sat.	Thur.	Sat.
Courtyard by Marriott Chicago Arlington Heights/South	145 Rooms No O'Hare Shuttle Includes Restaurant with bar	155	26 (17%)	30 (19%)	0.18	0.21
DoubleTree by Hilton Hotel Chicago Arlington Heights	241 Rooms No O'Hare Shuttle Includes Restaurant with bar	307	104 (34%)	105 (34%)	0.43	0.44
Sheraton Suites Chicago Elk Grove	250 Rooms Includes O'Hare Shuttle Includes Restaurant with bar	323	96 (30%)	90 (28%)	0.38	0.36

Based on data collected, the maximum parking demand across all three hotels on Thursday was 104 parking spaces at the Double Tree, resulting in 34 percent utilization. Similarly, the maximum demand across all three hotels on Saturday was 105 parking spaces also at the Double Tree, resulting in the same utilization percentage. It should be noted that this parking demand data was collected during January, and in winter months hotels generally can experience dips in occupancy.

As such, the Urban Land Institute's (ULI) Shared Parking Manual, 6th Edition, was referenced to determine a monthly adjustment factor that should be applied to understand what the peak parking demand rate per room would be for the observed hotels during peak months of the year.

For hotels that are more business focused, such as the proposed Holiday Inn and observed hotels, the month of January experiences 60 percent of peak occupancy according to ULI. Furthermore, according to the manual, peak occupancy (100 percent) occurs during the month of April. It should be noted that the months of May through October range between 85 – 95 percent occupancy. In order to bring the peak parking demand rate per room observed in January up to peak occupancy in April, a factor of 1.67 is applied. **Table 3** below details the results of applying this factor.

Table 3. Factored Parking Demand Rate

Hotel	Number of Rooms	Parking Supply	Peak Parking Demand Rate Per Room (in January)		Monthly Adjustment Factor	Factored Peak Parking Demand Rate Per Room (in April)	
			Thur.	Sat.		Thur.	Sat.
Courtyard by Marriott Chicago Arlington Heights/South	145 Rooms	155	0.18	0.21	1.67	0.30	0.35
DoubleTree by Hilton Hotel Chicago Arlington Heights	241 Rooms	307	0.43	0.44		0.72	0.74
Sheraton Suites Chicago Elk Grove	250 Rooms	323	0.38	0.36		0.64	0.60

As can be seen, applying the monthly adjustment factor to bring the peak parking demand rate per room at the Double Tree from January up to peak occupancy in April results in the maximum rates of 0.72 and 0.74 spaces per room on Thursday and Saturday, respectively.

The proposed Holiday Inn will provide 140 parking spaces to serve the 139-room hotel. Applying the above maximum peak parking demand rate per room results in the below estimated peak parking demand in **Table 4**.

Table 4. Holiday Inn Estimated Peak Parking Demand

Hotel	Number of Rooms	Parking Supply	Factored Peak Parking Demand Rate Per Room (peak occupancy in April)		Peak Parking Demand (surplus/deficit)	
			Thur.	Sat.	Thur.	Sat.
Proposed Holiday Inn	139 Rooms	140 spaces	0.72	0.74	100 spaces (+40 spaces)	103 spaces (+37 spaces)

The peak parking demand for the proposed Holiday Inn is estimated to be approximately 100 spaces on weekdays and 103 spaces on weekends. The parking supply of 140 spaces should adequately accommodate the projected demand.

ITE Parking Demand Review

Site generated parking demand was also estimated using data referenced from the Institute of Transportation Engineers (ITE) Parking Generation Manual, 6th Edition, an industry resource that references parking data collected across the country for a myriad of land uses. For this evaluation, ITE Land-Use Code (LUC) 310 (Hotel) and LUC 932 (High-Turnover Site Down Restaurant) were used to represent the proposed hotel. ITE data excerpts are provided as an **Attachment**.

The ITE LUC 310 (Hotel) description is as follows, "A hotel is a place of lodging that provides sleeping accommodations and supporting facilities such as a full-service restaurant, concierge service, valet parking, cocktail lounge, meeting rooms, banquet room, and convention facilities. A hotel typically provides a swimming pool or another recreational facility such as a fitness room.". This indicates that some hotels surveyed by ITE contain on-site restaurant/bars and banquet/meeting spaces that are ancillary to the hotel, and that the projected parking demand generated by LUC 310 (Hotel) would be inclusive of all proposed on-site uses. However, to provide a conservative analysis scenario, the restaurant use was analyzed separately and no internal capture was applied between the hotel and restaurant, despite it being likely that hotel guests will make up a large portion of the restaurant customers.

Tables 5 summarizes parking demand projections based on ITE data for weekdays and weekends, respectively.

Table 5. ITE Parking Demand Projections (Weekday and Weekend)

Use	Size	Weekday (Monday-Friday)		Weekend (Saturday)	
		Average Peak Demand		Average Peak Demand	
		ITE Rate	Projection	ITE Rate	Projection
310 – Hotel	139 Rooms [1]	Ln(S) = 0.82(R)+0.55	99 spaces	S = 0.65(R)	90 spaces
932 – High-Turnover (Sit Down) Restaurant	5,326 SF [2]	S = 8.97(X)	48 spaces	S = 11.53(X)	61 spaces
Total Projected Peak Parking Demand			147 spaces		151 spaces

[1] R = Rooms

[2] X = Per 1,000 SF GFA

Based on ITE parking demand data, the proposed parking supply of 140 spaces does not accommodate the projected overall average peak parking demand of 147 and 151 spaces during the weekday (Monday-Friday) and weekend (Saturday), respectively.

While the peak parking demand exceeds supply, the mix of hotel and restaurant uses are likely to have different peaking characteristics throughout the day. When considered in this way, the peak parking demand is estimated to be 129 spaces from 7:00 – 8:00 PM, which is accommodated by the proposed parking supply. **Table 6** below depicts the peak parking demand on an hourly basis based on ITE data during a weekend (Saturday) when demand is expected to be highest.

Table 6. ITE Parking Demand Hourly Distribution

ITE Land Use	Avg. Peak Parking Demand [1]	Weekend (Saturday) [2]										
		3 PM – 4 PM	4 PM – 5 PM	5 PM – 6 PM	6 PM – 7 PM	7 PM – 8 PM	8 PM – 9 PM	9 PM – 10 PM	10 PM – 11 PM	11 PM – 12 PM	12 PM – 1 AM	1 AM – 2 AM
310 – Hotel	90	50% 45	55% 50	59% 53	66% 59	76% 68	76% 68	78% 70	87% 78	95% 86	100% 90	100% 90
932 – High-Turnover (Sit Down) Restaurant	61	49% 30	63% 38	77% 47	100% 61	100% 61	85% 52	55% 34	35% 21	--% -- [3]	--% -- [3]	--% -- [3]
	Total	75	88	100	120	129	120	104	99	86	90	90

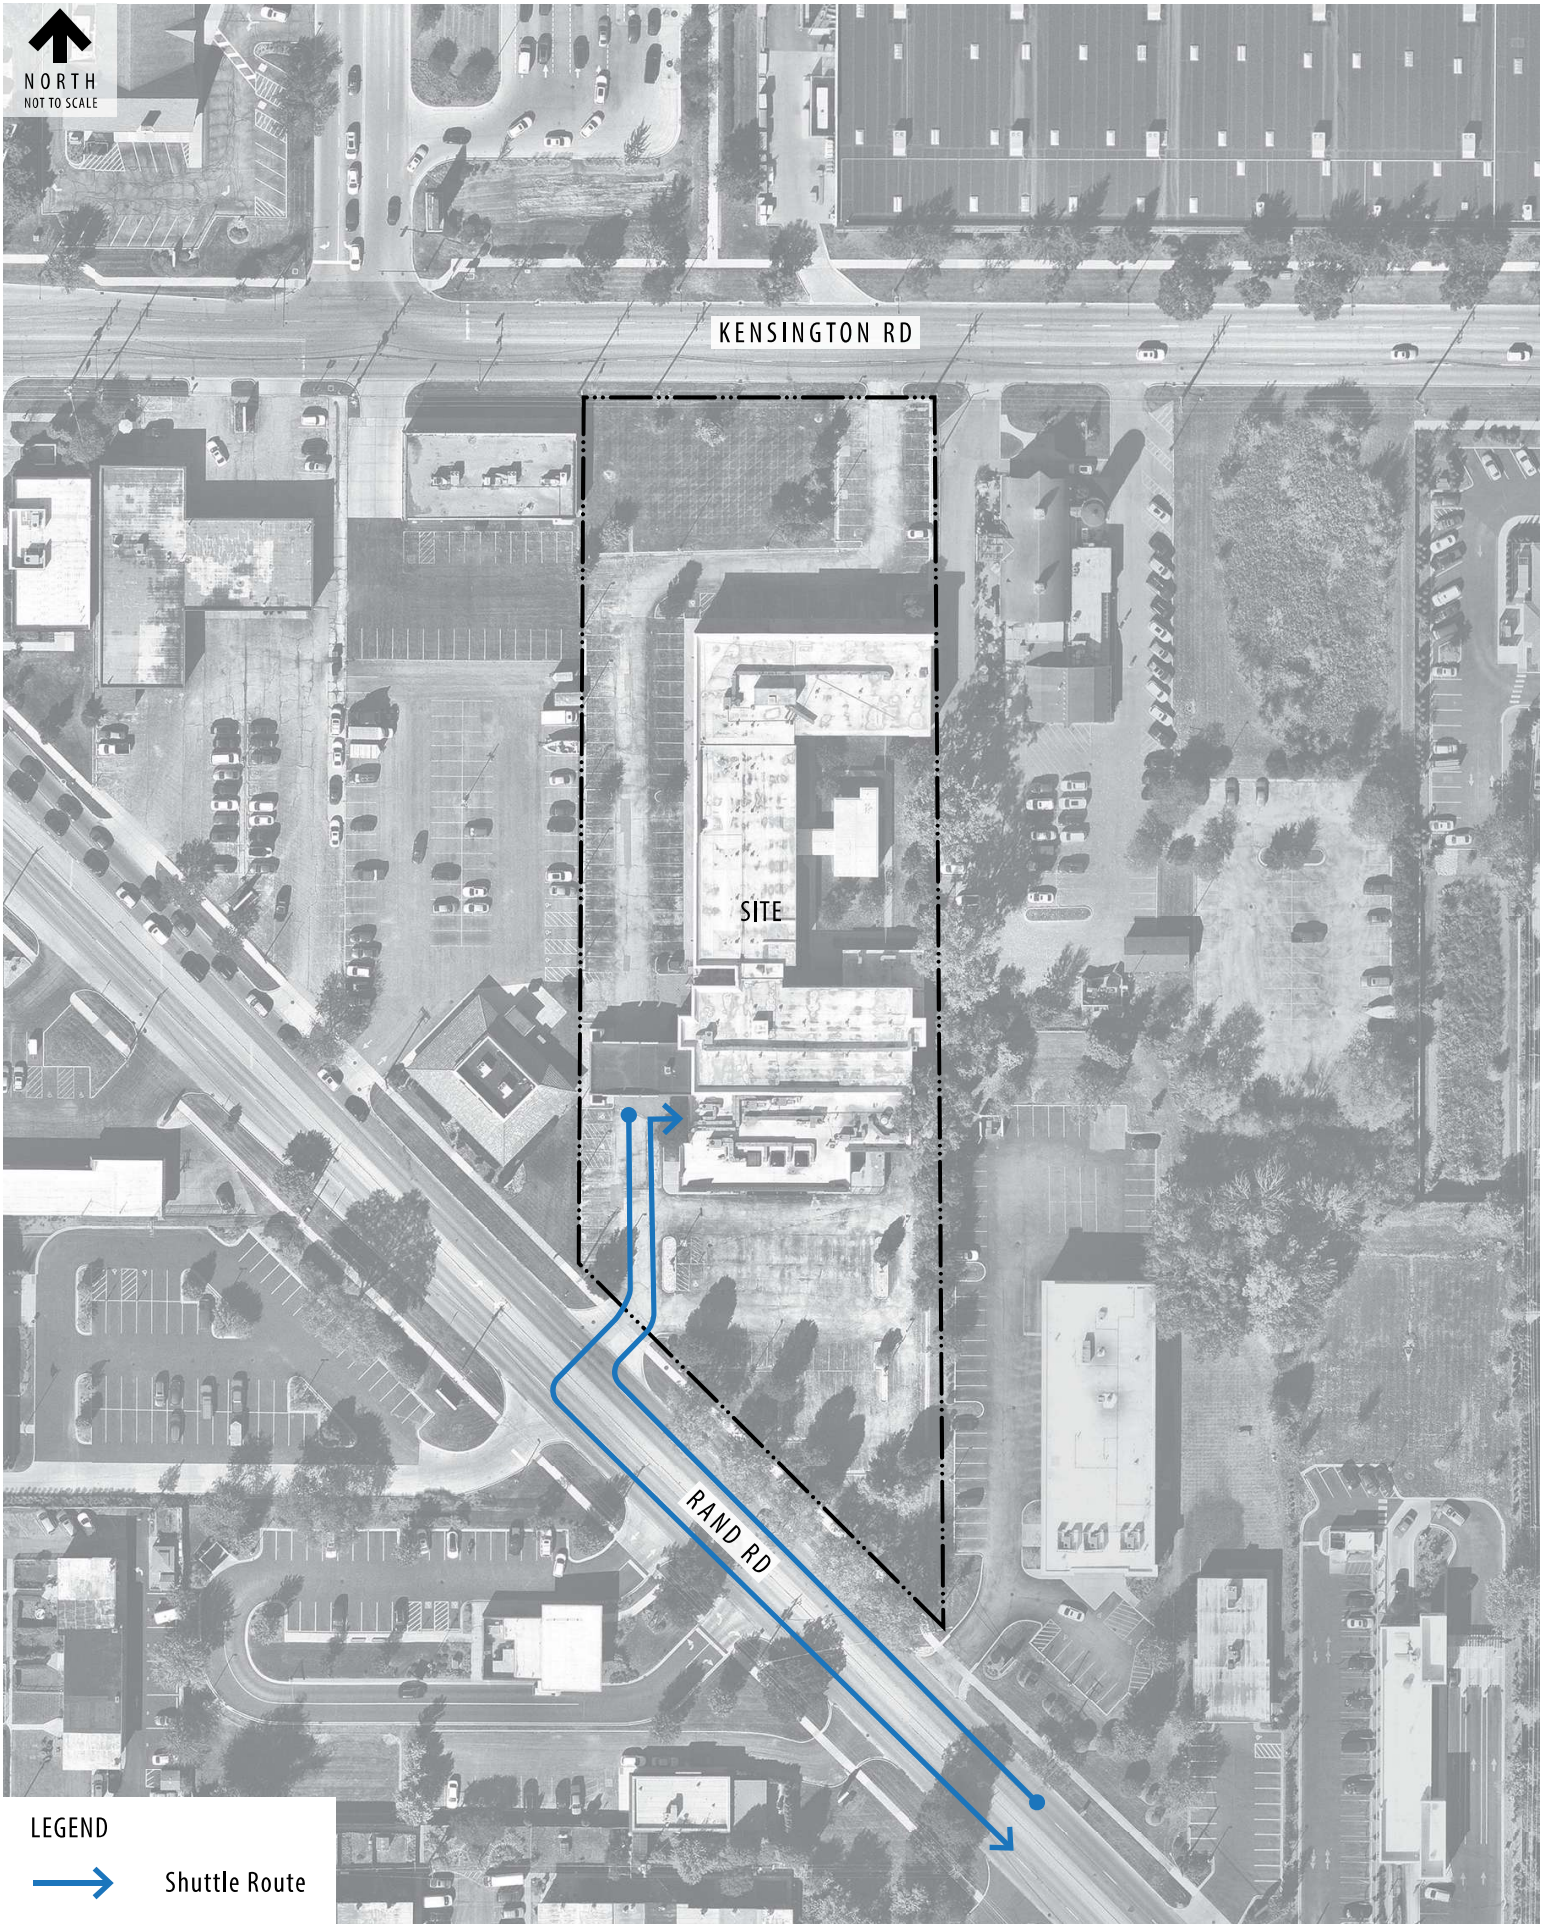

[1] Average Peak Parking Demand is based on ITE data contained in Table 5.

[2] Hourly Parking Demand calculations are based on Average Peak Parking Demand multiplied by percentages in the top-right corners of each cell, which are referenced from ITE data.

[3] ITE data not available after 11 PM.

Shuttle Service

The proposed Holiday Inn will offer a 24-hour complimentary shuttle service that generally runs between the hotel and O'Hare airport. The shuttle will enter and exit the site via the Rand Road access driveway and staging for pick-up and drop-off will occur at the parking space immediately south of the main entry to/from the lobby, which is located along the west side of the building. When the shuttle is not in use, it will remain in the same parking space. Shuttle dimensions and capacity are included as an **Attachment**. The 24-hour complimentary shuttle should help reduce parking demand for the hotel, as patrons will have convenient access to and from the airport. A shuttle circulation diagram is depicted on **Exhibit 3** on the following page.

Kimley»Horn

EXHIBIT 3
SHUTTLE ROUTE MAP

Cross-Use Parking Agreements

Cross-use parking agreements have been established between the proposed hotel, the adjacent Dental Office at 201 E Kensington Road, and the Red Barn Restaurant and Brewery at 303 E Kensington Road. These agreements allow for shared and reciprocal use of designated parking areas owned by the parties involved. In the event that the proposed restaurant and hotel experience parking demand nearing capacity during the peak evening dinner period, restaurant patrons could be directed to park in the Dental Office parking lot which provides 25 spaces, as their office hours generally end at 6:00 PM on weekdays and 2:00 PM on Saturday. It is expected that around 15-20 spaces in the Dental Office parking lot could be available for use after the office closes. It is unlikely that the proposed restaurant and hotel will share parking spaces with the Red Barn Restaurant and Brewery, as their peak parking demand times are likely to coincide.

Parking Management Plan Framework

The following provides an example of a parking management framework that could be followed by the hotel operator to ensure that parking demand is managed and does not exceed supply.

- After the hotel opens and is operational, the hotel operator should count the number of vehicles parked in the parking lot on one Thursday and one Saturday once a month between 7:00 – 8:00 PM and 10:00 – 11:00 PM, for a period of six months to one year.
- The hotel operator should report the number of counted vehicles to the Village of Mount Prospect once a month for the duration of the monitoring period.
- Should the parking demand exceed 90 percent for an agreed upon number of months during the monitoring period, the owner/operator should pursue constructing the land banked parking to increase the parking supply.

The exact characteristics of this parking management plan should be finalized between the hotel owner/operator and the Village of Mount Prospect.

Conclusion

Kimley-Horn prepared a parking study for the proposed 139-room Holiday Inn redevelopment located at 200 E Rand Road in Mt. Prospect, Illinois. The three-story building currently provides 137 on-site parking spaces, including 5 ADA accessible spaces. The proposed hotel would increase the parking supply by three spaces, bringing the total up to 140 parking spaces. Two full access driveways are provided, one each along Kensington Road and Rand Road. No change is planned to the existing site access; however, the building interior and façade are being renovated. The Holiday Inn hotel will provide a shuttle service to O'Hare airport and also includes an approximately 5,326 SF sports bar restaurant.

Kimley-Horn conducted parking count spot checks at nearby comparable hotels in January 2026 in order to estimate the parking demand for the proposed Holiday Inn redevelopment. Based on the data collected, the peak parking demand for the proposed Holiday Inn is estimated to be approximately 100 spaces on weekdays and 103 spaces on weekends. Additionally, parking demand was also estimated using data referenced from the ITE Parking Generation Manual, 6th Edition, an industry resource that references parking data collected across the country for a myriad of land uses. Based on ITE, the projected overall average peak parking demand for the proposed development is 129 spaces during weekends when demand is expected to be highest. The parking supply of 140 spaces should adequately accommodate the projected demand.

A parking management plan should be finalized between the owner/operator and the Village of Mount Prospect. This plan should include the owner/operator observing parking demand in the site parking lot on a monthly basis and reporting this to the Village to ensure that demand is adequately accommodated.

SURVEYOR'S NOTES

1. ALL STATEMENTS WITHIN THE CERTIFICATION, AND OTHER REFERENCES LOCATED ELSEWHERE HEREON, RELATED TO UTILITIES, IMPROVEMENTS, STRUCTURES, BUILDINGS, PARKING, PARTY WALLS, EASEMENTS, SERVITUDES, FOUNDATIONS AND POSSIBLE ENCROACHMENTS ARE BASED SOLELY ON ABOVE GROUND, VISIBLE EVIDENCE, UNLESS ANOTHER SOURCE OF INFORMATION IS SPECIFICALLY REFERENCED HEREON.
2. SUBJECT PROPERTY HAS DIRECT ACCESS TO E. RAND ROAD AND KENSINGTON ROAD, BOTH PUBLIC ROADS.
3. THE DIMENSIONS AND AREA OF THE BUILDING SHOWN ARE BASED ON THE BUILDING'S EXTERIOR FOOTPRINT AT GROUND LEVEL.
4. THE POINT OF HEIGHT MEASUREMENT IS IDENTIFIED ON THE SURVEY AND WAS TAKEN FROM THE NEAREST ADJACENT GRADE AT SAID POINT. THIS POINT REPRESENTS THE HEIGHT OF THE STRUCTURE AS OBSERVED FROM GROUND LEVEL.
5. NO UNDERGROUND UTILITIES HAVE BEEN LOCATED AND/OR SHOWN ON THIS SURVEY. ONLY VISIBLE AND APPARENT ABOVE GROUND UTILITY APPURTENANCES ARE SHOWN.
6. THERE IS NO OBSERVABLE EVIDENCE OF EARTH MOVING WORK, OR BUILDING CONSTRUCTION ON THE SURVEYED PROPERTY.
7. THERE ARE NO OBSERVABLE EVIDENCE OF ANY CHANGES IN STREET RIGHT-OF-WAYS OR RECENT STREET OR SIDEWALK CONSTRUCTION OR REPAIR.
8. THERE IS NO OBSERVABLE EVIDENCE OF CEMETERIES OR BURIAL GROUNDS ON THE SURVEYED PROPERTY.
9. THE SURVEYED PROPERTY AS MEASURED FORMS A MATHEMATICALLY-CLOSED PERIMETER WITHOUT ANY GAPS, GORES, HIATUS OR OVERLAPS AND IS CONTIGUOUS TO THE ADJACENT PARCELS AND/OR ROWS.
10. THE DISTANCE TO THE NEAREST INTERSECTING STREET AND AS DESIGNATED ON SURVEY MAP FOR CLARITY, IS 1482' WEST FROM THE NORTHWEST CORNER OF PARCEL 1 TO THE INTERSECTION OF RAND ROAD AND KENSINGTON ROAD.
11. NO VISIBLE EVIDENCE OF SUBSTANTIAL AREAS OF REFUSE WERE OBSERVED AT THE TIME THE FIELDWORK WAS PERFORMED.
12. THIS SURVEY DOES NOT PROVIDE A DETERMINATION OR OPINION CONCERNING THE LOCATION OR EXISTENCE OF WETLANDS, FAULT LINES, TOXIC OR HAZARDOUS WASTE AREAS, SUBSIDENCE, SUBSURFACE, AND ENVIRONMENTAL CONDITIONS, OR GEOLOGICAL ISSUES. NO STATEMENT IS MADE CONCERNING THE SUITABILITY OF THE SUBJECT TRACT FOR ANY INTENDED USE, PURPOSE, OR DEVELOPMENT.
13. ALL RECIPROCAL EASEMENT AGREEMENTS ("REAS") THAT HAVE BEEN REPORTED BY THE TITLE REPORT PROVIDED HAVE BEEN DENOTED ON THE SURVEY AND ARE SHOWN HEREON. THE LIMITS OF ANY OFFSITE APPURTENANT EASEMENTS THAT HAVE BEEN REPORTED BY THE TITLE REPORT PROVIDED HAVE BEEN DENOTED ON THE SURVEY AND ARE GRAPHICALLY DEPICTED HEREON.

TITLE DESCRIPTION

PARCEL 1:
THE WEST 210 FEET OF THE EAST 490 FEET OF THE NORTH 300 FEET OF THE NORTHWEST 1/4 OF THE NORTHEAST 1/4 OF SECTION 34, TOWNSHIP 42 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, IN COOK COUNTY, ILLINOIS.

PARCEL 2:
THAT PART LYING NORTH OF RAND ROAD OF THE WEST 210 FEET OF THE EAST 490 FEET OF THE NORTHWEST 1/4 OF THE NORTHEAST 1/4 OF SECTION 34, TOWNSHIP 42 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, (EXCEPT THE NORTH 300 FEET), IN COOK COUNTY, ILLINOIS.

THE PROPERTY SURVEYED AND SHOWN HEREON IS THE SAME LAND AS DESCRIBED IN TITLE COMMITMENT NO. 22000030362, DATED JANUARY 21, 2022, PREPARED BY STEWART TITLE GUARANTY COMPANY.

TITLE COMMITMENT INFORMATION

The Title Description and Schedule 'B' items are the same as shown on the title commitment provided by Stewart Title Insurance Company, Commitment No. 22000030362 with a commitment date of January 21, 2022.

UTILITY NOTE

THE SURVEY SHOWS THE LOCATION OF UTILITIES EXISTING ON OR SERVING THE SURVEYED PROPERTY AS DETERMINED BY OBSERVED EVIDENCE COLLECTED PURSUANT TO ALTA SECTION 5 E IV.

NOTES CORRESPONDING TO SCHEDULE "B" PART II ITEMS

ITEMS NOT LISTED BELOW ARE NOT MATTERS OF SURVEY.

(4) GRANT DATED NOVEMBER 1, 1937 AND RECORDED SEPTEMBER 10, 1941 AS DOCUMENT NUMBER 12753770 OF EASEMENT IN FAVOR OF THE COUNTY OF COOK FOR CONSTRUCTING AND LAYING TILE AND STORM WATER AND OTHER DRAINS ON A PART OF THE LAND AND OTHER PROPERTY, TOGETHER WITH THE PRIVILEGE OF ENTERING SAID LAND FOR THE PURPOSE OF REPAIRING SAID TILE OR DRAINS.
EASEMENT PER DOCUMENT 12753770 FOR THE PURPOSES OF CONSTRUCTING AND LAYING TILE AND STORM WATER DEFINED TO BE 14 FT. SOUTH OF THE NORTH BOUNDARY LINE WHICH IS ALSO KNOWN AS THE NORTH LINE OF WEST HALF OF THE NORTHEAST QUARTER OF SECTION 34-42-11 IS SHOWN HEREON.

(5) CONTINUING SEWAGE DISPOSAL FACILITIES ADEQUATE FOR GULF OIL CORPORATION'S NEEDS AND AN EASEMENT FOR GULF OIL CORPORATION'S CONSTRUCTION, INSTALLATION, MAINTENANCE, REPAIR AND USE OF A CONNECTING UNDERGROUND SEWER LINE FROM THE LAND TO THE SANITARY SEWER LINE NOW INSTALLED, OR TO BE INSTALLED BY JEMO INDUSTRIES, INC., ON ITS ADJACENT LAND, AS CONTAINED IN TRUSTEE'S DEED RECORDED OCTOBER 26, 1966 AS DOCUMENT NUMBER 19979694, THE EAST-WEST COURSE OF SAID EASEMENT BEING OF 6 FOOT WIDTH AND THE NORTHWEST COURSE A MINIMUM 4 FEET 9 INCHES IN WIDTH, FOLLOWING A CENTER LINE AS FOLLOWS:

COMMENCING AT THE INTERSECTION OF THE EAST LINE OF THE NORTHWEST 1/4 OF THE NORTHEAST 1/4 OF SECTION 34, TOWNSHIP 42 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN WITH THE NORTH LINE OF THE NORTHEAST 1/4 OF SAID SECTION; THENCE NORTH 89°52'32" WEST ALONG SAID NORTH SECTION LINE A DISTANCE OF 340 FEET TO A POINT; THENCE SOUTH AND PARALLEL WITH SAID EAST SECTION LINE A DISTANCE OF 121 FEET TO THE POINT OF BEGINNING; THENCE SOUTH 89° 52'15" EAST AND PARALLEL WITH SAID NORTH SECTION LINE A DISTANCE OF 57 FEET AND 7.5 INCHES TO THE END OF SAID 6 FOOT WIDE EASEMENT AREA AND THE BEGINNING POINT OF THE CENTER LINE OF SAID 4 FOOT 9 INCH WIDE EASEMENT AREA, THENCE SOUTH AND PARALLEL WITH SAID EAST SECTION LINE A DISTANCE OF 50 FEET MORE OR LESS TO THE SANITARY SEWER LINE NOW INSTALLED, OR TO BE INSTALLED BY JEMO INDUSTRIES, INC.
EASEMENT PER DOC. 19978694 IS PLOTTED HEREON.

(6) EASEMENTS AS RESERVED AND CREATED BY INSTRUMENT DATED JULY 21, 1967 AND RECORDED OCTOBER 10, 1967 AS DOCUMENT NUMBER 20286209, MADE BY JEMO INDUSTRIES, A CORPORATION OF ILLINOIS, TO MT. PROSPECT MOTOR HOTELS, INC., A CORPORATION OF ILLINOIS, AND FARMER COOPERS, INC., A DELAWARE CORPORATION, FOR SANITARY SEWER ACROSS AND UNDER THE EAST 10 FEET AND OVER 6 FEET AND 4.9 INCHES, AS SHOWN ON PLAT ATTACHED TO SAID INSTRUMENT.
EASEMENTS PER DOC. 20286209 ARE PLOTTED HEREON. PER EXHIBIT B OF DOC. 20286209, SECTION 5 GRANTS EXCLUSIVE AND PERMANENT USE OF 28 PARKING SPACES, LOCATION IS SHOWN ON THE PLAT. PARKING SPACES DEPICTED ON EXHIBIT B DOES NOT MATCH WITH EXHIBIT B DOES NOT MATCH WITH SURVEY CONDITIONS.

(7) EASEMENT FOR SEWAGE DISPOSAL FACILITIES, AS CONTAINED IN THE TRUST DEED RECORDED AS DOCUMENT NUMBER 19922009, FROM AMERICAN NATIONAL BANK AND TRUST COMPANY, AS TRUSTEE, IN FAVOR OF GULF OIL CORPORATION OVER A PORTION OF THE LAND TO THE SANITARY SEWER LINE NOW INSTALLED, OR TO BE INSTALLED BY JEMO INDUSTRIES, INC., AS SET FORTH THEREIN.
EASEMENT PER DOC. 19922009 IS PLOTTED HEREON.

(8) GRANT DATED FEBRUARY 18, 1946 AND RECORDED FEBRUARY 21, 1946 AS DOCUMENT NUMBER 13725237 BY WILLIAM H. POHLMAN AND CAROLYN (OR CAROLINA) POHLMAN, HIS WIFE, TO PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS, A CORPORATION OF ILLINOIS, AFFECTING THE LAND AND OTHER PROPERTY FOR THE RIGHT TO LAY, MAINTAIN AND OPERATE AN 18 INCH GAS MAIN AND NECESSARY APPURTENANCES IN, UPON, UNDER AND ABOVE THE NORTHEAST SIDE OF THE PUBLIC HIGHWAY KNOWN AS RAND ROAD, WHICH EXTENDS ALONG THE SOUTHWEST SIDE OF THE LAND OTHER PROPERTY.
DOCUMENT 13725237 IS GENERAL IN NATURE AND IS NOT PLOTTABLE.

(9) EASEMENT GIVING THE RIGHT TO LAY GAS MAINS ALONG THE NORTHEAST SIDE OF THE PUBLIC HIGHWAY KNOWN AS RAND ROAD, AS CONTAINED IN GRANT BY WILLIAM POHLMAN AND OTHERS, DATED FEBRUARY 18, 1946 AND RECORDED FEBRUARY 21, 1946 AS DOCUMENT NUMBER 13725237, TO PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS.
DOCUMENT 13725237 IS GENERAL IN NATURE AND IS NOT PLOTTABLE.

(10) EASEMENT AND ASSOCIATED RIGHTS GRANTED TO COMCAST OF ILLINOIS XI, LLC. BY MP REAL ESTATE INVESTMENTS, LLC IN AN INSTRUMENT DATED OCTOBER 28, 2010 AND RECORDED FEBRUARY 03, 2011 AS DOCUMENT NUMBER 11039100112.
EASEMENT PER DOC. 11039100112 IS UNDEFINED AND IS NOT PLOTTABLE.

(14) RIGHTS OF THE PUBLIC, THE MUNICIPALITY AND THE STATE OF ILLINOIS IN AND TO THAT PART OF THE LAND TAKEN OR USED FOR KENSINGTON ROAD.
THAT PART OF THE LAND TAKEN OR USED FOR KENSINGTON ROAD IS SHOWN HEREON.

ITE PARKING GENERATION MANUAL, 6TH EDITION DATA EXCERPTS

Land Use: 310 Hotel

Description

A hotel is a place of lodging that provides sleeping accommodations and supporting facilities such as a full-service restaurant, concierge service, valet parking, cocktail lounge, meeting rooms, banquet room, and convention facilities. A hotel typically provides a swimming pool or another recreational facility such as a fitness room.

Time-of-Day Distribution for Parking Demand

The following table presents a time-of-day distribution of parking demand on a weekday (four study sites) and a Saturday (three study sites) in a general urban/suburban setting.

Hour Beginning	Percent of Peak Parking Demand	
	Weekday	Saturday
12:00–4:00 a.m.	100	100

Land Use: 932 High-Turnover (Sit-Down) Restaurant

Description

A high-turnover (sit-down) restaurant is full-service eating establishment with a typical duration of stay of 60 minutes or less. This type of restaurant is usually moderately priced, frequently belongs to a restaurant chain, and is commonly referred to as casual dining. Generally, these restaurants serve lunch and dinner; they may also be open for breakfast and are sometimes open 24 hours a day. These restaurants typically do not accept reservations. A patron commonly waits to be seated, is served by wait staff, orders from a menu, and pays after the meal. Some facilities offer carry-out for a small proportion of their customers. Some facilities within this land use may also contain a bar area for serving food and alcoholic drinks.

Land Use Subcategory

Data are separated into two subcategories for this land use:

- Restaurants that serve breakfast
- Restaurants that do not serve breakfast

The “serves breakfast” subcategory includes restaurants that serve customers during breakfast, lunch, and dinner; during breakfast and lunch; and during breakfast only. The “does not serve breakfast” subcategory includes restaurants that serve customers during lunch and dinner, during dinner only, and during lunch only.

Time-of-Day Distribution for Parking Demand

The following table presents a time-of-day distribution of parking demand on a weekday (Monday–Thursday) at restaurants that serve breakfast, lunch, and dinner (10 study sites) and at restaurants that serve only lunch and dinner (25 sites). The following table also presents a time-of-day distribution of parking demand on a Saturday at restaurants that serve breakfast, lunch, and dinner (nine study sites) and at restaurants that serve only lunch and dinner (six sites).

- **Ground Clearance:** ~7 inches.

Interior & Capacity

- **Seating Capacity:** 12 to 15 passengers (depending on configuration).
- **Cargo Volume:** Approx. 236–278 cubic feet.
- **Front Head Room:** 42.5 inches.
- **Front Leg Room:** 40.0 inches.
- **Front Hip Room:** 65.6 inches.

CROSS-USE PARKING AGREEMENT

This Cross-Use Parking Agreement ("Agreement") is entered into as of February 10, 2026, by and between:

Business A:
REIT 200 LLC, a Illinois Limited Liability Company, with its principal place of business at 200 E Rand Road Mt Prospect IL 60056 ("Party A")

and

Business B:
1st Family Dental of Arlington Heights P.C., a Illinois corporation, with its principal place of business at 201 E Kensington Road Mt Prospect IL 60056 ("Party B")

Party A and Party B may be referred to individually as a "Party" and collectively as the "Parties."

1. PURPOSE
The purpose of this Agreement is to establish the shared and reciprocal use of designated parking areas owned or controlled by the Parties.

2. PARKING AREAS
- Party A Parking Lot: Located at 200 E Rand Road Mt Prospect IL 50056.
- Party B Parking Lot: Located at 201 E Kensington Road Mt Prospect IL 60056.

3. CROSS-USE RIGHTS
Each Party grants the other Party a non-exclusive right to use parking spaces.

4. HOURS OF USE
Cross-use parking shall be permitted during:
7 days a week and 24 hours a day. There shall be no restriction on the hours and days of use.

5. MAINTENANCE AND OPERATION
Each Party is responsible for upkeep of its own parking area.

6. LIABILITY AND INDEMNIFICATION
Each Party agrees to indemnify the other for claims arising from its own negligence or misconduct.

7. INSURANCE
Each Party shall maintain liability insurance with minimum coverage of $1,000,000.

8. TERM AND TERMINATION
This Agreement begins on February 15, 2026 and continues until terminated with 30 days written notice.

9. NO ASSIGNMENT
Neither Party may assign rights without written consent.

10. GOVERNING LAW
This Agreement is governed by the laws of the State of Illinois.

11. ENTIRE AGREEMENT
This Agreement constitutes the full understanding between the Parties.

DATE: February 19, 2026

CASE NUMBER
PZ-22-25

APPLICANT/PROPERTY OWNER
REIT 200 LLC

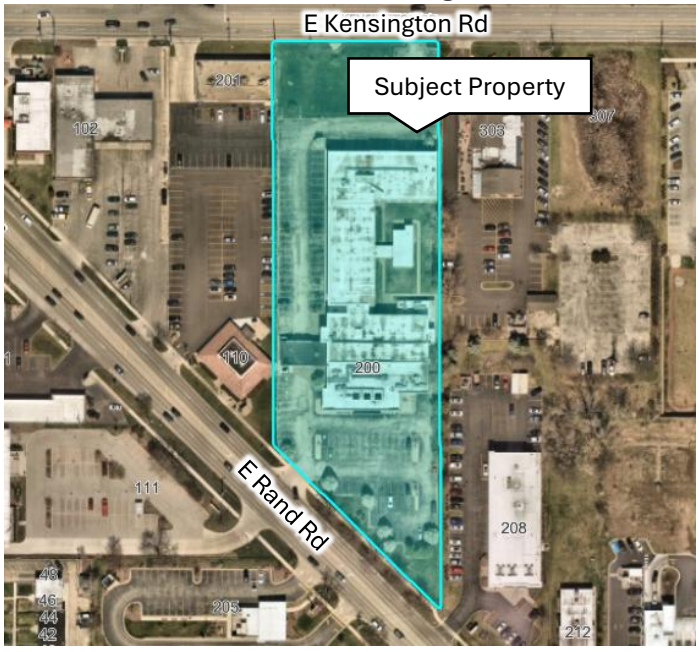

PUBLIC HEARING DATE
February 26, 2026

PROPERTY ADDRESS/LOCATION
200 East Rand Road

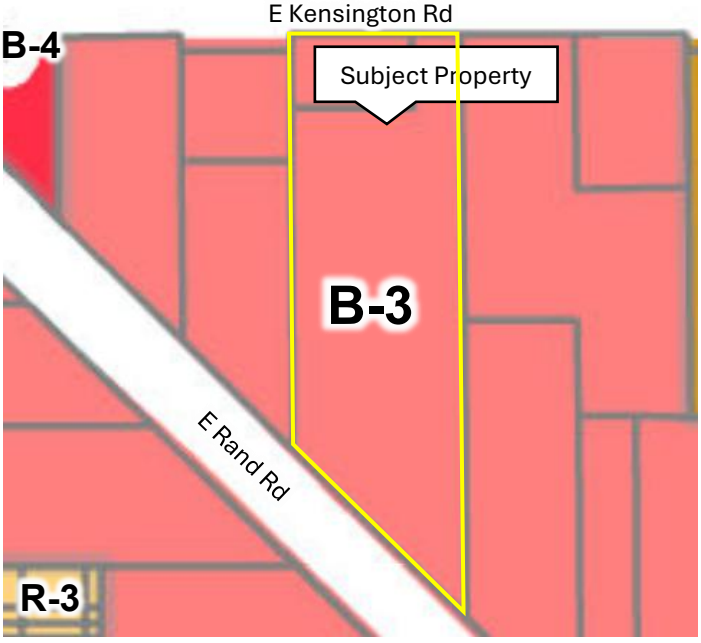

BRIEF SUMMARY OF REQUEST

The Petitioner (REIT 200 LLC) is requesting a final Planned Unit Development (PUD) at 200 East Rand Road (the subject property). The Petitioner proposes to re-establish the hotel, restaurant, and banquet hall uses at the subject property. The building has been vacant since the Holiday Inn hotel and Bar Louie restaurant closed in 2020. The proposal meets the requirements and standards of the Village Code, and Village Staff ("Staff") is supportive of the requests.

STAFF RECOMMENDATION APPROVE APPROVE WITH CONDITIONS DENY

DISCUSSION OF PROPOSAL

BACKGROUND / PROPERTY HISTORY

The subject property was annexed to the Village in 1961 and in 1966 was developed as a Holiday Inn hotel with a pool, restaurant, and banquet hall / meeting spaces. The hotel complex operated continuously from its construction in 1966 until its closure in late 2020 when it had been operating as a Holiday Inn, with major interior remodels in 1977, 1998, and 2009. The property has been vacant since the Holiday Inn's closure and has experienced significant vandalism and deterioration.

PROPOSAL

The Petitioner, REIT 200 LLC, is proposing to re-establish the hotel, restaurant, and banquet facility again under the Holiday Inn brand. The Petitioner proposes to keep the existing floor plans and square footage for the previous uses, and provide a "full cosmetic refresh" of the interior and exterior of the building. Proposed work includes but is not limited to: replacing bathroom fixtures; refinishing floors; new paint and wallpaper; new furniture and fitness equipment; replacing ceiling tiles in all corridors; repairing the swimming pool and hot tub; testing and replacing kitchen equipment; upgrading landscaping; repainting the exterior; installing new signage; and replacing and restriping the parking lot. On September 16, 2025, the Village Board approved a resolution in support of a Class 7B designation by the Cook County Assessor, with the condition that the Petitioner obtain zoning approval within six months of the resolution date.

Site Plan: The subject property consists of two parcels totaling 2.93 acres, with existing access points on Kensington Road and Rand Road. As a condition of approval, Staff will require the Petitioner to apply for an administrative plat of consolidation to combine the two parcels. The Petitioners are proposing to restripe the parking lot to increase the onsite parking from 137 to 140 stalls and will pave a gravel area along the west property line where it is too narrow for plantings to grow.

The existing parking lot and building setbacks are nonconforming under current zoning standards and would require relief if constructed today (see Table 1). Approval of the Planned Unit Development (PUD) would authorize the continuation of these existing conditions. No modifications are proposed to the current setbacks, building height, or lot coverage, other than where the Village is requesting the Petitioner donate land to accommodate the intersection and sidewalk improvement efforts at Kensington, Elmhurst, and Rand Roads. The Village is requesting that the Petitioner donate a 0.60' strip of land to expand the right-of-way along the north end of the site adjacent to Kensington Road. Staff is working with the Petitioner on a plat of dedication.

Table 1: B-3 Zone Minimum Setbacks

Required Yard	Minimum Setback B-3	Subject Property
Interior (east)	10'	4.58'
Interior (west)	10'	6.80'
Front (Kensington)	30'	136.68'
Rear (Rand)	20'	82.83'
Parking Lot	10.0'	0'

Uses: The three-story primary structure is approximately 80,000 square feet in size, containing 139 guestrooms, a 5,326 square-foot restaurant, and a 3,376 square-foot banquet / meeting space. Hotel guest amenities include a fitness center, indoor pool/spa, meeting space, business center, and guest laundry. As of this writing, a restaurant tenant has not been identified by the Petitioners. In the B-3 zoning district, restaurants and banquet facilities are permitted uses while hotels and motels are

conditional uses.

Elevations: The existing building materials will remain, including stone veneer, painted concrete masonry units (CMUs), and Exterior Insulation and Finishing Systems (EIFS). The Petitioner proposes to refresh the exterior with new paint, to replace damaged stonework, and to replace damaged doors and windows.

Parking: The Petitioner proposes to restripe the existing 137-stall parking lot to 140 parking stalls on site, to provide a 24-hour complimentary shuttle service between the hotel and airport, and the Petitioner has executed cross-use parking agreements with the neighboring properties at 201 East Kensington Road (1st Family Dental) and 303 East Kensington Road (Red Barn Restaurant). Per the Zoning Code off-street parking requirements, these adjacent properties have a surplus of 42 parking stalls (see Table 2) that the Petitioner has secured the use of to address the property's shortage of code-required parking stalls. The Petitioner has also agreed to landbank the open space at the north end of the subject property, which could be converted into 10 to 25 additional parking stalls if area parking demand exceeds supply (see Exhibit B, "Landbank Parking and Monitoring Plan").

The Petitioner engaged Kimley-Horn to conduct a parking study to estimate peak parking demand for the subject property. Kimley-Horn visited three comparable hotels, each also having a restaurant and banquet / meeting space, to collect parking utilization data for two dates in January, documenting utilization rates between 17% and 34%. Understanding that January hotel occupancy is generally low, the study applied an adjustment factor to estimate the parking demand at peak hotel occupancy (April). This method suggested that the peak parking demand for the subject property would be 103 vehicles. The study also provided an estimate of demand based on the Institute of Transportation Engineers (ITE) data, which suggested that peak demand at the subject property would be 133 vehicles.

Table 2 shows the minimum number of off-street parking spaces for the subject property based on square footage and occupancy for each use, according to the Village zoning code. Per the code, the subject property is deficient by 127 parking stalls. The code, however, does not account for overlapping usage of parking stalls for those that would be staying at the hotel to attend a conference on the same property, or dine at the hotel while staying there overnight. Table 3 shows the minimum parking required for the neighboring businesses offering cross-use access, illustrating that these adjacent users have a surplus of 42 parking stalls per the zoning code. Table 4 compares the parking demand as required by the village code and projected by both the Urban Land Institute and Institute of Transportation Engineers.

Table 2: Holiday Inn - Off-Street Parking Minimums

Use	Minimum	Variable	# of Stalls Required	# of Stalls Provided	Deficit / Surplus
Hotel, extended stay hotel, and motel	1 space per guestroom plus 1 space per employee on peak shift	139 guest rooms 16 employees	155		
Restaurant with a bar	12 spaces per 1,000 SF of floor area plus 1 space for every 3 seats in the bar area[1]	3768 SF (Dining Only) 28 bar stools	74		
Banquet / Meeting Space	1 space per 3 persons capacity plus 1 space per employee	100 persons 4 employees	38		
		TOTAL	**267**	**140**	**-127**

Table 3: Cross-Use Parking Analysis

Use	Minimum	Variable	# of Stalls Required	# of Stalls Provided	Deficit / Surplus
RED BARN: Restaurant with a bar	12 spaces per 1,000 SF of floor area plus 1 space for every 3 seats in the bar area[1]	3768 SF (Dining Only) 50 bar stools	84	125	+41
1ST FAMILY DENTAL: Offices: medical / dental	5 spaces per 1,000 square feet of gross floor area	4,722 GFA	24	25	+1
		TOTAL	**108**	**150**	**+42**

Table 4: Holiday Inn – Estimated Parking Deficiency / Surplus

Method	Minimum Stalls Required	Onsite Parking Only (140 stalls)	Onsite (140) + Cross Use (42)	Onsite (140) + Cross Use (42) + Land Bank (25)
Village Zoning Code	267	-127	-85	-60
Parking Study: ULI	103	+37	+79	+104
Parking Study: ITE	133	+7	+49	+74

As a condition of approval, Staff is requiring the Petitioner to conduct monthly parking utilization counts according to the schedule in Exhibit B, "Landbank Parking and Monitoring Plan." If parking utilization at the subject property exceeds 85% of available spaces or if the Village documents negative impacts to adjacent properties or public rights of way, the Village may require installation of the deferred parking spaces in the land-banked area.

Landscaping: The existing landscaping is nonconforming due to lack of landscape beds on the perimeter of the property and at the foundation of the building at the time of construction. The Petitioner is proposing four new trees, 69 new shrubs, and various groundcover and ornamental grasses to fill the existing parking lot islands. The land banked area will remain open lawn as stipulated by the "Landbank Parking and Monitoring Plan" (Exhibit B).

Lighting: The Petitioner did not propose changes to the exterior lighting. A fully compliant photometric plan will be required as part of building permit submittal.

Signage: The Petitioner intends to replace the five existing signs on the property: two freestanding signs and three wall signs. The freestanding sign at the Kensington Road entrance will be relocated

[1] Per Village Code, restaurant floor area shall not include areas devoted primarily for storage, restrooms, and corridors used solely for accessing these areas.

further south once the north property line is adjusted to accommodate the right of way expansion. All signs shall meet the requirements of Chapter 7 of the Village Code and will require a separate sign permit.

PUBLIC COMMENT
As of this writing, Staff has not received public comment on the proposal.

STANDARDS AND FINDINGS
The Planning and Zoning Commission shall review the standards and findings of fact outlined in **Exhibit A** and 1) accept them without changes, 2) accept them with changes, or 3) reject the findings. The Planning and Zoning Commission shall use the findings of fact to guide their recommendation to the Village Board.

STAFF RECOMMENDATION

Staff finds that the proposal meets the applicable standards contained in the Mount Prospect Zoning Ordinance. Staff requests that the Planning and Zoning Commission make a motion to adopt Staff's findings as the findings of the Planning and Zoning Commission and recommend **approval** of the following motions:

1. "A conditional use for a final Planned Unit Development (PUD) consisting of a 2.93-acre property with a hotel, restaurant, and banquet facility, subject to the following conditions:
    a. General conformance with the approved development plans which consist of the following:
        i. "Site Plan" prepared by Origination Design and bearing the latest revision date of December 11, 2025, except that it be modified to reflect the paving of the narrow gravel area along the west property line prior to permit submittal, with ultimate design subject to approval by the Director of Community Development;
        ii. "Proposed Building Elevations" prepared by REIT 200 LLC and bearing the latest revision date of January 29, 2026;
        iii. "Floor Breakdown and Staffing" prepared by REIT 200 LLC and bearing the latest revision date of January 29, 2026; and
        iv. "Landscape Plan" prepared by Lannert Group and bearing the latest revision date of November 10, 2025;
    b. Strict conformance to the "Landbank Parking and Monitoring Plan":
        i. Landbank Area: The Petitioner shall reserve on the approved site plan ("Landbank Site Plan") an area sufficient to accommodate ten (10) to twenty-five (25) additional off-street parking spaces, including required drive aisles, landscaping, light poles, and stormwater management facilities. The landbank area shall be graded and maintained as open space and shall not be used for buildings, storage, or other permanent improvements that would prevent future parking construction;
        ii. Monitoring: For the first twelve (12) months following issuance of a Final Certificate of Occupancy, the operator shall conduct parking utilization counts no fewer than four (4) days per month, including weekday and weekend evenings during peak demand periods. After the first year, counts shall occur no less than quarterly or upon request of the Village. Records of each count, including date, time, total spaces, occupied spaces, and any overflow parking, shall be maintained and provided to the Village upon request;

iii. Village Verification: The Village may conduct independent parking counts or inspections at any time, with or without notice, and such observations shall control for purposes of determining compliance. Failure to provide records or submission of inaccurate information shall constitute a violation of this approval;
iv. Installation of Deferred Spaces: If parking utilization exceeds eighty-five percent (85%) of available spaces on six (6) or more days within any consecutive ninety (90) day period, or if the Village documents recurring overflow parking or impacts to adjacent properties or public rights-of-way, the Village may require installation of the deferred parking spaces. Upon written notice, the Petitioner shall submit permits within ninety (90) days and complete construction within twelve (12) months; and
v. Noncompliance: Failure to comply with this Section shall constitute grounds for enforcement action, including citation, fines, or suspension or revocation of the conditional use permit or business license;

c. An application for a plat of consolidation shall be submitted in conjunction with the building permit application and a final plat of consolidation shall be recorded prior to issuance of the final certificate of occupancy;
d. Dumpsters and containers shall be screened on all sides by a solid wood fence or equivalent screening material to a height not less than six feet (6');
e. A Photometric Plan that meets the requirements of Section 14.314 of the Village Code (Outdoor Lighting Regulations) shall be provided at building permit submittal;
f. If proposed signage does not meet Chapter 7: Sign Regulations requirements, the Petitioner shall apply for an administrative PUD amendment;
g. Except for the relief granted by the planned unit development, variation, and development code exception, compliance with all applicable development, fire, building, and other Village Codes and regulations is required; and
h. The petition shall not be scheduled for Village Board consideration until a revised parking study, reflecting the restaurant's full square footage and detailing peak demand and shared parking availability for the hotel, has been submitted and approved by the Director of Community Development."

The Village Board's decision is final for this case.

Director of Community Development

Exhibit A
Standards and Findings of Fact

CONDITIONAL USE STANDARDS
Section 14.203.F.8 of the Village of Mount Prospect Zoning Ordinance provides that a Conditional Use shall conform to the following requirements:

1. That the establishment, maintenance, or operation of the conditional use will not be detrimental to, or endanger the public health, safety, morals, comfort, or general welfare;
2. That the conditional use will not be injurious to the uses and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood in which it is to be located;
3. That the establishment of the conditional use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district;
4. That adequate public utilities, access roads, drainage and/or necessary facilities have been or will be provided;
5. That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets;
6. That the proposed conditional use is not contrary to the objectives of the current comprehensive plan for the village; and
7. That the conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located, except as such regulations may, in each instance, be modified pursuant to the recommendations of the planning and zoning commission.

Petitioner's Findings: The Petitioner states that the hotel will be professionally managed under the Holiday Inn brand and will provide a safe, well-maintained lodging option that supports both local businesses and tourism without introducing adverse environmental, traffic, or noise impacts.
The Petitioner contends that returning the vacant site to productive use will enhance the appearance and stability of the area, supporting property values and complementing neighborhood retail, restaurant, and service uses. The Petitioner asserts that the hotel use is appropriate for a high-intensity commercial corridor like Rand Road. The Petitioner notes that the site is fully developed and already adequately served by public utilities and infrastructure. The Petitioner reports that the property is configured with established access points that were approved and constructed to serve hotel traffic, and that the hotel traffic patterns are distributed throughout the day, resulting in minimal impact on street congestion. The Petitioner suggests that the re-establishment of the hotel supports the Village's long-term land use and economic development initiatives through the reuse and modernization of an underutilized commercial site. The Petitioner concludes that the proposal will conform to all applicable regulations of the Village Code and that they will work with Staff to comply with any recommendations of the Planning and Zoning Commission.

Staff's Findings: Staff notes that the revitalization of the subject property has been listed in the Village Strategic Plan as a "Management in Progress" item since it was abandoned in 2021. The proposal would support public safety by repairing a vacant structure that has numerous maintenance and safety issues and would promote general welfare by filling a key vacancy along a major commercial corridor. The hotel, restaurant, and banquet uses are appropriate for a B-3 commercial area and are complimentary to the established surrounding uses. The site is adequately served by public utilities, access roads, and drainage. Staff voiced concerns about the potential parking deficiency and overflow onto adjacent properties, however, the Petitioner secured cross-access parking agreements with two neighboring

properties, agreed to land bank additional parking spaces, and will monitor and report parking utilization to the Village as a condition of approval. The proposal aligns with the goals of the Comprehensive Plan, including reuse and modernization of an underutilized commercial site, reinvestment in older commercial buildings, and supporting key commercial corridors as community and regional destinations. Based on the information submitted, the surrounding uses, and the proposed development's compliance with the Village's zoning ordinance and long-range planning documents, Staff recommends approval of the conditional use request.

GENERAL STANDARDS FOR PLANNED UNIT DEVELOPMENTS

Section 14.504.A of the Village of Mount Prospect Zoning Ordinance provides that a Planned Development shall conform to the following requirements:

1. Except as modified by and approved in the final Planned Unit Development plan, the proposed development complies with the regulations of the district or districts in which it is to be located.
2. The principal use in the proposed Planned Unit Development is consistent with the recommendations of the Comprehensive Plan of the Village for the area containing the subject site.
3. The proposed Planned Unit Development is in the public interest and is consistent with the purposes of this zoning ordinance.
4. The streets have been designed to avoid:
    a. Inconvenient or unsafe access to the Planned Unit Development;
    b. Traffic congestion in the streets which adjoin the Planned Unit Development;
    c. An excessive burden on public parks, recreation areas, schools, and other public facilities which serve or are proposed to serve the Planned Unit Development.

Petitioner's Findings: The Petitioner notes that the proposal involves no changes to the building footprint, no expansions of intensity, and no deviations from existing bulk, height, setbacks, or lot coverage. The Petitioner responded that the re-establishment of the hotel advances multiple objectives of the Comprehensive Plan, including: revitalization and adaptive reuse of aging commercial properties; adaptive reuse and reinvestment in underutilized structures rather than greenfield development; reinvestment in major commercial corridors; and economic development goals including increased tax base, employment, and commercial synergy. The Petitioner asserts that the proposal advances the public interest in many ways, including: occupancy of a long-vacant building; $9 million in private investment; improvements to safety, lighting, and accessibility; restoring operations that generate sales tax, employment, and complementary spending in the Village; providing lodging for regional visitors; and enhancing corridor appearance.

Staff's Findings: The PUD provides flexibility for developments to deviate from the strict letter of the code. The subject property is an existing hotel complex constructed in 1966 and as such the property deviates from code in several areas, including building and parking lot setbacks, perimeter and foundation landscaping, and off-street parking requirements. However, Staff finds that the deviations are in the public interest and consistent with the purpose of the zoning ordinance and the Comprehensive Plan. Staff is requiring a "Landbank Parking and Monitoring Plan" to monitor and report on the parking utilization at the subject property, with provisions to install additional parking should the demand exceed the supply.

STANDARDS FOR PLANNED UNIT DEVELOPMENTS WITH OTHER EXCEPTIONS

Section 14.504.C of the Village of Mount Prospect Zoning Ordinance provides that a Planned Development which does not comply with the requirements of the underlying zoning district's regulations governing lot area, lot width, bulk regulations, parking and sign regulations, or which require modification of the subdivision design standards shall conform to the following requirements:

1. Any reduction in the requirements of this chapter is in the public interest.
2. The proposed exceptions would not adversely impact the value or use of any other property.
3. Such exceptions are solely for the purpose of promoting better development which will be beneficial to the residents or occupants of the planned unit development as well as those of the surrounding properties.
4. In residential planned unit developments the maximum number of dwelling units allowed per acre shall not exceed forty eight (48) units per acre for developments incorporating senior housing or assisted living facilities.
5. All buildings are to be located within the planned unit development in such a way as to dissipate any adverse impact on adjoining buildings and shall not invade the privacy of the occupants of such buildings and shall conform to the following:
    a. The front, side or rear yard setbacks on the perimeter of the development shall not be less than that required in the abutting zoning district(s) or the zoning district underlying the subject site, whichever is greater.
    b. All transitional yards and transitional landscape yards of the underlying zoning district are complied with.
    c. If required transitional yards and transitional landscape yards are not adequate to protect the privacy and enjoyment of property adjacent to the development, the Planning and Zoning Commission shall recommend either or both of the following requirements:
        i. All structures located on the perimeter of the planned unit development must be set back by a distance sufficient to protect the privacy and amenity of adjacent existing uses;
        ii. All structures located along the entire perimeter of the planned unit development must be permanently screened with sight proof screening in a manner which is sufficient to protect the privacy and amenity of adjacent existing uses.
    d. The area of open space provided in a planned unit development shall be at least that required in the underlying zoning district.

Petitioner's Findings: The Petitioner responded that the project introduces no new encroachments, no intensification of the building footprint, and no reduction in required standards. The Petitioner contends that the renovation improves, rather than diminishes, the impact of the structure on adjoining properties and enhances privacy, aesthetics, and corridor character.

Staff's Findings: Staff acknowledges that the Petitioner's request does not create additional nonconformities or increase the extent of existing nonconformities. Staff finds the revitalization of the vacant property to be in the public interest and concurs that the investment will positively impact the value and uses of surrounding property. Staff has recommended conditions of approval to address potential adverse impacts, including "Landbank Parking and Monitoring Plan" to monitor and report on the parking utilization at the subject property, with provisions to install additional parking should the demand exceed the supply.

Exhibit B

Landbank Parking and Monitoring Requirements
February 9, 2026
PZ-22-25 (200 E Rand Rand) – CU Final PUD

A. Landbank Area

The Petitioner shall reserve on the approved site plan ("Landbank Site Plan") an area sufficient to accommodate ten (10) to twenty-five (25) additional off-street parking spaces, including required drive aisles, landscaping, light poles, and stormwater management facilities. The landbank area shall be graded and maintained as open space and shall not be used for buildings, storage, or other permanent improvements that would prevent future parking construction.

B. Monitoring

For the first twelve (12) months following issuance of a Final Certificate of Occupancy, the operator shall conduct parking utilization counts no fewer than four (4) days per month, including weekday and weekend evenings during peak demand periods. After the first year, counts shall occur no less than quarterly or upon request of the Village. Records of each count, including date, time, total spaces, occupied spaces, and any overflow parking, shall be maintained and provided to the Village upon request.

C. Village Verification

The Village may conduct independent parking counts or inspections at any time, with or without notice, and such observations shall control for purposes of determining compliance. Failure to provide records or submission of inaccurate information shall constitute a violation of this approval.

D. Installation of Deferred Spaces

If parking utilization exceeds eighty-five percent (85%) of available spaces on six (6) or more days within any consecutive ninety (90) day period, or if the Village documents recurring overflow parking or impacts to adjacent properties or public rights-of-way, the Village may require installation of the deferred parking spaces. Upon written notice, the Petitioner shall submit permits within ninety (90) days and complete construction within twelve (12) months.

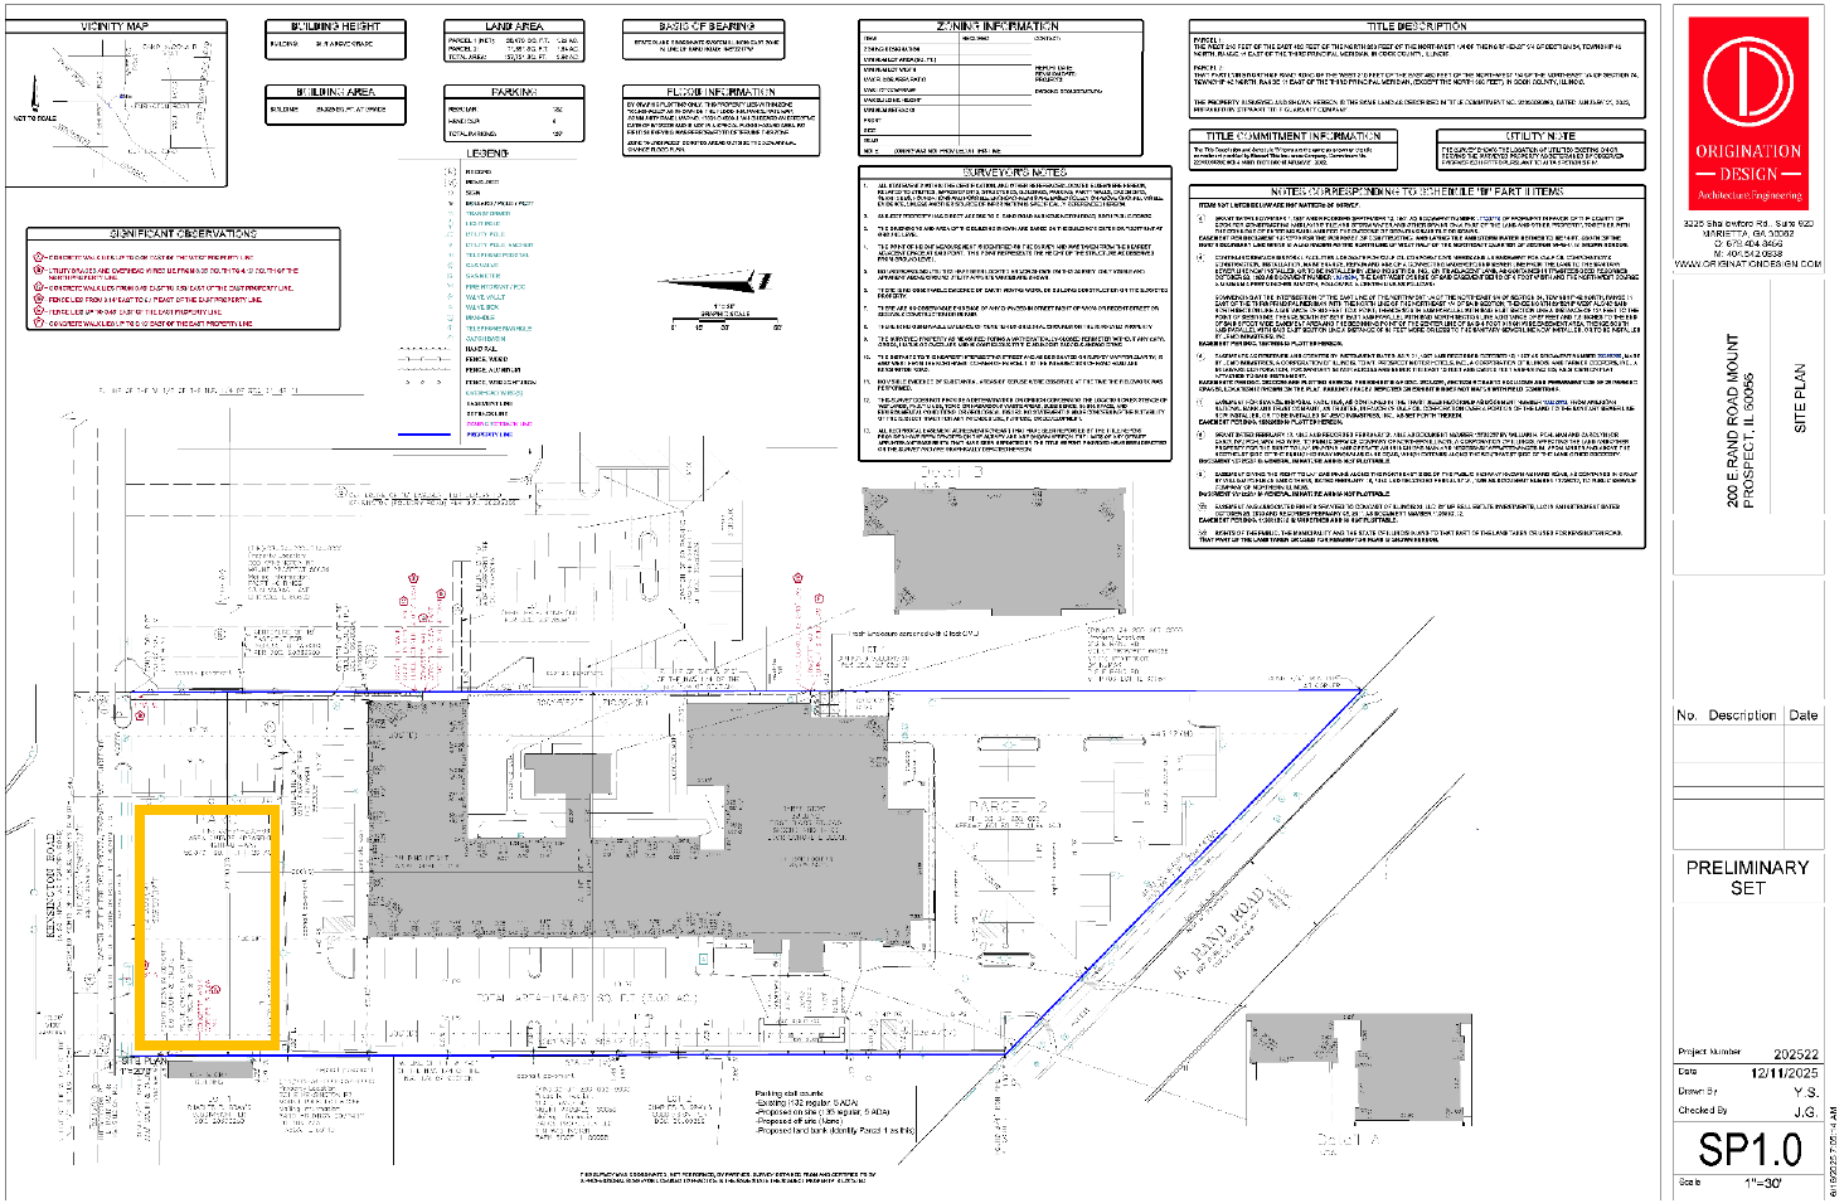

E. Noncompliance

Failure to comply with this Section shall constitute grounds for enforcement action, including citation, fines, or suspension or revocation of the conditional use permit or business license.

MINUTES OF THE REGULAR MEETING OF THE PLANNING & ZONING COMMISSION

CASE NO. PZ-22-25	Hearing Date: February 26, 2026
PROPERTY ADDRESS:	200 East Rand Road
PETITIONER:	REIT 200 LLC 550 E Devon Ave Ste 110 Itasca IL 60143
PUBLICATION DATE:	February 11, 2026
REQUEST:	Petitioner is seeking a conditional use for a final Planned Unit Development (PUD) and other relief from the Village of Mount Prospect Code of Ordinances as may be required, to re-establish a hotel, restaurant, and banquet facility at the subject property.
MEMBERS PRESENT:	Joseph Donnelly Walter Szymczak William Beattie Fay Costa Richard Rogers
MEMBERS ABSENT:	Donald Olsen Ewa Weir Michael Fricano
STAFF MEMBERS PRESENT:	Jason Shallcross – Director of Community & Economic Development Antonia Lalagos – Development Planner
INTERESTED PARTIES:	None

Chairman Donnelly called the meeting to order at 7:02 PM. Commissioner Beattie made a motion seconded by Commissioner Szymczak to approve the minutes from the Planning and Zoning Commission meeting on January 8, 2026. The minutes were approved 4-0, with one Commissioner abstaining.

After hearing one item of new business, Chairman Donnelly introduced case number PZ-22-25, 200 East Rand Road, a request for a final Planned Unit Development (PUD) to re-establish the hotel, restaurant, and banquet hall uses at the subject property. The Village Board's decision is final for this case.

Ms. Lalagos introduced the subject property and its history. The subject property was annexed to the Village in 1961 and in 1966 was developed as a Holiday Inn hotel with a pool, restaurant, and banquet hall / meeting spaces. Ms. Lalagos explained that the hotel complex operated

continuously from its construction in 1966 until its closure in late 2020 when it had been operating as a Holiday Inn, with major interior remodels in 1977, 1998, and 2009. The property has been vacant since the Holiday Inn's closure and has experienced vandalism and deterioration.

Ms. Lalagos reported that the subject property consists of two parcels totaling 2.93 acres, with existing access points on Kensington Road and Rand Road. As a condition of approval, Staff will require the Petitioner to apply for an administrative plat of consolidation to combine the two parcels. Ms. Lalagos explained that the Petitioners are proposing to restripe the parking lot to increase the onsite parking from 137 to 140 stalls and will pave a gravel area along the west property line where it is too narrow for plantings to grow. The Village is requesting that the Petitioner donate a 0.60' strip of land to expand the right-of-way along the north end of the site adjacent to Kensington Road.

Ms. Lalagos reviewed the bulk regulations, pointing out that the existing parking lot and building setbacks are nonconforming under current zoning standards and would require relief if constructed today. Approval of the PUD would authorize the continuation of these existing conditions. Ms. Lalagos reported that no modifications are proposed to the current setbacks, building height, or lot coverage, other than where the Village is requesting the Petitioner donate land to accommodate the intersection and sidewalk improvement efforts at Kensington, Elmhurst, and Rand Roads.

Ms. Lalagos described the exterior and amenities of the hotel. The three-story primary structure is approximately 80,000 square feet in size, containing 139 guestrooms, a 5,326 square-foot restaurant, and a 3,376 square-foot meeting space. Hotel guest amenities include a fitness center, indoor pool, meeting space, business center, and guest laundry. Ms. Lalagos stated that the existing building materials will remain, including stone veneer, painted CMUs, and EIFS. The Petitioner proposes to refresh the exterior with new paint, to replace damaged stonework, and to replace damaged doors and windows.

Ms. Lalagos provided an overview of the parking at the subject property. The Petitioner proposes to restripe the existing 137-stall parking lot to 140 parking stalls on site, to provide a 24-hour complimentary shuttle service between the hotel and airport, and has executed cross-use parking agreements with the neighboring properties at 201 East Kensington Road and 303 East Kensington Road. Ms. Lalagos stated that the adjacent properties have a surplus of 42 parking stalls according to Village off-street parking requirements. The Petitioner has also agreed to landbank the open space at the north end of the subject property, which could be converted into 10 to 25 additional parking stalls if area parking demand exceeds supply.

Ms. Lalagos compared the parking demand as required by the Village Code and projected by the Petitioner's parking study. She noted that the table in the exhibit reflected revised ITE estimates based on an updated parking study submitted by the Petitioner the week of the hearing. Per the code, the subject property is deficient by 127 parking stalls, while the ULI method projects a surplus of 37 stalls, and the ITE method projects a deficiency of 11 stalls. Ms. Lalagos argued that the analysis supports the need for cross-use parking agreements to provide adequate parking supply during peak usage periods. As a condition of approval, Staff is requiring the Petitioner to conduct monthly parking utilization counts according to the schedule in Exhibit B, "Landbank Parking and Monitoring Plan." If parking utilization at the subject property exceeds 85% of available

spaces or if the Village documents negative impacts to adjacent properties or public rights of way, the Village may require installation of the deferred parking spaces in the land-banked area.

Ms. Lalagos shared the landscape plan, pointing out that the existing landscaping is nonconforming due to lack of landscape beds on the perimeter of the property and at the foundation of the building at the time of construction. The Petitioner is proposing new trees, shrubs, and various groundcover to fill the existing parking lot islands. The land banked area will remain open lawn as stipulated by the "Landbank Parking and Monitoring Plan."

Ms. Lalagos concluded that staff finds that the proposed conditional use meets the applicable standards contained in the Mount Prospect Zoning Ordinance. She requested that the Planning and Zoning Commission make a motion to adopt staff's findings as the findings of the Planning and Zoning Commission and recommend **approval** of the following motion:

1. "A conditional use for a final Planned Unit Development (PUD) at 200 East Rand Road, consisting of a 2.93-acre property with a hotel, restaurant, and banquet facility, subject to the following conditions:
    a. General conformance with the approved development plans as noted in the staff report;
    b. Strict conformance to the "Landbank Parking and Monitoring Plan" as noted in the staff report:
    c. An application for a plat of consolidation shall be submitted in conjunction with the building permit application and a final plat of consolidation shall be recorded prior to issuance of the final certificate of occupancy;
    d. Dumpsters and containers shall be screened on all sides by a solid wood fence or equivalent screening material to a height not less than six feet (6');
    e. A Photometric Plan that meets the requirements of Section 14.314 of the Village Code (Outdoor Lighting Regulations) shall be provided at building permit submittal;
    f. If proposed signage does not meet Chapter 7: Sign Regulations requirements, the Petitioner shall apply for an administrative PUD amendment;
    g. Except for the relief granted by the planned unit development, compliance with all applicable development, fire, building, and other Village Codes and regulations is required; and
    h. The petition shall not be scheduled for Village Board consideration until a revised parking study, reflecting the restaurant's full square footage and detailing peak demand and shared parking availability for the hotel, has been submitted and approved by the Director of Community Development."

The Village Board's decision is final for this case.

Commissioner Beattie was concerned about the wide gap between the parking requirements of the Village and those of the parking study, noting that the Village code does not account for overlap of uses. He pointed out that the land bank would only add up to 25 stalls, and asked if Staff was confident that there would not be parking problems.

Mr. Shallcross stated that when the hotel was operating there was a lot of crossover parking that took place. He suggested that the cross-use parking agreements makes the most sense for this area, and if not this, then what use would be more appropriate.

Commissioner Beattie asked if there were parking issues previously when it was fully functional?

Mr. Shallcross stated that Staff searched records from approximately 2009 to 2019 and could not locate any documented parking complaints, though he noted that complaints may have existed just not in written form. He said that the Village Code treats parking as if all of the uses are distinct from one another, whereas in reality there is overlap between uses. Mr. Shallcross suggested that PUDs were made for situations like this with a mix of uses.

Commissioner Beattie and Chairman Donnelly noted the shuttle will assist.

Mr. Shallcross pointed out that the ITE manual asserts an 11-stall deficit, but the cross-use parking agreement analysis with the Village Code suggests a surplus of 42 parking stalls. He stated that without the agreements, the Village would have more concerns.

Commissioner Beattie asked if there is cross-access between the parking lots.

Mr. Shallcross said there is no cross-access, but the Village believes all vehicle movements between properties can be done safely.

Commissioner Rogers suggested that the parking lot may not have been full in the past because the original hotel was not high quality and therefore never fully occupied. He agreed that he had never seen the parking lot full.

Commissioner Costa asked Staff to confirm that if the land banked area is paved, that it will have to meet standard stormwater detention requirements.

Mr. Shallcross confirmed that stormwater requirements would not be waived as part of this approval, and it would have to go through the full permit process, including approval by MWRD.

Chairman Donnelly suggested that the hotel owners could pursue additional agreements with other parties, such as Heavenly Massage.

Chairman Donnelly swore in the petitioner, Chris Patel of REIT 200 LLC, 200 East Rand Road, Mount Prospect; Justin Opitz of Kimley-Horn, 570 Lake Cook Road, Deerfield; and Mark Rogers, Liston & Tsantilis, 200 South Wacker Drive, Chicago.

Mr. Patel explained that he is planning to reopen the property as a Holiday Inn with a full cosmetic refresh, bring in a new restaurant concept, renovate the banquet and meeting space, and bring the building back to life.

Mr. Opitz remarked that they believe the parking demand will be accommodated and the cross-use agreements will help.

Commissioner Beattie asked if the cross-use agreements with Red Barn and 1st Family Dental are already in place.

Mr. Patel replied yes, both have been executed.

Commissioner Beattie asked if the petitioner was confident there are enough parking stalls for all the uses.

Mr. Patel replied yes, and added that there is more usage of rideshare and rental car demand has gone down.

Chairman Donnelly asked when they intend to open.

Mr. Patel said he hopes to open by the end of the year.

Commissioner Beattie asked about the interior of the building.

Mr. Patel replied that the inside has been vandalized and a lot of work is needed. He asserted they are doing a complete renovation with a great team that has worked on the hotel previously.

Commissioner Rogers noted that the building had problems with the fire protection system in the past.

Mr. Patel replied that it has been corrected.

Chairman Donnelly asked Staff if the fire department had signed off on the application so far.

Mr. Shallcross replied yes, and said that any outstanding fire protection issues would be addressed at permit.

Hearing no further comments or questions, Chairman Donnelly closed the hearing and asked for a motion to approve the conditions as noted in the staff report. Commissioner Costa made a motion seconded by Commissioner Szymczak.

UPON ROLL CALL AYES: Szymczak, Beattie, Rogers, Costa, Donnelly
NAYS: None

The Planning and Zoning Commission gave a positive recommendation (5-0) to the Village Board for the March 17, 2026 meeting.

After hearing two more items of new business, Chairman Donnelly asked if there were any citizens to be heard.

Hearing no further discussion, Chairman Donnelly made a motion seconded by Commissioner Beattie and the meeting was adjourned at 8:43 PM.

EXHIBIT A

Landbank Parking and Monitoring Requirements
200 E Rand Rd, Mount Prospect
March 11, 2026

A. Landbank Area: The Petitioner shall reserve on the approved site plan ("Landbank Site Plan") an area sufficient to accommodate ten (10) to twenty-five (25) additional off-street parking spaces, including required drive aisles, landscaping, light poles, and stormwater management facilities. The landbank area shall be graded and maintained as open space and shall not be used for buildings, storage, or other permanent improvements that would prevent future parking construction.
B. Monitoring: For the first twelve (12) months following issuance of a Final Certificate of Occupancy, the operator shall conduct parking utilization counts no fewer than four (4) days per month, including weekday and weekend evenings during peak demand periods. After the first year, counts shall occur no less than quarterly or upon request of the Village. Records of each count, including date, time, total spaces, occupied spaces, and any overflow parking, shall be maintained and provided to the Village upon request.
C. Village Verification: The Village may conduct independent parking counts or inspections at any time, with or without notice, and such observations shall control for purposes of determining compliance. Failure to provide records or submission of inaccurate information shall constitute a violation of this approval.
D. Installation of Deferred Spaces: If parking utilization exceeds eighty-five percent (85%) of available spaces on six (6) or more days within any consecutive ninety (90) day period, or if the Village documents overflow parking occurring on six (6) or more days within any consecutive ninety (90) day period that impacts adjacent properties or public rights-of-way, the Village may require installation of the deferred parking spaces. Upon written notice, the Petitioner shall submit permits within ninety (90) days and complete construction within twelve (12) months.
E. Noncompliance: Failure to comply with this Section shall constitute grounds for enforcement action, including citation, fines, or suspension or revocation of the conditional use permit or business license.

DRAFT

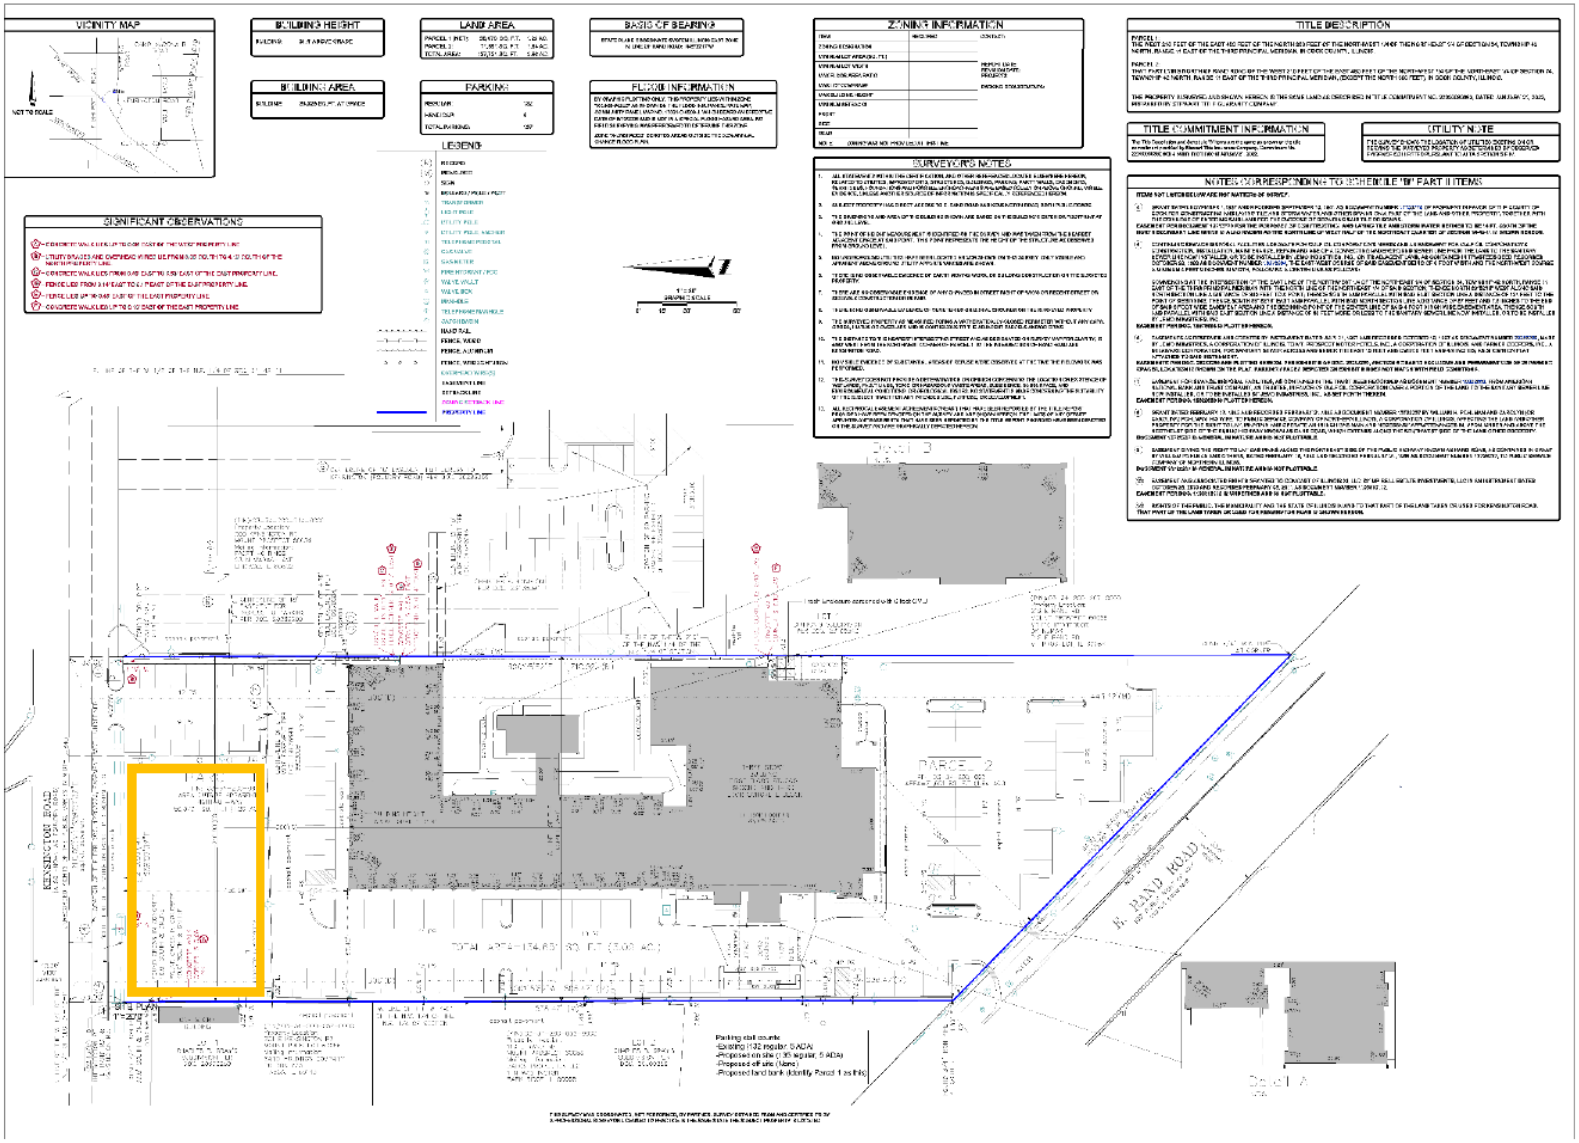

EXHIBIT A

F. Shared Parking Agreements: The Petitioner shall maintain the existing shared parking agreements with adjacent properties and shall make good faith efforts to keep such agreements in effect for as long as reasonably practicable. Copies of any executed shared parking agreements shall be provided to the Village and shall remain on file with the Community Development Department. If any shared parking agreement is terminated, expires, or otherwise becomes unavailable, the Petitioner shall notify the Village in writing within thirty (30) days and shall make reasonable efforts to renew the agreement or secure replacement shared parking arrangements with nearby properties, where feasible. Termination of such agreements shall not relieve the Petitioner of compliance with the parking monitoring and deferred parking installation requirements contained in this approval.

ORDINANCE NO. _____

AN ORDINANCE GRANTING A CONDITIONAL USE FOR A PRELIMINARY AND FINAL PLANNED UNIT DEVELOPMENT FOR PROPERTY LOCATED AT 200 EAST RAND ROAD, MOUNT PROSPECT, ILLINOIS

WHEREAS, 200 REIT LLC ("Petitioner") has filed a petition for a conditional use for a Preliminary and Final Planned Unit Development, with respect to property located at 200 East Rand Road ("Subject Property") and legally described as follows:

PARCEL 1:
THE WEST 210 FEET OF THE EAST 490 FEET OF THE NORTH 300 FEET OF THE NORTHWEST 1/4 OF THE NORTHEAST 1/4 OF SECTION 34, TOWNSHIP 42 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, IN COOK COUNTY, ILLINOIS.

PARCEL 2:
THAT PART LYING NORTH OF RAND ROAD OF THE WEST 210 FEET OF THE EAST 490 FEET OF THE NORTHWEST 1/4 OF THE NORTHEAST 1/4 OF SECTION 34, TOWNSHIP 42 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, (EXCEPT THE NORTH 300 FEET), IN COOK COUNTY, ILLINOIS.

PIN: 03-34-200-061-0000 and 03-34-200-062-0000; and

WHEREAS, the Village Board passed Resolution No. 27-25 on the 16th day of September, 2025, which approved the subject property being designated under the Class 7b Classification by the Cook County Assessor, with the condition that the Petitioner secure approval of an ordinance granting a conditional use to operate a hotel on the property within six (6) months of the passage of said Resolution; and

WHEREAS, the Petitioner seeks a conditional use permit for a preliminary and final Planned Unit Development to re-establish a hotel, restaurant, and banquet facility at the subject property; and

WHEREAS, a public hearing was held on the request being the subject of PZ-22-25 before the Planning and Zoning Commission of the Village of Mount Prospect on the 26th day of February, 2026, pursuant to proper legal notice having been published in the Daily Herald newspaper on the 11th day of March, 2026; and

DRAFT

WHEREAS, the Planning and Zoning Commission has submitted its findings and recommendations of approval, with specific conditions, to the Mayor and Board of Trustees in support of the requests being the subject of PZ-22-25; and

WHEREAS, the Mayor and Board of Trustees of the Village of Mount Prospect have given consideration to the requests herein and have determined that the requests meet the standards of the Village and that the granting of the proposed conditional use for a preliminary and final Planned Unit Development would be in the best interest of the Village.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND BOARD OF TRUSTEES OF THE VILLAGE OF MOUNT PROSPECT, COOK COUNTY, ILLINOIS ACTING IN THE EXERCISE OF THEIR HOME RULE POWERS:

SECTION ONE: That the recitals set forth hereinabove are incorporated herein as findings of fact by the Mayor and Board of Trustees of the Village of Mount Prospect.

SECTION TWO: The Mayor and Board of Trustees of the Village of Mount Prospect does hereby approve a conditional use for a Preliminary and Final Planned Unit Development (PUD) consisting of a 2.93-acre property with a hotel, restaurant, and banquet facility, subject to the following conditions:

1. General conformance with the approved development plans which consist of the following:
    a. "Site Plan" prepared by Origination Design and bearing the latest revision date of December 11, 2025, except that it be modified to reflect the paving of the narrow gravel area along the west property line prior to permit submittal, with ultimate design subject to approval by the Director of Community Development;
    b. "Proposed Building Elevations" prepared by REIT 200 LLC and bearing the latest revision date of January 29, 2026;
    c. "Floor Breakdown and Staffing" prepared by REIT 200 LLC and bearing the latest revision date of January 29, 2026; and
    d. "Landscape Plan" prepared by Lannert Group and bearing the latest revision date of November 10, 2025;
2. Strict conformance to the "Landbank Parking and Monitoring Plan" dated March 11, 2026 ("Exhibit A"):
    a. Landbank Area: The Petitioner shall reserve on the approved site plan ("Landbank Site Plan") an area sufficient to accommodate ten (10) to twenty-five (25) additional off-street parking spaces,

DRAFT

including required drive aisles, landscaping, light poles, and stormwater management facilities. The landbank area shall be graded and maintained as open space and shall not be used for buildings, storage, or other permanent improvements that would prevent future parking construction;

b. Monitoring: For the first twelve (12) months following issuance of a Final Certificate of Occupancy, the operator shall conduct parking utilization counts no fewer than four (4) days per month, including weekday and weekend evenings during peak demand periods. After the first year, counts shall occur no less than quarterly or upon request of the Village. Records of each count, including date, time, total spaces, occupied spaces, and any overflow parking, shall be maintained and provided to the Village upon request;
c. Village Verification: The Village may conduct independent parking counts or inspections at any time, with or without notice, and such observations shall control for purposes of determining compliance. Failure to provide records or submission of inaccurate information shall constitute a violation of this approval;
d. Installation of Deferred Spaces: If parking utilization exceeds eighty-five percent (85%) of available spaces on six (6) or more days within any consecutive ninety (90) day period, or if the Village documents overflow parking occurring on six (6) or more days within any consecutive ninety (90) day period that impacts adjacent properties or public rights-of-way, the Village may require installation of the deferred parking spaces. Upon written notice, the Petitioner shall submit permits within ninety (90) days and complete construction within twelve (12) months;
e. Noncompliance: Failure to comply with this Section shall constitute grounds for enforcement action, including citation, fines, or suspension or revocation of the conditional use permit or business license; and
f. Shared Parking Agreements: The Petitioner shall maintain the existing shared parking agreements with adjacent properties and shall make good faith efforts to keep such agreements in effect for as long as reasonably practicable. Copies of any executed shared parking agreements shall be provided to the Village and shall remain on file with the Community Development Department. If any shared parking agreement is terminated, expires, or otherwise becomes unavailable, the Petitioner shall notify the Village in writing within thirty (30) days and shall make reasonable efforts to renew the agreement or secure replacement shared parking

DRAFT

arrangements with nearby properties, where feasible. Termination of such agreements shall not relieve the Petitioner of compliance with the parking monitoring and deferred parking installation requirements contained in this approval;

3. An application for a plat of consolidation shall be submitted in conjunction with the building permit application and a final plat of consolidation shall be recorded prior to issuance of the final certificate of occupancy;
4. Dumpsters and containers shall be screened on all sides by a solid wood fence or equivalent screening material to a height not less than six feet (6');
5. A Photometric Plan that meets the requirements of Section 14.314 of the Village Code (Outdoor Lighting Regulations) shall be provided at building permit submittal;
6. If proposed signage does not meet Chapter 7: Sign Regulations requirements, the Petitioner shall apply for an administrative PUD amendment; and
7. Right-of-Way Dedication: The Petitioner shall dedicate, at no cost to the Village or the Illinois Department of Transportation, any right-of-way and any temporary or permanent easements determined necessary for the design, construction, or future implementation of intersection improvements at Rand Road, Kensington Road, and Elmhurst Road (Illinois Route 83). The limits and form of such dedication shall be subject to review and approval by the Village Engineer, the Illinois Department of Transportation, and the Director of Public Works. The Petitioner shall execute all documents necessary to effectuate such dedication and shall cooperate with the Village and the Illinois Department of Transportation to ensure the dedication is completed and recorded. Determination that this condition has been satisfied, including the timing of recording of the dedication documents, shall be subject to the approval of the Director of Public Works.

SECTION THREE: Except for the relief granted by the Planned Unit Development, compliance with all applicable development, fire, building, and other Village Codes and regulations is required.

SECTION FOUR: The Village Board hereby finds that the requirements of Section 3(A) of Resolution 27-25 have been satisfied by the approval and adoption of this Ordinance.

DRAFT

SECTION FIVE: The Village Clerk is hereby authorized and directed to record a certified copy of this Ordinance and "Exhibit A" with the Recorder of Deeds of Cook County.

SECTION SIX: This Ordinance shall be in full force and effect from and after its passage, approval and publication in pamphlet form in the manner provided by law.

Jason C Shallcross, AICP, CEcD
Director of Community Development
Village of Mount Prospect
50 S. Emerson Street
Mount Prospect, IL 60056
Via email: [redacted]

Dear Mr. Shallcross,

The Planning & Zoning Commission recommended approval of our Holiday Inn Hotel renovation project located at 200 E Rand Rd. by a 5-0 vote. Our request is scheduled to go before Village Board for the ordinance's first reading March 16, 2026.

We are requesting that the Village Board waive the second reading, tentatively scheduled for April 7, 2026, and take final action at the March 16, 2026 meeting because we are anxious to start the project as soon as possible as we need to fulfill complete dates per our lender and the franchise. Secondly, we do not want the property to continue to sit vacant and deteriorate further.

I appreciate your assistance in facilitating this request. Should you have any questions, feel free to contact us at [redacted]

Thank You,

Chris Patel, Managing Member

550 E Devon Ave Suite 110 Itasca IL 60143

Information

The "Petitioner", R&A Management LLC, is seeking conditional use approval to amend an existing planned unit development (PUD) to permit forty-six dwelling units above the first floor in order to construct a new five-story mixed-use building. The proposed building would be approximately sixty-four feet in height and contain approximately 76,650 square feet, including approximately 7,100 square feet of commercial gross floor area on the ground floor. The proposed development would provide 148 parking spaces (116 at-grade and 32 below-grade) and associated site improvements, for the property located at 301 LaSalle Street ("Subject Property"). The proposal requires Village Board approval to amend the existing PUD and allow for dwelling units to be constructed above the first floor. The proposal meets the requirements and standards related to the Village Code, and staff is supportive of the request.

Discussion

Background/Property History: The Subject Property was annexed into the Village in 1971 and is located at the southwest corner of South Elmhurst Road and LaSalle Street and is currently vacant. The Subject Property is part of an existing Planned Unit Development (PUD), commonly known as Lake Center Plaza, composed of multiple lots of record. The original Lake Center Plaza PUD was created in 1987 via Ord. 3831 and allowed for industrial, office, and office research business uses. In 2007, the PUD was amended via Ord. 5617 to allow more than 75% lot coverage for individual lots within the PUD if the entire Lake Center Plaza development maintains a 75% lot coverage overall. The subject property was rezoned from O-R* Office Research PUD to B-3 Community Commercial in 2018 via Ord. 6369. The Subject Property is zoned B-3 Community Shopping District PUD and is bordered by a stormwater retention pond (B-3 PUD) to the north, Mr. Beef and Pizza (B-3 Community Shopping District) to the south, an industrial building (I-1 Limited Industrial District PUD) to the west, and

commercial properties that are part of the City of Des Plaines to the east.

Proposed Development: The Petitioner is proposing to construct a new, sixty-four-foot tall (64'-0"), five-story mixed-use building totaling approximately 76,650 square feet, including approximately 7,100 square feet of commercial gross floor area on the ground floor, 148 parking spaces (116 at-grade and 32 below-grade) and related site modifications, and seeks conditional use approval to amend the planned unit development (PUD) and to construct forty-six dwelling units above the first floor. The various elements of the proposal are outlined below.

Zoning Compliance and Requested Relief: The proposed development seeks relief from a restriction under Ord. 3831 which established a setback requirement along Elmhurst Road of not less than 30 feet, plus an additional two feet five inches for each foot of building height above 30 feet. Based on the proposed building height, a minimum setback of approximately 112.17 feet from Elmhurst Road would be required. The project proposes a one hundred and forty-six hundredths foot setback from Elmhurst Road. An exception from Ordinance No. 3831 to provide a reduction to the building setback requirement along Elmhurst Road from 112.17 feet to 100.46 feet is requested as part of the major planned unit development amendment request. The project otherwise complies with the remaining requirements of Ord. 3831 and of the underlying B-3 zoning district.

Traffic and Parking: Vehicular access will be provided via a driveway off Lasalle Street, strategically designed to avoid congestion along Route 83/South Elmhurst Road. Parking and drive aisles will wrap around all four sides of the building, ensuring comprehensive site access. A total of 148 parking spaces are proposed for the subject property, meeting code requirements. The proposal includes 96 spaces allocated to the residential units, 42 spaces designated for the ground-floor commercial uses, and 10 spaces reserved for guest parking. Five designated accessible parking spaces will be placed near primary building entrances for convenience, while visitor parking will be located adjacent to the front entry for ease of access and wayfinding. Residential units will be assigned parking spaces through their lease agreements, with each space clearly marked by a corresponding number painted within the residential parking area. Signage may also be used to designate parking spaces reserved for commercial patrons.

In the B-3 Community Shopping District, restaurants are required to provide twelve parking spaces per 1,000 square feet of floor area. Pursuant to the Zoning Code, areas devoted primarily to storage, restrooms, and corridors used solely to access these areas are not counted towards the parking calculation.

Based on comparable restaurant developments, staff estimates that these exclusions reduce the applicable floor area to approximately 70% of the gross floor area. Applying this factor to the proposed restaurant space results in a requirement of 21 off-street parking spaces.

Table 1: Parking Requirement

Use	No. of Dwellin Units (DU)	Parking Ratio	Gross Floor Area (SF)	Parking Required
Residential	3 Bedroom: 8 2 Bedroom: 2 1 Bedroom: 1	2.5 spaces/DU 2 spaces/DU 2 spaces/DU Guest: 1/10 spac	N/A	20 52 24 10

Retail	N/A	4/1000 SF	5,123	21
Restaurant	N/A	12/1000 SF*	2,500	21
Total Parking Spaces Required				148
Total Parking Spaces Provided				148
Total Accessible Parking Spaces Required				5
Total Accessible Parking Spaces Provided				5

* Staff estimates that approximately 70% of the total restaurant floor area will be counted toward the parking requirement, as areas primarily devoted for storage, restrooms, and corridors used solely for access those areas are excluded from the off-street parking calculation pursuant to the Zoning Code.

Design, Signage, and Site Considerations: The proposed building materials include projecting and recessed brick coursing, face brick, articulated brick detailing, cast stone, fiber cement panels, metal cornices, black metal-framed PVC windows, glass guardrails, and metal-clad canopies. The commercial base of the building is primarily composed of cast stone, brick, fiber cement panels, and glass, creating a durable and visually engaging streetscape presence. Throughout the process, the Petitioner has worked collaboratively with staff to further enhance the building's architectural expression. Refinements include the addition of projected brick detailing along the upper portions of the tallest brick walls and select side elevations, replacement of EIFS with ground-face block within the recessed wall of the covered parking area along the west side of the building, and the incorporation of additional recessed balconies to provide greater depth and visual interest. These modifications collectively strengthen the overall design and result in a high-quality architectural product. Signage was illustrated on the north, south and east elevations. Dimensions were not provided and any future wall signs shall comply with code. If any signage relief is required, the planned unit development will allow any future signage relief to be reviewed and approved as an administrative amendment to the PUD. Final photometric, landscaping, and engineering plans will be reviewed and required at the building permit stage.

Stormwater Management: Because the stormwater detention that would be required for 301 LaSalle Street has already been provided under the development of 1731 Wall Street, no additional stormwater detention will be required as part of this project.

Long-Range Planning: The Comprehensive Plan designates the property as Mixed Use. The proposed development is a mixed-use development that provides ground-floor retail/restaurant and residential uses and is consistent with this designation. The 2020 Connect South Mount Prospect Sub-Area Plan prioritizes the Subject Property as the number 7 opportunity site and recommends commercial development, given the exposure to Elmhurst Road to support and help facilitate future redevelopment and improvements in South Mount Prospect.

Standards and Findings: The Planning and Zoning Commission shall review the findings of fact in **Exhibit A** of the staff report and make a recommendation to the Village Board based on these findings.

Public Comments: As of this writing, no public comments have been received.

Public Hearing: The proposed zoning requests were presented to the Planning and Zoning (P&Z) Commission on February 26, 2026, as Case PZ-13-25. The Planning and Zoning Commission discussed several aspects of the proposed amendment to the Lake Center Plaza

Planned Unit Development to permit residential units above the first floor. Commissioners sought clarification regarding zoning allowances, building construction type, potential outdoor dining areas, existing sidewalk conditions, preservation of parkway trees, and how future signage modifications would be reviewed. Staff confirmed that residential units above the first floor are permitted as a conditional use in the B-3 District and that the request is being processed as a PUD amendment due to the property's existing PUD status. Staff further explained that no outdoor dining areas are currently proposed, existing sidewalks will remain in place, and efforts will be made to preserve existing parkway trees where feasible. Signage modifications may be reviewed administratively; however, if a request is deemed unreasonable, staff may require formal Planning and Zoning Commission review. The Petitioner's attorney also noted that the property represents the final undeveloped parcel within the Lake Center Plaza PUD and that the developer has experience rehabilitating multifamily properties in South Mount Prospect. The P&Z Commission supported the proposed development and voted 5-0 to recommend approval to the Village Board.

Alternatives

1. Approval of the following motion: "An amendment to Ordinance No. 3831, as previously amended by Ordinance Nos. 5617, 6369, 6755 and 6785 of the Lake Center Plaza Planned Unit Development, to permit dwelling units above the first floor in order to construct a new five-story mixed-use building approximately sixty-four feet (64'-0") in height and totaling approximately 76,650 square feet, including 148 parking spaces (116 at-grade and 32 below-grade), together with associated site improvements, for the property located at 301 LaSalle Street (Case No. PZ-13-25), subject to the conditions listed in the attached ordinance."
2. Action at the discretion of the Village Board.

Staff Recommendation

Approval of the following motion: "An amendment to Ordinance No. 3831, as previously amended by Ordinance Nos. 5617, 6369, 6755 and 6785 of the Lake Center Plaza Planned Unit Development, to permit dwelling units above the first floor in order to construct a new five-story mixed-use building approximately sixty-four feet (64'-0") in height and totaling approximately 76,650 square feet, including 148 parking spaces (116 at-grade and 32 below-grade), together with associated site improvements, for the property located at 301 LaSalle Street (Case No. PZ-13-25), subject to the conditions listed in the attached ordinance."

DISCUSSION OF PROPOSAL

BACKGROUND / PROPERTY HISTORY

The Subject Property was annexed into the Village in 1971 and is located at the southwest corner of South Elmhurst Road and LaSalle Street and is currently vacant. The Subject Property is part of an existing Planned Unit Development (PUD), commonly known as Lake Center Plaza, composed of multiple lots of record that are illustrated in **Exhibit B** of this staff report. The original Lake Center Plaza PUD was created in 1987 via Ord. 3831 and allowed for industrial, office, and office research business uses. In 2007, the PUD was amended via Ord. 5617 to allow more than 75% lot coverage for individual lots within the PUD if the entire Lake Center Plaza development maintains a 75% lot coverage overall. The subject property was rezoned from O-R* Office Research PUD to B-3 Community Commercial in 2018 via Ord. 6369. The Subject Property is zoned B-3 Community Shopping District PUD and is bordered by a stormwater retention pond (B-3 PUD) to the north, Mr. Beef and Pizza (B-3 Community Shopping District) to the south, an industrial building (I-1 Limited Industrial District PUD) to the west, and commercial properties that are part of the City of Des Plaines to the east.

PROPOSAL

The Petitioner is proposing to construct a new, sixty-four-foot tall (64'-0"), five-story mixed-use building totaling approximately 76,650 square feet, including 148 parking spaces (116 at-grade and 32 below-grade) and related site modifications, and seeks conditional use approval to amend the planned unit development (PUD) and to construct dwelling units above the first floor. The first floor would consist of approximately 7,620 square feet of commercial gross floor area. The various elements of the proposal are outlined below.

Site Plan and Bulk Regulations

The proposed site plan includes the construction of a new five-story, approximately 76,650-square-foot mixed-use building located generally at the center of the Subject Property. Vehicular access to the site is provided via a single two-way curb cut from LaSalle Street. Parking is accommodated through a combination of at-grade, covered, and subterranean facilities. At-grade parking is located along the north, south, east, and west sides of the building, as well as along the corresponding property lines. Subterranean parking is proposed beneath the building and would be accessed via a parking ramp located along the south side of the building. In addition, covered open-air parking is provided along the west side of the building. Pedestrian access to the site is provided via three new accessible pedestrian walkways from the public sidewalk along Elmhurst Road and LaSalle Street to the building. A trash enclosure is located at the southwest corner of the property.

Pursuant to Village Code, parking lots are required to maintain a minimum setback of ten feet (10'-0") from property lines; the proposed development complies with this requirement. The B-3 District permits a maximum impervious surface coverage of seventy-five percent (75%). The proposed development would result in a lot coverage of approximately 71.8%, which is compliant with the Zoning Code. It should be noted that the project includes the installation of permeable pavers in the parking areas north and west of the building and these areas are counted in the impervious area calculation.

The maximum height of a building in the underlying B-3 District is the lesser of three (3) stories or thirty-five feet (35'-0"). The project proposes an overall height of sixty-four feet (64'-0"). Ordinance No. 3831, which approved the original planned unit development, allows buildings in the underlying zoning district with lots having frontage on Elmhurst Road to reach a maximum height of eighty feet (80'-0") or

six (6) stories, whichever is the lesser. As such, the proposed development is not required to seek relief from the number of stories or the height requirement of the B-3 district. Ordinance No. 3831 also established a setback requirement along Elmhurst Road of not less than thirty feet (30'-0"), plus an additional two feet five inches (2'-5") for each one foot (1'-0") of building height above thirty feet (30'-0"). Based on the proposed building height, a minimum setback of approximately 112.17 feet from Elmhurst Road would be required. The project proposes a one hundred and forty-six hundredths feet (100.46') setback from Elmhurst Road. An exception from Ordinance No. 3831 to provide a reduction to the building setback requirement along Elmhurst Road from 112.17' to 100.46' is requested as part of the major planned unit development amendment request. The following table outlines the project's compliance with the bulk regulation requirements for the B-3 Community Shopping District and Ordinance No. 3831.

Table 1: B-3 Bulk Regulations and Ordinance No. 3831

B-3 Code Requirement or Ord. 3831 Requirement		**Proposed**	**Relief Required?**
Minimum Setbacks: Section 14.1704.A **Front** (north lot line)	30'	66.68'	No
Interior Side (west lot line)	10'	50.5'	No
Exterior Side (east lot line)	30'	100.46'	No
Rear (south lot line)	20'	59.59'	No
Max. Height Section 14.1704.B Ord. 3831	Lesser of three (3) stories or 35' Lesser of six (6) stories or 80'	5 stories, 64'-0"	No
Max. Lot Coverage Section 14.1704.C	75%	71.8%	No
Transitional Setbacks Section 14.1704.D	Where a side or rear setback in the B-3 district is contiguous to any single-family residential property, all buildings, structures, and parking lots shall meet the minimum required yard setback in the underlying zoning district or the minimum required yard setback in the adjacent zoning district, whichever is greater.	N/A	No
Restrictions on Business Uses Section 14.1704.E	All business establishments shall be retail or service establishments dealing with customers. All business, servicing or processing shall be conducted within completely enclosed buildings, with the exception of permitted outdoor sales in section 14.311 of this chapter. The normal sales and services offered at automobile service stations, drive-in/carryout restaurants and retail sales of motor vehicles are excluded from this provision.	Complies	No
Ordinance No. 3831 Section Three, subsection C	Building setbacks from Elmhurst Road and Algonquin Roads shall be not less than 30' plus 2'-5" for every 1' of building height above 30' or 112.17'	**100.46'**	**Yes**

Traffic and Parking

Vehicular access will be provided via a driveway off Lasalle Street, strategically designed to avoid

congestion along Route 83/South Elmhurst Road. Parking and drive aisles will wrap around all four sides of the building, ensuring comprehensive site access. A total of 148 parking spaces are proposed for the subject property, meeting code requirements. The proposal includes 96 spaces allocated to the residential units, 42 spaces designated for the ground-floor commercial uses, and 10 spaces reserved for guest parking. Five (5) designated accessible parking spaces will be placed near primary building entrances for convenience, while visitor parking will be located adjacent to the front entry for ease of access and wayfinding. Residential units will be assigned parking spaces through their lease agreements, with each space clearly marked by a corresponding number painted within the residential parking area. Signage may also be used to designate parking spaces reserved for commercial patrons.

In the B-3 Community Shopping District, restaurants are required to provide twelve (12) parking spaces per 1,000 square feet of floor area. Pursuant to the Zoning Code, areas devoted primarily to storage, restrooms, and corridors used solely to access these areas are not counted towards the parking calculation.

Based on comparable restaurant developments, staff estimates that these exclusions reduce the applicable floor area to approximately 70% of the gross floor area. Applying this factor to the proposed restaurant space results in a requirement of 21 off-street parking spaces.

Table 2: Parking Requirement

Use	No. of Dwelling Units (DU)	Parking Ratio	Gross Floor Area (SF)	Parking Required
Residential	3 Bedroom: 8 2 Bedroom: 26 1 Bedroom: 12	2.5 spaces/DU 2 spaces/DU 2 spaces/DU Guest: 1/10 spaces	N/A	20 52 24 10
Retail	N/A	4/1000 SF	5,123	21
Restaurant	N/A	12/1000 SF*	2,500	21
			Total Parking Spaces Required	148
			Total Parking Spaces Provided	148
			Total Accessible Parking Spaces Required	5
			Total Accessible Parking Spaces Provided	5

* Staff estimates that approximately 70% of the total restaurant floor area will be counted toward the parking requirement, as areas primarily devoted for storage, restrooms, and corridors used solely for access those areas are excluded from the off-street parking calculation pursuant to the Zoning Code.

The proposed development includes approximately 7,623 square feet of commercial space located on the ground floor. In anticipation of the potential for a restaurant tenant to locate within the development, staff recommended that 2,500 square feet of the commercial area be planned and parked as a restaurant space, with the remaining 5,123 square feet allocated to retail uses.

This allocation ensures that, should a restaurant ultimately occupy a portion of the space, sufficient parking will already be accounted for to accommodate the higher parking demand typically associated with restaurant uses, without requiring future parking modifications or zoning relief.

Given the intensity of the proposed development and the number of parking spaces on site, staff is recommending limiting the gross floor area of any future restaurant tenant to no more than 2,500 square-feet as a condition of approval.

Floor Plans

The project consists of a fully sprinklered, five-story mixed-use building with Type IA podium and below-grade parking structure. Above the podium, the building features a Type V wood-framed multi-family apartment building with a combination of masonry and fiber-cement panel veneer exterior. The development will include forty-six (46) apartment units in a mix of one-, two-, and three-bedroom layouts. Each floor encompasses nearly 16,000 square feet, with a total gross floor area of 76,650 square feet. Key building features include elevators serving all levels, private balconies, and residential amenities.

The Petitioner proposes five tenant spaces on the ground level with a total gross floor area of 7,123 square feet of retail/restaurant space and a lobby and mailroom. The second floor will provide a fitness room, club room, additional leasing room, and will consist of two (2) three-bedroom units, five (5) two-bedroom units and three (3) one-bedroom units. The third, fourth and fifth floors will consist of six (6) three-bedroom units, twenty-one (21) two-bedroom units and nine (9) one-bedroom units. The basement consists of the thirty-two (32) subterranean parking spaces, storage/mechanical rooms, and an elevator and lobby.

Building Elevations

The proposed building materials include projecting and recessed brick coursing, face brick, articulated brick detailing, cast stone, fiber cement panels, metal cornices, black metal-framed PVC windows, glass guardrails, and metal-clad canopies. The commercial base of the building is primarily composed of cast stone, brick, fiber cement panels, and glass, creating a durable and visually engaging streetscape presence.

Throughout the process, the Petitioner has worked collaboratively with staff to further enhance the building's architectural expression. Refinements include the addition of projected brick detailing along the upper portions of the tallest brick walls and select side elevations, replacement of EIFS with ground-face block within the recessed wall of the covered parking area along the west side of the building, and the incorporation of additional recessed balconies to provide greater depth and visual interest. These modifications collectively strengthen the overall design and result in a high-quality architectural product.

Landscaping

The Petitioner has proposed extensive perimeter and foundation landscaping throughout the site. Shade trees, including oak, hackberry, linden, honeylocust, and elm, are provided along the north, south, east, and west property lines at an average spacing of seventy-five feet (75'), in compliance with code requirements. In addition, clustered plantings consisting of seven (7) shrubs, such as ninebark, viburnum, yew, juniper, currant, dogwood, and hydrangea, are spaced approximately thirty-five feet (35') apart along the same property lines.

Foundation landscaping is also provided along the north and east elevations of the buildings, which are the most visible from South Elmhurst Road and LaSalle Street. The Petitioner has submitted a tree survey and preservation plan indicating that a total of fifty-one (51) existing trees will be removed to

accommodate the required perimeter landscaping and parking lot improvements. A final code compliant landscape plan shall be submitted with the building permit application.

Photometric Plan

Eleven (11) new light poles are proposed around the perimeter of the subject property. An additional nine (9) wall mounted lights are proposed on the east, west and south façades of the building. The covered parking spaces along the west side of the building will also be lit by thirteen (13) recessed lighting fixtures. All exterior lighting fixtures are required to be full cutoff and fully shielded. Flat lenses are required for all lighting fixtures. A code-compliant photometric plan will be required as part of building permit submittal.

Signage

Signage was illustrated on the north, south and east elevations. Staff counts a total of six (6) wall signs. Dimensions were not provided and any future wall signs shall comply with code. If any signage relief is required, the planned unit development will allow any future signage relief to be reviewed and approved as an administrative amendment to the PUD.

Stormwater Management

The Subject Property is part of the Lake Center Plaza development. Stormwater detention volume was provided in the two (2) retention ponds north of LaSalle Street and along Elmhurst Road in accordance with the codes and standards in place at the time of the Lake Center Plaza development in the 1980s. Codes and design standards have changed significantly since these detention ponds were installed, so these ponds would not meet current design practices.

In 2018, the property located at 1731 Wall Street was developed. As part of that development, it was required that stormwater detention be provided to "make up the difference" between the volume existing in the Lake Center Plaza ponds prorated for 1731 Wall Street, and the volume that would be required under today's standards. The detention pond installed north of the building was installed to accommodate this difference.

At the time that 1731 Wall Street was developed, the Subject Property was considered as a "future outlot" associated with 1731 Wall Street. The detention pond installed at 1731 Wall Street was oversized to accommodate the stormwater detention that would be required for 301 LaSalle Street. Consequently, because the stormwater detention that would be required for 301 LaSalle Street has already been provided under the development of 1731 Wall Street, no additional stormwater detention will be required as part of this project.

The site is being designed to drain towards the existing detention ponds. Pervious brick pavers are proposed to increase infiltration and satisfy MWRD volume control requirements.

Construction Schedule

The Petitioner anticipates Village Board consideration in March or April 2026 and expects to submit building permit applications in May 2026, with permit issuance anticipated in August 2026. Construction is expected to be completed between August and November 2027.

Other Departments

Public Works

The Public Works Department has reviewed the plans for the proposed multi-family development and

has no objections to the requested PUD amendment. However, several items will need to be addressed during the building permit submittal and review process. Specifically, the property owner must acknowledge and accept the ongoing maintenance responsibilities associated with the proposed permeable brick pavers. A condition of approval will require that documentation of all maintenance activities be provided to Public Works on an annual basis to demonstrate compliance with the approved Operations and Maintenance Plan. Failure to provide such documentation would constitute a violation of both Village and Metropolitan Water Reclamation District (MWRD) permit requirements.

In addition to Village approvals, the Petitioner will be required to obtain all applicable permits from outside agencies, including the Metropolitan Water Reclamation District of Greater Chicago (MWRD) for new sanitary service and stormwater management, the Illinois Department of Transportation (IDOT) for any work within the Elmhurst Road right-of-way, the Illinois Environmental Protection Agency (IEPA) for the proposed watermain and erosion control measures (including the NPDES ILR10 permit), and the Illinois American Water Company for work associated with water service and fire hydrant connections.

LONG-RANGE PLANNING

The Future Land Use Map in the Village's 2017 Comprehensive Plan designates the Subject Property as "Mixed-Use District". Primary uses within this category include commercial, industrial, manufacturing, office, and recreational uses, health services, hotel, civic uses, and restaurants. The proposed development is a mixed-use development that provides ground-floor retail/restaurant and residential uses.

The 2020 Connect South Mount Prospect Sub-Area Plan offers an opportunity sites map that prioritizes development sites in the study area. The plan prioritizes the Subject Property as the number 7 opportunity site and recommends commercial development given the exposure to Elmhurst Road. The site is a part of 15 total opportunity sites intended to support and help facilitate future redevelopment and improvements in South Mount Prospect.

Finally, the Village's 2025-2026 Strategic Plan provides staff a collection of goals, policies, and priorities to adhere to and complete for the specified calendar year. Goal 4 of the plan identifies Redevelopment in South Mount Prospect as an objective and South Mount Prospect Development Projects as a policy agenda item.

PUBLIC COMMENTS

As of this writing, staff has not received any public comments.

STANDARDS AND FINDINGS

The Planning and Zoning Commission shall review the standards and findings of fact outlined in **Exhibit A** and 1) accept them without changes, 2) accept them with changes, or 3) reject the findings. The Planning and Zoning Commission shall use the findings of fact to guide their recommendation to the Village Board.

STAFF RECOMMENDATION

Staff finds that the proposed conditional use requests meet the applicable standards contained in the Mount Prospect Zoning Ordinance. Staff requests that the Planning and Zoning Commission make a

motion to adopt Staff's findings as the findings of the Planning and Zoning Commission and **recommend approval** of the following motion:

"Motion to approve:

1. An amendment to Ordinance No. 3831, as previously amended by Ordinance Nos. 5617, 6369, 6755 and 6785 of the Lake Center Plaza Planned Unit Development, to permit dwelling units above the first floor in order to construct a new five-story mixed-use building approximately sixty-four-foot (64'-0") in height and totaling approximately 76,650 square feet. The proposed development includes 148 parking spaces (116 at-grade and 32 below-grade), together with associated site improvements, for the property located at 301 LaSalle Street (Case No. PZ-13-25), subject to the following conditions:
    a. Deviations or exceptions from the Village's Zoning Code as necessary to permit development of the Subject Property as a planned unit development in accordance with this Ordinance and the Approved Plans (as defined below), including all specific zoning deviations and exceptions set forth in the Petitioner's application materials.
    b. Development of the site in strict conformance with the following Approved Plans:
        i. Boundary, Topographic Survey & Demolition Plan (1 sheet) prepared by Ridgeline Consultants LLC, dated 07/18/2025 and bearing the latest revision date of 01/23/2026;
        ii. Preliminary Site and Utility Plan (1 sheet) prepared by Ridgeline Consultants LLC, dated 07/18/2025 and bearing the latest revision date of 01/23/2026;
        iii. Preliminary Grading Plan (1 sheet) prepared by Ridgeline Consultants LLC, dated 07/18/2025 and bearing the latest revision date of 01/23/2026;
        iv. Operation and Maintenance Plan (1 sheet) prepared by Ridgeline Consultants LLC, dated 07/18/2025 and bearing the latest revision date of 01/23/2026;
        v. Architectural Site Plan (1 page) prepared by Fitzgerald, and dated February 11, 2026;
        vi. Architectural Floor Plans (1 page) prepared by Fitzgerald, and dated February 3, 2026;
        vii. Exterior Elevations (1 page) prepared by Fitzgerald, and dated February 11, 2026;
        viii. Building and Wall Sections (1 page) prepared by Fitzgerald and dated February 11, 2026;
        ix. Landscape Plan (1 sheet) prepared by Juli Ordower Landscape Architecture and dated January 20, 2026;
        x. Tree Survey and Tree Inventory (2 sheets) prepared by Juli Ordower Landscape Architecture and dated December 9, 2025;
        xi. Material Board (1 sheet) prepared by Fitzgerald, and dated January 23, 2026.
    c. Compliance with all applicable Village Code requirements, including, but not limited to zoning, fire, building, environmental health, sign, and other Village Codes and regulations.
    d. The use of stucco or engineered stucco systems (EIFS - type) is prohibited.
    e. The property owner is aware and accepts the ongoing maintenance responsibilities associated with the permeable brick pavers. The property owner shall provide documentation to the Public Works Department for all maintenance activities performed on an annual basis (before the end of each calendar year or at another time at the discretion of the Director of Public Works) to confirm that all requirements detailed in the Operations & Maintenance Plan are being met.
    f. Submittal of landscape, irrigation and photometric plans that comply with Village codes and regulations during the permitting process.

g. All signs shall be submitted, reviewed, and approved during the permitting process. All signs shall conform to Village Code. Any future relief requested for signage shall require an application for a minor amendment to the PUD.
h. The Petitioner shall address all comments included in the Village review letter dated February 18, 2026 (PZ-13-25) attached as **Exhibit C** of the staff report.

The Village Board's decision is final.

Exhibit A
Standards and Findings of Fact

CONDITIONAL USE STANDARDS
Section 14.203.F.8 of the Village of Mount Prospect Zoning Ordinance provides that a Conditional Use shall conform to the following requirements:

1. That the establishment, maintenance, or operation of the conditional use will not be detrimental to, or endanger the public health, safety, morals, comfort, or general welfare;
2. That the conditional use will not be injurious to the uses and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood in which it is to be located;
3. That the establishment of the conditional use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district;
4. That adequate public utilities, access roads, drainage and/or necessary facilities have been or will be provided;
5. That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets;
6. That the proposed conditional use is not contrary to the objectives of the current comprehensive plan for the village; and
7. That the conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located, except as such regulations may, in each instance, be modified pursuant to the recommendations of the planning and zoning commission.

Petitioner's Findings: The Petitioner states that the proposed dwelling units above the ground floor are designed in compliance with all applicable zoning and building code requirements and will not be detrimental to the public health, safety, comfort, or general welfare. The Petitioner further states that the site plan and supporting materials demonstrate that adequate access, utilities, drainage, and other necessary facilities are available, with ingress and egress provided from LaSalle Street in a manner intended to minimize traffic impacts on surrounding roadways.

The Petitioner further indicates that the proposed residential use is compatible with surrounding retail uses and will not impair the use, enjoyment, or value of nearby properties, nor impede the normal and orderly development of the area. The proposal is stated to be consistent with the Village's Comprehensive Plan, the Connect South Mount Prospect Sub-Area Plan, and applicable B-3 District regulations, except as modified through the conditional use approval process.

Staff's Findings: Staff has reviewed the Petitioner's request for conditional use approval for a PUD amendment and conditional use for dwelling units above the first floor and finds that the conditional use standards have been met. Staff finds that the proposal will not endanger the public health, safety, morals, comfort, or general welfare. The proposed project would redevelop a long-vacant parcel with compatible uses that support the continued viability and productive use of the property. The proposed mixed-use development and related site improvements are appropriate for the district and are consistent with surrounding uses. Just south of the Subject Property is a similar mixed-use project (1798 S. Elmhurst Road) that was approved in 2021 on the site of a former gas station. The information provided does not suggest that the proposal will generate nuisances that will be injurious to the uses and enjoyment of other property in the immediate vicinity, nor substantially diminish and impair property values within the neighborhood in which it is to be located. The proposed development is zoned B-3

Community Shopping District and permits dwelling units above the first floor via a conditional use permit. The proposed development is compatible and consistent with the surrounding land uses including the restaurant and similar mixed-use development directly to the south, and several one-story commercial buildings to the east within the City of Des Plaines.

The proposed conditional use is not contrary to the objectives of the Village's 2017 Comprehensive Plan as the Subject Property is designated as Mixed-Use District on the Future Land Use Map, which supports a range of commercial and employment-oriented uses, including retail and restaurants, consistent with the proposed mixed-use development. Other long-range planning documents including the 2020 Connect South Mount Prospect Sub-Area Plan identifies the Subject Property as a prioritized opportunity site and recommends commercial development due to its visibility along Elmhurst Road, and the Village's 2025–2026 Strategic Plan identifies redevelopment in South Mount Prospect as a key goal, further supporting the proposed project. The conditional use requests conform to the applicable regulations of the underlying B-3 Community Shopping District, with an exception (building setback from Elmhurst Road) identified in the staff report and in the Petitioner's application materials.

Based on the information submitted, the surrounding uses, and the proposed development's compliance with the Village's zoning ordinance and long-range planning documents, staff recommends approval of the conditional use requests.

GENERAL STANDARDS FOR PLANNED UNIT DEVELOPMENTS

Section 14.504.A of the Village of Mount Prospect Zoning Ordinance provides that a Planned Development shall conform to the following requirements:

1. Except as modified by and approved in the final Planned Unit Development plan, the proposed development complies with the regulations of the district or districts in which it is to be located.
2. The principal use in the proposed Planned Unit Development is consistent with the recommendations of the Comprehensive Plan of the Village for the area containing the subject site.
3. The proposed Planned Unit Development is in the public interest and is consistent with the purposes of this zoning ordinance.
4. The streets have been designed to avoid:
    a. Inconvenient or unsafe access to the Planned Unit Development;
    b. Traffic congestion in the streets which adjoin the Planned Unit Development;
    c. An excessive burden on public parks, recreation areas, schools, and other public facilities which serve or are proposed to serve the Planned Unit Development.

Petitioner's Findings: The Petitioner states that the proposed planned unit development generally complies with the regulations of the B-3 District, except as modified through the PUD approval process, as demonstrated by the submitted site plan and supporting materials. The Petitioner further states that while the Village's 2017 Comprehensive Plan did not specifically contemplate residential use on the Subject Property, the 2020 South Mount Prospect Sub-Area Plan encourages new and diverse housing opportunities, the redevelopment of underutilized sites, and investment in existing infrastructure. The Petitioner indicates that the proposed residential use is consistent with these goals and objectives and expands housing options in the southern portion of the Village.

The Petitioner further asserts that the proposed planned unit development is in the public interest and

consistent with the purposes of the zoning ordinance by adding new housing while maintaining compatibility with the surrounding area. The Petitioner maintains that no new public streets are proposed, and access to the site is designed to occur from LaSalle Street rather than Route 83 in order to minimize traffic congestion and avoid unsafe or inconvenient access. As designed, the Petitioner states that the development is not anticipated to place an excessive burden on public facilities, including streets, schools, parks, or other public services.

Staff's Findings: Staff finds that, except as modified by and approved in the final Planned Unit Development, the proposed development complies with the regulations of the B-3 Community Shopping District. The proposed Planned Unit Development generally meets the intent of the underlying zoning district and conforms to applicable development standards, including lot coverage and setbacks, except where relief is requested for the setback requirement from Elmhurst Road as required under Ordinance No. 3831.

Staff further finds that the proposed project is consistent with the Village's Comprehensive Plan. The Future Land Use Map designates the Subject Property as a Mixed-Use District on the Future Land Use Map, which supports a range of commercial and employment-oriented uses, including retail and restaurants, and is consistent with the proposed mixed-use development.

The proposed planned unit development is in the public interest and is consistent with the purposes of the zoning ordinance, as it facilitates the development of an underutilized property with a use permitted within the Mixed-Use land use category. The proposed development will provide approximately 7,100 square feet of ground-floor commercial uses, forty-six (46) above-ground residential units and sufficient parking on a parcel of land that has sat vacant since the creation of the original planned unit development.

Staff finds that the proposed circulation and access design is adequate. Vehicular access to on-site parking and refuse collection is provided via a two-way curb cut on the north side of the site via LaSalle Street, which is intended to maintain safe ingress and egress and limit traffic impacts on the adjacent Route 83/Elmhurst Road. The proposed development is not anticipated to result in traffic congestion on surrounding streets or create an excessive burden on nearby public parks, recreation areas, schools, or other public facilities serving the area.

STANDARDS FOR PLANNED UNIT DEVELOPMENTS WITH OTHER EXCEPTIONS

Section 14.504.C of the Village of Mount Prospect Zoning Ordinance states that the Village Board may approve planned unit developments which do not comply with the requirements of the underlying zoning district's regulations governing lot area, lot width, bulk regulations, parking and sign regulations, or which require modification of the subdivision design standards when such approval is necessary to achieve the objectives of the proposed planned unit development, but only when the Board finds such exceptions are consistent with the following standards:

1. Any reduction in the requirements of this chapter is in the public interest.
2. The proposed exceptions would not adversely impact the value or use of any other property.
3. Such exceptions are solely for the purpose of promoting better development which will be beneficial to the residents or occupants of the planned unit development as well as those of the surrounding properties.

4. In residential planned unit developments the maximum number of dwelling units allowed per acre shall not exceed forty eight (48) units per acre for developments incorporating senior housing or assisted living facilities.
5. All buildings are to be located within the planned unit development in such a way as to dissipate any adverse impact on adjoining buildings and shall not invade the privacy of the occupants of such buildings and shall conform to the following:
    a. The front, side or rear yard setbacks on the perimeter of the development shall not be less than that required in the abutting zoning district(s) or the zoning district underlying the subject site, whichever is greater.
    b. All transitional yards and transitional landscape yards of the underlying zoning district are complied with.
    c. If required transitional yards and transitional landscape yards are not adequate to protect the privacy and enjoyment of property adjacent to the development, the Planning and Zoning Commission shall recommend either or both of the following requirements:
        i. All structures located on the perimeter of the planned unit development must be set back by a distance sufficient to protect the privacy and amenity of adjacent existing uses;
        ii. All structures located along the entire perimeter of the planned unit development must be permanently screened with sight-proof screening in a manner which is sufficient to protect the privacy and amenity of adjacent existing uses.
    d. The area of open space provided in a planned unit development shall be at least that required in the underlying zoning district.

Petitioner's Findings: The proposed planned unit development includes a request to reduce the required building setback along Elmhurst Road from approximately 112.2 feet to 100.5 feet. The Petitioner finds that the requested reduction is in the public interest, as it facilitates redevelopment of a vacant property and supports increased residential density consistent with the objectives of the planned unit development.

The Petitioner further finds that the proposed setback reduction of 12 feet will not adversely affect the value or use of adjacent properties and will not interfere with the functional use of neighboring sites. The proposed development does not include senior housing or assisted living facilities and complies with applicable residential density standards. The Petitioner states that all perimeter setbacks meet or exceed the requirements of the underlying B-3 District and the adjacent I-1 District. The Petitioner finds that transitional yard requirements do not apply, as the subject property does not abut any single-family residential properties, and no additional screening is necessary to protect the privacy or enjoyment of adjoining properties.

Staff's Findings: Staff finds that the requested zoning relief for the proposed mixed-use development is in the public interest and is solely for the purpose of promoting better development. The requested exception from the building setback requirement along Elmhurst Road is necessary to accommodate a commercial ground floor and four residential levels to make the development financially viable. Strict application of the setback requirement would reduce the buildable area of the site and limit the amount of area dedicated to parking. Such exception is solely for the purpose of promoting better development which will be beneficial to the residents or occupants of the planned unit development as well as those of the surrounding properties.

Staff further finds that the proposed mixed-use development will likely not adversely impact the value or

use of adjacent properties. The proposed project would redevelop a long-vacant parcel with compatible uses that support the continued viability and productive use of the property. The proposed mixed-use development and related site improvements are appropriate for the district and are consistent with surrounding uses. Just south of the Subject Property is a similar mixed-use project (1798 S. Elmhurst Road) that was approved in 2021 on the site of a former gas station. The proposed development is compatible and consistent with the surrounding land uses including the restaurant and similar mixed-use development directly to the south, and several one-story commercial buildings to the east within the City of Des Plaines.

The proposed development proposes a total of forty-six (46) dwelling units on approximately 1.97 acres of land resulting in a density of approximately twenty-three (23) dwelling units per acre, far less than the maximum required 48 dwelling units per acre. However, the proposed development does not include senior housing or assisted living facilities.

The proposed building complies with all setback requirements in the underlying zoning district. An exception is requested from the setback requirement along Elmhurst Road as required under Ordinance No. 3831 which established the original planned unit development.

Transitional setbacks are not applicable as the Subject Property is not contiguous to any single-family residential property. The area of open space (28.2%) provided is at least that required in the underlying B-3 Community Shopping District.

Based on the foregoing, staff finds that the requested zoning relief is consistent with the standards for planned unit developments with other exceptions and supports approval of the proposed planned unit development.

Re: 301 LaSalle St / PUD Major Amendment / Review #5

Dear Mr. Overby,

The Village of Mount Prospect has reviewed the second submittal for a mixed-use development project proposed for the vacant site located at 301 LaSalle Street, Mount Prospect. Staff has the following review comments:

Public Works Department:
PW has reviewed the revised preliminary plans submitted for the new multi-family development proposed at 301 LaSalle Street, and have no objections to the requested PUD amendment. However, the following will have to be addressed as part of the Building Permit submittal/review:

1. Confirm that the property owner is aware and accepts the ongoing maintenance responsibilities associated with the permeable brick pavers. The property owner is aware and accepts the ongoing maintenance responsibilities associated with the permeable brick pavers. The property owner shall provide documentation to the Public Works Department for all maintenance activities performed on an annual basis (before the end of each calendar year or at another time at the discretion of the Director of Public Works) to confirm that all requirements detailed in the Operations & Maintenance Plan are being met. Failure to do so would be considered a violation of both Village and MWRD permit requirements.
2. In addition to Village approval, permits must be obtained from the following agencies:

    - From Metropolitan Water Reclamation District of Greater Chicago (MWRD) for the new sanitary service and stormwater management.

- From Illinois Department of Transportation (IDOT) for any work in the Elmhurst Road right of way.

- From the Illinois Environmental Protection Agency for the new watermain and erosion control measures (NPDES, ILR10 permit)

- From the Illinois American Water Company (IAWC) for work on the water service and fire hydrant connections.

It must be understood that the comments listed above reflect issues noted during a review of the proposed preliminary plans. No exceptions or variations from Village Codes are indicated or approved. A thorough review of the site design and details will be performed as part of the Building Permit review process to ensure Code compliance.

Building Department:

3. Full permit drawings shall comply with all applicable codes. Podium details shall include code analysis that list fire ratings, areas, heights, and all necessary information and code reference to support proposed type and use.

Fire Department:

The following items must be addressed during building permit submittal:

4. A fire sprinkler system and standpipe system in accordance with NFPA 13 and NFPA 14 will be required for this project for all buildings. Ensure fire sprinkler shop drawings, hydraulic calculations, and equipment cut sheets are submitted for review.
   Village of Mount Prospect Fire Prevention Code, 24.202

5. A fire alarm system will be required for this project. Ensure that the fire alarm shop drawings with point-to-point wiring diagrams, battery load calculations, and equipment cut sheets are submitted for review.
   Village of Mount Prospect Fire Prevention Code, 24.202

6. An additional means of egress may be required based on occupancy load and travel distances. Additional means of egress may be depending on the final room configuration.

7. An egress plan must be provided for the entire building. This plan must include occupant loads, travel distances, egress widths, and common path of travel distances. An egress plan will be required when the building plans are submitted for review. Additional exits may be required.
8. All egress doors are to use keyless locksets on the egress side. No flush bolts, dead or draw bolts, etc. will be allowed.

Life Safety Code, 7.2.1.5.1

9. An emergency vehicle/apparatus turning radius diagram for all parking lots, fire lanes, and turnaround points must be provided.
10. All new sprinkler risers and associated fire pump equipment shall be in a separate room with a minimum of two-hour construction.
11. A fire pump and standpipe system(s) will be required for this building. Please ensure that drawings are submitted for these systems to the Fire Department for review.

12. Fire hydrants are shown to be supplied from watermains throughout the new development. Water flow calculations will be required to verify that the new proposed watermain sizes can meet the required fire flow GPM demand. The minimum fire flow for a residential occupancy is 3000 gallons per minute at 20 PSI residual pressure. This documentation must be provided to the Village of Mount Prospects Public Works Engineering Department for review and approval, along with a copy to the Mount Prospect Fire Department.

Village of Mount Prospect Fire Prevention Code, 16.403 C

If any changes are requested, please make the changes as noted above and submit a point-by-point response letter and pdf files of the drawings. Please upload revisions into the portal. Feel free to contact me at (847) 818-5314 / achoi@mountprospect.org if you have any questions.

Sincerely,

Ann Choi

Zoning Request Application

Official Use Only (To be completed by Village Staff)

Case Number:	PZZ25-000020	Date of Submission:	07/24/2025	Hearing Date:	2/26/2026
Project Name/Address:	PZ-13-25 301 LaSalle St (CU: Major PUD Amendment, CU: Dwelling Units Above 1st Floor)				

I. Subject Property

Address(es):	301 Lasalle St		
Zoning District(s):	B3*	Property Area (SqFt and/or Acreage):	1.92 acres
Parcel Index (PIN(s):	08-23-203-045-0000		

II. Zoning Request(s) (Check all that apply)

- [x] Conditional Use: For — Major PUD Amendment; DU Above First Floor
- [ ] Variation(s): To
- [ ] Zoning Map Amendment: Rezone From ____ To ____
- [ ] Zoning Text Amendment: Section(s)
- [ ] Other:

III. Summary of Proposal (use separate sheet if necessary)

The proposed multi-family residential project is located at 301 Lasalle Street in Mount Prospect, Illinois, on a 1.9682-acre (85,733 square feet) property situated at the southwest corner of Route 83/South Elmhurst Road and Lasalle Street, approximately 450-feet north of West Algonquin Road in the Lake Center Plaza Planned Development. The site is currently undeveloped land listed 'For Sale' in a B3 – Commercial Shopping zoning district. The site is bordered by Lasalle Street to the north, Route 83/South Elmhurst Road to the east, a warehouse (I1 Limited Industrial) to the west, and restaurant (B3 Commercial Shopping) to the south. On the north side of Lasalle Street, there are additional I1 and B3 Zoning Districts, which are adjacent to RX - Single Family, R4 - Multi-Family Residence, and R4* - Planned Unit Development (Multi-Family Residence) zoning districts. On the east side of Route 83/South Elmhurst Road lies Des Plaines, Illinois.

The project consists of a fully sprinklered, four-story mixed-use building with Type IA podium and below-grade parking structure. Above the podium, the building features a Type V wood-framed multi-family apartment building with a combination of masonry and fiber-cement panel veneer exterior. The development will include 40 apartment units in a mix of one-, two-, and three-bedroom layouts. Each floor encompasses ±15,896 square feet, with a total gross floor area of 79,044 square feet. Key building features include elevators serving all levels, private balconies and at-grade patios, and residential amenities. Additionally, there will be 100 outdoor at-grade parking spaces and 32 indoor below-grade parking spaces to accommodate both tenants and visitors.

The proposed building will be centrally positioned within the site to optimize circulation and accessibility. Vehicular access will be provided via a driveway off Lasalle Street, strategically designed to avoid congestion along Route 83/South Elmhurst Road.

Parking and drive aisles will wrap around all four sides of the building, ensuring comprehensive site access. Designated handicap parking spaces will be placed near primary building entrances for convenience, while visitor parking will be located adjacent to the front entry for ease of access and wayfinding.

The applicant is requesting a major amendment to an existing planned unit development and a conditional use for dwelling units located above the ground floor. The proposed site landscaping will feature trees and plantings to enhance security and curb appeal. Additionally, fences are planned along the west and south property lines to prevent pedestrian access from neighboring businesses, mitigate noise impacts, and shield surrounding areas from vehicle headlights.

REAL ESTATE SALE CONTRACT

1. **301 La Salle, LLC or nominee** ("Purchaser") agrees to purchase at a price of [redacted] on the terms set forth herein, the following described real estate in Mt. Prospect, Cook County, Illinois:

   Lot 3 in Lake Center Plaza Resubdivision No. 4 in the northeast corner of Section 23 Township 41 North Range 11 East of the Third Principal Meridian in Cook County, Illinois commonly known as the southwest corner of Route 83 and LaSalle Street (the "Property).

2. **Chicago Title Land Trust, as Trustee u/t/a dated March 9, 1970, a/k/a Trust No. 40666** ("Seller") agrees to sell the real estate described above, at the price and terms set forth herein, and to convey or cause to be conveyed to Purchaser or its nominee title thereto by a recordable trustee's deed, subject only to Permitted Exceptions as hereinafter defined..

3. Purchaser shall within three (3) business days of execution hereof deposit with the Title Company as escrowee the sum of [redacted] as earnest money to be applied on the purchase price, and agrees to pay or satisfy the balance of the purchase price, plus or minus prorations, at the time of closing.

4. The time of closing shall be as provided in the attached Rider, unless subsequently mutually agreed otherwise, at the Chicago, Illinois office of Chicago Title Insurance Company located at 10 S. LaSalle Street, Chicago, IL ("the Title Company"), provided title is shown to be good or is accepted by Purchaser. Purchaser prefers either the Rolling Meadows or Park Ridge office.

5. Seller hereby agrees at closing to pay a broker's commission to The Butler Group per separate agreement.

6. Earnest money shall be held by the Title Company, as escrowee, for the mutual benefit of the parties.

7. Seller warrants that Seller, nor agents of Seller have received no notices from any city, village or other governmental authority of environmental, zoning, building, fire or health code violations in respect to the Property that have not been heretofore corrected.

This contract is subject to the Conditions and Stipulations set forth on the back page hereof, which Conditions and Stipulations are made a part of this contract.

CONDITIONS AND STIPULATIONS

1. Seller shall deliver or cause to be delivered to Purchaser or Purchaser's agent, within 21 days of the date of execution hereof, a title commitment for an owner's title insurance policy issued by the Title Company in the amount of the purchase price, covering title to the Property on or after the date hereof, showing title in the intended grantor. Such commitment shall be subject only to Permitted Exceptions. If Purchaser notifies Seller within 10 days after receipt of such title commitment and copies of Schedule B documents that the title commitment contains exceptions which, in Purchaser's opinion, might impair Purchaser's proposed use of the Property, Seller shall have 14 days from the date of Purchaser's notice to have any such exceptions removed from the commitment or to cause the Title Company to insure over same subject to Purchaser's reasonable approval. All exceptions to which Purchaser does not so object shall be Permitted Exceptions. If Seller does not have the exceptions removed or does not cause the Title Company to insure over same subject to Purchaser's reasonable approval within the specified time, Purchaser may elect, by written notice to Seller delivered within 5 days after the expiration of the 14-day period, to terminate this Contract and immediately receive a refund of its Earnest Money as its sole remedy. If Purchaser does not so elect, this Contract shall remain in full force and effect, subject to all other terms and conditions hereof. The title commitment shall be conclusive evidence of good title as therein shown as to all matters insured by the policy, subject only to the exceptions as therein stated. At closing, Seller shall provide extended coverage over general exceptions. Seller, at Seller's cost, shall have the Title Company provide Extended Coverage for the Owner's Policy.

2. At closing Seller shall provide a current survey of the Property in accordance with ALTA standards.

3. If the title commitment discloses unpermitted exceptions, Seller shall have 30 days from the date of delivery thereof to have the exceptions removed from the commitment or to have the title insurer commit to insure against loss or damage that may be occasioned by such exception, or in the alternative, to obtain the commitment for title insurance specified above as to such exceptions, Purchaser may terminate this contract or may elect, upon notice to Seller within 10 days after notice thereof, to take title as it then is with the right to deduct from the purchase price encumbrances of a definite or ascertainable amount. If Purchaser does not so elect, this contract shall become null and void.

4. Assessments pursuant to the Declaration of Protective Covenants of record, general taxes, and other similar items shall be adjusted ratably as of the time of closing. The amount of the current general taxes not then ascertainable shall be adjusted on the basis of 110% of the most recent ascertainable taxes.

   All prorations are final unless otherwise provided herein. Seller shall pay the amount of any stamp tax imposed by State and County law on the transfer of the title, and shall furnish a completed Real Estate Transfer Declaration signed by the Seller or the Seller's agent in the form required pursuant to the Real Estate Transfer Tax Act of the State of Illinois and shall furnish any declaration signed by the Seller or the Seller's agent or meet other requirements as established by any local ordinance with regard to a transfer or transaction tax; such tax required by local ordinance shall be paid by the party upon whom such ordinance places responsibility therefor.

5. The provisions of the Uniform Vendor and Purchaser Risk Act of the State of Illinois shall be applicable to this contract.

6. If this Contract is terminated without Purchaser's fault, then Purchaser, as Purchaser's sole and exclusive remedy, may either seek specific performance or terminate the Contract and receive and refund of the Earnest Money. If the termination is caused by Purchaser's fault, then the Earnest Money shall be retained by Seller as liquidated damages as Seller's sole remedy.

7. This sale shall be closed through an escrow with the Title Company, in accordance with the general provisions of the usual form of Deed and Money Escrow Agreement then in use by the Title Company, with such special provisions inserted in the escrow agreement as may be required to conform with this contract. Upon the creation of such an escrow, anything herein to the contrary notwithstanding, payment of purchase price and delivery of deed shall be made through the escrow and this contract and the earnest money shall be deposited in the escrow. The cost of the escrow shall be equally paid by the parties..

8. Time is of the essence of this contract.

9. All notices herein required shall be in writing and shall be served on the parties at the addresses following their signatures. Notices shall be deemed properly delivered and received when and if either (i) personally delivered; (ii) delivered by national overnight courier; (iii) sent via facsimile, (iv) three (3) business days after being deposited in the U.S. Mail, by registered or certified mail, return receipt requested, postage prepaid; or (v) sent via E-mail to notified party's attorney, if any, so long as sender follows the E-mail with the mailing of a copy of the notice via U.S. Mail, within three (3) days of receipt by the sender of a request from the intended recipient to send via U.S. Mail. Notice serves as aforesaid to the party or its attorney shall be deemed properly served.

10. Seller represents that he is not a "foreign person" as defined in Section 1445 of the Internal Revenue Code and is therefore exempt from the withholding requirements of said Section. Seller will furnish Purchaser at closing the Exemption Certification set forth in said Section.

RIDER ATTACHED HERETO AND MADE A PART OF REAL ESTATE SALES CONTRACT DATED JANUARY 21, 2025 BY AND BETWEEN 301 LASALLE, LLC, AS PURCHASER AND CHICAGO TITLE LAND TRUST, AS TRUSTEE U/T/A DATED MARCH 9, 1970, A/K/A TRUST NO. 40666, AS SELLER

1. Purchaser shall have one hundred twenty (120) days from the date of execution hereof ("Feasibility Period") to determine whether the Property is suitable for Purchaser's intended purpose, of a minimum multi-family apartment of forty-five (45) dwelling units above first floor commercial including, but not limited to, the right to enter upon the Property in order to conduct soil tests, engineering feasibility investigations and such other inspections as Purchaser deems appropriate. Within five (5) days of execution hereof, Seller shall deliver to Purchaser the documentation in Seller's possession set forth on Exhibit "A" attached hereto and specifically incorporated by reference herein ("Material Documents"). Prior to any entry on the property by Purchaser or any of Purchaser's consultants, such party shall provide Seller with evidence of insurance in accordance with the provisions set forth on Exhibit "B" attached hereto. Notwithstanding the foregoing, Purchaser shall not perform any invasive testing, including but not limited to a Phase II environmental examination, without Seller's consent, which consent shall not be unreasonably withheld. On or before the expiration of the Feasibility Period, Purchaser in its sole discretion may terminate this Contract for any reason by written notice to Seller, at which time the Earnest Money shall be paid to Purchaser and neither party shall have any further obligation hereunder. Purchaser shall indemnify and hold Seller harmless from and against any mechanic's liens or claims thereof that may be filed or asserted against Seller by contractors, subcontractors or materialmen performing any tests or inspections for Purchaser pursuant to this Paragraph 1, or for any claims of damages for injuries sustained by agents or employees of Purchaser who enter upon the Property to perform any tests or inspections; provided, however, Purchaser's indemnity under this Section 1 shall not extend to any adverse or pre-existing

Docusign Envelope ID: 441FEEBE-EFC8-4EB9-95C8-71CAB4A5263C

condition or with respect to the Property that is discovered or revealed by Purchaser in the course of the inspections, including, without limitation, any pre-existing condition discovered which relates in any way to hazardous materials.

2. Purchaser shall have a period of one hundred twenty (120) days from the date of execution hereof ("Governmental Approval Period") in which to obtain approval from the Village of Mount Prospect to permit the development of the Property with not less than 45 dwelling units above first floor commercial ("Governmental Approvals"). In the event Purchaser is unable to obtain the Governmental Approvals with the aforesaid time period, and so notifies Seller that Purchaser elects to terminate this Agreement, the Earnest Money deposit shall be paid to Purchaser and neither party shall have any further obligation hereunder. Buyer shall have the right to accept approval of less than forty-five (45) dwelling units at Buyer's option. If less units are approved and not acceptable to Buyer, then Buyer may terminate the Contract and all Earnest Money shall be returned to Buyer.

3. Failure of Purchaser to terminate this Contract pursuant to either paragraph 2 or 3 of this Rider on or before one hundred twenty (120) days from the date of execution hereof shall be deemed a waiver of such right and the Earnest Money shall be thereafter non-refundable except in the event of default by Seller.

4. Closing shall be on or before fifteen (15) days after the expiration of the Feasibility and Governmental Approval Periods.

5. Seller hereby represents and warrants to Purchaser as follows, which representations and warranties shall be deemed remade by Seller to Purchaser at Closing and shall survive the Closing:

(A) Seller is the owner of the Property and Seller will be able to cause the

conveyance of the Property to Purchaser or its nominee in accordance with the terms of this Agreement; and that the Property is not the subject of any other executory contract of sale, right of refusal option or other agreement and Seller has full power and authority rightfully to execute this Agreement and to perform its obligations hereunder;

(B) There is no pending or threatened condemnation or similar proceeding or assessment affecting the Property, or any part thereof, nor to the best knowledge and belief of Seller is any such proceeding or assessment contemplated by any governmental authority;

(C) Seller has received no notice of violation of any applicable laws, ordinances, regulations, statutes, rules and regulations of all governmental authorities having jurisdiction with respect to the Property;

(D) Seller has no actual knowledge of the existence of any hazardous substances or toxic substances on or underlying the Property.

6. In the event that either party wishes to use the within transaction as part of a tax deferred exchange under Section 1031 of the Internal Revenue Code, the other party agrees to reasonably cooperate with such party and accomplish from such exchange, provided that such cooperating party incurs no increase costs, and closing will not be delayed thereby.

RE: 301 LASALLE STREET – Major PUD Amendment – Letter of Intent

Letter of Intent

The proposed multi-family residential project is located at 301 Lasalle Street in Mount Prospect, Illinois, on a 1.9682-acre (85,733 square feet) property situated at the southwest corner of Route 83/South Elmhurst Road and Lasalle Street, approximately 450-feet north of West Algonquin Road in the Lake Center Plaza Planned Development. The site is currently undeveloped land listed 'For Sale' in a B3 – Commercial Shopping zoning district. The site is bordered by Lasalle Street to the north, Route 83/South Elmhurst Road to the east, a warehouse (I1 Limited Industrial) to the west, and restaurant (B3 Commercial Shopping) to the south. On the north side of Lasalle Street, there are additional I1 and B3 Zoning Districts, which are adjacent to RX - Single Family, R4 - Multi-Family Residence, and R4* - Planned Unit Development (Multi-Family Residence) zoning districts. On the east side of Route 83/South Elmhurst Road lies Des Plaines, Illinois.

The project consists of a fully sprinklered, five-story mixed-use building with Type IA podium and below-grade parking structure. Above the podium, the building features a Type V wood-framed multi-family apartment building with a combination of masonry and fiber-cement panel veneer exterior. The development will include 46 apartment units in a mix of one-, two-, and three-bedroom layouts. Each floor encompasses ±15,896 square feet, with a total gross floor area of 90,591 square feet. Key building features include elevators serving all levels, private balconies, and residential amenities. Additionally, there will be 116 outdoor at-grade parking spaces and 32 indoor below-grade parking spaces to accommodate both tenants and visitors.

The proposed building will be positioned within the site to optimize circulation and accessibility. Vehicular access will be provided via a driveway off Lasalle Street, strategically designed to avoid congestion along Route 83/South Elmhurst Road. Parking and drive aisles will wrap around all four sides of the building, ensuring comprehensive site access. Designated handicap parking spaces will be placed near primary building entrances for convenience, while visitor parking will be located adjacent to the front entry for ease of access and wayfinding.

The applicant is requesting a major amendment to an existing planned unit development and a conditional use for dwelling units located above the ground floor. The proposed site landscaping will feature trees and plantings to enhance security and curb appeal. Additionally, fences are planned along the west and south property lines to prevent pedestrian access from neighboring businesses, mitigate noise impacts, and shield surrounding areas from vehicle headlights.

RE: 301 LASALLE STREET – Major PUD Amendment

Standards for Planned Unit Developments

A. General Standards:

1. **Except as modified by and approved in the final planned unit development plan, the proposed development complies with the regulations of the district or districts in which it is to be located.**

   As set forth in the site plan and supporting documents, the proposed development complies with the regulations of the B3 District in which the subject property is located except as modified in Applicant's submittals.

2. **The principal use in the proposed planned unit development is consistent with the recommendations of the Comprehensive Plan of the Village for the area containing the subject site.**

   Although the Comprehensive Plan, which was adopted in 2017, did not address residential use on the subject property, the South Mt. Prospect Sub-area Plan, as updated in 2020, in the section entitled "Demographics and Housing", specifically addressed that the goals and objectives of the Plan were to: encourage new housing reflecting the character of the Village; maintain and preserve diversity in the area while supporting an assortment of housing; market underutilized and vacant sites for development and redevelopment; and support improvements to existing residential areas, including infrastructure, where necessary and possible. The principal use on the proposed Amendment to Planned Unit Development, being residential, is consistent with these goals and objectives.

3. **The proposed planned unit development is in the public interest and is consistent with the purposes of this zoning ordinance.**

   The proposed use will add new housing, thereby expanding the assortment of available housing in the south part of the Village, and is therefore in the public interest and consistent with the purposes of the zoning ordinance.

4. **The streets have been designed to avoid:**

   a. **Inconvenient or unsafe access to the planned unit development;**

   b. **Traffic congestion in the streets which adjoin the planned unit development;**

   c. **An excessive burden on public parks, recreation areas, schools, and other public facilities which serve or are proposed to serve the planned unit development.**

   No new streets are proposed as part of the development. Rather than providing direct access to the development from Route 83, primary access to and from the development is through LaSalle Street in order to minimize inconvenience or unsafe access as well as to minimize traffic congestion on adjoining streets.

B. Standards For Planned Unit Developments With Use Exceptions:

Not Applicable.

C. Standards For Planned Unit Developments With Other Exceptions: The Village Board may approve planned unit developments which do not comply with the requirements of the underlying zoning district's regulations governing lot area, lot width, bulk regulations, parking and sign regulations, or which require modification of the subdivision design standards when such approval is necessary to achieve the objectives of the proposed planned unit development, but only when the Board finds such exceptions are consistent with the following standards:

1. **Any reduction in the requirements of this chapter is in the public interest.**

   An exception from Ord. 3831 to provide a reduction to the building setback requirement along Elmhurst Road from 112.2' to 100.5' (2'-5" for every 1' of building height above 30'). This reduction allows increased residential density which is in the public interest.

2. **The proposed exceptions would not adversely impact the value or use of any other property.**

   The proposed exception to reduce the building setback requirement along Elmhurst Road by less than 12 feet would not adversely affect the value or use of any other property and will not create any impact on neighboring properties or their functional use.

3. **Such exceptions are solely for the purpose of promoting better development which will be beneficial to the residents or occupants of the planned unit development as well as those of the surrounding properties.**

   Allowing the proposed exception to reduce the building setback by less than 12 feet along Elmhurst Road will allow this proposed development to replace an empty lot and will promote better development which will be beneficial to the residents or occupants of the planned unit development as well as those of the surrounding properties.

4. **In residential planned unit developments the maximum number of dwelling units allowed per acre shall not exceed forty eight (48) units per acre for developments incorporating senior housing or assisted living facilities.**

   The proposed development does not include senior housing or assisted living facilities.

5. **All buildings are to be located within the planned unit development in such a way as to dissipate any adverse impact on adjoining buildings and shall not invade the privacy of the occupants of such buildings and shall conform to the following:**

   a. **The front, side or rear yard setbacks on the perimeter of the development shall not be less than that required in the abutting zoning district(s) or the zoning district underlying the subject site, whichever is greater.**

      The front, side or rear yard setbacks on the perimeter of the proposed development meet or exceed those required in the B-3 District in which the subject property is located, and those required by the adjacent I-2 District.

   b. **All transitional yards and transitional landscape yards of the underlying zoning district are complied with.**

      Transitional setback compliance does not apply because neither the side nor rear setback of the subject property is contiguous to any single-family residential property.

   c. **If required transitional yards and transitional landscape yards are not adequate to protect the privacy and enjoyment of property adjacent to the development, the Planning and Zoning Commission shall recommend either or both of the following requirements:**

      (1) All structures located on the perimeter of the planned unit development must be set back by a distance sufficient to protect the privacy and amenity of adjacent existing uses;

      (2) All structures located along the entire perimeter of the planned unit development must be permanently screened with sightproof screening in a manner which is sufficient to protect the privacy and amenity of adjacent existing uses.

      Not applicable.

d. The area of open space provided in a planned unit development shall be at least that required in the underlying zoning district.

The B-3 District underlying the subject property has no area of open space requirement. Lot coverage complies with the requirements of the underlying B-3 district.

Standards for Conditional Use

A conditional use is being sought to amend the planned use development and construct dwelling units above the first floor.

1. **That the establishment, maintenance, or operation of the conditional use will not be detrimental to, or endanger the public health, safety, morals, comfort, or general welfare:**

   The proposed dwelling units are so designed to meet all of the requirements of the zoning ordinance, as well as the building code, and, as shown by the proposed site plan and supporting documentation, provide for adequate and safe access as well as all appropriate utilities, and as such will not be detrimental to or endanger the public health, safety, morals, comfort, or general welfare.

2. **That the conditional use will not be injurious to the uses and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood in which it is to be located:**

   Other property in the immediate vicinity of the proposed conditional use is developed with retail uses as will most of the ground floor of the building in which the proposed dwelling units will be constructed. As such, the use will be fully compatible with and support such uses and will not diminish nor impair property values within the neighborhood in which the conditional use is proposed to be located.

3. **That the establishment of the conditional use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district:**

   The surrounding property has been fully developed such the establishment of the conditional use will not impede normal or orderly development of such property.

4. That adequate public utilities, access roads, drainage and/or necessary facilities have been or will be provided:

   As indicated by the engineering plans filed in support of the Application for Conditional Use, public utilities are fully available to the site. The proposed use has access from LaSalle Street. All drainage and other necessary facilities have been provided.

5. That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets:

   Ingress and egress has been provided to and from LaSalle Street so as to avoid direct access to and from Route 83 and thereby minimizing traffic congestion in the public streets.

6. That the proposed conditional use is not contrary to the objectives of the current Comprehensive Plan for the Village:

   The proposed conditional use is not contrary to the objectives of the current Comprehensive Plan, when reviewed in concert with the South Mt. Prospect Sub-Area Plan 2020 update and the goals and objectives thereof.

7. That the conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located, except as such regulations may, in each instance, be modified pursuant to the recommendations of the Planning & Zoning Commission:

   The conditional use in all other respects conforms to the applicable regulations of the B3 District as demonstrated by the site plan and supporting materials filed by Applicant in support of its Application for Conditional Use.

Lot 3 in Lake Center Plaza Resubdivision No. 4, being a resubdivision of lots 8, 9, 10, and 11 Lake Center Plaza, a resubdivision in the Northeast 1/4 of Section 23, Township 41 North, Range 11, East of the Third Principal Meridian, according to the plat thereof recorded March 20, 2018 as document No. 1807906120 in Cook County, Illinois.

BOUNDARY, TOPOGRAPHIC SURVEY & DEMOLITION PLAN

LEGAL DESCRIPTION:

LOT 3 IN LAKE CENTER PLAZA RESUBDIVISION NO. 4, BEING A RESUBDIVISION OF LOTS 8, 9, 10 AND 11 IN LAKE CENTER PLAZA, A RESUBDIVISION IN THE NORTHEAST QUARTER OF SECTION 23, TOWNSHIP 41 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, ACCORDING TO THE PLAT THEREOF RECORDED AS DOCUMENT NO. 1807906120, IN COOK COUNTY, ILLINOIS.

COMMONLY KNOWN AS 301 LASALLE STREET, MOUNT PROSPECT, ILLINOIS.

NOTES:

1) ALL MEASURED BEARINGS SHOWN HEREON ARE BASED ON NAD 83 ILLINOIS COORDINATE SYSTEM, EAST ZONE (2011 CORRECTION) AS DETERMINED BY USE OF GPS EQUIPMENT USING TRIMBLES VRS NETWORK AND EQUIPMENT ALONG WITH THE RECORDED PLAT OF SUBDIVISION.

2) CONTOUR INTERVAL = 1.0'

3) ELEVATIONS HEREON REFER TO NAVD 88 DATUM.

4) SOURCE BENCHMARK: VERTICAL ELEVATIONS SHOWN HEREON ARE IN NAVD 88 VERTICAL DATUM AS DETERMINED BY USE OF TRIMBLE'S VRS (GPS) NETWORK AND EQUIPMENT.

   SITE BENCHMARK #1: N.E. BOLT ON FIRE HYDRANT. (AS SHOWN ON DRAWING)
   ELEVATION = 659.70

   SITE BENCHMARK #2: ARROW BOLT ON FIRE HYDRANT. (AS SHOWN ON DRAWING)
   ELEVATION = 658.23

   SITE BENCHMARK #3: N.E. BOLT ON FIRE HYDRANT. (AS SHOWN ON DRAWING)
   ELEVATION = 660.58

   SITE BENCHMARK #4: N.E. BOLT ON FIRE HYDRANT. (AS SHOWN ON DRAWING)
   ELEVATION = 660.64

5) A CURRENT TITLE REPORT WAS NOT FURNISHED, THEREFORE, ALL RESTRICTIONS, ROAD DEDICATIONS, ROAD VACATIONS, AND EASEMENTS MAY NOT BE SHOWN.

6) ALL UTILITIES MAY NOT BE SHOWN. CALL J.U.L.I.E. AT 1-800-892-0123 FOR FIELD LOCATION OF UNDERGROUND UTILITY LINES PRIOR TO ANY DIGGING OR CONSTRUCTION.

7) LOCATION OF ALL UTILITIES AND SUBSTRUCTURES ARE APPROXIMATELY BASED ON SURFACE EVIDENCE AND EXISTING PLANS, AS PROVIDED BY THE CLIENT AND UTILITY COMPANIES.

8) THIS PROPERTY MAY BE WITHIN THE CORPORATE LIMITS OF THE VILLAGE OF MOUNT PROSPECT AND AS SUCH IS SUBJECT TO ZONING AND BUILDING RESTRICTIONS.

9) SURVEY FIELD WORK COMPLETED ON 4-7-2025.

10) ALL TREES LESS THAN 6 INCHES IN DIAMETER ARE NOT SHOWN HEREON.

11) PARCEL CONTAINS APPROXIMATELY 85,733 SQUARE FEET. (±1.968 ACRES)

12) ALL MONUMENT TIES ARE MEASURED PERPENDICULAR TO THE PROPERTY LINE(S).

13) ATTACHED PLAT IN DOC. NO. 0927331126 & NO. 1002218050 IS NOT AVAILABLE. ALL EASEMENTS PER THESE TWO DOCUMENTS ARE SHOWN FOR INFORMATION ONLY AND ARE BASED ON PLAT OF SURVEY BY EDWARD J. MOLLOY & ASSOCIATES. DATED 08/09/2021, ORDER NO.: 210112, FIL: 23-41-11, PROJECT NO.: 289

LOT COVERAGE, INCLUDING PERMEABLE PAVER = 61,559 SF
61,559 SF / 85,733 SF = 71.8% TOTAL LOT COVERAGE

NOTE:

1. 130 TOTAL INDOOR & OUTDOOR PARKING STALLS PROVIDED, INCLUDING 4 HANDICAP ACCESSIBLE PARKING STALLS.
2. ALL DIMENSIONS ARE TO FACE OF CURB UNLESS NOTED OTHERWISE.

PROPERTY HOLDING = 1,97 AC > 0,5 AC THRESHOLD OF VOLUME CONTROL REQUIREMENTS. VOLUME CONTROL IS REQUIRED.

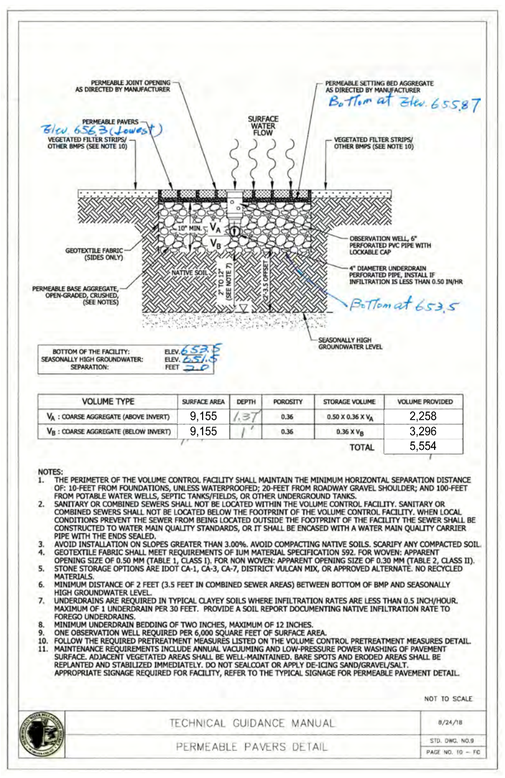

REQUIRED VOLUME CONTROL : 61,429 SF x 1" = 5,119 CF

PROVIDED VOLUME CONTROL VIA 9,155 SF OF PERMEABLE PAVER = 5,554 CF

ONSITE DETENTION WAS PROVIDED BY DEVELOPMENT IN THE WEST NEIGHBORING PROPERTY VIA MWRD PERMIT #18-114 BASED ON THE FOLLOWING PARAMETERS:

1. BULLETIN 70 RAINFALL (WILL BE UPDATED TO BULLETIN 75 RAINFALL)
2. ALLOWABLE RELEASE RATE OF 0.30 CFS/AC. (WILL BE UPDATED TO 0.20 CFS/AC PER CURRENT WATERSHED SPECIFIC RELEASE RATE OF LOWER DES PLAINES WATERSHED).
3. ONSITE RUNOFF COEFFICIENT "C" OF 0.85 BASED ON 0.45 & 0.90 FOR PERVIOUS & IMPERVIOUS RESPECTIVELY. (WILL BE UPDATED TO PROPOSED RUNOFF COEFFICIENT "C" OF 0.77).

ADDITIONAL DETENTION, RESULTED FROM THE UPDATE OF ABOVE PARAMETERS, IS 0 AC-FT UPON ACCOUNTING FOR PROVIDED VOLUME CONTROL.

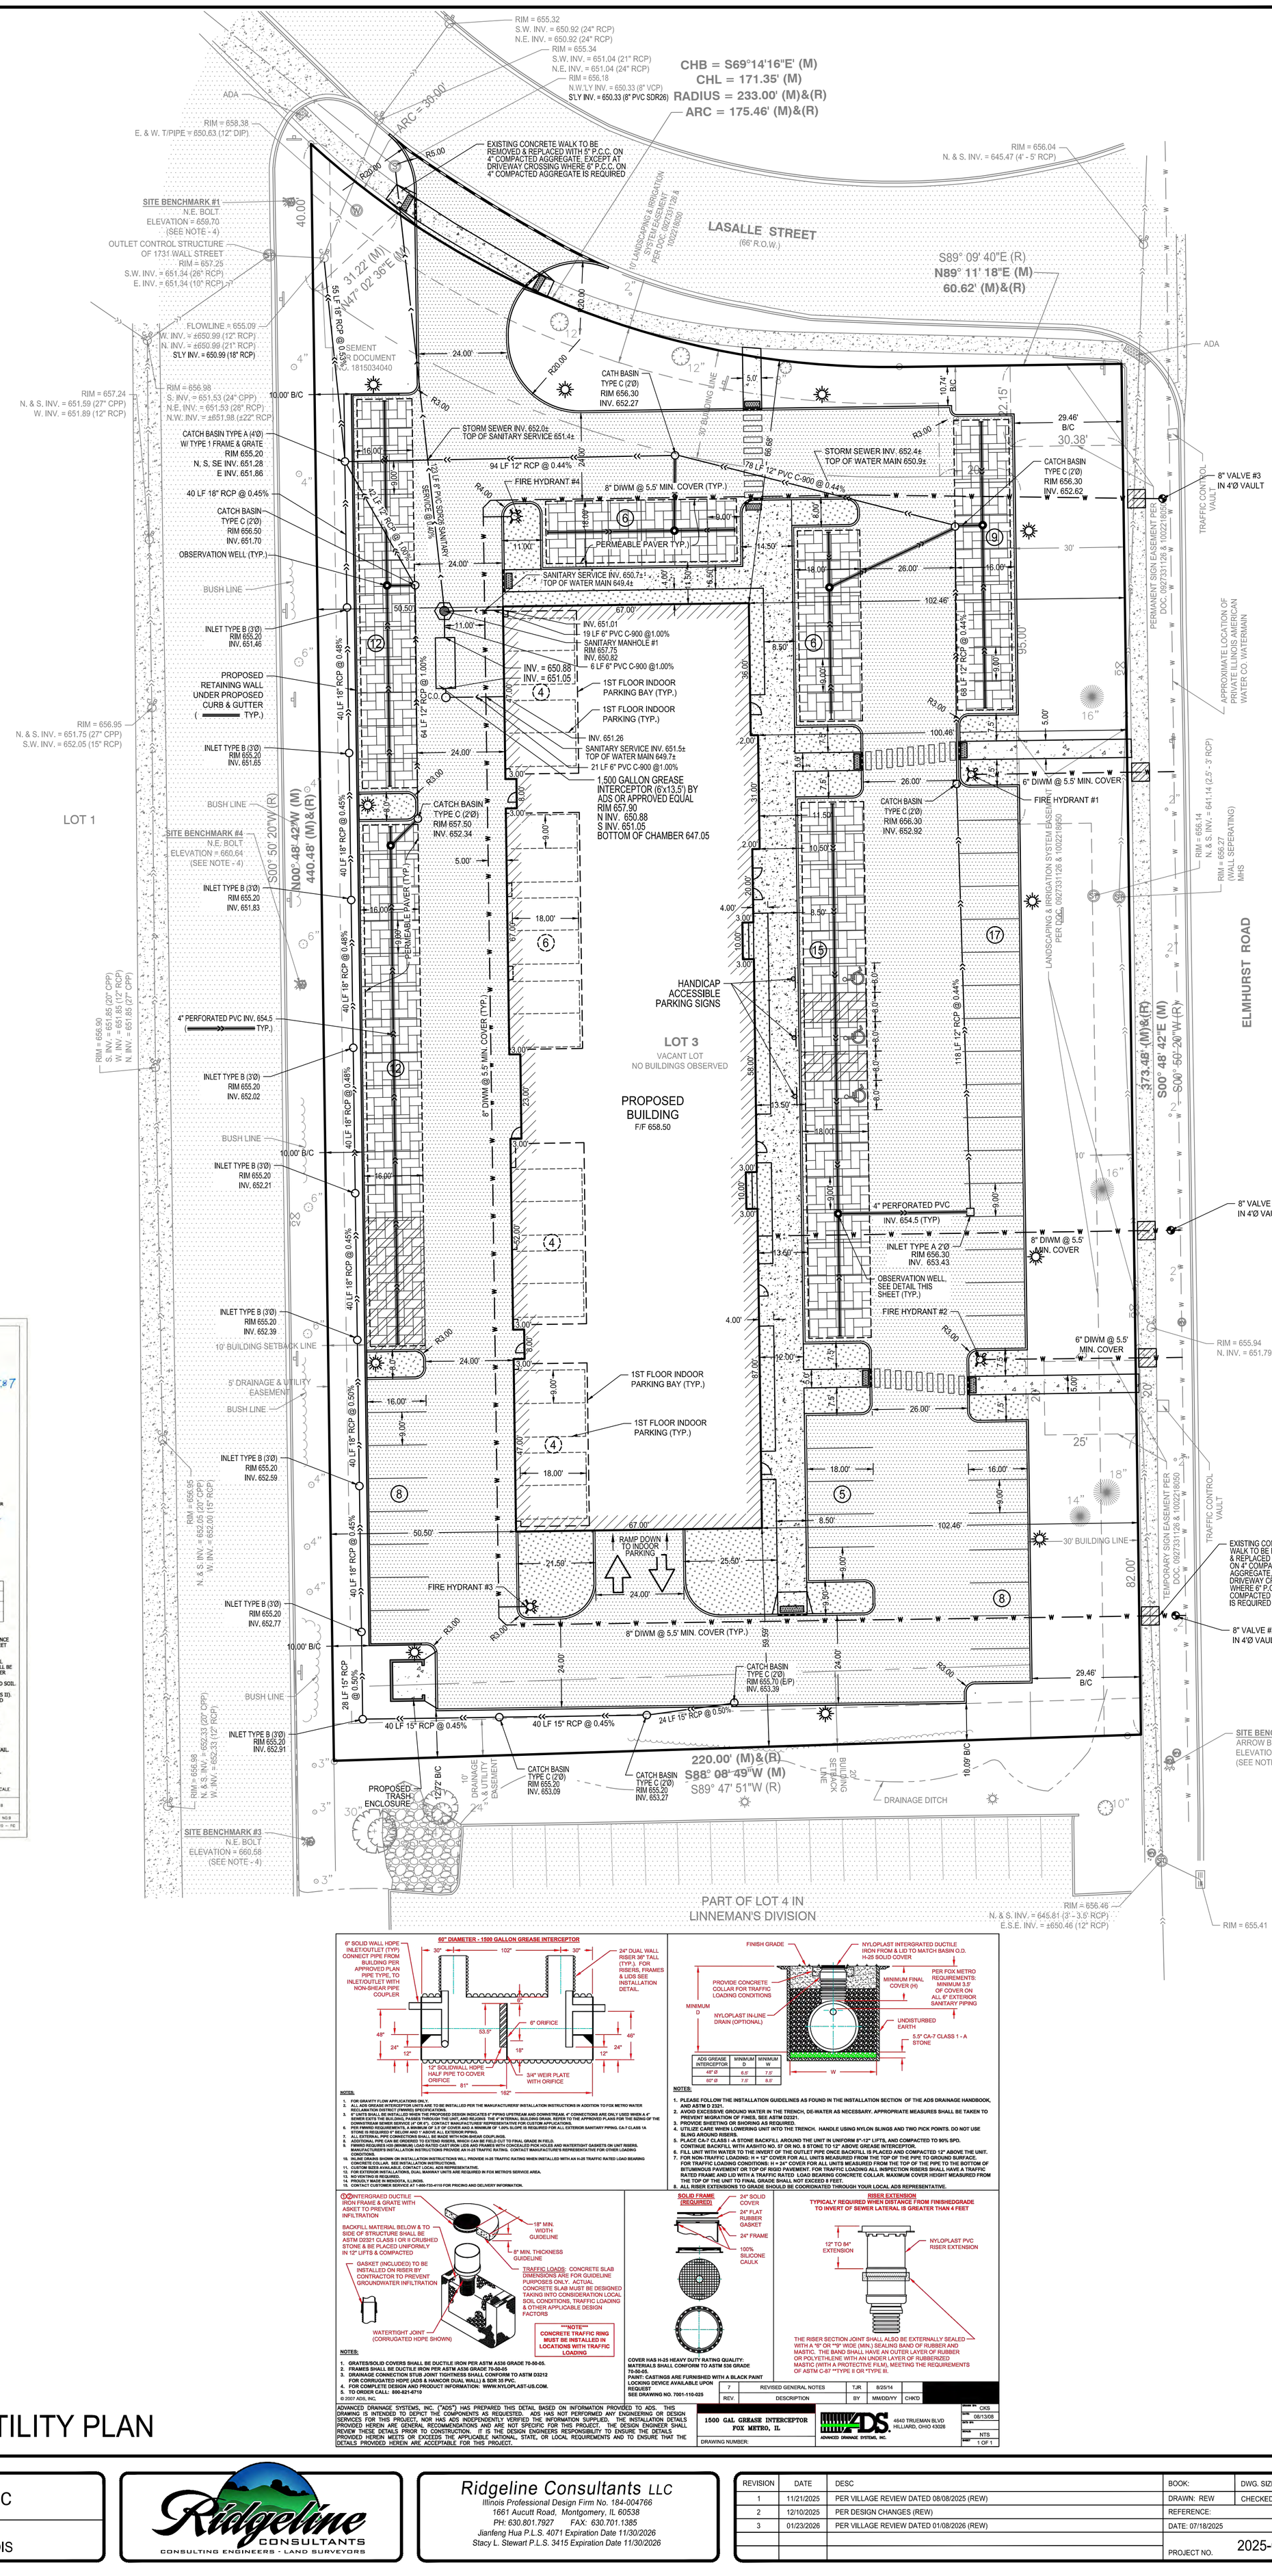

BOTTOM OF THE FACILITY: ELEV. 653.5
SEASONALLY HIGH GROUNDWATER: ELEV. 655.5
SEPARATION: FEET 2.0

VOLUME TYPE	SURFACE AREA	DEPTH	POROSITY	STORAGE VOLUME	VOLUME PROVIDED
V_A : COARSE AGGREGATE (ABOVE INVERT)	9,155	1.3'	0.36	0.50 X 0.36 X V_A	2,258
V_B : COARSE AGGREGATE (BELOW INVERT)	9,155	1'	0.36	0.36 X V_B	3,296
				TOTAL	5,554

NOTES:
1. THE PERIMETER OF THE VOLUME CONTROL FACILITY SHALL MAINTAIN THE MINIMUM HORIZONTAL SEPARATION DISTANCE OF: 10-FEET FROM FOUNDATIONS, UNLESS WATERPROOFED; 20-FEET FROM ROADWAY GRAVEL SHOULDER; AND 100-FEET FROM POTABLE WATER WELLS, SEPTIC TANKS/FIELDS, OR OTHER UNDERGROUND TANKS.
2. SANITARY OR COMBINED SEWERS SHALL NOT BE LOCATED WITHIN THE VOLUME CONTROL FACILITY. SANITARY OR COMBINED SEWERS SHALL NOT BE LOCATED BELOW THE FOOTPRINT OF THE VOLUME CONTROL FACILITY. WHEN LOCAL CONDITIONS PREVENT THE SEWER FROM BEING LOCATED OUTSIDE THE FOOTPRINT OF THE FACILITY THE SEWER SHALL BE CONSTRUCTED TO WATER MAIN QUALITY STANDARDS, OR IT SHALL BE ENCASED WITH A WATER MAIN QUALITY CARRIER PIPE WITH THE ENDS SEALED.
3. AVOID INSTALLATION ON SLOPES GREATER THAN 3.00%. AVOID COMPACTING NATIVE SOILS. SCARIFY ANY COMPACTED SOIL.
4. GEOTEXTILE FABRIC SHALL MEET REQUIREMENTS OF IUM MATERIAL SPECIFICATION 592. FOR WOVEN: APPARENT OPENING SIZE OF 0.50 MM (TABLE 1, CLASS I). FOR NON WOVEN: APPARENT OPENING SIZE OF 0.30 MM (TABLE 2, CLASS II).
5. STONE STORAGE OPTIONS ARE IDOT CA-1, CA-3, CA-7, DISTRICT VULCAN MIX, OR APPROVED ALTERNATE. NO RECYCLED MATERIALS.
6. MINIMUM DISTANCE OF 2 FEET (3.5 FEET IN COMBINED SEWER AREAS) BETWEEN BOTTOM OF BMP AND SEASONALLY HIGH GROUNDWATER LEVEL.
7. UNDERDRAINS ARE REQUIRED IN TYPICAL CLAYEY SOILS WHERE INFILTRATION RATES ARE LESS THAN 0.5 INCH/HOUR. MAXIMUM OF 1 UNDERDRAIN PER 30 FEET. PROVIDE A SOIL REPORT DOCUMENTING NATIVE INFILTRATION RATE TO FOREGO UNDERDRAINS.
8. MINIMUM UNDERDRAIN BEDDING OF TWO INCHES, MAXIMUM OF 12 INCHES.
9. ONE OBSERVATION WELL REQUIRED PER 6,000 SQUARE FEET OF SURFACE AREA.
10. FOLLOW THE REQUIRED PRETREATMENT MEASURES LISTED ON THE VOLUME CONTROL PRETREATMENT MEASURES DETAIL.
11. MAINTENANCE REQUIREMENTS INCLUDE ANNUAL VACUUMING AND LOW-PRESSURE POWER WASHING OF PAVEMENT SURFACE. ADJACENT VEGETATED AREAS SHALL BE WELL-MAINTAINED. BARE SPOTS AND ERODED AREAS SHALL BE REPLANTED AND STABILIZED IMMEDIATELY. DO NOT SEALCOAT OR APPLY DE-ICING SAND/GRAVEL/SALT. APPROPRIATE SIGNAGE REQUIRED FOR FACILITY, REFER TO THE TYPICAL SIGNAGE FOR PERMEABLE PAVEMENT DETAIL.

PROJECT SITE SUMMARY

PROPERTY LEGAL DESCRIPTION:LOT 3 IN LAKE CENTER PLAZA RESUBDIVISION NO. 4, BEING A RESUBDIVISION OF LOTS 8, 9, 10 AND 11 IN LAKE CENTER PLAZA, A RESUBDIVISION IN THE NORTHEAST QUARTER OF SECTION 23, TOWNSHIP 41 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, ACCORDING TO THE PLAT THEREOF RECORDED AS DOCUMENT NO. 1807906120, IN COOK COUNTY, ILLINOIS.

PROPERTY ADDRESS: 301 LASALLE STREET, MOUNT PROSPECT, ILLINOIS.
PROPERTY INDEX NUMBER(S): 08-23-203-045-0000
TOTAL CONTIGUOUS OWNERSHIP: 1.97 ACRES
PROJECT AREA: 1.97 ACRES

STORMWATER/FLOODPLAIN SUMMARY	REQUIRED (AC-FT)	PROVIDED (AC-FT)
VOLUME CONTROL	0.12	0.13
DETENTION VOLUME	0	0

NOTE:
THE PROPERTY OWNER SHALL PROVIDE DOCUMENTATION TO PUBLIC WORKS FOR ALL MAINTENANCE ACTIVITIES PERFORMED ON AN ANNUAL BASIS.

The Owner of the Development, with facilities as shown on this exhibit, shall assume responsibility for the following perpetual maintenance activities:

1. General

Regular inspections and routine maintenance of general areas shall be performed on a monthly or as-needed basis. Specific items of concern include:

____ Litter and debris shall be controlled
____ Landscaped areas shall be maintained with regular mowing and restored with appropriate seeding/vegetation as necessary
____ Accumulated sediment shall be disposed of properly, along with any wastes generated during maintenance operations

____ Roads shall be swept, vacuumed and/or washed on a regular basis

2. Stormwater Management Facilities

All components of the stormwater management facilities shall be checked monthly between March and November and maintained as necessary to ensure proper performance. It is critical that all inflows and outflows to the detention facility are clean and performing as designed. In addition, the design volume of the detention facility shall also be maintained. Inspections for the following specific items should be conducted monthly between March and November:

Side Slopes/Embankment/Emergency Overflow Structure
____ Inspect embankments for settlement and erosion
____ Remove woody growth from the embankment
____ Any breaks, hire Registered Professional Engineer for design resolution
____ Seed and sod any eroded areas
____ Signs of piping (leakage) or seepage, repair
____ Stabilize emergency overflow structure if erosion observed
____ Remove obstructions blocking emergency overflow spillway

Vegetated Areas
____ Regular mowing to control vegetation, no cutting of native vegetation
____ Need for planting, reseeding or sodding. Supplement alternative native vegetation if a significant portion has not established (50% of the surface area). Reseed with alternative grass species if original grass cover has not successfully established.
____ Evidence of grazing, motorbikes or other vehicles, repair
____ Check for invasive vegetation, remove where possible
____ All vegetation must be maintained per the approved planting plan

Outlet Control Structure
____ Inspect restrictor and remove debris if clogged or discharge reduced
____ Remove accumulated sediment at outlet
____ Scour and erosion at outlet, repair and reseed
____ Any ice damage to outlet of pipe, repair if necessary
____ Condition of trash tracks, remove debris
____ Outlet channel conditions downstream

Access for Maintenance Equipment
____ Remove any obstructions placed in maintenance easements

Safety Features
____ Access controls to hazardous areas
____ Fences
____ Loose or damaged posts
____ Loose or broken wires
____ Condition of gates
____ Signs

Detention Volume
____ Inspect all stormwater detention facilities to ensure that the constructed volume for detention is maintained. No sediment, topsoil, or other dumping into the facility shall be allowed. Specific locations in the stormwater management system, designed to accumulate sediment, shall be dredged as necessary to prevent sediment from reaching the invert of any gravity outlet pipe.

3. Volume Control Facility

Routine inspections and maintenance of volume control facilities shall be performed by the Owner on a yearly or as-needed basis. Specific items of concern include:

____ Facility shall be inspected yearly using the monitoring well to verify the system is functioning properly.
____ Surface of permeable pavement shall be cleaned with low-pressure power washer.
____ Accumulated sediment from surface shall be vacuumed out and disposed of properly.
____ Appropriate signage shall be repaired if damaged or illegible.

4. Stormwater Collection System (Storm Sewer)

The Owner shall perform monthly inspections of all components of the stormwater collection system. The monthly inspection shall occur between March and November and include the following specific areas of concern:

Storm Inlets/Manholes
____ Remove accumulated leaves and other debris from grates
____ Reset covers/lids on as-needed basis
____ Remove accumulated sediment from manhole bottom when 50% of sump is filled

Storm Sewers/Culverts
____ Visually inspect pipes by removing manhole lids, make repairs as necessary
____ Storm sewers and culverts shall be checked for siltation deposits at inlets, outlets, and within the conduit, clean out as necessary
____ Restore riprap at outfalls if erosion observed
____ Restore riprap at outfalls
____ Replant and reseed any eroded areas

Overland Flow Routes (Ditches/Swales)
____ Annual visual inspections shall be performed that verify the design capacity of the overland flow routes is maintained. The slope and cross-sectional area of the ditch/swale shall be verified during this inspection.
____ Remove any obstructions that have been placed in the drainage path
____ Seed and sod any eroded areas
____ Restore riprap as necessary
____ Regrade to provide positive drainage as necessary
____ Regular mowing to control vegetation

5. Vegetated Areas

____ Need for planting, reseeding, or sodding. Supplement alternative native vegetation if a significant portion has not established (50% of the surface area after second growing season). Reseed with alternative native grass species if original grass cover has not successfully established.
____ Evidence of grazing, motorbikes, or other vehicles, repair.
____ Check for invasive vegetation, remove when possible.
____ Regular mowing to control vegetation; it is recommended that native vegetation remain uncut.
____ Dead or damaged non-native grassy areas – repair with seeding with fertilization or seeding with mulch.
____ Compensatory storage area shall be reseeded with appropriate vegetation according to the approved planting plan.

6. Qualified Sewer Construction

____ Perform manhole inspections once every five years, make repairs as necessary.
____ Perform sewer inspections once every five years, make repairs as necessary.
____ Perform regular cleaning so that each sewer segment is cleaned once every 5 years.
____ Remove any obstructions placed in maintenance easements that may impede maintenance equipment access.

Mount Prospect, Illinois | January 20, 2026

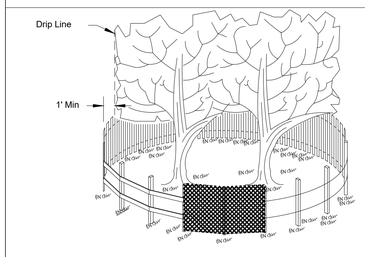

LEGEND:

- #241 18" — EXISTING EVERGREEN/DECIDIOUS TREE WITH CALIPER SIZE AND TREE TAG#
- EXISTING TREE TO BE REMOVED
- EXISTING TREE GROVE TO BE REMOVED

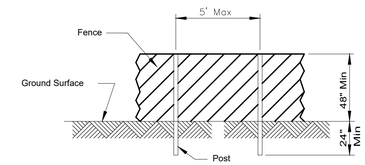

NOTES:

1. FOR TREE INVENTORY AND REASONS FOR TREE REMOVAL, SEE SUPPLEMENTAL SHEET.
2. FOR ALL TREES TO REMAIN, THE FOLLOWING TREE PRESERVATION TECHNIQUES SHALL BE EMPLOYED:
   - 2.1. ALL GRADING AND CONSTRUCTION EQUIPMENT SHALL BE FORBIDDEN FROM ENCROACHING WITHIN THE DRIP LINE OF A TREE.
   - 2.2. CRUSHED LIMESTONE, HYDROCARBONS AND OTHER MATERIALS DETRIMENTAL TO TREES SHALL NOT BE DUMPED WITHIN THE DRIP LINE OF ANY TREE NOR AT ANY HIGHER LOCATION WHERE DRAINAGE TOWARD THE TREE COULD CONCEIVABLY AFFECT THE HEALTH OF THE TREE.
   - 2.3. SNOW FENCING SHALL BE TEMPORARILY INSTALLED AT THE PERIPHERY OF THE TREE'S DRIP LINE. SEE DETAIL BELOW.
   - 2.4. NO GRADE CHANGES SHALL BE ALLOWED UNDER DRIP LINE OF ANY TREES LOCATED ON THE TREE SURVEY.

TREE PROTECTION - FENCING

SIDE VIEW

POST AND FENCE DETAIL

NOTES:
1. The fence shall be located a minimum of 1 foot outside the drip line of the tree to be saved and in no case closer than 5 feet to the trunk of any tree.
2. Fence posts shall be either standard steel posts or wood posts with a minumum cross sectional area of 3.0 sq. in.
3. The fence may be either 40" high snow fence, 40" plastic web fencing or any other material as approved by the engineer/inspector.

Rating	Description	General Criteria
1	Excellent	The tree is typical of the species, has less than 10% deadwood in the crown that is attributable to normal causes, has no other observed problems, and required no remedial action.
2	Good to Fair	The tree is typical of the species and/or has less than 20% deadwood in the crown, only one or two minor problems that are easily corrected with normal care.
3	Fair (average)	The tree is typical of the species and/or has less than 30% deadwood in the crown, one or two minor problems that are not eminently lethal to the tree, and no significant decay or structural problems, but the tree must have remedial care above normal care in order to minimize the impact of future stress and to insure continued health.
4	Fair to Poor	The tree is not typical of the species and/or has significant problems such as 30-50% deadwood in the crown, serious decay or structural defect, insects, disease or other problems that can be eminently lethal to the tree or create a hazardous tree if not corrected in a short period of time of if the tree is subjected to additional stress.
5	Poor	The tree is not typical of the species and/or has over 50% deadwood in the crown, major decay or structural problems, is hazardous or is severely involved with insects, disease, or other problems that even if aggressively corrected would not result in the long term survival of the tree.
6	Dead	Less than 10% of the tree shows signs of life.

Product Features

Top Product Features

- 2ft, 4ft, and 8ft Sealed and Gasketed Vaportite
- Lumen packages up to 22K lumens
- High-Performance efficacy up to 150 LPW
- LEDs available in 3000K, 3500K, 4000K and 5000K at 80 CRI
- Rated for -40c to 35c ambient
- Impact protection rating IK06 Lens and IK06 Housing
- Options to meet Build America, Buy America, Buy American and other domestic preference requirements

Dimensional and Mounting Details

Installation Data

MOUNTING BRACKETS
Furnished
Two per 2' and 4' Unit
Four per 8' Unit

OPTIONAL CHAIN HANGING SET
(VT2-CHAIN/SET-U)
Includes 6 ft. of chain, 4 large S-Hooks and 4 small S-Hooks
Order One (1) Kit for each 2' or 4' Fixture

Metalux — 4' Vaportite LED

			Notes (5) Not available in 11,000 lumen fixture. Not available with 347V, 480V, or UNV. Not available with 5LTD option. (6) WaveLinx LITE devices are not currently compatible with the WaveLinx PRO Wireless Area Controller. (7) Available for UNV (for 120V or 277V) only. (8) Configuration of basic and advanced features using the Leviton Smart Sensor App on any Bluetooth-enabled Android or iOS device.	

Accessories (order separately) [9]
VT2-Chain/Set-U=Chain Hanging Set. Includes 6 ft. of chain, 4 large S-Hooks and 4 small S-Hooks Order One (1) Kit for each 2' or 4' Fixture  **VT2-SS-MSK**=Stainless Steel Mounting Bracket
Notes (9) Accessories sold separately will be separately analyzed under domestic preference requirements. Consult factory for further information.

Product Specifications

Construction

- Rugged and durable construction
- Fiberglass housing is reinforced polyester and self-extinguishing (ASTM-D635-74) plastic
- Full metal fixture liner
- Watertight housing
- 1/2" conduit entry at each end of housing (standard) for continuous feed
- Polyurethane gasketing provides a continuous seamless seal for the diffuser lens
- Four sturdy cam latches clamp diffuser tightly for a positive seal between housing, gasketing and diffuser
- Surface or chain mounting
- Impact protection rating IK06 Lens and IK06 Housing

WaveLinx LITE devices are not currently compatible with the WaveLinx PRO Wireless Area Controller

Electrical

- Long-Life LED system coupled with electrical driver for optimal performance
- LED's available in 3000K, 3500K, 4000K and 5000K with a CRI ≥ 80
- Projected life is 60,000 hours at 91% lumen output
- Electronic drivers are available for 120-277V application
- 0-10V dimming control (standard)
- Operating temperature of -40°C to 35°C; ideal for cold storage environments

Lens

- High-impact diffuser lens
- Internal Prismatic Lens with 15% DR High Impact Additive (DR) or Internal Prismatic Lens with 100% DR High Impact Additive (DR10D)
- Frosted Lens with 15% DR High Impact Additive (FR50) option

Finish

- Housing is permanent pearl gray color

Warranty

- Five-year limited warranty

Compliance

- UL/cUL listed for Wet location
- RoHS compliant
- LED modules comply with IESNA LM-79 and LM-80 standards
- NSF listed
- DesignLights Consortium® Qualified and classified for both DLC Standard and DLC Premium (refer to www.designlights.org for details)
- The VT2 Series ratings apply to Horizontal Mounting only

BABA Domestic Preference Compliance

- This Cooper product is manufactured in the US and meets the BABA cost of components rule. To verify a configured product with specific accessories and options meets BABA Domestic Preference Requirements; submit this catalog number to Cooper Lighting Quotation team for validation by our Engineering and Manufacturing teams. Our BABA designation is based on the minimum compliance requirement for BABA. Individual Government Agencies may have more stringent compliance standards. Please refer to the DOMESTIC PREFERENCES website or consult the CLS Domestic Preferences team for more information. Components shipped separately may be separately analyzed under domestic preference requirements.

Crosstour Series

Wall Mount Luminaire

Product Certifications & Features

Interactive Menu

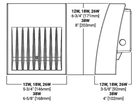

- Ordering Information page 2
- Product Specifications page 2
- Energy and Performance Data page 3

Quick Facts

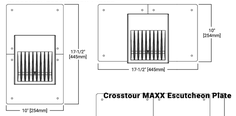

- Available in 12W, 18W, 26, & 38W (900 - 3,100 lumens) models
- Available in 5000K or 4000K (CCT)
- Wall, inverted or pole mount
- Energy and maintenance savings up to 95% compared to HID
- Energy efficient illumination results in up to 177LPW
- Replaces 70W up to 450W HID equivalents
- Optional floodlighting kit converts from wall to floodlight, and pole mount

NOTES:

1. DesignLights Consortium® Qualified and classified for both DLC Standard and DLC Premium, refer to designlights.org for details.
2. Photocontrols are factory installed.
3. Order PC2 for 347V models.
4. Thru-branch wiring not available with HA option or with 347V. XTOR3B not available with HA and 347V or 120V combination.
5. Wire guard for wall/surface mount. Not for use with floodlight kit accessory.
6. Floodlight kit accessory supplied with knuckle (KNC) or trunnion (TRN) base, small and large top visors and small and large impact shields.
7. Only product configurations with these designated prefixes are built to be compliant with the Buy American Act of 1933 (BAA) or Trade Agreements Act of 1979 (TAA), respectively. Please refer to DOMESTIC PREFERENCES website for more information. Components shipped separately may be separately analyzed under domestic preference requirements.
8. Only product configurations with these designated prefixes are built to be compliant with the Buy American Act of 1933 (BAA) or the Build America Buy America Act (BABA). BABA is the minimum Government compliance requirement for the Build America Buy America standards which is part of the Infrastructure and Investment Jobs Act (IIJA). Individual Government Agencies may have more stringent compliance standards. Please refer to the DOMESTIC PREFERENCES website or contact the CLS Domestic Preferences team for more information. Components shipped separately may be separately analyzed under domestic preference requirements.
9. Not available with HA option.
10. Deep back box is standard for 347V, 480V, CBP, PMA, MS-L20 and MS/DIM-L20.
11. Not available with CBP option.
12. Thru-branch wiring not available with HA option or with 347V.
13. Use PC2 with 347V or 480V option for photocontrol. Factory wired to 208-277V lead.
14. Customer is responsible for engineering analysis to confirm pole and fixture compatibility for all applications. Refer to our white paper WP513001EN for additional support information.
15. For use in downright orientation only. Optional coverage at mounting heights of 9'-20'.
16. 120V thru 277V only.
17. Energy savings of 82% power reduction after 15-minutes of inactivity. Dimming driver included.
18. Includes an integral photo sensor.
19. The FSIR-100 configuration tool is required to adjust parameters including high and low modes, sensitivity, time delay, cutoff, and more. Consult your lighting representative at Eaton for more information.
20. 120V or 277V operation only.
21. Operating temperatures -20°C to 25°C.
22. Not available in XTOR12B or XTOR12BM, models.
23. Replace XX with housing color.

NOTES:

1. Customer is responsible for engineering analysis to confirm pole and fixture compatibility for all applications. Refer to our white paper WP513001EN for additional support information.
2. Consult factory for availability. Refer to www.designlights.org Qualified Products List under Family Models for details.
3. Coastal construction finish salt spray tested to over 5,000 hours per ASTM B117, with a scribe rating of 9 per ASTM D1654.
4. Available with DV option.
5. When using 4 light squares, Output Level 4 not available with color temperatures 722, 727, 827, 830 or 930 when HSS is used.
6. Not available with DG rated. Not available with Coastal Construction (CC) option.
7. Not available with 480V or 347V.
8. Not available with SA1A or SB2A configurations. Not available in combination with HA high ambient and sensor options at Output Level 3. If voltage not available with sensor options, choose voltage 5 or 5.
9. DP arm limited to 3" O.D. vertical tenon. SP2 limited to 2-3/8" O.D. vertical tenon.
10. Not available with Square Wide Light Distribution.
11. SL is not available with SB light squares. Not available with SPR or SATV or 480V. Not available with WaveLinx or 20kV surge option.
12. Requires PR7.
13. Replace XX with sensor color (WH, BZ or BK).
14. Not available with 347V, 480V, or 5-wire configurability. Order WAC-PoE and WPOE-120 (12V to PoE injector) power supply if needed. WAC not required for CC Bluetooth sensors.
15. Narrow-band 590nm +/- 5nm for wildlife and observatory use. Choose Output Level 1, supplied at 500mA drive current only. Not available with SB light squares. Exact luminaire wattage available in IES files. Available with SNQ, SMQ, SL2, SL3 and SL4 distributions. Can be used with HSS option.
16. Not for use with 5-wire configurability.
17. HA option not available with Output Level A or AMB Amber.
18. Not for use with T1, SNQ, SMQ, SWQ or RW optics.
19. Not available with Square Wide Distribution.
20. Low voltage control lead brought out 18" outside fixture. Not available with 2ALJ or integrated controls options.
21. Not available if any SPR, LWL or WaveLinx sensor is selected. Motion sensor has an integral photocell.
22. Requires the use of BPC photocontrol or the PR7 or PR photocontrol receptacle with photocontrol accessory. Not available with SB light squares when using Output Level A.
23. Not for use with T1, T4FT, T4W or SL optics. See IES files for details. Not available with SB light squares.
24. Sensor configuration mobile application required for configuration. See controls page for details.
25. Replace X with number of Light Squares controlled by the SPR, referencing the "SPR/X Availability Table" on the controls page.
26. Only product configurations with these designated prefixes are built to be compliant with the Buy American Act of 1933 (BAA) or Trade Agreements Act of 1979 (TAA), respectively. Please refer to DOMESTIC PREFERENCES website for more information. Components shipped separately may be separately analyzed under domestic preference requirements.
27. For BAA or TAA requirements, Accessories sold separately will be separately analyzed under domestic preference requirements.
28. Not available with SB light squares.
29. Sundial drivers feature added protection from power quality issues such as loss of neutral, transients and voltage fluctuations. Visit www.signify.com/sundial for more information.
30. 480V not to be used with unbalanced or impedance grounded systems.
31. Not available with SA1A or SA1B. Not available with SB1, or any SB configuration using Output Level 1. Not available with any control options except PR7.
32. Cannot be used with SWLL PR7, or other motion response control options. Not available with SB light squares when using Output Level A.
33. Use SiLA Product Configurator to specify lumen output, drive current and wattage. Not available with AMB. Not available with SB light squares.
34. Requires PR7 or PR 3-11 motion sensor. The FSIR-100 configuration tool is required to adjust parameters including high and low modes, sensitivity, time delay, cutoff and more. Consult your lighting representative at Cooper Lighting Solutions for more information.
35. Controls system is not available with photocontrol receptacles (PR, PR7) or other controls systems (FADC, SPRs).
36. Requires AirMesh central base station CBSSM-450-002 and Synapse commissioning for operation.
37. 3-step MacAdam ellipse binning. Available in 740 CRI/CCT only. Longer lead times apply, consult your lighting representative at Eaton for more information.
38. Not available with SB light squares.
39. Only product configurations with these prefixes are built to be compliant with the Buy American Act of 1933 (BAA) or the Build America Buy America Act (BABA). BABA is the minimum Government compliance requirement for the BABA domestic preference standards which is part of the Infrastructure and Investment Jobs Act (IIJA). Individual Government Agencies may have more stringent compliance standards. Please refer to the DOMESTIC PREFERENCES website or consult the CLS Domestic Preferences team for more information. Components shipped separately may be separately analyzed under domestic preference requirements.

RE: PZ-13-25 301 LaSalle St - Request to Waive Second Reading

Dear Mr. Shallcross,

The Planning & Zoning Commission recommended approval of our Conditional Use: Major Planned Unit Development Amendment with Dwelling Units Above First Floor by a 5-0 vote. Our request is scheduled to go before Village Board for the ordinance's first reading March 16, 2026.

We respectfully request that the Village Board waive the second reading, tentatively scheduled for April 7, 2026, and take final action at the March 16, 2026 meeting in order to submit the project for permit at the earliest opportunity.

Thank you for your assistance in facilitating this request. If you have any questions, please contact me at (312) 252-9219 or eoverby@fitzgeralddesign.com.

Sincerely,

Eric Overby
Associate Principal

MINUTES OF THE REGULAR MEETING OF THE PLANNING & ZONING COMMISSION

CASE NO. PZ-13-25	Hearing Date: February 26, 2026
PROPERTY ADDRESS:	301 LaSalle St
PETITIONER:	R&A Management LLC
PUBLICATION DATE:	February 11, 2026
REQUEST:	Conditional use approval to amend an existing Planned Unit Development (PUD) to permit dwelling units above the first floor
MEMBERS PRESENT:	Joseph Donnelly William Beattie Walter Szymczak Richard Rogers Fay Costa
MEMBERS ABSENT:	Ewa Weir Donald Olsen Michael Fricano
STAFF MEMBERS PRESENT:	Antonia Lalagos – Development Planner Jason Shallcross – Director of Community & Economic Development
INTERESTED PARTIES:	R&A Management LLC (Ridvan Alka), Petitioner Lawrence M. Freedman, Attorney Fitzgerald Design (Eric Overby), Architect

Chairman Donnelly called the meeting to order at 7:03 PM. Vice Chairman Beattie made a motion seconded by Commissioner Szymczak to approve the minutes from the Planning and Zoning Commission meeting on January 8, 2026. The minutes were approved 4-0 (Commission Rogers abstained).

After hearing two items of New Business, Chairman Donnelly introduced Case PZ-13-25, 301 LaSalle Street, a request for conditional use approval to amend an existing PUD to permit dwelling units above the first floor. The Village Board will serve as the final authority for the request.

Staff Presentation
Director Shallcross presented the proposed redevelopment of the property located at the southwest corner of LaSalle Street and Elmhurst Road, which is part of the Lake Center Plaza Planned Unit Development. Director Shallcross stated that the property was annexed into the Village in 1971, and in 1987 a PUD was established for the surrounding area, originally envisioned as an office park development with an Office-Research zoning designation. Much of the surrounding property has since redeveloped into industrial warehouse uses, leaving the subject parcel as the last undeveloped site within the PUD.

Director Shallcross explained that the property has been identified in multiple Village planning documents, including the South Mount Prospect Plan and Comprehensive Plan, as a key mixed-use redevelopment opportunity, making the proposal consistent with long-range planning goals. Director Shallcross stated that the petitioner is proposing a five-story mixed-use building consisting of approximately 7,500 square feet of first-floor commercial space, four stories of residential units above, just under 50 dwelling units, a basement level for resident parking and storage, and surface parking areas for residents and commercial tenants. Director Shallcross further explained that the site plan provides parking on the east side of the building for commercial uses, with additional resident parking located on the west side and an underground parking garage accessible from the south side of the building.

Director Shallcross noted that the proposed development includes a substantial setback of more than 100 feet from Elmhurst Road, providing significant open space and landscaping along the frontage.

Director Shallcross stated that the development proposes 148 parking spaces, which matches the Village's parking requirement for the project. Director Shallcross noted that this parking supply would also accommodate a potential 2,500-square-foot restaurant, which alone would require 21 parking spaces and stated that the site would provide adequate parking for both residential and commercial uses.

Director Shallcross went on to review the building elevations and materials. Director Shallcross focused on the Elmhurst Road façade as the most prominent elevation and includes cast stone at the ground floor, brick masonry on upper floors, fiber cement panels as accent materials, and decorative brick detailing near the roofline. Director Shallcross pointed out that the west elevation uses more fiber cement due to its orientation toward an adjacent industrial building and lower visibility.

Director Shallcross stated that the underlying zoning is B-3 Community Shopping, which allows buildings up to 35 feet in height. However, the original 1980s PUD ordinance allows buildings up to six stories or 80 feet, which the proposed five-story building complies with.

The PUD ordinance also includes an additional setback requirement from Elmhurst Road, requiring additional 2.5-foot setback for each foot of height above 30 feet. This results in a required setback of approximately 112 feet, while the proposal provides just over 100 feet. Director Shallcross indicated that the difference of approximately 12 feet is minor and does not significantly affect the project's compatibility due to the already substantial setback.

Director Shallcross explained that the development includes significant landscaping and proposes preserving mature trees near the corner of LaSalle Street and Elmhurst Road where possible. Additional landscaping and lighting plans will be required to comply with Village code. Director Shallcross explained that the proposed development would be required to comply with all Village code requirements related to lighting and landscaping, including submission of a photometric plan demonstrating that lighting levels meet Village standards and do not create excessive glare or spillover onto adjacent properties. Director Shallcross noted that these technical items are incorporated into the PUD amendment language and must be satisfied prior to permit issuance.

Director Shallcross also emphasized that the proposed mixed-use development aligns with several long-range planning documents, including the Village's Comprehensive Plan and the South Mount Prospect Sub-Area Plan, both of which identify the subject property as a key redevelopment site appropriate for mixed-use commercial and residential development. Staff concluded that the proposal fulfills these long-term planning objectives and represents an appropriate redevelopment of the final remaining parcel within the Lake Center Plaza PUD.

Staff Recommendation
Director Shallcross stated that staff recommends approval of the PUD amendment and conditional use to allow residential units above the first floor subject to several conditions listed in the staff report, including:

1. Construction of the project must be consistent with submitted plans;
2. Compliance with all Village code requirements (zoning, fire, building, environmental health, sign, and other Village codes and regulations);
3. Prohibition of stucco and EIFS exterior systems;
4. Acceptance of maintenance responsibilities for the permeable brick paver system;
5. Application for a minor PUD amendment for any future signage relief; and
6. Resolution of minor technical comments prior to permit issuance.

"Motion to approve:

1. An amendment to Ordinance No. 3831, as previously amended by Ordinance Nos. 5617, 6369, 6755 and 6785 of the Lake Center Plaza Planned Unit Development, to permit dwelling units above the first floor in order to construct a new five-story mixed-use building approximately sixty-four-foot (64'-0") in height and totaling

approximately 76,650 square feet. The proposed development includes 148 parking spaces (116 at-grade and 32 below-grade), together with associated site improvements, for the property located at 301 LaSalle Street (Case No. PZ-13-25), subject to the following conditions:

a. Deviations or exceptions from the Village's Zoning Code as necessary to permit development of the Subject Property as a planned unit development in accordance with this Ordinance and the Approved Plans (as defined below), including all specific zoning deviations and exceptions set forth in the Petitioner's application materials.
b. Development of the site in strict conformance with the following Approved Plans:
    i. Boundary, Topographic Survey & Demolition Plan (1 sheet) prepared by Ridgeline Consultants LLC, dated 07/18/2025 and bearing the latest revision date of 01/23/2026;
    ii. Preliminary Site and Utility Plan (1 sheet) prepared by Ridgeline Consultants LLC, dated 07/18/2025 and bearing the latest revision date of 01/23/2026;
    iii. Preliminary Grading Plan (1 sheet) prepared by Ridgeline Consultants LLC, dated 07/18/2025 and bearing the latest revision date of 01/23/2026;
    iv. Operation and Maintenance Plan (1 sheet) prepared by Ridgeline Consultants LLC, dated 07/18/2025 and bearing the latest revision date of 01/23/2026;
    v. Architectural Site Plan (1 page) prepared by Fitzgerald, and dated February 11, 2026;
    vi. Architectural Floor Plans (1 page) prepared by Fitzgerald, and dated February 3, 2026;
    vii. Exterior Elevations (1 page) prepared by Fitzgerald, and dated February 11, 2026;
    viii. Building and Wall Sections (1 page) prepared by Fitzgerald and dated February 11, 2026;
    ix. Landscape Plan (1 sheet) prepared by Juli Ordower Landscape Architecture and dated January 20, 2026;
    x. Tree Survey and Tree Inventory (2 sheets) prepared by Juli Ordower Landscape Architecture and dated December 9, 2025;
    xi. Material Board (1 sheet) prepared by Fitzgerald, and dated January 23, 2026.
c. Compliance with all applicable Village Code requirements, including, but not limited to zoning, fire, building, environmental health, sign, and other Village Codes and regulations.
d. The use of stucco or engineered stucco systems (EIFS - type) is prohibited.
e. The property owner is aware and accepts the ongoing maintenance responsibilities associated with the permeable brick pavers. The property

owner shall provide documentation to the Public Works Department for all maintenance activities performed on an annual basis (before the end of each calendar year or at another time at the discretion of the Director of Public Works) to confirm that all requirements detailed in the Operations & Maintenance Plan are being met.

f. Submittal of landscape, irrigation and photometric plans that comply with Village codes and regulations during the permitting process.
g. All signs shall be submitted, reviewed, and approved during the permitting process. All signs shall conform to Village Code. Any future relief requested for signage shall require an application for a minor amendment to the PUD.
h. The Petitioner shall address all comments included in the Village review letter dated February 18, 2026 (PZ-13-25) attached as **Exhibit C** of the staff report."

The Village Board's decision is final.

Commission Questions for Staff

Vice Chairman Beattie asked whether residential uses would require relief under the B-3 zoning district if the property were not part of a PUD.

Director Shallcross explained that residential units above the first floor are allowed as a conditional use in the B-3 district. Because the property is already within a PUD, the request is being processed as a PUD amendment rather than a standard conditional use.

Commissioner Rogers asked whether the building would follow a "four-over-one" construction type with a brick veneer façade. Director Shallcross indicated that it is likely a four-over-one structure, though the petitioner's design team could confirm the details.

Chairman Donnelly also asked whether the project would include outdoor dining areas. Director Shallcross stated that no outdoor dining area is currently proposed. However, the design could allow for limited café-style seating if a restaurant were to locate in the building in the future. Director Shallcross explained that staff included restaurant parking calculations to demonstrate that the proposed parking supply would be sufficient should a restaurant tenant eventually occupy the commercial space, although no restaurant tenant has been secured at this time.

Chairman Donnelly asked about existing sidewalks and parkway trees along Elmhurst Road. Director Shallcross stated that sidewalks currently exist and will remain in place, and that additional parkway trees will be installed as required by code. While the intent is to preserve existing trees where possible, final conditions will depend on grading and construction requirements.

Chairman Donnelly also asked whether any limits would apply to future signage modifications approved administratively. Director Shallcross explained that signage adjustments could be handled administratively, but if a request were unreasonable, staff would require the petitioner to pursue a formal review process.

Hearing no further questions for staff, Chairman Donnelly swore in the following speakers:

- Lawrence Freedman, Attorney for the Petitioner, 95 Revere Drive, Northbrook IL
- Ridvan Alka, Petitioner, 555 Carboy Road, Mount Prospect IL
- Robert Noll, Architect, 140 South Tayler Avenue, Oak Park IL
- Eric Overby, Architect, 661 Katherine Lane, Addison IL

Petitioner Presentation
Mr. Freedman explained that the proposed development represents the culmination of the long-planned Lake Center Plaza PUD, which has evolved over several decades as market conditions changed. Mr. Freedman noted that the subject parcel is the last remaining undeveloped piece of the original PUD owned by the original subdivider, and that numerous development concepts had been explored in recent years but were not feasible. Mr. Freedman stated that the current proposal was developed in collaboration with Village staff and is viewed by the development team as a practical and appropriate project to complete the business park.

Mr. Alka introduced himself as the developer and noted that he owns and operates several properties in Mount Prospect, including apartment complexes along Algonquin Road. Mr. Alka also owns a construction company located in the Village. Mr. Alka noted that his company recently received an Economic Development Commission Rehabilitation Award for improvements to multifamily properties in South Mount Prospect.

Director Shallcross noted that the developer and his company, R&A Construction, recently received a rehabilitation award from the Village's Economic Development Commission for their work revitalizing several hundred multifamily units in South Mount Prospect, including improvements to the Brownstone Apartments on Algonquin Road. While the proposed project would represent the developer's first new construction development in the Village, Director Shallcross stated that the developer has significant experience in rehabilitating and managing multifamily properties.

Commission Questions for the Petitioner
Chairman Donnelly reiterated his concern regarding the protection of existing parkway trees and asked whether construction would remain outside the sidewalk area. Mr. Noll stated that the intent is to preserve existing trees wherever possible, although some trees may require replacement depending on grading and construction conditions.

Chairman Donnelly also asked whether future tenants could potentially include restaurants with outdoor seating. Mr. Noll indicated that the design allows flexibility for limited café-style seating areas, though full outdoor dining areas are not currently planned.

Vice Chairman Beattie asked whether the retail layout would allow flexibility in accommodating different tenant sizes. Mr. Noll explained that the retail spaces were designed to remain flexible, allowing spaces to be combined or divided depending on tenant needs.

Commissioner Rogers asked whether the developer had secured any retail tenants. Mr. Alka indicated that no tenants have been secured at this time. Commissioner Rogers commented that leasing retail space may be the most challenging aspect of the project, while the residential units will likely lease quickly. Commissioner Rogers recommended ensuring the building includes infrastructure such as ductwork for restaurant kitchens if food service tenants are pursued. Mr. Noll confirmed that the building design includes provisions for future restaurant infrastructure, including space for mechanical exhaust systems. Vice Chairman Beattie stated that the building design and elevations were attractive.

Motion and Vote
Hearing no further comments or questions, Chairman Donnelly closed the hearing and asked for a motion. Vice Chairman Beattie made a motion seconded by Commissioner Szymczak to approve the conditional use request subject to the conditions outlined in the staff report.

UPON ROLL CALL AYES: Szymczak, Beattie, Rogers, Costa, Donnelly
NAYS: None

The Planning and Zoning Commission gave a positive recommendation (5-0) for the next Village Board meeting to be held on March 17, 2026. **REVISED MEETING DATE: This meeting has been rescheduled to March 16, 2026 due to a recently passed amendment to the Open Meetings Act.**

After hearing one additional item of New Business, Chairman Donnelly made a motion, seconded by Vice Chairman Beattie, and the meeting was adjourned at 8:43 PM.

Ann Choi, Development Planner

ORDINANCE NO. _____

AN ORDINANCE AMENDING ORDINANCE NO. 3831 GRANTING A CONDITIONAL USE IN THE NATURE OF A PLANNED UNIT DEVELOPMENT FOR PROPERTY COMMONLY KNOWN AS LAKE CENTER PLAZA, AMENDED BY ORDINANCE NO. 5617, ORDINANCE NO. 6369, ORDINANCE NO. 6755 AND ORDINANCE NO. 6785, FOR PROPERTY LOCATED AT 301 LASALLE STREET, MOUNT PROSPECT, ILLINOIS

WHEREAS, by Ordinance No. 3831, the Corporate Authorities of the Village of Mount Prospect approved a conditional use permit for the Lake Center Plaza Planned Unit Development; and

WHEREAS, by Ordinance No. 5617, Ordinance No. 6369, Ordinance No. 6755 and Ordinance No. 6785, the Lake Center Plaza Planned Unit Development was subsequently amended; and

WHEREAS, R&A Management LLC ("Petitioner"), filed an application for a conditional use to amend the Lake Center Plaza Planned Unit Development, pursuant to Section 14.504(E)(1) of the Village Code, to permit dwelling units above the first floor in order to construct a new five-story mixed-use building approximately sixty-four feet (64'-0") in height and totaling approximately 76,650 square feet, including 148 parking spaces (116 at-grade and 32 below-grade), together with associated site improvements, for the property located at 301 LaSalle Street ("Subject Property") and part of the Lake Center Plaza Planned Unit Development in the Village of Mount Prospect, Illinois and legally described as:

LOT 3 IN LAKE CENTER PLAZA RESUBDIVISION NO. 4, BEING A RESUBDIVISION OF LOTS 8, 9, 10, AND 11 IN LAKE CENTER PLAZA, A RESUBDIVISION IN THE NORTHEAST 1/4 OF SECTION 23, TOWNSHIP 41 NORTH, RANGE 11, EAST OF THE THIRD PRINCIPAL MERIDIAN, ACCORDING TO THE PLAT THEREOF RECORDED MARCH 20, 2018 AS DOCUMENT NO. 1807906120, IN COOK COUNTY, ILLINOIS.

PIN: 08-23-203-045-0000; and

WHEREAS, a public hearing was held on the request for a conditional use to amend the Lake Center Plaza Planned Unit Development to construct dwelling units above the first floor being the subject of PZ-13-25 before the Planning and Zoning Commission of the Village of Mount Prospect on the 26th day of

February, 2026, pursuant to proper legal notice having been published in the Daily Herald newspaper on the 11th day of February, 2026; and

WHEREAS, the Planning and Zoning Commission has submitted its findings and recommendations of approval, with specific conditions, to the Mayor and Board of Trustees in support of the request being the subject of PZ-13-25; and

WHEREAS, the Mayor and Board of Trustees of the Village of Mount Prospect have given consideration to the request herein and have determined that the same meets the standards of the Village and that the granting of the proposed conditional use to amend the planned unit development to permit dwelling units above the first floor would be in the best interest of the Village.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND BOARD OF TRUSTEES OF THE VILLAGE OF MOUNT PROSPECT, COOK COUNTY, ILLINOIS ACTING IN THE EXERCISE OF THEIR HOME RULE POWERS:

SECTION ONE: That the recitals set forth hereinabove are incorporated herein as findings of fact by the Mayor and Board of Trustees of the Village of Mount Prospect.

SECTION TWO: The Mayor and Board of Trustees of the Village of Mount Prospect do hereby grant an amendment to Ordinance No. 3831, as previously amended by Ordinance Nos. 5617, 6369, 6755 and 6785 of the Lake Center Plaza Planned Unit Development, to permit dwelling units above the first floor in order to construct a new five-story mixed-use building approximately sixty-four feet (64'-0") in height and totaling approximately 76,650 square feet, including 148 parking spaces (116 at-grade and 32 below-grade), together with associated site improvements, for the property located at 301 LaSalle Street (Case No. PZ-13-25), subject to the following conditions:

1. Deviations or exceptions from the Village's Zoning Code as necessary to permit development of the Subject Property as a planned unit development in accordance with this Ordinance and the Approved Plans (as defined below), including all specific zoning deviations and exceptions set forth in the Petitioner's application materials.
2. Development of the site in strict conformance with the following **Approved Plans**, excerpts of which are attached as **Exhibit A**:
    a. Boundary, Topographic Survey & Demolition Plan (1 sheet) prepared by Ridgeline Consultants LLC, dated 07/18/2025 and bearing the latest revision date of 01/23/2026;

b. Preliminary Site and Utility Plan (1 sheet) prepared by Ridgeline Consultants LLC, dated 07/18/2025 and bearing the latest revision date of 01/23/2026;
c. Preliminary Grading Plan (1 sheet) prepared by Ridgeline Consultants LLC, dated 07/18/2025 and bearing the latest revision date of 01/23/2026;
d. Operation and Maintenance Plan (1 sheet) prepared by Ridgeline Consultants LLC, dated 07/18/2025 and bearing the latest revision date of 01/23/2026;
e. Architectural Site Plan (1 page) prepared by Fitzgerald, and dated February 11, 2026;
f. Architectural Floor Plans (1 page) prepared by Fitzgerald, and dated February 3, 2026;
g. Exterior Elevations (1 page) prepared by Fitzgerald, and dated February 11, 2026;
h. Building and Wall Sections (1 page) prepared by Fitzgerald and dated February 11, 2026;
i. Landscape Plan (1 sheet) prepared by Juli Ordower Landscape Architecture and dated January 20, 2026;
j. Tree Survey and Tree Inventory (2 sheets) prepared by Juli Ordower Landscape Architecture and dated December 9, 2025;
k. Material Board (1 sheet) prepared by Fitzgerald, and dated January 23, 2026.

3. Compliance with all applicable Village Code requirements, including, but not limited to zoning, fire, building, environmental health, sign, and other Village Codes and regulations.
4. The use of stucco or engineered stucco systems (EIFS - type) is prohibited.
5. The property owner is aware and accepts the ongoing maintenance responsibilities associated with the permeable brick pavers. The property owner shall provide documentation to the Public Works Department for all maintenance activities performed on an annual basis (before the end of each calendar year or at another time at the discretion of the Director of Public Works) to confirm that all requirements detailed in the Operations & Maintenance Plan are being met.
6. Submittal of landscape, irrigation and photometric plans that comply with Village codes and regulations during the permitting process.
7. All signs shall be submitted, reviewed, and approved during the permitting process. All signs shall conform to Village Code. Any future relief requested for signage shall require an application for a minor amendment to the PUD.

8. The Petitioner shall address all comments included in the Village review letter dated February 18, 2026 (PZ-13-25) attached as **Exhibit B**.

Except for the amendment to the planned unit development request granted herein, all other applicable Village of Mount Prospect, Illinois ordinances and regulations shall remain in full force and effect as to the subject property.

SECTION THREE: The Village Clerk is hereby authorized and directed to record a certified copy of this Ordinance and Exhibits "A" and "B" with the Recorder of Deeds of Cook County.

SECTION FOUR: This Ordinance shall be in full force and effect from and after its passage, approval and publication in pamphlet form in the manner provided by law.

NOTE:
THE PROPERTY OWNER SHALL PROVIDE DOCUMENTATION TO PUBLIC WORKS FOR ALL MAINTENANCE ACTIVITIES PERFORMED ON AN ANNUAL BASIS.
The Owner of the , Development, with facilities as shown on this exhibit , shall assume responsibility for the following perpetual maintenance activities:
1. General
Regular inspections and routine maintenance of general areas shall be performed on a monthly or as-needed basis. Specific items of concern include:
Litter and debris shall be controlled
Landscaped areas shall be maintained with regular mowing and restored with appropriate seeding/vegetation as necessary
Accumulated sediment shall be disposed of properly, along with any wastes generated during maintenance operations
Roads shall be swept, vacuumed and/or washed on a regular basis
2. Stormwater Management Facilities
All components of the stormwater management facilities shall be checked monthly between March and November and maintained as necessary to ensure proper performance. It is critical that all inflows and outflows to the detention facility are clean and performing as designed. In addition, the design volume of the detention facility shall also be maintained. Inspections for the following specific items should be conducted monthly between March and November:
Side Slopes/Embankment/Emergency Overflow Structure
Inspect embankments for settlement and erosion
Remove woody growth from the embankment
Any breaks, hire Registered Professional Engineer for design resolution
Seed and sod any eroded areas
Signs of piping (leakage) or seepage, repair
Stabilize emergency overflow structure if erosion observed
Remove obstructions blocking emergency overflow spillway
Vegetated Areas
Regular mowing to control vegetation, no cutting of native vegetation
Need for planting, reseeding or sodding. Supplement alternative native vegetation if a significant portion has not established (50% of the surface area). Reseed with alternative grass species if original grass cover has not successfully established.
Evidence of grazing, motorbikes or other vehicles, repair
Check for invasive vegetation, remove where possible
All vegetation must be maintained per the approved planting plan
Outlet Control Structure
Inspect restrictor and remove debris if clogged or discharge reduced
Remove accumulated sediment at outlet
Scour and erosion at outlet, repair and reseed
Any ice damage to outlet of pipe, repair if necessary
Condition of trash racks, remove debris
Outlet channel conditions downstream
Access for Maintenance Equipment
Remove any obstructions placed in maintenance easements
Safety Features
Access controls to hazardous areas
Fences
Loose or damaged posts
Loose or broken wires
Condition of gates
Signs
Detention Volume
Inspect all stormwater detention facilities to ensure that the constructed volume for detention is maintained. No sediment, topsoil, or other dumping into the facility shall be allowed. Specific locations in the stormwater management system, designed to accumulate sediment, shall be dredged as necessary to prevent sediment from reaching the invert of any gravity outlet pipe.
3. Volume Control Facility
Routine inspections and maintenance of volume control facilities shall be performed by the Owner on a yearly or as-needed basis. Specific items of concern include:
Facility shall be inspected yearly using the monitoring well to verify the system is functioning properly.
Surface of permeable pavement shall be cleaned with low-pressure power washer.
Accumulated sediment from surface shall be vacuumed out and disposed of properly.
Appropriate signage shall be repaired if damaged or illegible.
4. Stormwater Collection System (Storm Sewer)
The Owner shall perform monthly inspections of all components of the stormwater collection system. The monthly inspection shall occur between March and November and include the following specific areas of concern:
Storm Inlets/Manholes
Remove accumulated leaves and other debris from grates
Reset covers/lids on as-needed basis
Remove accumulated sediment from manhole bottom when 50% of sump is filled
Storm Sewers/Culverts
Visually inspect pipes by removing manhole lids, make repairs as necessary
Storm sewers and culverts shall be checked for siltation deposits at inlets, outlets, and within the conduit; clean out as necessary
Restore riprap at outfalls if erosion observed
Restore riprap at outfalls
Replant and reseed any eroded areas
Overland Flow Routes (Ditches/Swales)
Annual visual inspections shall be performed that verify the design capacity of the overland flow routes is maintained. The slope and cross-sectional area of the ditch/swale shall be verified during this inspection.
Remove any obstructions that have been placed in the drainage path
Seed and sod any eroded areas
Restore riprap as necessary
Regrade to provide positive drainage as necessary
Regular mowing to control vegetation
5. Vegetated Areas
Need for planting, reseeding, or sodding. Supplement alternative native vegetation if a significant portion has not established (50% of the surface area after second growing season). Reseed with alternative native grass species if original grass cover has not successfully established.
Evidence of grazing, motorbikes, or other vehicles, repair.
Check for invasive vegetation, remove when possible.
Regular mowing to control vegetation; it is recommended that native vegetation remain uncut.
Dead or damaged non-native grassy areas – repair with seeding with fertilization or seeding with mulch.
Compensatory storage area shall be reseeded with appropriate vegetation according to the approved planting plan.
6. Qualified Sewer Construction
Perform manhole inspections once every five years, make repairs as necessary.
Perform sewer inspections once every five years, make repairs as necessary.
Perform regular cleaning so that each sewer segment is cleaned once every 5 years.
Remove any obstructions placed in maintenance easements that may impede maintenance equipment access.

Re: 301 LaSalle St / PUD Major Amendment / Review #5

Dear Mr. Overby,

The Village of Mount Prospect has reviewed the second submittal for a mixed-use development project proposed for the vacant site located at 301 LaSalle Street, Mount Prospect. Staff has the following review comments:

Public Works Department:
PW has reviewed the revised preliminary plans submitted for the new multi-family development proposed at 301 LaSalle Street, and have no objections to the requested PUD amendment. However, the following will have to be addressed as part of the Building Permit submittal/review:

1. Confirm that the property owner is aware and accepts the ongoing maintenance responsibilities associated with the permeable brick pavers. The property owner is aware and accepts the ongoing maintenance responsibilities associated with the permeable brick pavers. The property owner shall provide documentation to the Public Works Department for all maintenance activities performed on an annual basis (before the end of each calendar year or at another time at the discretion of the Director of Public Works) to confirm that all requirements detailed in the Operations & Maintenance Plan are being met. Failure to do so would be considered a violation of both Village and MWRD permit requirements.
2. In addition to Village approval, permits must be obtained from the following agencies:

    - From Metropolitan Water Reclamation District of Greater Chicago (MWRD) for the new sanitary service and stormwater management.

- From Illinois Department of Transportation (IDOT) for any work in the Elmhurst Road right of way.

- From the Illinois Environmental Protection Agency for the new watermain and erosion control measures (NPDES, ILR10 permit)

- From the Illinois American Water Company (IAWC) for work on the water service and fire hydrant connections.

It must be understood that the comments listed above reflect issues noted during a review of the proposed preliminary plans. No exceptions or variations from Village Codes are indicated or approved. A thorough review of the site design and details will be performed as part of the Building Permit review process to ensure Code compliance.

Building Department:

3. Full permit drawings shall comply with all applicable codes. Podium details shall include code analysis that list fire ratings, areas, heights, and all necessary information and code reference to support proposed type and use.

Fire Department:

The following items must be addressed during building permit submittal:

4. A fire sprinkler system and standpipe system in accordance with NFPA 13 and NFPA 14 will be required for this project for all buildings. Ensure fire sprinkler shop drawings, hydraulic calculations, and equipment cut sheets are submitted for review.
   Village of Mount Prospect Fire Prevention Code, 24.202

5. A fire alarm system will be required for this project. Ensure that the fire alarm shop drawings with point-to-point wiring diagrams, battery load calculations, and equipment cut sheets are submitted for review.
   Village of Mount Prospect Fire Prevention Code, 24.202

6. An additional means of egress may be required based on occupancy load and travel distances. Additional means of egress may be depending on the final room configuration.

EXHIBIT B

7. An egress plan must be provided for the entire building. This plan must include occupant loads, travel distances, egress widths, and common path of travel distances. An egress plan will be required when the building plans are submitted for review. Additional exits may be required.
8. All egress doors are to use keyless locksets on the egress side. No flush bolts, dead or draw bolts, etc. will be allowed.

Life Safety Code, 7.2.1.5.1

9. An emergency vehicle/apparatus turning radius diagram for all parking lots, fire lanes, and turnaround points must be provided.
10. All new sprinkler risers and associated fire pump equipment shall be in a separate room with a minimum of two-hour construction.
11. A fire pump and standpipe system(s) will be required for this building. Please ensure that drawings are submitted for these systems to the Fire Department for review.

12. Fire hydrants are shown to be supplied from watermains throughout the new development. Water flow calculations will be required to verify that the new proposed watermain sizes can meet the required fire flow GPM demand. The minimum fire flow for a residential occupancy is 3000 gallons per minute at 20 PSI residual pressure. This documentation must be provided to the Village of Mount Prospects Public Works Engineering Department for review and approval, along with a copy to the Mount Prospect Fire Department.

Village of Mount Prospect Fire Prevention Code, 16.403 C

If any changes are requested, please make the changes as noted above and submit a point-by-point response letter and pdf files of the drawings. Please upload revisions into the portal. Feel free to contact me at (847) 818-5314 / achoi@mountprospect.org if you have any questions.

Sincerely,

Ann Choi

Item Cover Page

Subject	**Approval of the Agreements for the Provision of Valet Parking between the Village of Mount Prospect and FiveStar Valet to provide valet parking services for restaurants located in the Village's downtown area.**
Meeting	March 16, 2026 - REGULAR MEETING OF THE MOUNT PROSPECT VILLAGE BOARD
Fiscal Impact (Y/N)	Y
Dollar Amount	Interim 10-Week Contract: $9,300; 2-Year Contract: $33,800
Budget Source	General Fund
Category	VILLAGE MANAGER'S REPORT
Type	Action Item

Information

The Village has provided valet services in the downtown 'Triangle' area every Thursday, Friday, and Saturday evening starting at 5:00 P.M. since the spring of 2024. The area has limited turn movements and a reduced number of public parking stalls serving the six businesses located in the Triangle, three of which are restaurants, and there is an additional vacant retail space. The Village piloted the complimentary program due to a substantial lack of parking and complaints from residents, patrons, and businesses.

The program operates in the triangle, with vehicle drop-off and pick-up taking place in front of The Prospect restaurant. While a few stalls are reserved in the Triangle, the bulk of valeted cars are parked in the West Metra Commuter Lot. The Emerson Street Parking Deck serves as the reserve or 'overflow' parking location. Over 100 vehicles are parked regularly each weekend using the valet service. The single highest usage night over the last year was a Saturday evening in July when 70 vehicles were parked via valet. This location is 3-times busier than the next highest restaurant location that FiveStar Valet serves, and its volume is comparable to the Art Institute of Chicago, Michigan Shores, or the Chicago Club in downtown Chicago.

Staff obtained three quotes for the initial project, with FiveStar Valet coming in at the most affordable at $310 / night ($48,360 / year) for two attendants each evening starting at 5:00 P.M. The other two quotes were from V.I.P. Valet Services at $370 / night ($57,720 / year) and FC Valet at $395 / night ($61,620 / year). All three restaurants in the Triangle (The Prospect, Mount Prospect Public House, and Station 34) have been exceptionally supportive of the program and would like it to continue. The owner of FiveStar Valet is also a Mount Prospect resident.

At the March 3rd, 2026 Village Board Meeting, staff was instructed to seek a cost-sharing agreement in order for the program to continue.

Discussion

Staff recommends continuing the Triangle Valet Program in 2026 with modifications to establish a cost-sharing structure with the benefiting restaurants. Staff recommends approval of an interim extension of the existing valet contract for 10 weeks, from March 26 through May 30, at a rate of $310 per night, for a total cost of $9,300. This interim period will allow staff and the participating restaurants to finalize a formal cost-sharing agreement for continued valet service.

Following the interim extension, valet service would be adjusted to operate on Friday and Saturday evenings only. Restaurants would have the option to add Thursday service at their own expense through a separate agreement with the valet provider.

The proposed contract would begin June 5, 2026, and run for a two-year term, with the final day of service on June 3, 2028. The nightly rate would increase to $325 due to rising insurance costs. Based on two service nights per week, the estimated annual program cost is $33,800.

The Village would enter into the valet services contract with the provider and retain the ability to terminate the agreement with seven days written notice. Concurrently, the Village would execute cost-sharing agreements with the participating restaurants requiring them to reimburse the Village for 50 percent of the annual program cost ($16,900), divided evenly among the three restaurants. This would equate to approximately $5,640 per restaurant annually, or about $470 per month. The restaurant agreements would acknowledge that failure by any participating restaurant to remain current on payments may result in termination of the valet contract.

If approved, staff will finalize the restaurant participation agreements prior to executing the valet services contract effective June 5, 2026.

Separately, staff continues discussions with Prospect Avenue businesses regarding potential expansion of valet service to Prospect Avenue and the development of a similar cost-sharing structure.

Alternatives

1. Approval of the Agreements for Provision of Valet Parking Services between the Village of Mount Prospect and FiveStar Valet for the provision of valet parking services to restaurants located in the downtown area of the Village.
2. At the discretion of the Village Board.

Staff Recommendation

Staff recommend approval of the Agreements for Provision of Valet Parking Services between the Village of Mount Prospect and FiveStar Valet for the provision of valet parking services to restaurants located in the downtown area of the Village.

Attachments

1. Mount Prospect Interim Contract
2. Mount Prospect 2 Year Contract 2026 - 2028
3. DRAFT MOU between the Village of Mount Prospect and the Triangle Arfea Restaurants for the payment of valet parking services (Final Ve

Agreement for Provision of Valet Parking Services

This Agreement for Provision of Valet Parking Services (the "Agreement"), effective **March 26th, 2026,** is made between the Village of Mount Prospect ("Village") and Five Star Valet (collectively 'Parties") for the provision of valet parking services (the "Services") to restaurants located in the downtown area of the Village based on the following terms and conditions:

RECITALS

WHEREAS, the Village seeks to promote the success of commercial establishments in its downtown area; and

WHEREAS, the Village desires to accommodate the parking needs of downtown restaurants as a way to encourage their successful operations; and

WHEREAS, the Village recognizes the volume of restaurant business increases on certain days and during certain hours of the week; and

WHEREAS, the Village believes the provision of the Services for downtown restaurants will encourage their business on the weekend evenings; and

WHEREAS, the Village believes the provision of the Services for downtown restaurants can promote public safety and well-being; and

WHEREAS, the Parties desire to set forth the terms and conditions whereby the Services can be made available to downtown restaurants.

NOW, THEREFORE, in consideration of the Recitals and the mutual covenants hereinafter contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the Parties, the Village and Five Star Valet hereby agree as follows:

Section 1: Recitals

The above-stated Recitals are included as terms in this Agreement.

Section 2: Location of the Services

The operation of the Services will be located in the Triangle area of downtown Mount Prospect at 2 West Northwest Highway, Mount Prospect, Illinois 60056 (the "Location"):

Section 3: Availability of the Services

The Services will be offered on Thursday, Friday, and Saturday evenings starting at 5:00 p.m. and ending at 12:00 a.m. (as the last time a valet parking attendant will take possession of a vehicle in order to park it).

Section 4: Provision of the Services

Section 4.1: The Services will be provided by parking attendants employed by Five Star Valet.

Section 4.2: Restaurant patrons desiring to use the Services shall bring their cars to the Location where a Five Star Valet parking attendant will take possession of the vehicle and park it.

Section 4.3: The Five Star Valet Star parking attendant shall be dressed in black dress pants, black dress shoes and a Five Star Valet jacket or polo shirt.

Section 4.4: Five Star Valet shall provide all equipment needed for the provision of the Services, including all custom signs, cones, umbrellas for customers and a secured key podium for the cars that have been parked.

Section 5: Cost of the Services

Section 5.1: The Village shall pay Five Star Valet for the costs of providing the Services.

Section 5.2: The cost for the Services shall be Two Hundred and Ten Dollars ($210.00) per night for a Five Star Valet parking attendant. If an additional parking attendant(s) is needed, the cost shall be One Hundred Dollars ($100.00) per night. The need for an additional parking attendant(s) must be authorized by a restaurant manager and confirmed by Five Star Valet.

Section 6: Five Star Valet Responsibilities

Section 6.1: Five Star Valet agrees it shall be responsible for and will be liable to pay for any damages resulting from its negligence in the provision of the Services, including, but not limited to, owners being locked out of their vehicles that they placed in the possession of Five Star Valet personnel and any personal injuries and/or damage to vehicles from accidents caused by Five Star Valet personnel.

Section 6.2: Five Star Valet agrees that it shall provide transportation to restaurant patrons using the Services in case of an emergency.

Section 6.3: Five Star Valet shall carry the necessary liability insurance of at least Three Million Dollars ($3,000,000.00), as well as Workers Compensation insurance, and shall name the Village as an additional insured for its insurance coverage.

Section 6.4: Five Star Valet shall provide to the Village proof of all necessary licensing to provide the Services.

Section 6.5: Five Star Valet shall provide the Village with Certificates of Insurance indicating the Village as an additional insured and provide the Village with proof of necessary licenses within 48 hours after the execution of this Agreement.

Section 7: Indemnification

Five Star Valet agrees, to the fullest extent permitted by law, to indemnify, hold harmless, and defend, individually and collectively, the Village and its officers, officials, agents, representatives, employees and volunteers (the "Village Personnel") from and against all injuries, deaths, loss, damages, claims, reasonable legal costs, suits, liabilities, judgments, costs and expenses, which may in any way accrue against the Village and Village Personnel in whole or in part as a result of negligent and/or willful and wanton conduct by Five Star Valet personnel who are engaged in provision of the Services. Five Star Valet and its personnel expressly understand and agree that any insurance policies required by this Agreement shall in no way limit its responsibility to indemnify, keep and save the Village and Village Personnel, and to pay expenses and damages as herein provided.

Section 8: Termination of Agreement

The Parties agree that either Party may terminate the Agreement giving no less that seven (7) days' notice of termination prior to the last day of any month in which the Agreement is effective

Section 9: Independent Contractor

Five Star Valet acknowledges that its relationship to the Village is that of an Independent Contractor, and nothing in its performance of the Services is intended to or should be construed as creating an agency, employment or any other relationship other than that of an Independent Contractor.

Section 10: Choice of Law and Venue

The Parties agree that, for the purpose of any litigation relative to this Agreement and its enforcement, venue shall be in the Circuit Court of Cook County, Illinois and the Parties agree to submit to the jurisdiction of said Court for any such action or proceeding. This Agreement, and all questions of interpretation, construction and enforcement hereof, and all controversies hereunder, shall be governed by the applicable statutory and common law of the State of Illinois.

Section 11: Effective Date

This Agreement shall become effective and binding upon the Parties on the date it has been signed and by representative of both the Village and Five Star Valet.

Section 12: Conclude Date

This Agreement is binding for 10 weeks and will conclude on May 31st, 2026.

The undersigned representatives of the Parties have read and fully understand the terms of this Agreement and agree that their party shall be bound by all provisions included herein.

Agreement for Provision of Valet Parking Services

This Agreement for Provision of Valet Parking Services (the "Agreement"), effective **June 5th, 2026,** is made between the Village of Mount Prospect ("Village") and Five Star Valet (collectively 'Parties") for the provision of valet parking services (the "Services") to restaurants located in the downtown area of the Village based on the following terms and conditions:

RECITALS

WHEREAS, the Village seeks to promote the success of commercial establishments in its downtown area; and

WHEREAS, the Village desires to accommodate the parking needs of downtown restaurants as a way to encourage their successful operations; and

WHEREAS, the Village recognizes the volume of restaurant business increases on certain days and during certain hours of the week; and

WHEREAS, the Village believes the provision of the Services for downtown restaurants will encourage their business on the weekend evenings; and

WHEREAS, the Village believes the provision of the Services for downtown restaurants can promote public safety and well-being; and

WHEREAS, the Parties desire to set forth the terms and conditions whereby the Services can be made available to downtown restaurants.

NOW, THEREFORE, in consideration of the Recitals and the mutual covenants hereinafter contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the Parties, the Village and Five Star Valet hereby agree as follows:

Section 1: Recitals

The above-stated Recitals are included as terms in this Agreement.

Section 2: Location of the Services

The operation of the Services will be located in the Triangle area of downtown Mount Prospect at 2 West Northwest Highway, Mount Prospect, Illinois 60056 (the "Location"):

Section 3: Availability of the Services

The Services will be offered on Friday and Saturday evenings starting at 5:00 p.m. and ending at 12:00 a.m. (as the last time a valet parking attendant will take possession of a vehicle in order to park it).

Section 4: Provision of the Services

Section 4.1: The Services will be provided by parking attendants employed by Five Star Valet.

Section 4.2: Restaurant patrons desiring to use the Services shall bring their cars to the Location where a Five Star Valet parking attendant will take possession of the vehicle and park it.

Section 4.3: The Five Star Valet Star parking attendant shall be dressed in black dress pants, black dress shoes and a Five Star Valet jacket or polo shirt.

Section 4.4: Five Star Valet shall provide all equipment needed for the provision of the Services, including all custom signs, cones, umbrellas for customers and a secured key podium for the cars that have been parked.

Section 5: Cost of the Services

Section 5.1: The Village shall pay Five Star Valet for the costs of providing the Services.

Section 5.2: The cost for the Services shall be Two Hundred and Ten Dollars ($210.00) per night for a Five Star Valet parking attendant. If an additional parking attendant(s) is needed, the cost shall be One Hundred Dollars ($115.00) per night. The need for an additional parking attendant(s) must be authorized by a restaurant manager and confirmed by Five Star Valet.

Section 6: Five Star Valet Responsibilities

Section 6.1: Five Star Valet agrees it shall be responsible for and will be liable to pay for any damages resulting from its negligence in the provision of the Services, including, but not limited to, owners being locked out of their vehicles that they placed in the possession of Five Star Valet personnel and any personal injuries and/or damage to vehicles from accidents caused by Five Star Valet personnel.

Section 6.2: Five Star Valet agrees that it shall provide transportation to restaurant patrons using the Services in case of an emergency.

Section 6.3: Five Star Valet shall carry the necessary liability insurance of at least Three Million Dollars ($3,000,000.00), as well as Workers Compensation insurance, and shall name the Village as an additional insured for its insurance coverage.

Section 6.4: Five Star Valet shall provide to the Village proof of all necessary licensing to provide the Services.

Section 6.5: Five Star Valet shall provide the Village with Certificates of Insurance indicating the Village as an additional insured and provide the Village with proof of necessary licenses within 48 hours after the execution of this Agreement.

Section 7: Indemnification

Five Star Valet agrees, to the fullest extent permitted by law, to indemnify, hold harmless, and defend, individually and collectively, the Village and its officers, officials, agents, representatives, employees and volunteers (the "Village Personnel") from and against all injuries, deaths, loss, damages, claims, reasonable legal costs, suits, liabilities, judgments, costs and expenses, which may in any way accrue against the Village and Village Personnel in whole or in part as a result of negligent and/or willful and wanton conduct by Five Star Valet personnel who are engaged in provision of the Services. Five Star Valet and its personnel expressly understand and agree that any insurance policies required by this Agreement shall in no way limit its responsibility to indemnify, keep and save the Village and Village Personnel, and to pay expenses and damages as herein provided.

Section 8: Termination of Agreement

The Parties agree that either Party may terminate the Agreement giving no less that seven (7) days' notice of termination prior to the last day of any month in which the Agreement is effective

Section 9: Independent Contractor

Five Star Valet acknowledges that its relationship to the Village is that of an Independent Contractor, and nothing in its performance of the Services is intended to or should be construed as creating an agency, employment or any other relationship other than that of an Independent Contractor.

Section 10: Choice of Law and Venue

The Parties agree that, for the purpose of any litigation relative to this Agreement and its enforcement, venue shall be in the Circuit Court of Cook County, Illinois and the Parties agree to submit to the jurisdiction of said Court for any such action or proceeding. This Agreement, and all questions of interpretation, construction and enforcement hereof, and all controversies hereunder, shall be governed by the applicable statutory and common law of the State of Illinois.

Section 11: Effective Date

This Agreement shall become effective and binding upon the Parties on the date it has been signed and by representative of both the Village and Five Star Valet.

Section 12: Conclude Date

This Agreement is binding for 2 years and will conclude on June 4th, 2028.

The undersigned representatives of the Parties have read and fully understand the terms of this Agreement and agree that their party shall be bound by all provisions included herein.

MEMORANDUM OF UNDERSTANDING BETWEEN THE VILLAGE OF MOUNT PROSPECT AND THE TRIANGLE AREA RESTAURANTS FOR THE PAYMENT OF VALET PARKING SERVICES

THIS MEMORANDUM OF UNDERSTANDING is entered into this ____ day of March 2026, by and between the Village of Mount Prospect (hereinafter referred to as the "Village") and the Mount Prospect Public House, Station 34, and The Prospect (the "Triangle Area Restaurants") located in downtown Mount Prospect (collectively, the "Parties") for the payment of valet parking services.

RECITALS

WHEREAS, the Parties believe the provision of valet parking services during times of high-volume business at the Triangle Area Restaurants will promote both the success of the businesses and public safety and well-being; and

WHEREAS, the Village and _____ have entered into an agreement for the provision of valet parking services for the Triangle Area Restaurants (see attached **Exhibit A)**; and

WHEREAS, the Village desires and the Triangle Restaurants agree that the payment for the valet parking services be shared fairly between the Parties; and

WHEREAS, the Parties desire to set forth the terms and conditions for the equitable shared payment for the valet parking services that is being provided through Exhibit A.

NOW, THEREFORE, in consideration of the Recitals and the mutual covenants hereinafter contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the Parties, the Village and the Triangle Area Restaurants hereby agree as follows:

DRAFT

Section 1: Recitals

The above-stated Recitals are included as terms in this Agreement.

Section 2: Payment for the Valet Parking Services

The Parties agree the Village will pay 50% and the Triangle Area Restaurants collectively will pay 50% of the costs for the provision of the valet parking services. Payments from each of the Triangle Area Restaurants shall be due on a monthly basis on the first business day of the month in the amount of $470.00 per restaurant.

Section 2: Term of the Agreement

This Agreement shall run for two-years beginning at the date of execution.

Section 3: Termination of the Agreement by the Village

The Triangle Area Restaurants understand that the Village's continued provision of valet services as set forth in Exhibit A is contingent on the restaurants' compliance with this agreement. The Village can terminate the valet services agreement at any time by providing the valet services provider and the Triangle Area Restaurants with seven (7) day written notice and it is entitled to do so if this agreement is breached by any one of the Triangle Area Restaurants.
